Ryder, Oscar B.	General Work	Depot Street
Sprague, Lloyd R.	Carpenter	Enterprise Street

## Report of Selectmen

---

To the Citizens of Duxbury:

Your board submits the following report for the year ending December 31st, 1941.

The work of the Selectmen is of a routine nature. Varying somewhat each year by votes and recommendations of the voters at the Annual Meeting.

The entrance into the war has solved one problem for the town regarding the Abbott house which the town purchased a short time ago. At the time of purchase the house seemed to be of little value to the town.

At this time practically every room is occupied. The Police Department, The W. P. A. School Project, The Red Cross, The District Nurse, The various Defense Committees and the United States Army Patrol are now occupying all available rooms.

Old Cove Road as accepted at the last Annual Meeting has been built and is much appreciated by the owners of property adjoining same.

Soule Avenue leading from Route 3A to Bay Road has been graded and graveled and left to properly settle to receive the surface in the spring.

The expense at Gurnet Bridge has been much less than the town's portion the last few years.

The sheds at the Town Hall have been removed as voted at the last Annual Meeting.

The voters will be asked to raise and appropriate a sum of money for the construction of a sea wall at Duxbury Beach.

Your Board of Selectmen acting as Finance Committee would appreciate the cooperation of the heads of the various departments in making the requests for appropriations as small as they feel they can get along with.

If this is carefully considered we feel we will be able to continue a fairly low tax rate.

SIDNEY C. SOULE,

CHARLES R. CROCKER,

PHILIP W. DELANO,

Selectmen of Duxbury.

## Report of Town Accountant

---

Following is a statement of all receipts and expenditures of the Town of Duxbury for the financial year ending December 31, 1941, in accordance with Chapter 41, Section 61, General Laws.

MARY E. GREENE,

Town Accountant.

## Report of State Auditor

---

February 12, 1941

To the Board of Selectmen

Mr. Sidney C. Soule, Chairman

Duxbury, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Duxbury for the year ending December 30, 1940, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,

Director of Accounts.

Mr. Theodore N. Waddell  
Director of Accounts  
Department of Corporations and Taxation  
State House, Boston

Sir :

In accordance with your instructions, I have made an audit of the books and accounts of the town of Duxbury for the year ending December 31, 1940, the following report being submitted thereon :

The records of the financial transactions of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined and checked in detail.

The ledger accounts kept by the town accountant were analyzed, the appropriations and transfers being checked with the town clerk's records of town meetings and with the records of the finance committee. A balance sheet, showing the financial condition of the town on December 31, 1940, was prepared and is appended to this report.

The assessors' computation of the tax rate for 1940 was examined and checked, and it was noted that three appropriations from available funds voted by the town were not considered by the assessors in the determination of the tax rate. In this connection attention is called to Section 23, Chapter 59, General Laws, which requires that the assessors raise all sums appropriated since the last preceding annual tax assessment, and which also provides that deductions on account of appropriations voted from available funds in the treasury may be made by the assessors only upon the written approval of the Com-

missioner of Corporations and Taxation. All appropriations voted by the town, whether they are to be raised by taxation or transferred from available funds in the treasury, should therefore be certified by the town clerk to the assessors, as required by Section 15A, Chapter 41, General Laws.

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and compared with the records in the several departments collecting money for the town and with other sources from which money was paid into the town treasury, while the disbursements were checked with the selectmen's warrants authorizing the treasurer to disburse town funds.

The treasurer's cash balance on January 25, 1941, was proved by reconciliation of the bank balances with statements furnished by the banks in which town funds are deposited and by actual count of the cash in the office.

The recorded payments on account of maturing debt and interest were checked with the amounts falling due and with the cancelled securities and coupons on file.

The securities and savings bank books representing the investment of the trust funds in the custody of the town treasurer and the Plymouth Five Cents Savings Bank were examined and listed, the income being proved and the transfers to the town being verified.

The tax title deeds on hand were listed and the amounts transferred to the tax title account were verified. The reported redemptions were checked with the receipts as recorded on the treasurer's cash book, the foreclosures and disclaimers were verified, and the tax titles on hand were listed and proved.

The books and accounts of the tax collector were examined and checked. The tax accounts outstanding according to the previous examination were audited, and all subsequent commitments were proved. The recorded collections were compared with the payments to the treasurer as shown by the treasurer's and accountant's books, the abatements as recorded were checked with the records of the assessors, and the outstanding accounts were listed and proved.

The records of departmental accounts receivable were examined and checked. The commitments were proved, the payments to the treasurer were compared with the treasurer's and accountant's books, the abatements were checked with the records in the department authorized to grant abatements, and the outstanding accounts were listed and proved.

Verification of the correctness of the outstanding tax and departmental accounts was obtained by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The records of licenses and permits issued by the selectmen, town clerk, and the police and health departments were examined and checked, and the payments to the town treasurer were verified.

The surety bonds of the officials required by law to furnish them for the faithful performance of their duties were examined and found to be in proper form.

The records of all other departments collecting money for the town or rendering bills for collection were examined and checked in detail.

There are appended to this report, in addition to the balance sheet referred to, a table showing a reconciliation of the treasurer's cash, summaries of the tax, tax title, and departmental accounts, together with tables showing the condition and transactions of the trust funds.

During the progress of the audit cooperation was received from all town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.

HBD:O

## Report of Town Meeting

---

### ANNUAL TOWN MEETING, MARCH 1, 1941

The meeting convened at 1:00 o'clock, P. M. and the warrant was read by the Town Clerk.

Voted, unanimously, that the Town Clerk deposit one ballot for Harry B. Bradley for Moderator, which was done, and Harry B. Bradley was declared elected Moderator.

The Tellers, Charles C. McNaught, Harry A. McNaught and Robert I. Tower were sworn by the Moderator.

Voted, that petitioners be given opportunity to speak on question being voted upon before the article is tabled, as in previous years.

Under Article 2, it was voted that the appointment of necessary officers not chosen by ballot be left in the hands of the Selectmen.

Under Article 3, voted, that reports of the various Town Officers and Committees be accepted as printed in the Town Report.

Under Article 4, on motion of Edwin M. Noyes, it was voted, that the compensation of elected Town Officers be taken up separately. Voted, that the compensation of the Tax Collector be \$1,600.00 annually in lieu of fees. Voted, that the salaries of the remaining Town Officials be the same as last year.

Under Article 5, voted to raise and appropriate as follows:

Duxbury High School Loan, 1926	\$5,000.00

Under Article 6, voted, unanimously, to raise and appropriate the sum of \$300.00 to be expended under the direction of Myles Standish Camp, No. 115, S. U. V. C. W., for the observance of Memorial Day.

Under Article 7, voted, unanimously, that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1941, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44, General Laws.

Under Article 8, voted, unanimously, to raise and appropriate the sum of \$100.00 for the use of the Plymouth County Trustees for the County Aid to Agriculture, and chose Ernest W. Chandler, Town Director.

Under Article 9, voted, to apply the dividend from the Plymouth County Dog Fund to the support of Schools.

Under Article 10, voted, to raise and appropriate the sum of \$40.00 for the care and decoration of Boomer Square, work to be done under the supervision of the Cemetery Department.

Under Article 11, voted, to appropriate to the Cemetery Department the sum of \$305.00 now in the hands of the Town Treasurer.

Under Article 12, voted, to appropriate \$2,000.00 to the Reserve Fund from the Overlay Reserve Fund.

Voted, to take up article 13 after Article 19.

Under Article 14, voted, unanimously, to raise and appropriate the sum of \$300.00 to be expended under the direction of the American Legion Post, No. 223, July Fourth "Duxbury Days" Committee in connection with this year's parade and celebration.

Under Article 15, voted, unanimously, to raise and appropriate the sum of \$300.00 for exchange of car for the Police Department.

Under Article 16, voted, unanimously, to raise and appropriate the sum of \$300.00 for the purchase, installation and maintenance of a two-way radio for the police cruising car.

Under Article 17, voted, unanimously, to accept Section 97 of Chapter 41, General Laws. (This will establish a Police Department under the direction of the Selectmen.)

Under Article 18, which reads, "To see if the Town will vote to raise and appropriate the sum of \$7,500.00

to be used in connection with the amount of \$15,000.00 appropriated by the State, and \$7,500.00 appropriated by the County, for the construction of a sea wall at Duxbury Beach, extending from the Hummock to a point just northerly of the southerly end of Cut Island, so called, subject to Legislative Act of 1941."

The courtesy of the floor was extended to Mr. Arthur W. Vose, who made some explanatory remarks regarding the article.

In connection with the Article, the following Resolution was unanimously adopted. Resolved: That this meeting be recorded as being in favor of raising and appropriating the amount of \$7,500.00 at such time as the State will appropriate \$15,000.00 and the County \$7,500.00 for the building of the Sea Wall at Duxbury Beach as stated in Article 18.

Under Article 19, which reads; "To see if the Town will vote to raise and appropriate the sum of \$97,500.00 for the purpose of constructing a new elementary school building and furnish the same as recommended by the Committee of Seven, appointed at the last annual meeting, and approved by the School Committee; and that to meet said appropriation, there be raised, in the levy of the current year, the sum of \$15,000.00; and that \$32,500.00 be taken from the Excess and Deficiency Account, and that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow a sum not to exceed \$50,000.00 and to issue bonds or notes of the Town therefor, said bonds or notes to be payable in accordance with the provisions of Section 19 of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than fifteen (15) years from the date of issue of the first note or bond, or at such time or earlier dates as the Treasurer and Selectmen may determine."

It was voted to lay this article on the table until the next Anual Town Meeting. Yes 129. No 82.

Under Article 13, voted, unanimously, to appropriate from the Excess and Deficiency Account a sum not to exceed \$20,000.00 to be used to reduce the tax rate.

Voted, that Article 30 be taken up at this time.

Under Article 30, voted, unanimously, that the Town raise and appropriate the sum of Five Hundred (\$500.00) dollars to be expended under the direction of the Selectmen in employing a Public Health Nurse.

Under Article 20, which reads; "To see if the Town will vote to instruct the Moderator to apppoint, within two weeks, a committee of five citizens, one to be a member of the School Committee, to superintend the construction of the new school building."

It was voted to lay this article on the table.

Under Article 21, voted, to ratify and approve the sale, by the Selectmen, to Stephen A. Reed, et ux, of the property on the northerly or northwesterly side of Winter street known as the Edward O. Willcott property and acquired by the Town by deed of the Collector of Taxes, dated October 10, 1930 and recorded with Plymouth Deeds in Book 1602, pages 414-415.

Under Article 22, voted, that the Town authorize the Selectmen, after first giving notice of the time and place of sale by posting such notice of sale in some convenient and public place in the Town fourteen days at least before the sale, property taken by the Town under tax title procedure, provided that the Selectmen or whomsoever

they may authorize to hold such public auction, may reject any bid which they deem inadequate.

Under Article 23, voted, unanimously, to raise and appropriate \$2,000.00 for maintenance of Gurnet Bridge.

Under Article 24, voted, to accept Soule avenue, so called, as laid out by the Selectmen, and voted, unanimously to raise and appropriate \$2,100.00 for construction and payment of land damage.

Under Article 25, voted, unanimously, to accept Old Cove Road, so called, as laid out by the Selectmen, and raise and appropriate \$2,000.00 for construction of same.

Under Article 26, voted, unanimously, to raise and appropriate the sum of \$450.00 as payment in full for all machinery, tools, equipment and materials left from Gurnet Bridge repairs, and that the Town of Duxbury pay into the County Treasury the sum of One Hundred Fifty Dollars (\$150.00), and into the Treasury of the Town of Plymouth the sum of Seventy-five Dollars (\$75.00), and into the Treasury of the Town of Marshfield the sum of Fifty Dollars, (\$50.00), and into the Treasury of the Town of Kingston the sum of Twenty-five Dollars (\$25.00), and into the Treasury of the Town of Duxbury One Hundred Fifty Dollars (\$150.00).

Under Article 27, voted, unanimously, to raise and appropriate the sum of \$200.00 for the use of the Town Treasurer for foreclosing the rights of redemption on tax titles.

Under Article 28, voted, unanimously, to raise and appropriate the sum of \$425.00 for exchange of car for the Highway Department.

Under Article 29, voted, that beginning in 1942, the Board of Public Welfare shall consist of three members, who shall be elected annually, shall serve without pay and hold no other paid town office.

Under Article 31, voted, to instruct the Selectmen to make the necessary arrangements to have the horse sheds at the rear of the Town Hall removed, and the money for this purpose be taken from the Town Hall and Office Appropriation.

Under Article 32, voted, to name the Street on the southerly side of Washington Street, beginning at the west boundary of land of St. Margaret's and following to the Town Landing, "Harden Hill Road".

Under Article 33, voted, unanimously, to raise and appropriate the sum of \$125.00 to purchase a stone and tablet for the Fireman's Lot in Mayflower Cemetery. The Firemen to pay \$100.00 for perpetual care.

Under Article 34, voted, unanimously, to raise and appropriate the sum of \$3,000.00 to complete oiling Chandler Street.

Under Article 35, which reads, "To see if the Town will vote that Vine and Cross Streets be made fit for travel by being widened and oiled".

It was voted, that no money be raised for this purpose.

Under Article 36, voted, that the Town instruct the Selectmen to lay out as a public highway that part of Samoset Road (as shown on a plan entitled "A part of the Old Standish and Elder Brewster Farms, South Duxbury, Mass., Sur. March 1st, 1901, Revised March 1st,

1903", said plan being recorded in the Plymouth County Registry of Deeds, Plan Book 2, Page 290) which lies between Columbus Avenue, as shown on said plan, and Puritan Road.

The following resolution was presented by Joseph W. Lund, and was unanimously adopted:

Resolution:

Whereas Mr. Harry F. Swift has served in public office in our Town for more than a decade, giving his time and thought without stint and with great sacrifice to his personal affairs, and whereas the government of the Town and its financial condition are such that we are justly proud of its reputation, this condition being in no small measure due to his judgment and foresight, therefore, at the hour of his retirement, the people of Duxbury, by approving this resolution at the Annual Town Meeting, express their appreciation and gratitude to Mr. Harry F. Swift.

Voted, that the Moderator be extended a vote of thanks for his extreme courtesy in the conduct of this meeting.

At 5:10 P. M. voted to adjourn.

JOSEPH T. C. JONES,

Town Clerk.

## Election of Officers, March 8, 1941

---

The polls were opened at 7 o'clock, A. M.

The following additional Tellers were appointed by the Selectmen, and were sworn by the Moderator: Helen F. Dawes, Walter E. S. Frazar, Richard M. Edgar, Madeline H. Baker, Elizabeth M. Hazelhurst and Gilbert F. Redlon.

At 2:45 o'clock P. M. it was voted to keep the polls open until 6 o'clock, P. M. and at 6 o'clock when the polls were closed, the ballot-box indicated 898; that number of names were checked on the voting lists and 898 ballots were taken from the ballot-box.

Following is the result of the balloting for Town Officers:

### For Selectman for Three Years:

Charles R. Crocker	613 Votes
Harry F. Swift	67 Votes
Scattering	7 Votes
Blanks	211

And Charles R. Crocker was declared elected by the Moderator.

### For Selectman for One Year (Unexpired Term):

Edward L. Arnold	37 Votes
Philip W. Delano	434 Votes

William W. Radcliffe	320 Votes
Paul N. Swanson	92 Votes
Scattering	1 Vote
Blanks	14

And Philip W. Delano was declared elected by the Moderator.

For Assessor for Three Years:

Edward L. Arnold	39 Votes
Philip W. Delano	412 Votes
William W. Radcliffe	314 Votes
Paul N. Swanson	93 Votes
Scattering	2 Votes
Blanks	38

And Philip W. Delano was declared elected by the Moderator.

For Members of the Board of Public Welfare for One Year:

Charles R. Crocker	590 Votes

Respectfully submitted,

SIDNEY C. SOULE,  
CHARLES R. CROCKER,  
PHILIP W. DELANO,

Assessors.

## Report of the Board of Public Welfare

---

To the Citizens of Duxbury :

The year 1941 has seen several changes in the Department of Public Welfare.

Ernest A. Jones, who had been employed by the Department for more than 4 years, resigned in April 1941 to accept employment elsewhere.

Under the direction of the new Agent, Miss Katherine E. Deans, several changes have been effected to the benefit of the Department and to the Town.

Since 1909, Duxbury has employed either one or two town physicians each year to give medical care to those unfortunate families who found it necessary to seek assistance from the Welfare Department. In 1931, Old Age Assistance was established, and each recipient was required to call the town physician for his medical care. During 1939 the State Department advocated that those persons receiving relief be allowed the "Physician of Choice". This requirement has been partially complied with, but Duxbury still maintained the Town Physicians. As it is necessary to follow the advice of the State Department, in reference to reimbursements, the town physician should be discontinued and the physician of choice urged in all categories of relief.

The Infirmary was closed May 1, 1942 as there was only one inmate left.

The Red Cross Motor Corps has been of great assistance in the past few months in assisting in cases where emergency transportation was required. Their cooperation in time of distress and emergency is deeply appreciated.

### OLD AGE ASSISTANCE

The 1940 report showed that the new year would begin with 88 active cases. Since April 1941, 12 new applications and 1 renewal application for Old Age Assistance were made; 11 of these applications were accepted and approved by the State Department, 2 were denied by the Local Bureau of Old Age Assistance, and taken to the Appeal Board for consideration. The Appeal Board denied Old Age Assistance in these cases. One case was closed following home visit when sufficient income was found in family to cover the required budget, 1 case proved to be ineligible for the assistance, 4 cases moved to other towns, and there were 3 deaths, leaving 89 active cases at the close of the year.

### AID TO DEPENDENT CHILDREN

It is rather difficult to estimate the amount of money that will be required for this category of relief, or to estimate the number of families and children eligible for Aid to Dependent Children. Although in 1937 this branch of relief was broadened to cover a larger scope of children, certain qualifications must still be met in order to prove eligibility for this assistance, therefore, the number of cases remain in the lower brackets of relief given.

During 1941, only 7 cases representing 22 children were aided. 2 cases with 10 children were closed leaving only 5 active cases with 12 children at the close of the 1941 fiscal year.

## W. P. A. REPORT

The early part of 1941 the W. P. A. projects for our unemployed men were closed. During March 1941, a School Lunch Project was proposed and started, employing 11 women. The Red Cross Motor Corps services were greatly appreciated giving volunteer transportation of the hot lunches to the various schools, and their capable assistance in serving the foods.

School closed the latter part of June and this project was discontinued until the school session reopened in September.

The value and result of having this project may be obtained from the Superintendent of Schools and the School Nurse. We do know, however, that the maintaining and improving of children's health is one way that will assist our Government in the Civilian Defense Program.

CHARLES R. CROCKER, Chairman  
GORDON L. KING  
WILLARD R. RANDALL

## Report of Chief of Police

---

January 22, 1942

To the Honorable Board of Selectmen:

Gentlemen:

Following is the report of the Police Department for the year ending December 31, 1941.

Beach stickers issued	2,250
Dogs disposed of	27
Cats disposed of	46
Animals returned to owners	39

Respectfully submitted,

JAMES T. O'NEIL,

Chief of Police.

## Report of Fire Chief

---

January 16, 1942

The Honorable Board of Selectmen,  
Duxbury, Mass.

Gentlemen:

The following is my report of the activities of the Fire Department for the year 1941. A total of 41 Calls.

- 13 Buildings
- 8 Chimney
- 5 Automobiles
- 5 Oil Burners
- 4 Emergency
- 3 Out of Town
- 1 Bridge
- 2 Elec. Wires

None of these were serious fires, due to the cooperation of the citizens of the town by removal of debris from the attics and cellars, and the prompt response of the department.

This year presents a different problem now that we are at war. The only new equipment that I shall ask for will be for hose and etc. The apparatus is in good condition and well cared for.

Duxbury Beach has presented a problem but I feel the steps we have taken will eliminate any serious fire hazard in that section.

I have appointed one man for each of the five small communities and they in turn have organized groups that are being drilled and will perform in any emergency. If this war comes to New England every fire department will be in the front line, therefore it behooves every citizen to take every precaution possible and be prepared to use what you have at hand to combat an incendiary fire. Sand for the layman is the answer.

It is your duty to acquaint yourselves with any and all information you can get. This department is ready at all times to furnish you with that information or do anything in its power to give service to you.

I wish again to thank the telephone operators for their splendid cooperation. They have pulled the Number 1 hook for many years. That now will be located at the Central Station, but they still call my men for which I owe them a debt of gratitude.

Respectfully yours,

H. E. MERRY,

Fire Chief.

## Report of Forest Warden

---

January 16, 1941

To The Honorable Board of Selectmen,

Duxbury, Mass.

Gentlemen:

The following is a list of fires, and number of acres burned over during 1941 with a total of 81 calls and a total of 18 acres burned over.

- 19 Grass
- 13 Brush
- 5 Forest
- 17 Roadside
- 8 No Permit
- 16 Dump
- 7 Out of Town
- 3 Unnecessary

The increase in numbers over the previous year was due to the worst drought we have had in fifty years.

In May I organized a group of High School boys to be known as the Junior Forest Fire Department, naming Robert Peterson as Captain, Marshall Freeman as 1st Lieutenant, and Richard Ford as 2nd Lieutenant. They have shown a lot of interest and have done a lot of good work. They have drilled and become familiar with all of our equipment and their parents may well be proud of them.

At the Marshfield Fire we lost the Dodge from No. Duxbury. That has been replaced by a Model A Ford with a new engine and a new pump which gives us good protection in that district.

I have ordered 2 portable units powered by Briggs and Stratton engines with pumps and will ask for a small truck to take the place of the Dodge at Freeman's Garage in which one of these small units with a 100 gallon tank will be placed. The other to be used for protection in Island Creek during the emergency.

I want to again call your attention to the great help our radio gives us in its service, and radio will be more in use if war comes to us. In the Marshfield Fire radio was the only means of communication during the fire.

Our other apparatus is in good condition and will be ready for service when the season opens. That portable saw mill operating for the past year in the western part of the town that may bring a headache to us in the future but as in times past we will do our part, no man can do more.

Again I want to thank the men and boys for their splendid cooperation, it is that that has kept the fire losses at a minimum.

Respectfully yours,

H. E. MERRY,

Forest Fire Warden.

## Report of Moth Department

---

To the Honorable Board of Selectmen:

Since our last report work has been carried on about the same as last year. Stripping was quite bad during the summer season and at the present we are treating a great number of nests in the thickly settled parts of the town. Another good sprayer would help a lot. At present we are creosoting egg clusters along the roadside.

JOHN D. MORRISON,

Local Moth Supt.

## Report of Tree Warden

---

To the Citizens of Duxbury :

Work was started early in the spring on our elm trees for the Elm Beetle. The elm trees were sprayed only once but should be sprayed two or three times. We have done trimming and also dead-wood removed from the following streets: Chandler, Union, River, Keene, Laurel, Bay Road, Marshall, Columbus Ave., Crescent, So. Station and Depot. We also cut Web Worms on several streets in town where they were bad.

The tree department should have more money to work with and this would keep the Highway Department away from the trees along the roadsides.

JOHN D. MORRISON,

Tree Warden.

## Report of Street Department

---

To the Honorable Board of Selectmen  
and Citizens of Duxbury:

This Department has carried on the usual routine work required on the roads each year.

About ten miles of road in different parts of the town were seal coated with asphalt, and 5,000 ft. of guard rails repaired and painted.

The appropriations for the new work was done as follows:

Chandler Street widened, gravelled and asphalted for one and a half miles.

Old Cove Road was built according to the layout also gravelled and a coat of asphalt put on.

Soule Avenue from Route 3A to Bay Road was built and 500 feet of fence erected and painted.

A new bridge was constructed on the Duxbury and Pembroke line, with Pembroke sharing half of the expense.

Gurnet Bridge has been repaired as needed and kept in as good condition as possible.

Respectfully submitted,

EDWARD S. O'NEIL,

Superintendent of Streets.

## Report of Board of Health

---

Board of Health,

Duxbury, Mass.

Gentlemen :

I have the honor to submit my annual report as agent for the Board of Health.

The dairies of all producers of milk were inspected and licensed. All retailers were inspected and licensed. Licenses were also issued to dealers in oleomargarine.

All overnight camps were inspected and licensed. These camps are also checked by the State Department of Health.

There were thirty-seven contagious cases reported in the town of Duxbury during the past year. Authorization for x-ray examination at the Plymouth County Hospital was issued for several cases.

The Board of Health continued the school dental work, with Dr. George M. Mayers and Dr. W. O. Dyer as school dentists.

The Board received various complaints against overflowing cesspools, dead fish on the beach, improper garbage disposal, and other nuisances to the health of the town. These were all investigated and satisfactorily corrected.

Respectfully submitted,

C. H. KING, M. D.,

Agent.

## Report of Memorial Day Committee

---

To the Honorable Board of Selectmen and the Citizens of  
Duxbury, Massachusetts:

Again the Memorial Day Committee of Myles Standish Camp, No. 115, S. U. V. C. W. are called upon to give an account of the funds entrusted to us to carry out the seventy-three year old tradition of remembering those who made the supreme sacrifice on land and sea that the blessings of a free government might be our heritage.

We have, as always, endeavored to fulfill the trust imposed in us by the G. A. R., to decorate the graves of all known soldiers and sailors within our jurisdiction. If any omissions have been noted, kindly advise us.

Our detail, composed of Camp No. 115, S. U. V. C. W., Post 223 American Legion and Boy Scout's held services at Ashdod, Dingley, North Duxbury, Standish and Mayflower cemeteries and Blue Fish River Bridge, where our auxiliary conducted the service, with the usual service in the Unitarian Church, assisted by the school children of Duxbury.

In the decoration of graves in the Mayflower Cemetery, we were assisted by members of Post 223 American Legion, Boy and Girl Scouts in a very willing and efficient manner. As chairman of the committee I wish to especially thank the Legion for their kind and ready response to my several requests upon them.

Our thanks to everyone who in any way assisted.  
Expenses \$277.91.

Respectfully submitted,

EDEN S. GLOVER, P. Com.,  
Chairman  
PARKER B. CHANDLER, P. Com.,  
Clerk  
GEORGE B. CUSHING, P. Com.  
OSCAR B. RYDER, P. Com.  
HOWARD D. BUTLER, P. Com.  
FRANKLIN WHITE.

## Report of Librarian Duxbury Free Library, Inc.

---

January 1st, 1942.

Business at the Library has been as usual, the summer circulation heavy and no perceptible change in the average for the year. Attendance has been about 15,000. One good sign was the slight increase in the number of juvenile patrons.

Book prices were somewhat stiffer than in recent years, with a tendency to raise books formerly sold at \$2.00 to \$2.50. However, the Library kept its supply of modern fiction and non-fiction fairly well up to the mark.

Naturally since the beginning of the war the output of non-fiction has grown steadily greater and the demand for this more expensive type of book has increased in equal ratio. Popular interest in all subjects relating to world affairs is far more wide-spread than ever before.

It has been officially given out that 10,000,000 books are required for use by the Army and Navy forces. Your Librarian has been appointed by the State committee to receive all local contributions. Books of all kinds are needed, fiction, science, travel, history, biography, etc., but these must not be out-dated or in poor condition.

All those who wish to aid in this important work may

bring the books to the Library where they will be packed and forwarded to the central regional station.

Respectfully submitted,

FISHER AMES,

Librarian.

## Report of the Treasurer of the Duxbury Free Library, Inc.

---

For the year 1941 the Library received a grant from the Town of Duxbury of	\$1,200.00
and its share (one sixteenth) of the Lucy Hathaway Fund (paid each third year)	317.84

## Report of Shellfish Constable

---

To the Honorable Board of Selectmen:

I submit herewith my annual report as Shellfish Constable for the year 1941.

The first two months of the year, in spite of considerable ice in the bays, there were an average of 10 men digging shellfish and the next three months an average of 12 men. They had fair digging. From June 1st to October 1st there were 18 men digging shellfish. They had very good digging, and received a fair price for their clams. There were also 2 men digging seaworms during most of that time.

From October 1st to January 1st there was an average of only 12 men digging. On account of defense work and the draft the diggers are gradually leaving the shores which will give the small clams a chance to increase and grow in size. There has been quite a lot of seed clams come into the bay this year and razorfish are quite plentiful.

There has been little trouble from out-of-town diggers, the greatest trouble has been the destroying of signs.

The following amount of shellfish has been taken from the flats:

Razorfish 1,330 bushels @ \$1.25 per bushel	\$1,662.50
Clams 6,635 bushels @ \$1.33 1-3 per bushel	8,846.67

Quahaugs 200 bushels @ \$1.25 per bushel	250.00
Sea Worms 52,740 bushels @ 0.02 each	1,054.80

---

\$11,813.97

30 permits were issued.

262 buckets of cockles were destroyed.

Out of the total of clams dug, 2,934 gallons of shucked clams were sold @ \$2.25 per gallon.

A. ELLIOT HOLMES,

Shellfish Constable.

## Report of the Superintendent of Cemeteries

---

To the Cemetery Trustees:

I submit my report for the year of 1941. At Mayflower Cemetery the general work was done. The leaves were raked and the avenues edged and cleaned. The fence on the back of the Cemetery was painted and repaired.

The egg clusters were creosoted and the trees sprayed three times by the Moth Department.

In Ashdod Cemetery the avenues and walks were edged and cleaned. The general work was done. Dingley Cemetery was raked and cleaned. At Standish Cemetery the grass was cut and the cemetery raked and cleaned.

All Perpetual and Annual care lots were cared for and fertilized. Five new lots were built and seven old lots rebuilt. Fifty-five foundations were built. There were fifty-two interments this year. Seventeen Perpetual Care Funds were added this year.

The Ladies Union Fair Association rebuilt a section in the Historical part of Mayflower Cemetery.

From the Samuel H. Howland Cemetery Fund the Cemetery Department improved a section along the front of the Cemetery facing Tremont Street.

This Department had a number of shrubs and ever-green trees donated to them this year.

The Duxbury Firemen have placed their boulder on the Firemen's lot and have placed their lot in Perpetual Care.

Respectfully submitted,

LAUREL B. FREEMAN,

Supt. of Cemeteries.

## Report of Cemetery Trustees

---

To the Honorable Board of Selectmen and Citizens of  
Duxbury.

We would submit the following as our report for the  
year of 1941.

As the report of the Superintendent of Cemeteries  
covering the work of caring for the Cemeteries has been  
received and accepted by the Trustees, and will be printed  
in the Town Report for 1941, we would refer to said  
report for information.

In order that the work of caring for the Cemeteries  
may be carried on as has been the practice in recent years,  
we would respectfully ask for an appropriation of  
\$7,500.00 for the year 1942.

In asking for an increased appropriation for 1942, we  
would call attention to the following: For the year 1941  
we had a total available fund (including the annual March  
meeting appropriation) of \$7,070.71.

For 1942 our available revenue (outside of what may  
be allowed us at the March meeting of 1942) will be ap-  
proximate \$700.00 less than in 1941. Another item is  
the advance in wages of the employees, which will mean  
approximate \$500.00 more for the same amount of work  
done per year. Assuming that the citizens of Duxbury  
desire to keep the Cemeteries up to the present standard,  
we are asking for the above amount for 1942.

The sum of \$6,100.00 was appropriated the Cemetery Department for 1941 and the sum of \$2,352.90 (amount received for interments, annual care of lots, etc.) has been returned to the Town Treasury, leaving \$3,747.10 as the net indebtedness of the department to the Town.

We would again express our thanks to all those who by payments for annual care, rebuilding lots, etc., all of which helps the department in the upkeep of its Cemeteries.

The Trustees wish to express their appreciation of the manner that the superintendent and the men in his employ have performed their duties.

Respectfully submitted,

EDWARD S. SOULE, Chairman  
THEODORE W. GLOVER, Secretary  
ERNEST H. BAILEY,  
WILLIAM O. DYER,  
HARRY A. TAMMETT,

Trustees.

## Report of Duxbury Town Historian

FOR THE YEAR 1941

---

Presumably, like other Town Departments the report of the Town Historian for the year 1941 is somewhat perfunctory. With our minds on the daily war bulletins and what is happening in many places, it is distinctly difficult to focus attention on what seems in comparison rather trivial. Without doubt Myles Standish, John Alden, and Elder Brewster had their trials and tribulations as great to them in their day as those this generation must face. The same beautiful Duxbury Beach existed in those days without a Powder Point Bridge to be sure, but free from the menace of submarines. One often wonders what those old settlers would think of constant guarding of the beach by soldiers ever on the lookout for trouble makers.

Be that as it may, we must carry on until those who menace our liberties and the old way of living have been overcome and times are more normal. We are ready to make the sacrifices if by so doing this small part of the nation may be preserved in democratic ways.

Last year's report spoke of the photographs of Duxbury scenes and events being taken for preservation. This work is almost finished and will be a most complete photographic picture of Duxbury scenes and people. In order to provide for the payment of the expense of these pictures, no new marker has been erected. However, it is hoped that work will be resumed shortly, although one

never knows when priorities will interfere with the erection of even markers.

Respectfully submitted,

REUBEN PETERSON, M. D.

Duxbury Town Historian.

Duxbury, January, 1942

## Care of Playgrounds

---

January 26, 1942

To the Honorable Board of Selectmen

Gentlemen:

Due to the use of Train Field road, which was resurfaced last year, making a better exit for the School Buses; I found it necessary to give the road a top coating of tar this year. The balance of my appropriation has been used for general upkeep of grounds and buildings.

Respectfully submitted,

EBEN N. BRIGGS.

## Plymouth County Extension Service

---

The Plymouth County Extension Service during 1941 has carried on its usual work of assisting rural and village people with their problems pertaining to agriculture, homemaking, and 4-H training. Demands are ever-increasing on the Extension Service to organize, administer and teach programs of national, state, county, and town importance. In view of the present crisis programs of work are being organized so that every effort will be directed towards informing the farm people of the ever-changing developments in agriculture, and to assist them with their problems during these critical times.

The agricultural department is organized primarily on a commodity basis, working with commodity committees, associations and groups of farm people. Major agricultural enterprises are cranberries, dairy, poultry, vegetables and fruit, but many smaller projects are covered such as forestry, general livestock, farm accounts, etc. The agricultural department renders service and receives fine cooperation from such agencies as Agricultural Conservation Program, Farm Security Administration Surplus Marketing Administration, Farm Credit Administration, and various cooperatives.

The Home Demonstration Department conducted some work in each of the towns of the county during 1941. The major program during the spring and fall was in clothing construction. Emphasis was also made on the care, repair and renovation of clothing.

Over five hundred different women attended nutrition meetings held during the year. More families were helped this past year to plan home gardens and 18 food preservation demonstration working meetings were conducted.

Homemakers were also helped in various ways in the fields of home management, home furnishing, home grounds improvement and recreation.

Four-H Club work is that part of the Agricultural Extension Service which deals with rural youth. Young people between the ages of 10 and 21 in a community organize themselves into a group with their own officers and own local program with the guidance of an adult man or women leader (who serves voluntarily). Each member has an individual project centering around a problem of the home or the farm. They raise livestock, crops, make clothing, prepare foods, etc. They serve as officers and on committees of their own club. They have camps, games, songs, exhibits, tours, hikes, and social meetings. They work and play together. They learn to cooperate by cooperating.

## COMBINED STATISTICAL OF THE THREE DEPARTMENTS

Days in office	683 $\frac{1}{4}$
Days in the field	987 $\frac{3}{4}$
Leaders and Committeemen	465
Farm and Home Visits	2,783
Office and Telephone Calls	9,716
News Articles	418
Individual Letters	4,392
No. Circular Letters	340
Copies	124,247

Total number of meetings participated in by agents	804
Attendance	31,053
Total number of 4-H club members enrolled	1,701
Total number of different women attend- ing meetings	3,097

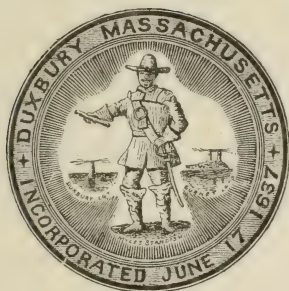

The financial assistance and moral support of Duxbury is greatly appreciated by the people the Extension Service assists. A continuation of its support is justified on the record it has achieved. Its influence can not be measured by monetary values, but its educational programs and individual assistance constitutes one measure in the first line of national defense.

ERNEST W. CHANDLER,

Town Director.

ANNUAL REPORT

Graduation: June 19.

Reception: June 20.

Fall Term: Begins September 7.

Teachers' Convention: October 23.

Armistice Day: November 11.

Thanksgiving Recess: November 26—29 Inclusive.

Christmas Vacation: December 24 — January 3, 1942  
Inclusive.

## Report of School Committee

---

January 26, 1942

To the Citizens of Duxbury:

Due to conditions forced upon us by causes beyond our control, we are faced with serious problems in connection with our school operations. The higher cost of ordinary living and competition for the services of well educated and trained personnel will make it necessary for us to increase substantially the salaries of our teachers if we are to maintain the present standards of teaching in our school system.

Recognizing the possibilities of this, many of our teaching staff received increases when their contracts were renewed in June. The competition which we have had for several years by larger towns in obtaining the services of teachers was one factor in our decision to grant those increases. For the same reasons and to secure better talent if possible, the average starting salary for new teachers in the fall of 1941 was higher than has previously been the case. This situation is more serious today than it has been, so that we feel that further increases are necessary if we are to maintain a stable teaching staff.

In addition to the salary question, the prices of our other supplies, such as paper, books, and fuel, have started to rise and will undoubtedly continue to do so.

The question of air raid protection has received a great deal of attention by the Committee. We have approved the program for protection, as planned by Miss

Elliott and the school staff. Some parents, however, may prefer to take their children to their homes in case of a raid or a raid warning. If any parent wishes to do this, he must come to school in person or send a written message, to be submitted to the warden or teacher in charge. No child can be released under other conditions, as the School Department must assume responsibility for the children's welfare unless directly relieved of its duty by the parent.

There is a growing sentiment in town that the school auditorium and cafeteria should be available for use by the different clubs and organizations in town. It has been our policy to allow such use free of charge for educational purposes or meetings which benefit the general welfare of all the townspeople without discrimination. In allowing its use for Civilian Defense and Red Cross First Aid classes, the Committee has been following the precedent of previous years. During this school year, especially this has added to our expenses a fairly substantial sum. Extra fuel, lights, and janitor and cleaning services, though not a large item in themselves, have made it necessary for us to figure small savings here and there, in order to stay within the carefully planned budget.

A separate appropriation for the expense thus caused should be provided for by the Town, and organizations which use the place for private purposes should pay a fair fee for the use of the facilities.

It is unfortunate that our building is not well adapted for such use, with separate entrances and toilets available apart from those in daily use by the children. However, this situation cannot be remedied at present, and if the townspeople wish the building to be used for these purposes, funds must be provided in order to prevent an

unfair additional burden on the regular school staff. We think that the sum of \$500 should be voted for the above purpose.

The Americanization class, for which an appropriation was made last year, is continuing and seems a useful project. We recommend that the sum of \$500 be raised to carry on this program.

We must also continue our annual appropriation of \$500 for the Vocational and Trade School tuition.

For the regular school purposes, because of increased expenses, we request the sum of \$51,000, plus the Dog Tax, for the use of the School Department.

A survey made by the State Department of Education last autumn commended many features of our school system and pointed out certain weaknesses which we hope to correct. We are all striving to give our children the best education we can afford, and we hope that the parents will cooperate with us in trying to attain this important goal.

Respectfully submitted,

JOSEPH W. LUND, Chairman  
KENNETH G. GARSIDE, Secretary  
HERBERT WIRT  
WALTER G. PRINCE  
J. NEWTON SHIRLEY

## Report of Superintendent

---

To the School Committee of Duxbury :

I present herewith, a statement covering the operation of the schools during the year 1941, together with such reports as have been presented by supervisors, special teachers, the nurse, the school physician, and the educational adviser.

One of the most serious problems confronting the school system in Duxbury at the present time is the extremely large turnover in our teaching personnel. This situation is brought about by several conditions, foremost of which is a salary schedule which is lower than that of the larger towns with which we are competing. There is noticeable among the townspeople in Duxbury a very real evidence of lack of sympathetic cooperation with the workers we employ in our schools. Teachers are as a whole well trained specialists in their line, but they are also human beings, and, as such, are likely to make the errors common to human beings in general. Over emphasized criticism of these mistakes is unfair and does not lead to improvement. There is also, at present, the distracting influence of more attractive positions in other fields.

Against some of these influences we have very little defense, but in the matter of salaries some relief is possible. Other departments of the town have increased wages twelve and a half percent during the past year, and in other communities there is a trend towards higher salaries. The school committee can also wage an aggressive defense of the teachers they employ. To carry on through the daily trials which she faces in the classroom, a teacher

should never have a doubt that her decisions will be backed to the limit.

Miss Dorothy Rust and Miss Jane White, both of whom had taught in Duxbury for a period of nine years, accepted contracts to teach in Melrose. Their places were filled by Miss Florence M. Johnson and Miss Marguerite Brooks. Miss Dorothy Cushman, three years in Duxbury, and Miss Jane Schopfer, with us two years, were called to the school system in Concord. The vacancies caused thereby were filled by Miss Phyllis Johnson and Miss Hazel M. Cornish. Miss Jean B. Pittman was selected to fill the vacancy caused by the resignation of Miss Anna Cussen, who went to a school in Connecticut. Robert A. Girardin went to Foxboro at the end of the school year, and Richard Bradford was elected to carry on the work in the Opportunity Class. Miss Annie L. Williams, who had been school nurse for nearly twenty years, felt that her health would not permit her to continue with the work, and Miss Susan B. Carter was selected as her successor. Educational Guidance, sponsored by the Parent-Teacher Association during the previous school year, had proved so valuable that Miss Margaret K. Elliott was induced to become an official member of the teaching staff in order that she might carry on the work she had started.

### THE LUNCH PROGRAM

I believe that one of the major accomplishments of the year was the successful launching of a school lunch program through which every school child could have a hot lunch each day.

Lunches had been served at a cafeteria in the high school ever since we entered the new building. For various reasons only a small number of children availed themselves of this service. As a consequence the cost was high,

and the mounting prices on food were making these costs even higher. To relieve this situation a request was made for surplus commodities. We cut the cost of the meal to the pupil and increased the quantity of each serving. Business picked up immediately. The kitchen force we had been using was unable to take care of the increased traffic. Since available student help was found inadequate to handle the constantly increasing output of food, a complete reorganization was necessary.

As a last resort we requested that the project be placed under the W. P. A. This new departure released the Domestic Science Teacher from much of the supervision and meal planning she had been forced to handle. It released a number of children from non-educational drudgery for which they had been volunteering during study periods. It reduced the cost of pupil lunches to about twenty-five percent of what they had been during the past ten years.

Three months of operation proved this program so successful that it seemed expedient to attempt to set up a similar project for the elementary schools. For several years there had been an increasing demand for hot lunches for the younger children, but no practical way for satisfying the demand had been found up to this point. One of the difficulties which confronted this expansion was the non-existence of an adequate kitchen in any of the school buildings. Added to this was the difficulty of providing a quick, economical, sanitary method of transporting the hot food to the serving places. Equipment for cooking, handling, and serving the food also had to be provided. A place in which to eat and a place for washing dishes had to be found. There finally developed a scarcity of W. P. A. labor available for the project, and to cap the climax a vociferous minority of people attempted to defeat the plan.

In the solution of these problems the Red Cross early enlisted its services. It bought kitchen ware, containers for transporting food, and dishes for serving. It provided cars for drivers for the transportation of the food, and its workers assisted in the serving and washing of dishes after the lunch. The Parent-Teacher Association took on the responsibility of renovating the kitchen at the Abbott House. It spent money for materials, and the members gave labor for cleaning and making the repairs. It secured one oil and three gas ranges. Many of its members assisted in serving the food and in cleaning up each day after lunch. The selectmen permitted the use of several rooms at the Abbott House and made many repairs to the property which were necessary before the kitchen equipment could be moved in. Many extra responsibilities fell to the teachers of each school room who helped with the organization and execution of the program.

The expense to the school department for setting up this program has been comparatively slight, and such changes as have been made will continue to serve a practical purpose even though lunches be served no longer. In each of the three schools additional plumbing was necessary in order to provide for washing dishes. At the Point School carpenter work on shelves and counters was necessary for the east entrance which was used for a kitchenette. A small amount of electrical work was also necessary there to provide light and an outlet for a stove. The basement of the Village School was found quite adequate for kitchenette and dining rooms. The necessary paint, lumber, and labor were provided to make the place convenient and sanitary. The corridor between the two school rooms at Tarkiln was selected for a kitchenette, and by cutting a recess into the wall quite serviceable accommodations were provided.

The period between January 1 and the close of school in June might be considered an experimental period. Many unforeseen obstacles were encountered and surmounted, but the scheme was proved conclusively to be feasible. However, when school opened in September, two major problems remained. The transportation which had been handled throughout the spring by the Red Cross Motor Transport Corps had to be reorganized on a permanent basis. Bids were requested and a contract was awarded for handling this item. The other difficulty, the securing of people eligible for W. P. A. employment, adjusted itself soon after the close of the summer season.

To date we have been able to secure adequate supplies of food to carry the program along smoothly, and there seems every reason to believe that this condition will continue indefinitely. The daily routine is so well worked out that the project now rolls along under its own momentum and very little supervision is necessary.

### GUIDANCE

Sponsored by the Parent-Teacher Association, a trial guidance program was instituted during the school year 1940-1941. Under the supervision of Miss Margaret K. Elliott, the work proved so beneficial that the program was given official approval by the school committee, and Miss Elliott was placed on the teaching staff of the High School. Although her contract calls for only one day in the school each week, she has been generously giving more than two days of her time regularly to the work.

### AMERICANIZATION CLASS

The class for adult aliens wishing to prepare for naturalization opened officially early in January 1941. The classes were held three times each week at the rooms

of the Portuguese-American Citizenship Club at Fernandez' store. About twenty-five adults met regularly with Mr. Robert A. Girardin throughout the remainder of the winter months and completed their first unit of work in April. This class is ready to re-open early in January under the direction of Mr. Richard A. Bradford. In 1941, \$173.54 was expended for this work, and since this expense can not be charged to the regular appropriation, I suggest that \$500 be raised to carry on the work through 1942.

### EXTRA CURRICULAR ACTIVITIES

The school newspaper publishes eight issues each year. There is a magazine supplement which appears in the late winter or early spring. The record of important events and outstanding accomplishments during the year is incorporated into a year book which contains pictures of every class, club, and interesting activity. Here one will also find the class parts as delivered at commencement. From the staff of these publications the teacher chairman of the executive committee of the Southeastern Massachusetts League of School Publications for the present year was drawn. On this project all writing, editing, make-up, and printing are done by pupils within the school.

In athletics we continued with success in both basketball and baseball. In the spring the girls played intramural hockey and soft ball. We are quite seriously handicapped in the roughness of the playing field and in keeping the grass properly mown for field hockey. The field in back of the Abbott barn is used for this game. I sincerely hope that the appropriation for playgrounds may be sufficient to improve this situation another year. The pond at the rear of the High School continued to be a

source of pleasure and healthful exercise during the skating season.

The Student Council has added to its usual responsibilities those of planning and directing the student defense activities. It has gone actively into pressing the sale of defense stamps on the student body. Through assembly programs it is attempting to preserve the morale of the school. It has sponsored a first aid club in which there are nearly forty members, and at the present moment is engaged in the formation of an amateur radio club.

The Senior Play, *The Mad Hatters*, was given before a large audience on November 28, 1941.

### GIFTS AND DONATIONS

I have mentioned already the assistance given to the hot lunch project by the Red Cross, The Parent-Teacher Association, and by many individuals.

United States flags for out-of-door use have been given us by the American Legion, and flags for the class rooms have been supplied by the Sons of Veterans.

At Christmas time the Parent-Teachers Association continued the custom of giving the children a party. This year the entertainment was in the form of a moving picture.

The Class of 1941 left \$80 to be divided equally between The Partridge and the Athletic Association.

The Duxbury Yacht Club left a sum of money to be used jointly by Mr. Blakeman and Miss Carter for the purchase of uniforms for physical education, and to buy shoes and clothing for needy school children.

Several gifts of new books from private individuals were received by the school library.

The Grange gave a reception to the teachers in September.

All of these very real attempts at cooperation improve the efficiency of our schools, and I sincerely appreciate the spirit which has been shown.

## REPAIRS AND NEW EQUIPMENT

Nearly twenty-eight hundred dollars has been spent on repairs and new equipment this year.

At the High School a ventilating fan was necessary in the kitchen. The slate roof was badly in need of attention and before the trouble was corrected the bill for materials and labor amounted to one hundred and eighty dollars. The cement steps at either end of the building were rather dangerous passage ways in slippery weather. To correct this condition handrails were installed and an extra flood light was put up on the north end of the building. A new duplicating machine, new typewriters, a file, a desk, and several chairs were bought, either to replace worn out equipment or to supplement that already in use. In addition to those items the usual routine repairs and cleaning were done.

The lunch program necessitated the construction of a kitchenette at the Point School. Besides the usual summer clean-up at this school, work was done on the heating system, and a small amount of grading and painting was done.

The Village School basement was renovated almost entirely. An old storage room in one corner was ripped

out and new cupboards built in the corridors on the first floor. Celotex ceiling was put up, and the material salvaged from the walls of the store room was used to build dining tables for the lunch project. Both ceiling and side walls of the basement were painted. There were considerable repairs made on the heating system. Venetian blinds were put on the windows of one class room. A new tile floor was laid in one lavatory. Walls of the classrooms were painted. Some grading was done. New chairs for the elementary room were purchased, and a new vacuum cleaner was obtained to replace one that was worn out.

At Tarkiln, as at the other elementary schools, a small amount of construction had to be done to provide for handling the hot lunches. A gutter was repaired on these buildings. All of the outside walls and the inner wall of one class room were painted. The well was re-driven, the pump overhauled, and several repairs were made on the plumbing. A few elementary room chairs and a table were purchased.

## OUR WAR EFFORT

Early in the summer the Civilian Defense Committee appointed Miss Margaret W. Elliott chairman of a committee to organize youth defense activities. When school opened in September, Miss Elliott immediately began working on plans for stiffening the morale of the children and acquainting the teachers with the responsibility confronting them in the defense program. The plans had been so well laid that with the opening of hostilities the transition to a "Total War" attitude was immediately accomplished. The teachers realize that now they are not only teachers but protectors of the children. They must continue not only to hammer home the "Three R's", but they must also

guard each youngster against the war hysteria to which he is constantly exposed. They must know how to guide him safely to a refuge in time of danger, and, if he is injured, how to relieve pain and protect him from further danger. The duty of each teacher and pupil in this emergency is to do his or her daily task just a little better than it has ever been done before. Very few of the children in school today will participate actively in this war. Their job will be to try to reestablish peace after the last gun is fired.

### CONCLUSION

We are faced with the fact that almost every purchasable commodity has already risen in price. In operating the schools we cannot escape the effect of these price increases. Our country is involved now in a "Total War" to preserve democracy. While our men fight on distant battlefields, the schools must remain the main line of defense at home. Fuel, supplies, transportation, and wages must be provided for, and if we are to maintain our standards, more money must be available. Our expenditures for the year 1941 were slightly more than \$47,000. To provide for advances already in existence an increase over this sum should be available. I recommend, therefore, that \$51,000 plus the Dog Tax be requested for the operation of our schools during the year 1942.

Respectfully submitted,

GEORGE E. GREEN,

Superintendent.

## Report of the Drawing Supervisor

---

To Mr. George E. Green  
Superintendent of Schools  
Duxbury, Massachusetts

Dear Sir:

My plan of work remains largely the same as in the past four years. I am trying to develop workers, who have a sense of line, color, and form, and who can use this ability to explain and demonstrate adequately whatever needs to be made clear.

When I put on exhibits of drawings in the High School Auditorium annually, showing work from the second to the twelfth grade, it is to display the general results gained of clean-cut work that can later be used for any purpose where drawing is required. Workers will do their own thinking and explaining, if they have the means to do so.

Our draftsmen are enthusiastic young people with whom it is a pleasure to work, and they seem to have a mature ability to concentrate upon the work at hand.

The room teachers are very helpful and kind. We have all the materials to work with that we need.

With sincere thanks to all who have helped me, I am,

Sincerely yours,

SAMUEL WARNER,

Drawing Supervisor.

## Report of the Music Supervisor

1941

---

The program of music carried on throughout the Duxbury Schools this past year has varied little from that of the past two years. The children respond readily and great progress is noted.

Much stress has been put on music appreciation. Regular monthly listening periods are conducted by the music supervisor, with weekly periods conducted by home room teachers. We have been fortunate in acquiring several new records, and the children have learned to recognize many familiar noted works. Children and teachers find this new phase of musical education most enjoyable.

The students of the High School have been doing a great deal with chorus work. A number of chorus pieces have been successfully learned and selections from this group will be offered in June at the graduation exercises.

Much interesting work has been done throughout the schools with very satisfactory results.

Respectfully submitted,

MAY BLAIR McCLOSKEY.

## Report of Supervisor of Physical Education

---

Mr. George E. Green  
Superintendent of Schools  
Duxbury, Mass.

I submit herewith the seventh annual report of the Department of Physical Education.

In September, 1940, Dr. King, Miss Williams, and I conducted the usual physical examinations and physical fitness tests. There were no cases of hernia or heart defect in the entire student body from the fifth to the twelfth grades. The tests taken again in June indicated that there was an average gain of 15% in strength and physical fitness. The examinations given by Dr. King and Miss Carter in September 1941 show only one slight heart murmur and no hernia cases. This is the second year in a row in which no boy or girl has been refused permission to participate in active sports and games because of these common defects.

The primary school program consists of outdoor active games, indoor games, calisthenics, posture tests, marching, stunts, and dancing. The primary teachers and student leaders have been very cooperative in carrying out the program as planned.

The Duxbury basketball teams had a successful season. The girls, coached by Miss Manter, took second place in the South Shore League, missing first by only one point. The boys won the championship. We also played scheduled

and practiced games with several other towns including Thayer Academy, Avon, and Randolph.

The Junior High School girls and boys played several games with nearby towns and won a majority of these games. This year an effort is being made to increase the junior schedule. The girls, coached by Miss Brooks, have won their only game to date. Mr. Bradford, the boys' coach, has guided his team to four wins with but a single loss.

The boys' baseball team finished in third place in the South Shore League.

Mr. Macomber has generously given his time whenever necessary to help the athletic program.

The course in Highway Safety was continued, and twenty-two of the twenty-four members of the class passed the final test issued by the Massachusetts Safety Council. These people are not required to take the oral examination when applying for a driver's license. Orientation, which is a course in vocational guidance and personal adjustment, was also continued. The general outline of Study is Health, Personality, Character Training, and Ambition, and their relationship to success in later life.

There has been for a long time, and more particularly since the present national emergency, a demand for a thorough course in First Aid. This department, aided by Miss Pittman, has taken on the responsibility for training more than forty high school people in this very important work. Those who are unable to attend because of conflicts will receive the more important information in Physical Education classes. Also, we are conducting classes for the teachers of the Duxbury School System.

Miss Pittman and Mr. Butler are assisting with the instruction. The purpose of this emphasis on First Aid is to prepare teachers and pupils to care for injuries which might result from an air raid or which occur at school from time to time.

The biggest problem in our Physical Education Program continues to be that of uniforms, lockers, and showers. The uniform situation was relieved somewhat by the donation of \$40 by the Duxbury Yacht Club. We are apparently unable to have lockers because of lack of space. The next best thing would be for the school to own all of the uniforms and shoes, number them, cleanse them, and keep them under lock and key except when being used. This would prevent loss of private or school property. This equipment would last for several years with proper care, and the upkeep would be small because only damaged or worn out pieces would have to be replaced.

In these days of national emergency no factor is more important than health. Physical fitness is being stressed in the armed services, civilian organizations, schools, and colleges. We at Duxbury are attempting to do our part, and are confident that our boys and girls compare very favorably with those of other towns and cities.

Respectfully submitted,

RALPH N. BLAKEMAN.

## Education Adviser

---

Mr. George E. Green  
Superintendent of Schools  
Duxbury, Mass.  
Dear Sir:

I hereby submit my second report as Educational Adviser to the Duxbury Schools. After completing the school year 1940-1941 on the one-day a week volunteer basis, the school committee appointed me Educational Adviser for the school year 1941-1942 on the paid basis of one-day a week. It was decided that two half days a week would be more efficient. Therefore I am at the High School half a day Thursday and half a day Friday.

My aims as Educational Adviser are as follows:

1. To know each pupil from grades 8-12.
2. To analyze failures.
3. To check courses and aid in their choice.
4. To assist new pupils to adjust themselves and their studies.
5. To cooperate with teachers, parents, and school administration for the benefit of the child.
6. To arouse each child to use the maximum of his ability without stimulating ambition beyond that ability.
7. To assemble reading material on vocations, schools, and colleges.
8. To emphasize the intrinsic service value of all vocations.
9. To administer and interpret special tests, especially aptitude tests to aid in choice of subject or vocation.

During this past year I have recorded 190 individual interviews with pupils. This number includes at least one interview with every child from grades 8 to 12. This does not include at least fifty interviews with parents at school, in their home or in my home, nor the numerous interviews with teachers and Mr. Green. During an interview I try to find out the child's interests, ambitions, personal problems, handicaps, parents' hopes, and the child's general attitude toward his present and future. Combining this information with a previous knowledge of the child's abilities and achievement, I use all my training and experience to help the child make his own decisions.

Last spring a Guidance Committee was formed including Mr. Green, Miss Downey, Mr. MacKenney, Mr. Blake-man and myself as chairman to work together on a needed project. We decided to work on a revision of the announcement to the pupils and parents of the Program of Studies. Many hours were spent on this project, and I recommend a careful reading of that Program of Studies to determine the value of this committee's work.

I wish to repeat that Duxbury High School is classified by the State Department of Education as a Class A high school and is on the accredited list of the New England College Entrance Certificate Board and therefore has the right to certify students for college. The following colleges and schools have one or more of the Class of 1941 as freshmen this year: Bates College, University of Maine, Pembroke College, Chandler Secretarial School, Northeastern University, General Motors Training School, Boston Museum School of Art, and Lawrenceville.

I wish to thank the school administration and teachers for their unfailing cooperation and encouragement and the many parents who have expressed appreciation and helpful suggestions. May I also repeat my statement of

last year? The children of Duxbury are as fine a group of young citizens as any town or city has.

Respectfully submitted,

MARGARET K. ELLIOTT,

Educational Adviser.

## Report of School Nurse

---

Since the opening of school on September 8, the general health of the children has been good. Physical and dental examinations having been done by the school doctor and dentist respectively, parents were notified of any defects found, and home calls were made to those parents wishing advice. Four families were given assistance by the Nurse Association in getting defects corrected.

Routine inspections were made every two weeks and in each case these were made as educational as possible. The children were encouraged to express their own ideas as to why each part of the inspection was done, and further explanation was given as needed. There has been a marked improvement in general cleanliness and some attention to appearance.

In December new portable balance scales were purchased for use in the elementary schools. The machine is taken around to each school every month so that each child can be weighed. This serves as a check-up on his development, and also as an indication of the benefits of the hot lunches which are being served in the schools.

The time spent by the nurse in school work totals 175 hours for this period, an average of 3 hours a day, or slightly more than one-third of the working day. Field visits on behalf of school children total 49 for this period.

A gift from the Duxbury Yacht Club of \$86 was divided between the physical education department and

the nurse. The portion in the hands of the nurse is being used, according to the donor's direction, for clothing for school children, and is very much appreciated.

Respectfully submitted,

SUSAN B. CARTER,

Duxbury School Nurse.

## Report of School Physician

---

Mr. George E. Green  
Superintendent, Duxbury Schools  
Duxbury, Mass.

Dear Sir:

The annual physical examinations were done in September and October. This included a general physical examination by the school physician, a dental examination by the school dentists, and special examinations for vision, hearing, tuberculosis and psychiatric problems. The annual pre-school clinic was conducted in June.

I recommend that the school board purchase equipment for making tests for hearing and vision. At the present time the apparatus for making the test for hearing is borrowed by the school for one day out of the year. Special equipment for accurate tests for visual defects is borrowed. The cost of these two pieces of equipment would be under two hundred dollars and the benefit of having them on hand all the time is self evident.

Respectfully submitted,

DR. CONNIE H. KING.

## Report of Parent-Teacher Association

---

It is our children who have the greatest stake in the present emergency. They stand to lose most or gain most from the outcome of this war. The program of the association this year is planned to emphasize some of the more important factors which have a bearing on the development of children and to emphasize the need for the school, home, and community to work together to reinforce these factors in order that our children may have the best possible equipment with which to meet a critical future.

Good Health and Good Education are essentials of this equipment. So far in our meetings we have stressed the importance of applying our knowledge of the principles of Nutrition, Mental Health, Social Hygiene, and of making the fullest possible use of the means to health in our community. The importance of maintaining high standards of education and encouraging children to make the most of their opportunities for a good education, the value of physical education and wholesome recreation will be subjects of other discussions.

In the spring the School Department started serving hot lunches to the children of the elementary schools. Our association contributed about \$100 toward the equipping of a kitchen for this undertaking. In order that this program might be resumed at the opening of school

in the fall we helped with the serving and washing of dishes for a period of eight weeks until the necessary regular personnel could be secured.

Until the close of the last school year Miss Margaret Elliott continued her work as Educational Adviser to the schools under the sponsorship of our organization. With the beginning of the new school year she became a member of the school staff and her work is now part of the official school program. Miss Elliott continues as a member of our Executive Committee and the association continues its interest in the important work she has undertaken.

The Well-Child Conferences sponsored by the association and arranged by Mrs. Flannery and her committee are continuing under the immediate direction of Dr. King and Miss Carter.

The Social Activities Committee has continued to help the school children in planning their school social activities.

The annual members' supper and reception to teachers were held in October. The organization has at present 107 members. All those interested in the activities of the association are cordially invited to our meetings and urged to become members, if possible.

In December the association arranged for Dr. Helen I. D. McGillicuddy of the Massachusetts Society for Social Hygiene to talk to the high school students.

At Christmas time an entertainment was provided for all the Duxbury school children at the high school.

As a means of raising funds the Ways and Means Committee is planning to present again this year a Minstrel Show under the direction of Mrs. Harriet Phillips Crocker.

The association has gone on record as favoring the adoption by the town of "An Act Relative to the Registration and Operation of Certain Bicycles".

Our national leaders tell us that there are grim days ahead. The outcome is of most importance to our children. We parents and teachers cannot escape the conviction that this is true. We must see that our children enjoy as free and normal a life as possible. At the same time we must not shield them from the facts which will encourage them to vigorous growth into mature preparedness for a society fit to survive this war experience.

Respectfully submitted,

MARGARET H. STEVENS,

President.

## Air Raid Precautions in the Duxbury Schools

---

To the School Committee of Duxbury :

This report is the summary of conclusions arrived at after many hours of discussion and study with many committees and individuals over a period of six months. My name appears at the end of this report simply because I have the time to attend more meetings, keep records of the findings at these meetings, and to arrange and organize all material on the subject of air raid precautions for schools. Naturally after actual warfare began, we increased our efforts to lay the ground work for the best possible safeguard for our children during school hours.

A Defense Committee was organized at school including Mr. Green, Mr. Blakeman, Mr. MacKenney, and myself, as chairman. This group, augmented by George Terravainen, Lawrence Marshall, and Phoebe Shirley from the Student Council, planned and put on a Defense Assembly on December 12, 1941. This assembly stressed the idea that every child could help his country most by taking his school work more seriously, by following all the rules to improve his health, and by cooperating in school projects. At this assembly a First Aid Class for the students of grades 8 to 12 was announced, an organization to sell Defense Stamps was formed, and a Radio Club was started.

The committee without the students met almost daily for the first month of the war to organize the school for

air raid precautions. It was decided that the Lunch Room for the High School, the basement for the Village School, and the class rooms of the Point and Tarkiln Schools, would be the air raid shelters. Drills were planned by which the students in the High School would return to their home-rooms, put on hats and coats, wait until attendance was checked, and then proceed slowly and in silence to their particular places in the Lunch Room.

Mr. Blakeman and Miss Pittman are in charge of a First Aid Station located in a room adjoining the Lunch Room. Approximately ten student helpers have been appointed by Mr. Blakeman to act as stretcher bearers, messengers, etc. The equipment for this room is being assembled and includes blankets, stretchers, bandages, splints, disinfectants, flash lights.

Mr. Butler is to be on duty on the top floor with two to four older boys as helpers for fire watchers and to take care of any incendiary bombs.

Mr. Smith has the responsibility of the general morale during a raid while the pupils are in the Lunch Room. Songs and simple entertainment are thought sufficient to keep their minds occupied. Individual cases of fright and hysteria will be handled by the First Aid group.

The Report Center is to be located in Mr. Green's office, where I shall stay at the telephone to receive and send messages. Miss Hazel Cornish is also stationed here and will take my place when I am not in school or until I arrive at school. As I am at school officially only half a day Thursday and half a day Friday, the whole organization has been planned so that it will function whether I am at school or not.

Mr. Green and Mr. MacKenney will have the supervision of the pupils in the air raid shelter. Miss Hodgdon will have charge of feeding everyone if the raid lasts. Miss Pittman is responsible for any physically handicapped children until they reach their special air raid shelter on the first floor. Each home-room teacher is responsible for his pupils as a whole; individual cases of need should be turned over to the proper people.

The district schools have had drills in which they put on their hats and coats and lie face down in their designated places away from windows and protected by desks or tables. If the raid is not serious they may sit and sing in their places. Each school has two carefully selected neighbors assigned to go to the school and help in any way, especially in calming and entertaining the children. All these teachers and helpers realize that it is of greatest importance that they remain calm and show no signs of fear, since small children are guided by facial expressions in a time of emergency.

A teacher's meeting for all teachers is held at the High School every Monday evening. During the first part of the meeting their responsibilities and duties are explained to them, an opportunity is given them to question or improve any part of the precautions program, and any changes that have arisen since the last Monday meeting are announced. The second part of the meeting is given over to the study of First Aid under Mr. Blakeman, Mr. Butler and Miss Pittman.

A set of as simple rules as possible has been compiled for distribution to all pupils in the Duxbury Schools. These rules give suggestions as to what they should do in an air raid under many different circumstances. We are not assuming the responsibility of the children out-

side of school hours, but feel that it is our duty to spread this information.

this information. These rules as well as the whole organization of air raid precautions have been checked and approved by Mr. Richard Whitney, Chief Air Raid Warden of Duxbury.

Respectfully submitted,

MARGARET K. ELLIOTT,

Special Air Raid Warden  
for the School.

## Graduating Exercises

## SIDNEY C. SOULE

---

Resolution at Town Meeting, 1942

*Addressed by Charles Clark:*

"Be it known that on this seventh day of March in the year one thousand nine hundred and forty-two, 'as the three hundred and fifth Annual Town Meeting came to a close, the assembled citizens of Duxbury appreciatorily arose to 'Mark the perfect man and behold the upright' SIDNEY C. SOULE, for thirty-five years a Selectman, with Honor and Fidelity. That Sidney C. Soule may daily each hour and minute enjoy a memorial of their genuine affection, profound respect and sincere good wishes, a watch and chain of gold suitably inscribed was bestowed upon him."

The gift was from many of his friends, and the inscription on the watch:

Presented to  
SIDNEY C. SOULE

Duxbury, Mass.  
Thirty-five years Selectman  
and ever a friend

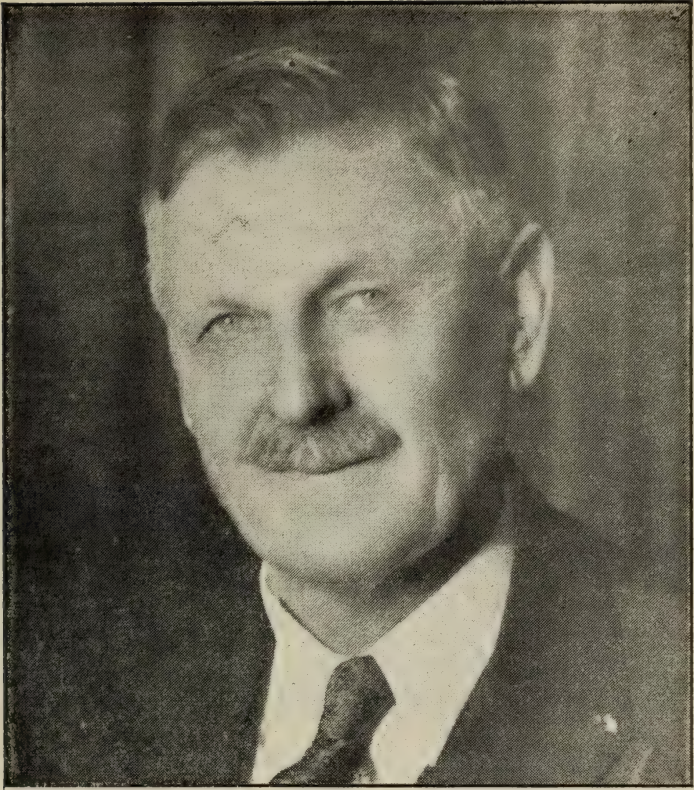

3 - 7 - 42

Mr. Soule was born November 14, 1863, in the same house in which he now lives. He is a descendant of George Soule of the Mayflower.

He married Mercy A. Parker on November 20, 1901, and of their eight children six are now living.

People for miles around enjoy driving to his farm for quality vegetables and berries that he raises and passes out with such cheer and charm. He enjoys a modest real estate business. He is the picture of health. His retirement to such a pleasant life was definitely his own choice.

SIDNEY C. SOULE

## MISS HARRIET J. FORD

---

Died December 5, 1940, in Duxbury. In her will she made the following bequest: "I give the sum of \$25,000.00, the same to be held as a permanent charitable trust fund to be known as the 'Jonathan and Ruth Ford Fund'."

The income from this fund is to be used for the benefit of such resident of the town as may need medical or nursing care of any kind and be unable of their own means to pay for same, or for any other assistance deemed necessary by the town.

The desire of this fund to continue in perpetuity the helpfulness which she, her sister Florence, and her father and mother had manifested to the people of Duxbury during their lives is a reminder to us all of the loyalty and devotion which her family felt to their town and ours.

In making this provision she has given to the town much more than money, and we would record our gratitude for both gifts.

## DR. REUBEN PETERSON

---

Died at his home on Powder Point, November 25, 1942. He was 80 years old. It was as he would have wished. In the house which he had built, on the farm where he had spent so many happy boyhood days, in the town which he loved, and to which he gave generously of his time, his talent and his personality during the days which he called, laughingly, the days of his retirement.

Ann Arbor, Michigan, was the scene of his long and rich professional life. There he was surgeon—teacher—friend, for forty rich and fruitful years.

His unfailing sense of humor, and his understanding heart were the qualities by which his neighbors best remember him and are not the least of his generous gifts to Duxbury.

He was our town Historian and also rendered valuable service on many committees.

Dr. Peterson with his wife celebrated their Golden Wedding in 1940. There are two sons and two daughters.

---

---

## MR. GORDON TWEED

---

Born in Lowell, Massachusetts, in 1873. Bought a home on Washington Street, Duxbury in 1924. He registered as a voter in 1926. Elected a Selectman on March 12, 1927 and again on March 10, 1928, but was not a candidate again.

His terms of office were inspiring to all who knew him. He was kind but great experience had taught him firmness.

Died at his home on February 9, 1942. Survived by wife, son and daughter.

---

## DR. GEORGE MARTYN MAYERS

---

For ten years a member of the School Committee. He moved to Duxbury in 1920 from Auburndale. His dentistry he carried on at his home in Tinkertown.

He was born March 5, 1875 and died July 25, 1942. He is survived by his wife, son and daughter.

His many friends remember his kindly manner and love for the great out-doors.

Walker, Herbert E., 2nd.	Poultryman	Tremont Street
Wirt, Herbert C.	Plumbing Cont'r	Bay Road

## Report of Selectmen

---

To the Citizens of Duxbury:

The Board of Selectmen herewith submit the Annual Report of the various Officers and Department Heads for the year ending December 31, 1942.

The Global War we have been engaged in during the past 13 months has upset the usual routine we have enjoyed in former years.

We have felt the pinch of Rationing. This has been responsible for many changes in our daily lives. Lack of Transportation affects a rural community to a greater degree than areas having public transportation.

Your several Town Officials have had to cope with these problems as well. The labor situation is becoming serious. The heavy oil used in maintaining the surface of our highways can only be obtained in meager amounts. A priority rating is necessary to obtain bridge planking.

The Sea Wall project at Duxbury Beach had to be abandoned because of the oversight of a technical point in the Bill passed by the Legislature in 1941. Also, State Department of Public Works funds including money for this project, had been side tracked by the Governor for the use of the Committee on Public Safety, for Civilian Defense. The Sea Wall will be completed when the War is won.

During the year it has been necessary to organize and maintain several committees to carry out the programs of Public Safety, War Transportation, Rationing, etc. The expense of these organizations has been confined to

equipment and supplies, as all Personnel is on a voluntary basis.

There is one exception to date. The Federal Government provides a clerk for the Rationing Board. Should the Rationing program expand, as now seems likely, extra clerical help will be necessary, and the Town will have to bear the expense.

Another item which will very likely add to the expense of the Soldiers' Relief Department is the aid to the dependents of Soldiers and Sailors in the present war. The law provides that the Federal, State and Local Governments provide for the dependents.

The major change of local interest was made in the Board of Fire Engineers. Chief H. E. Merry asked to be retired on pension, which the Selectmen agreed to do, provided Chief Merry established the fact that he was entitled to a pension under the law, Section 58 of Chapter 32. To date he has not established that fact, and has formally abandoned legal claim thereto. Upon advice of The Town Counsel we have declined to provide a pension.

The Fire Department has functioned well under new leadership.

Several minor suggestions have been adopted by the various Departments, such as Travel on a Mileage basis, listing of all outgoing Toll Calls made on the Town phones, which has effected a reduction in the cost of telephone service.

All the departments have kept well within their budgets, with one exception. The Assessors Department, in changing to the simplified modern system, purchasing a two year supply of forms, etc., have overdrawn their budget to the extent of \$99.85.

And now a final word in our capacity as Finance Committee.

We all realize the cost of living is increasing. Federal and State taxes are bound to rise. The Citizens of Duxbury alone, can determine our local tax rate. If we are to lighten the burden of taxation, we should commit ourselves to get along with the mere necessities. We therefor suggest that the heads of the various departments keep these facts in mind when arranging their budgets.

Respectfully submitted,

PHILIP W. DELANO,

CHARLES R. CROCKER,

WALTER G. PRINCE,

Selectmen of Duxbury.

## Report of Town Accountant

---

Following is a statement of all receipts and expenditures of the Town of Duxbury for the financial year ending December 31, 1942, in accordance with Chapter 41, Section 61, General Laws.

MARY E. GREENE,

Town Accountant.

## Report of State Auditor

---

To the Board of Selectmen

Mr. Sidney C. Soule, Chairman  
Duxbury, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Duxbury for the year ending December 31, 1941, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,

Director of Accounts.

TNW:MMH

---

Mr. Theodore N. Waddell  
Director of Accounts  
Department of Corporations and Taxation  
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Duxbury for the year ending December 31, 1941 and submit the following report thereon:

The financial transactions as recorded on the books of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined and reconciled with the reports and records in the custody of the town accountant.

The town accountant's ledger was analyzed, the receipts being checked with the treasurer's books and the payments being compared with the warrants authorizing them and with the treasurer's records of payments.

The appropriation accounts were checked with the town clerk's records of town meeting proceedings and the recorded transfers from the reserve fund were verified by comparison with the records of the finance committee.

The necessary adjusting entries resulting from the audit were made, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1941. An examination of the appended balance sheet shows the financial condition of the town to be very good.

The books and accounts of the town treasurer were examined and checked in detail. The receipts, as recorded, were analyzed and checked with the records of the several departments collecting money for the town and with other sources from which money was paid into the town treasury. The payments were compared with the selectmen's warrants authorizing the treasurer to disburse town funds.

The cash book additions were verified and the cash balance on February 10, 1942 was proved by actual count of cash in the office and by reconciliation of the bank balances with statements furnished by the banks of deposit.

The payments made for maturing debt and interest were compared with amounts falling due and with the cancelled securities and coupons on file.

The savings bank books and securities representing the investment of the trust funds in the custody of the town treasurer and the Plymouth Five Cents Savings Bank were examined and listed, the income being proved and the transfers to the town being verified.

The records of tax titles held by the town were examined and reconciled with the tax books and the accountant's ledger. The payments to the treasurer were compared with the treasurer's cash book and were further verified by comparison with the records in the Registry of Deeds.

The books and accounts of the tax collector were examined and checked. The taxes outstanding at the time of the previous examination, as well as all subsequent commitments, were audited and compared with the assessors' warrants issued for their collection. The payments to the treasurer were verified, the recorded abatements were checked with the assessors' records, the taxes transferred to the tax title account were proved, and the outstanding accounts were listed.

The records of departmental accounts receivable were examined and checked. The commitments were proved, the payments to the treasurer were verified, the abatements were compared with the records in the departments authorized to grant abatements, and the outstanding accounts were listed.

The outstanding tax and departmental accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the

town, and from the replies received it appears that the accounts, as listed, are correct.

The records of licenses and permits issued by the selectmen, town clerk, and the police and health departments, as well as those of all other departments collecting money or committing bills for collection, were examined and checked, the reported payments to the treasurer being verified.

The surety bonds of the various town officials required to file them were examined and found to be in proper form.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, tax title and departmental accounts, as well as tables showing the condition and transactions of the trust funds.

For the cooperation extended by the various town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.

HBD:MMH

\*Town Historian: voted, with understanding that \$200.00 be used for record of present men in U. S. Service.

Under Article 6, voted, unanimously, to raise and appropriate the sum of \$300.00 to be expended under the direction of Myles Standish Camp, No. 115, S. U. V. C. W., for the observance of Memorial Day.

Under Article 7, voted, unanimously; that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1942, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44, General Laws.

Under Article 8, voted, unanimously, to raise and appropriate the sum of \$100.00 for the use of the Plymouth County Trustees for the County Aid to Agriculture, and chose Ernest W. Chandler, Town Director.

Under Article 9, voted, to apply the dividend from the Plymouth County Dog Fund to the support of Schools.

Under Article 10, voted to raise and appropriate the sum of \$40.00 for the care and decoration of Boomer Square, work to be done under the supervision of the Cemetery Department.

Under Article 11, voted, to appropriate to the Cemetery Department the sum of \$275.00, now in the hands of the Town Treasurer.

Under Article 12, voted, to appropriate \$2,000.00 to the Reserve Fund from the Overlay Reserve Fund.

Under Article 13, voted, to appropriate from the Excess and Deficiency Account a sum not to exceed \$20,000.00 to be used to reduce the tax rate.

Under Article 14, voted, unanimously, that the Town raise and appropriate the sum of \$7,500.00 to be used in connection with the amount of \$15,000.00 appropriated by the State, and \$7,500.00 appropriated by the County, for the construction of a sea wall at Duxbury Beach, extending from the Hummock to a point just northerly of the southerly end of Cut Island, so called.

Under Article 15, voted, the Town assume liability in the manner provided by Section 29, of Chapter 91 of the General Laws for all damages that may be incurred by work to be performed by the Department of Public Works

of Massachusetts for the improvement, development, maintenance and protection of rivers, harbors, tide waters and foreshores, in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth.

Under Article 16, voted, that the Town authorize the Selectmen to sell after first giving notice of the time and place of sale by posting such notice of sale in some convenient and public place in the Town, fourteen days at least, before the sale, property taken by the Town under tax title procedure, provided that the Selectmen or whomsoever they may authorize to hold such public auction, may reject any bid which they deem inadequate, and that lot 44A of Block I of the Assessors' Map be excepted from the above and be sold at private sale to the Commonwealth of Massachusetts through its Department of Public Works for the sum of \$300.70.

Under Article 17, voted unanimously, that the Town accept the gift of \$25,000.00 the same to be held as a permanent Charitable Trust Fund to be known as the Jonathan and Ruth Ford Fund, and agree to all conditions of the bequest which are as follows:

“To the Town of Duxbury, Mass., I give the sum of Twenty-five Thousand Dollars, (\$25,000.00), the same to be held as a permanent charitable trust fund to be known as the “Jonathan Ruth Ford Trust Fund”, and the principal of which is to be invested from time to time only in direct obligations of the United States and/or obligations of Federal agencies guaranteed by the United States as to principal and interest and/or Massachusetts Savings Banks and/or other banks fully protecting such investment by insurance in a U. S. Government agency.

The net income only, of said fund, is to be paid by said Town from time to time each year to or for the benefit of those residents of the said Town who are, in the sole discretion of said Town, financially unable to secure badly needed medical and/or nursing care, supplies, apparatus, hospitalization, operations, X-rays and/or other assistance (including dental work) deemed necessary by said Town in any case.

The control and management of said fund and the disbursement of the income shall be in the hands of such persons as the said Town may elect from time to time, but the business of the said fund shall be transacted through the regular departments of the said Town, viz. the Treasurer, Auditor, etc., and the said Town shall at least once each year render unto its residents a detailed, published statement of the operations of both the Principal and the Income Accounts of said fund for such period.

I direct that said income shall not be anticipated or pledged beyond the amount actually in hand, but it may be accumulated for any purpose within the scope of the gift, and successive accumulations may be applied to the same object. I do also direct that no part of either the income or principal of said fund shall be mingled with other funds or applied to joint undertakings, but that each transaction of this fund shall be separate and distinct and shall always bear suitable identification as belonging to or coming from the "Jonathan and Ruth Ford Fund".

If, for any reason, the principal of said fund shall at any time become impaired the income shall be allowed to accumulate until such impairment shall have been made good."

The following resolutions presented by Rev. Walter R. Hunt were unanimously adopted:

“In accepting this gift, we desire to place on record our deep appreciation of the generosity and loyal devotion for many years, of the donor, Miss Harriet Ford, her sister Frances, and her father and mother from whom she received the spirit which prompted this gift.

“We hope that a committee may be appointed charged with the duty of seeing that this vote of ours take the form of some permanent memorial which shall remind the passer-by of a gracious and beautiful approach to life in the Town of Duxbury.”

Under Article 18, voted that the Town raise and appropriate the sum of \$150.00 for extra Hydrant rental at Duxbury Beach near Pine Point.

Under Article 19, voted, that the Town rescind the vote of 1909 which reads, “To appropriate \$300.00 for services of a Town Physician who shall attend to all medical work for which the town is liable and to whom all medical work under the jurisdiction of the Town Officials shall be assigned.” (Yes 172—No 0).

Under Article 20, the Town voted not to accept Section 11A of Chapter eighty-five (85) of the General Laws. (An act “relative to the registration and operation of certain bicycles”).

Under Article 21, voted (123 Yes—34 No), that the Town raise and appropriate the sum of \$1,100.00 for the purchase and installation of a Siren, to be located on the Town property in the rear of the High School building on Alden street.

Under Article 22, voted, that the Town authorize the Selectmen to control, regulate or prohibit the taking of

eels, and any or all kinds of shellfish and sea worms within the borders of the Town of Duxbury and such other authority as is provided in Section 52 of Chapter 130 of the General Laws, as inserted therein by Chapter 598 of the Acts of 1941.

Under Article 23, voted, that the Town authorize the Selectmen to issue licenses for private shellfish grants in accord with the provisions of Section 57 of Chapter 130 of the General Laws, as inserted therein by Chapter 598 of the Acts of 1941.

Under Article 24, which reads, "Will the Town vote for all labor to receive sixty-two and one-half cents (62½c) per hour and for all trucks to receive one dollar (\$1.00) per hour, on all work for the Town of Duxbury," it was voted that this article be referred to the Selectmen for their disposal as they see fit.

Under Article 25, the following amendment, presented by Donald M. Muirhead, was voted (190 Yes—13 No), to add to this article "not only to provide for this service but to arrange to have people transported two or three times weekly to connecting bus lines."

Motion was then made to reconsider the article, and voted (117 Yes — 13 No) "that the Town enter into an agreement with the Plymouth & Brockton Street Railway Company for daily (except Sundays and holidays) service to and from Kingston railroad station, said service to continue for one year and thereafter from year to year so long as mutually agreeable, said Company to meet one or more trains for Boston in the morning and one or more trains from Boston at night, it being understood that said Company shall receive a minimum of \$900.00 yearly; that it shall collect fares; and that if at the end of each year

the fares collected have not amounted to \$900.00 the Town shall pay said Company the difference between the total of fares and \$900.00; it being understood that the route may include all or parts of Bay Road, Washington, St. George, and Tremont Streets, and from June 15, to September 15 may include Standish Shore and Powder Point, as may be determined by the committee.

It was voted that a committee of five, three of whom should be the Board of Selectmen, be appointed with full powers to act to attend to the details of any agreement with the Plymouth & Brockton Street Railway Company, as stated in Article 25, and that \$200.00 be raised and appropriated for the above purpose.

Under Article 26, voted to raise and appropriate the sum of \$297.05 to pay unpaid bills of 1941.

Under Article 27, voted that the Town raise and appropriate the sum of \$1,000.00 for Civilian Defense purposes.

Under Article 28, voted that the Town raise and appropriate the sum of \$500.00 to be used for W. P. A. Projects.

Under Article 29, voted that the Town raise and appropriate the sum of \$500.00 for payment of expenses incurred in public use of the High School Auditorium.

Under Article 30, voted that the Town accept a portion of Samoset Road from Columbus Avenue to Puritan Road so-called as laid out by the Selectmen, and voted to take \$600.00 from the Highway appropriation for the construction of same.

At the close of the business meeting, Mr. Charles S. Clark arose and addressed the assembly as follows:

“Be it known that on this seventh day of March in the year one thousand nine hundred and forty-two, as the three hundred and fifth Annual Town Meeting came to a close, the assembled citizens of Duxbury appreciatorily arose to ‘Mark the perfect man and behold the upright’ SIDNEY C. SOULE, for more than thirty-six years a Selectman, with Honor and Fidelity. That Sidney C. Soule may daily each hour each minute enjoy a memorial of their genuine affection, profound respect and sincere good wishes, a watch and chain of gold suitably inscribed was bestowed upon him.”

Voted, that the Moderator be extended a vote of thanks for his gracious and courteous conduct of this meeting.

JOSEPH T. C. JONES,

Town Clerk.

At 5:30 P. M. voted to adjourn.

Under Article 25, the following “Bus Committee” was appointed by the Moderator:

PERCY L. WALKER, Chairman  
WILLIAM B. COFFIN  
BOARD OF SELECTMEN.

JOSEPH T. C. JONES,

Town Clerk.

## Election of Officers, March 14, 1942

---

The polls were opened at 7 o'clock, A. M.

The following additional Tellers were appointed by the Selectmen and were sworn by the Moderator: Helen F. Dawes, Richard M. Edgar, Edward P. Hobart, Walter E. S. Frazar, Madeleine H. Baker, Rodney W. Leach and Nahum M. Hodgdon.

At 3 o'clock, P. M., it was voted to keep the polls open until 7:30 P. M. and at 7:30 when the polls were closed, the ballot-box indicated 1023: that number of names were checked on the voting lists and 1023 ballots were taken from the ballot-box.

Following is the result of the balloting for Town Officers:

For Selectman for Three Years:

Philip W. Delano	822 Votes
Blanks	201

And Philip W. Delano was declared elected by the Moderator.

For Selectman for One Year (Unexpired Term):

Ray M. Parks	34 Votes
Walter G. Prince	532 Votes
Harry F. Swift	439 Votes
Blanks	18

And Walter G. Prince was declared elected by the Moderator.

For Assessor for Three Years:

Ray M. Parks	56 Votes
Walter G. Prince	497 Votes
Harry F. Swift	435 Votes
Blanks	35

And Walter G. Prince was declared elected by the Moderator.

For Members of the Board of Public Welfare for One Year:

Gordon L. King	787 Votes
Willard R. Randall	761 Votes
Paul N. Swanson	764 Votes
Charles R. Crocker	1 Vote
Blanks	756

And Gordon L. King, Willard R. Randall and Paul N. Swanson were declared elected by the Moderator.

For Constables for One Year:

Earl W. Chandler	823 Votes
William J. Murphy	863 Votes
James T. O'Neil	859 Votes
Wilbur Randall	1 Vote
Blanks	523

And Earl W. Chandler, William J. Murphy and James T. O'Neil were declared elected by the Moderator.

School Committee for Three Years:

Joseph W. Lund	566 Votes
J. Newton Shirley	664 Votes
Joyce W. Zipf	469 Votes
Blanks	347

And Joseph W. Lund and J. Newton Shirley were declared elected by the Moderator.

Cemetery Trustee for Five Years:

Harry A. Tammett	823 Votes
Blanks	200

And Harry A. Tammett was declared elected by the Moderator.

For Tree Warden for One Year:

John D. Morrison	837 Votes
Blanks	186

And John D. Morrison was declared elected by the Moderator.

Member of Planning Board for Five Years:

Benjamin F. Goodrich	23 Votes
Walter G. Prince	8 Votes
J. Woodward Manning	8 Votes
Percy L. Walker	5 Votes
John W. Laws	6 Votes
Scattering	47 Votes
Blanks	926

And Benjamin F. Goodrich was declared elected by the Moderator.

Voted to adjourn.

JOSEPH T. C. JONES,

Town Clerk.

Duxbury, Massachusetts  
July 10, 1942

Mr. Joseph T. C. Jones  
Town Clerk  
Duxbury, Mass.  
Dear Mr. Jones:

Due to the fact that I have received a commission as Chaplain in the U. S. Army and that these duties will necessitate my absence from Duxbury, I must hereby tender my resignation as a member of the Board of Public Welfare and Old Age Assistance, to take effect immediately.

May I say that I have appreciated the privilege of working on this Board for the past several years and express to its remaining members and agent my most hearty good wishes for all their co-operative efforts for the public good.

Very truly yours,

GORDON L. KING.

Duxbury, Massachusetts  
August 7, 1942

Dr. J. Newton Shirley  
South Duxbury, Massachusetts  
Dear Sir:

At a joint meeting of the Board of Selectmen and the remaining members of the Board of Cemetery Trustees, it was voted to appoint you to fill the vacancy caused by the resignation of Edward S. Soule.

This term will run until the next election of officers.

Very truly yours,

PHILIP W. DELANO,  
CHARLES R. CROCKER,  
WALTER G. PRINCE,  
Selectmen of Duxbury.

Duxbury, Massachusetts  
September 11, 1942

Mr. Philip E. Covell  
Duxbury, Massachusetts  
Dear Sir:

The Board of Selectmen meeting with the remaining members of the Board of Public Welfare, have appointed you to serve on the Board of Public Welfare for the remainder of the term, until the next regular town election.

Very truly yours,

Board of Selectmen of Duxbury,

By PHILIP W. DELANO,

Chairman.

---

The following Town Officers took the Oath of Office in 1942, being sworn by the Town Clerk:

Walter G. Prince, Selectman for 1 year; Assessor for 3 years.

Philip W. Delano, Selectman for 3 years.

H. E. Merry, Forest Warden for 1 year.

Gordon L. King, Board of Public Welfare for 1 year.

Willard R. Randall, Board of Public Welfare for 1 year.

Paul N. Swanson, Board of Public Welfare for 1 year.

J. Newton Shirley, Member of School Board for 3 years.

George W. Davis, Harbor Master for 1 year.

Earl W. Chandler, Constable and Police Officer for 1 year.

James T. O'Neil, Chief of Police and Constable for 1 year.

Lawrence C .Doyle, Police Officer and Constable for 1 year.

Frank E. Phillips, Police Officer for 1 year.

George F. White, Special Officer for 1 year.

Arthur E. Johnson, Surveyor of Wood and Lumber for 1 year.

A. Elliot Holmes, Shellfish Constable for 1 year.

Ernest W. Chandler, Inspector of Animals and Inspector of Slaughtered Animals for 1 year.

Eben N. Briggs, Fence Viewer for 1 year.

Edward S. Soule, Burial Agent for 1 year.

Edwin S. Hill, Field Driver for 1 year.

Edward S. O'Neil, Supt. of Streets, Field Driver and Fence Viewer for 1 year.

Eben N. Briggs, Kenneth O. Macomber, Arthur W. Bennett, Lawrence W. Glass, Edward S. Soule, Henry M. Griswold and Leroy N. Peterson, Fire Engineers for 1 year.

J. Newton Shirley, Cemetery Trustee for unexpired term.

Philip E. Covell, Member of Board of Public Welfare for unexpired term.

Assessors.

## Report of the Board of Public Welfare

---

To the Citizens of Duxbury:

Another year has past for the Board of Public Welfare and Bureau of Old Age Assistance promulgating several changes in the policies of the Department and changes in the Board members.

Perhaps the most important change became effective April 1, 1942 when the recipients of relief were allowed the physician of choice.

Since the last election in March 1942, two members of the Board of Public Welfare and Bureau of Old Age Assistance have entered the Armed Service. Rev. Gordon L. King entered the Service in July 1942 as a Chaplain and has already seen active service in convoy duty. Paul N. Swanson, elected for the first time in March 1942, was inducted into the U. S. Army in November 1942.

Philip E. Covell was appointed to fill the vacancy existing on the Board after July 1942. Herbert E. Walker, 2nd., was appointed, January 12, 1943, to fill the second vacancy.

The case load under General Relief has apparently reached the minimum. Only eight relief cases remain active, all of whom are totally incapacitated and have no other means of support.

## OLD AGE ASSISTANCE

Due to the change made in the Old Age Assistance law, effective May 1, 1942, requiring children to contribute to the support of parents, many changes were made in the amount of assistance granted. At the beginning of 1942, there were 89 active cases. During the year, there were 12 applications received, and at the end of the year only 80 active cases remained. 9 cases were closed by death; 1 case received insurance money and reimbursed the Town for all aid rendered; 2 cases moved to other Towns; 6 cases closed as relatives were able to support; 1 case received inheritance and has not reimbursed the Town for the assistance granted; 1 case proved ineligible due to misrepresentation at time of application; 1 case held pending proof of eligibility.

Many recipients of Old Age Assistance are now seeking light work in Defense Plants in order to show their patriotic desires to aid in the War Effort. Old Age Assistance is discontinued after receipt of the first pay, and a former relief recipient may re-apply for the assistance as soon as their earnings cease. It is surprising to see how happy these older persons are when they can see that their services, no matter how small, are required to aid our Country.

## AID TO DEPENDENT CHILDREN

There were no changes made in the law regarding Aid to Dependent Children this year, and the Department was able to keep within the appropriation allowed.

Employment among recipients of this relief is difficult to check, but 2 cases were suspended for a while due to employment. Some recipients feel that the Town should

support their children and they should be allowed to spend all earnings for their own benefit. Earnings of the parent or the children must be taken into consideration if the proper amount of assistance is to be granted to a recipient of this type of relief.

Another difficult problem is to get the mothers to continue to have necessary medical check-ups so they may keep or improve their health for the benefit of their children. The Board of Public Welfare would appreciate the cooperation of the recipients of this category of relief so that it will not be necessary to close any case for the lack of cooperation thus causing perhaps a little inconvenience on the part of the recipient.

At present there are 6 active cases, representing 22 persons, receiving public assistance under Aid to Dependent Children.

Reimbursement from the Federal Government to the Towns is based on the number of children under the age of 16 and between 16 and 18 regularly attending school. This reimbursement is comparatively small for the total expenditures under Aid to Dependent Children.

#### W. P. A.

The only W. P. A. project in operation is the School Lunch Project. Due to the lack of available funds from the Federal Government for this work, it is quite possible that this work will be discontinued.

#### CIVILIAN WAR ASSISTANCE

Civilian War Assistance can be considered an additional category reserved for use in meeting emergencies resulting from enemy action.

It is hoped that it will not be necessary to call upon this type of assistance, but we are prepared, if called upon.

The Welfare Agent for the Town of Duxbury has been appointed by the the Commissioner of Public Welfare to act as Authorizing Agent in case of an emergency arising within the Town.

Respectfully submitted,

WILLARD R. RANDALL, Chairman

PHILIP E. COVELL

HERBERT E. WALKER, 2nd

Board of Public Welfare.

## Report of Chief of Police

---

To the Honorable Board of Selectmen:

Gentlemen:

Following is the report of the Police Department for the year ending December 31, 1942.

### LIST OF OFFENCES

Disturbing the peace	3

Drowning accidents	1
Other deaths investigated	1
Committed as insane	1
Telephone calls answered for Report Center	1,779
Beach stickers issued	1,500
Amount of Fines imposed	\$215.00

Respectfully submitted,

JAMES T. O'NEIL,

Chief of Police.

Date: January 23, 1943.

## Report of Fire Chief

---

January 15, 1943

Honorable Board of Selectmen  
Duxbury, Massachusetts  
Gentlemen:

The following is a report of fires in the Department during my term of office:

Four chimney fires, two emergency calls and one for out of town coverage.

Respectfully yours,

H. E. MERRY.

---

## Report of Fire Department

January 23, 1943

To the Honorable Board of Selectmen  
Duxbury, Mass.  
Gentlemen:

The Board of Fire Engineers submit the following report of department activities from May 1 to December 31, 1942. The total number of calls were twenty-nine.

- 10 Buildings
- 4 Chimneys
- 3 Oil Burners
- 2 Boats
- 3 Automobiles
- 7 Emergencies

## BUDGET

We, as a new board, feel we have done very well in staying within the limit of the Fire Department appropriation which was \$6,500.00 for the year of 1942. At our meeting of May 11, 1942, when we organized we had a working balance of \$4,469.06 to continue our fire work for the remainder of the year. Not having many serious fires we were able to finish the year with a balance of \$199.62.

## BUILDINGS

All buildings are in fairly good repair. The North Duxbury Engine House was painted this year and we feel that the other two engine houses should be painted this coming year. A few changes have been made at the Central Fire Station. A hose rack which enables us to store three thousand feet of hose has been built. We feel that this is going to be a big saving to the town because, due to the lack of rubber, hose is practically unobtainable and therefore we must protect every foot of hose we already have.

## EQUIPMENT

We feel we are fairly well equipped, except for a few minor things which we must purchase during the coming year. All three fire trucks have been gone over thoroughly and at the present are in good condition and should give no serious trouble during the coming year. We have also purchased two Clifford grappling irons, which were very much needed by the department in rescue work.

We, like all other departments, have contributed in man-power to the war effort. The following is a list of firemen in the armed services:

*Company No. 1*

Carl Bitters	Army
Thomas Parker	Army
Clyde Chetwynde	Coast Guard
William Swift	Navy
Victor Nickerson	Army
Richard Prince	Navy
Frederick W. Lyons	Navy
Earl F. Cushing	Army Transport
Edward Soule	Army Aviation
Clifford Wyman	Navy

Civil Service

Guild Rosengren	Costa Rica
-----------------	------------

*Company No. 2*

C. Freemont Shirley	Army
---------------------	------

Civil Service

Lawrence B. Whitney	Pearl Harbor
---------------------	--------------

Although these members are very much missed by the department we hope they are all in good health and will soon be able to join us again. We feel very fortunate to have filled these vacancies with men who seem to have the right spirit to make good firemen.

As Chief of the Department I want to take this opportunity to thank the citizens, telephone operators, and firemen for their splendid co-operation in all work pertaining to the Fire Department. In visiting the surrounding towns I have been assured the full co-operation of their departments at any time they are needed.

I would like very much to have the citizens of the Town of Duxbury know that this department stands ready to serve them in any emergency that might arise. When calling the Fire Department, please call the Central Fire Station, telephone Duxbury 333; so that every possible moment can be saved in responding to the call.

Respectfully submitted,

EBEN N. BRIGGS, Chief  
LAWRENCE W. GLASS  
ARTHUR W. BENNETT  
LeROY M. PETERSON  
HENRY M. GRISWOLD  
EDWARD S. SOULE  
KENNETH O. MACOMBER

Board of Fire Engineers.

## Report of Forest Warden

---

January 15, 1943

Honorable Board of Selectmen  
Duxbury, Massachusetts  
Gentlemen:

The following is a report of fires during my term of office:

Twenty-two grass and forest fires to May second. All but one of which were small. The "so called" dump fire was unnecessary and caused the calling of out of town help, the first time in over twenty years.

Respectfully yours,

H. E. MERRY.

---

January 23, 1943

To the Honorable Board of Selectmen  
Duxbury, Massachusetts  
Gentlemen:

I herewith submit my report as Forest Warden from May 15 to December 31, 1942.

In taking office I found a balance of \$1,696.95 of the original appropriation which I have tried to use wisely and to the best of my ability.

The following is a list of fires which, I am very thankful to say, were small with very little loss of property.

- 4 Forest
- 12 Brush
- 2 Grass
- 4 Town Dump
- 2 Out of Town

In checking over the equipment I felt it was necessary to have all repairs and mechanical work done this year if possible, as it is so hard to get parts for trucks of their age.

The added Chevrolet unit, purchased last year, with a three hundred gallon water tank and portable pumping unit was stationed in West Duxbury through the forest fire season and proved very satisfactory.

I wanted very much to buy a good second-hand truck to build up another unit which I feel will be soon needed as we have three trucks very nearly obsolete. These are the Pierce Arrow which is a 1914; the Brockway, a 1922; and the Dodge, a 1927. I feel that when these trucks come to needing extensive repairs they should be discarded and replaced later.

I feel one of our biggest problems the coming year is going to be in manpower due to so many men working on defense out of town who have been such willing forest firemen in the past, and the younger boys who have joined the service of our country. Of our Junior Firemen we have at present six members in the service. These are:

E. Kendall Blanchard	Navy
Lloyd Chandler	Navy
Richard Ford	Coast Guard
F. Melville Sinnott, Jr.	War Product'n Training
Milton Ellis, Jr.	Coast Guard
Irving Whitney	Civil Service—Pearl Harbor

In talking with Captain Robert Peterson of the Junior Firemen, he has assured me that these vacancies will be filled to capacity for the forest fire season. This, I feel, will be a great help this year when we are going to be so short handed.

I want to thank the men of the fire department and the citizens of the town for their whole-hearted co-operation this past year.

I wish to call to the citizens' attention a change made by the Legislature in Chapter 581, General Laws, whereby no fire permits shall be granted from April 1 to May 31 inclusive, except on rainy days.

Please in case of all fires call Duxbury Fire Department, telephone 333, which is the headquarters of the Forest Fire Department.

Respectfully submitted,

EBEN N. BRIGGS,

Forest Warden.

## Report of Moth Department

---

To the Honorable Board of Selectmen:

Since last report work has been carried on about the same as last year. Stripping was not as bad along the roadsides during the summer season of 1942. Some very bad stripping was located on Park Street, Bay Road, Oak, Church and East Streets. This was mostly on private property.

At the present time we are treating egg clusters along the roadside. Conditions where we have been look a lot better than last year.

Another good sprayer would help a lot.

JOHN D. MORRISON,  
Local Moth Supt.

---

## Report of Tree Warden

---

To the Citizens of Duxbury:

Work was started early in the Spring on our Elm trees for the Elm Beetle. In some parts of the town the Elm trees were sprayed twice with very good results.

Some very heavy trimming was done on Soule Avenue, Toby Garden Road and Upland Road. We had very few Web worms this year.

So preserve our trees and forests by watching over them.

JOHN D. MORRISON,  
Tree Warden.

## Report of Street Department

---

To the Honorable Board of Selectmen and Citizens of  
Duxbury:

The widening and building of Crescent Street was begun early in the year, unfortunately when the time came to put on asphalt, all road materials were frozen by the War Production Board and only one application could be applied, also the same on Soule Avenue and Elm Street from Route 3A to Tobey Garden Street.

None of the asphalt roads were resurfaced for the same reason only repaired by patching with tar, which we had on hand and a priority order was procured. We have on hand about 1,500 gallons.

Some repair work was done on Gurnet Bridge with plank we had left in 1941. Every effort was made by the Selectmen to get more this year but was unable to. White lines were painted on all the roads in the dim-out area, as it was unsafe for traffic without them.

I would suggest an amount be appropriated for resurfacing, if it is possible to get the material, as many of the roads will need an application to make them last.

In the outlying districts the roads were scraped and the brush mowed as usual.

Respectfully submitted,

EDWARD S. O'NEIL,

Superintendent of Streets.

## Report of Board of Health

---

Board of Health, Duxbury, Mass.

Gentlemen :

I have the honor to submit my annual report as agent for the Board of Health.

Contagious diseases reported :

Mumps	87
Whooping Cough	14
Measles	16
Chicken Pox	3
Tuberculosis	1
Syphilis	3

Quarantine and treatment was carried out where indicated.

Licenses were issued for milk dealers, the sale of oleo-margarine, the sale of methyl alcohol, the collection of garbage—to operate over night camps and cabins.

Various follow up examinations were made for the State Department of Health.

The Board received various complaints against overflowing cesspools, dead fish on beach, improper garbage disposal and other nuisances to the health of the town. These were all investigated and satisfactorily corrected.

Twenty-seven dog bites were reported.

Respectfully submitted,

C. H. KING, M. D.,

Agent.

## Report of Public Health Nurse

---

To the Honorable Board of Selectmen:

With the funds appropriated at the last Town Meeting, in conjunction with funds from the Duxbury School Committee, and the Duxbury Nurse Association, Inc., the services of a trained Public Health Nurse are available. The town appropriation makes possible visits to Welfare and Old Age Assistance cases, as well as visits to cases of acute communicable disease when instruction is needed, follow-up visits to handicapped children and to tuberculosis cases and their contacts. There were 95 visits made in 1942 to Welfare and Old Age Assistance cases, and 17 visits of an instructive or follow-up nature as mentioned above.

Respectfully submitted,

SUSAN E. CARTER, R. N.,

Public Health Nurse.

## Report of Memorial Day Committee

---

To the Honorable Board of Selectmen and Citizens of  
Duxbury:

Greetings:

The time for another year's report from the Memorial Day Committee has arrived and as chairman, I will endeavor to give an account of our stewardship.

This year we were forced by a course of events to do that which we have been very much opposed to doing as long as we could possibly avoid it, the carrying out of that line of march established by our fathers the Grand Army of the Republic.

The band we have had for several years had disbanded. We tried others from Cape Cod to Boston with always the same answer, engaged, some of them having standing engagements. A line of march without a band was to the committee more deplorable than no march.

Then came other things, gas and tire shortages, so we decided to try a bus, instead of six or seven private cars for detail work. Then decorate all cemeteries, including services at Blue Fish River Bridge, except Mayflower, by detail and starting said detail from the Unitarian Church which is where the services end, instead of from our headquarters at G. A. R. Hall as in previous years.

What plans can be made for 1943 is your guess as well as ours, but I feel sure some how, some way, the services

will be held, for the passing of this, one of the most beautiful services performed by the Grand Army of the Republic and entrusted to us to carry on, will not be allowed, if any way can possibly be found.

Yours for the preservation of the principles and objects of our fathers,

By the Committee,

EDEN S. GLOVER, P. C., Chairman  
PARKER B. CHANDLER, P. C., Clerk  
GEORGE B. CUSHING, P. C.  
OSCAR B. RYDER, P. C.  
GEORGE F. WHITE  
WARREN WASHBURN

## Report of Librarian Duxbury Free Library, Inc.

---

January 1943

1942 saw many restrictions indirectly imposed on library service; gas rationing, dim-out and black-out regulations, prohibition against pleasure driving, decreased fuel supply. From the library angle the last was the most serious, the supply being finally cut 55%, or to the point where so high-studded a building could not be heated to a habitable degree. Before this report appears in print, however, some arrangement may be made for keeping the building open a portion of each week.

During the year there was a noticeable increase in the use of technical books and books dealing with national and international affairs. Also in the use of general reference opportunities. 1942 was probably the busiest year the library has ever seen, due mainly to the Victory Book Drive. Over three thousand (3,000) books—not including many purchases—were received, and those suitable for the armed services were properly classified and forwarded. A large number, of purely feminine appeal, were sent to various women's institutions. The remainder were cataloged for home use. And now another national Book Drive has been started.

1942 saw the completion of the gallery in the west wing, and the subsequent rearrangement of the shelving system, involving the reshelving of all the thousands of books

on the main floor. The same process is now under way in the basement.

To print a list of our recent generous donors of books would be to give too much space to this reprot. The Directors herewith wish to thank them one and all, and publicly to express their sorrow at the loss of their distinguished fellow Board member, Dr. Reuben Peterson, who died on November 25th, after a short illness.

Respectfully submitted,

FISHER AMES,

Librarian.

## Report of the Treasurer of the Duxbury Free Library, Inc.

---

During the year 1942 the Duxbury Free Library  
received from the Town of Duxbury a grant  
of \$1,500.00

The income from the investments of the vari-  
ous funds, as follows:

Wright Fund	\$2,936.82
Winsor Fund	181.75
Harding Fund	25.15
Hathaway Fund	60.50
Duxbury Hall Fund	178.00
	<hr/>
Total	\$3,382.22
On hand January 1, 1942	2,710.21
	<hr/>
Total for the year	\$7,592.43

The expenses of the Library, as follows:

### Wages Paid:

Mr. Ames	\$1,950.00
Mrs. Bencordo	780.00
Mr. Needham	390.00

## Report of Shellfish Constable

---

To the Honorable Board of Selectmen:

I hereby submit my annual report as Shellfish Constable for the year 1942.

Although there was bad weather and considerable ice during the first two months of the new year there was an average of ten commercial diggers on the shores, and seven during the following three months with fair digging. An average of ten commercial men dug shellfish for the remainder of the year with three digging sea worms part of the time.

On the first of January, 1942, the state passed a bill that all inhabitants of the Commonwealth digging clams for home use should be required to have a permit. The article was voted upon and accepted at the Town Meeting in March. These permits were to be free of charge and were obtainable at the office of the Selectmen. There were 495 of these permits issued, of which 357 were for non-residents and 138 for the residents of Duxbury. About 3,500 buckets of clams were dug throughout the year, and if continued will be quite a help in the food problem facing us today.

After inspecting all clam areas throughout the year the prospects of digging next year look good as there are a lot of small clams all over the shores and on some flats. There are also new sets of quahaugs and clams.

On two different days in November I was called by the Department of Interior and Wild Life to go over the shores

and flats of Plymouth, Kingston, and Duxbury to look over the mussel beds for the purpose of cultivation for food. Mussels are used extensively for food in England and

the United States Government is planning to cultivate them in this country as a source of food also.

The following amount of shellfish has been taken from the flats by the commercial diggers:—

Razor fish 594 bushels @ \$1.50 per bushel	\$891.00
Clams 5,831 bushels @ \$2.00 per bushel	11,662.00
Quahaugs 221 bushels @ \$1.50 per bushel	331.50
Sea worms 5,500 @ \$.04 each	220.00
	<hr/>
	\$13,104.50

23 permits were issued.

Out of the total of clams dug, 3,967 gallons of shucked clams were sold at \$3.00 per gallon.

Respectfully submitted,

A. ELLIOT HOLMES,

Shellfish Constable.

## Report of the Superintendent of Cemeteries

---

To the Cemetery Trustees:

I submit my report for the year of 1942. At Mayflower Cemetery the general work was done. The leaves were raked and the avenues edged and cleaned. The Department extended a section in the new part of the Cemetery.

The egg clusters were creosoted and the trees sprayed by the Moth Department.

In Ashdod Cemetery the general work was done. The avenues and walks were edged and cleaned. The fence was painted. At Dingley Cemetery the general work was done. At Standish Cemetery the grass was cut. The Cemetery was raked and cleaned and the fence painted.

All Perpetual and Annual care lots were cared for. Ten new lots were built and several old lots rebuilt. Twenty-two Foundations were built. There were fifty-seven interments this year. Twenty-one Perpetual Care Funds were added this year.

The Ladies Union Fair Association did some more work in the Historical part of Mayflower Cemetery.

Respectfully submitted,

LAUREL B. FREEMAN,

Supt. of Cemeteries.

## Report of Cemetery Trustees

---

To the Honorable Board of Selectmen and Citizens of  
Duxbury.

We would submit the following as our report for the  
year of 1942.

As the report of Superintendent of Cemeteries covering the work of caring for same has been received and approved by the Trustees and will be printed in the Town report for 1942 we would refer to said report for information.

The sum of \$7,500.00 was appropriated the Cemetery Department for 1942 and the sum of \$2,698.18 (the amount received for interments, annual care of lots, etc.) has been returned to the Town Treasury, leaving \$4,801.18 as the net indebtedness of the Department to the Town.

Believing that the upkeep of the Cemeteries has met with the approval of the tax payers of Duxbury, we would respectfully request that sum \$7,500.00 be again appropriated to the Department for the year 1943 that we may be able to carry on with the work as in the recent past.

To those who by their payments for annual care of lots, rebuilding of lots, etc., while they are getting full value for their dollars paid, it also allows the Department to make that much more improvements to the Cemetery as a whole. We thank you.

In closing the Trustees feel that a word of appreciation to the Superintendent and the men in his employ is

due them for their part in keeping the Cemeteries up to their present condition.

HARRY A. TAMMETT, Chairman

THEODORE W. GLOVER, Sec'y

ERNEST H. BAILEY

WILLIAM O. DYER

J. NEWTON SHIRLEY

Trustees.

---

## Care of Playgrounds

---

January 25, 1943

### TRAIN FIELD PLAYGROUNDS

To the Honorable Board of Selectmen,  
Duxbury, Massachusetts

Gentlemen:

This year has been very exceptional due to war conditions. As there was no annual Fourth of July celebration, the only activities were the High School's use of the field. My only expense was the general work on the field and buildings which accounts for the balance left from the appropriation.

Respectfully submitted,

EBEN N. BRIGGS.

## Report of the War Price and Rationing Board

---

To the Citizens of Duxbury:

All of you by this time must be somewhat familiar with the activities of your Local Rationing Board.

We have endeavored to perform our duties with the least possible inconvenience to those of you who have had business with us, and still follow the regulations.

We have kept our expenses at the minimum, and still been able to meet the demands made upon us to get things done. With the expansion of the Rationing program it may be necessary to obtain additional clerical help. The expense of which would have to be met by the community.

As you perhaps know, the Federal Government provides one full time clerk.

If we seem to have been "hard boiled" at times, do not forget that the rules we follow are not of our making, but are designed to protect the available supply of all Rationed Commodities, so that we all may share and share alike.

Respectfully submitted,

PHILIP W. DELANO  
GEORGE L. DAMON  
JOHN E. LUCEY

## Plymouth County Extension Service

---

During 1942 the Extension Service program has been greatly changed as a result of war-time conditions. At the beginning of this war, food production was immediately recognized as one of the great essentials in combat. Our slogan "Food Will Win the War and Write the Peace" is being brought to a more definite realization as our allied forces assume greater offensives. On the home front, the production of food is becoming a critical item. Therefore, Extension Service programs have been geared to do their important part in the organization and education of the production and preservation of food.

Because of the nature of Extension Service work, as it is conducted for many projects on a county-wide basis, it is difficult to outline specifically all of the benefits that a particular town has derived. More than ever, in 1942 the Extension Service has been called upon to execute a large share of the assignments found necessary to promote the war effort. Through the Plymouth County U. S. D. A. War Board, of which the Extension Service is a principal factor, leaders have been chosen to act in the interest of fellow farmers and for rural people. While many of the committees such as Farm Machinery Rationing, Farm Transportation, and Rural Policy Committees, have not functioned on a town basis, they have indirectly and directly contributed to the welfare of the townspeople. Town War Action Committees were set up early in 1942 in practically every town in Plymouth County to assume responsibility and to organize and promote the assignments felt necessary within the town. In the year to come these committees will assume a greater role in furthering the Food Production Program.

Commodity project work for dairy, poultry, fruits, vegetables, forestry, and cranberries are conducted largely on a county-wide or regional basis. The Extension agents plan to distribute these meetings in as many towns as possible so that the work may be brought to the attention of as many people as possible on a practical basis. Farm and home visits are made only to fulfill requests, or where visits promote project work. Travel limitations greatly reduced the number of farm visits, but greater demands were made by telephone and through individual letters. Rural families having use for information released by the Plymouth County Extension Service and the Massachusetts State College Extension Service will find this available upon request to the county office. Three departments in Agriculture, Homemaking, and 4-H Club Work, are represented by two agents for each department. Joint responsibility is often shared for certain projects.

The County Home Demonstration Agents conducted meetings on clothing instruction, food buying, Christmas Greens, Garden Planning, Food Preservation, and Food Storage during the past year. However, the majority of the work was placed on the essential item—food production, preservation, and storage.

Four-H Club projects were carried on in every town offering the possibilities of organized clubs for poultry, dairy, garden, and handicraft for boys. Girls' 4-H club work was available in clothing, food, home furnishing, and food preservation. Outstanding work has been accomplished by these departments on a town basis. Much credit is due local leadership in the success of these projects.

The Extension Service work is of such wide scope that the efforts of Extension agents can not be confined to

strictly Extension Service activities. Close cooperation is given any worth-while organization which contributes to better family living.

In 1943, the Food Production Program must of necessity require the major part of the Extension Service work. Food is considered a most critical item in the war strategy. Extension agents and leaders will devote long and arduous hours in making sure that this item does not fall short of the essential demands. Each town which contributes to the support of this organization is doing its part to make sure that Democracy shall live and that this educational process of proven value shall endure.

ERNEST W. CHANDLER,

Town Director.

## Report of the Committee on Transportation to Kingston R. R. Station

---

February 10, 1943

Last March the town voted to arrange for transportation to and from Kingston Railroad Station. This daily service was begun by the Plymouth & Brockton Street Railway Co., on March 23, 1942, meeting one train (7:39 A. M.) at Kingston and meeting one train (6:29 P. M.) at Kingston. On June 15, 1942 the service was increased to meet both morning and both night trains at Kingston and to include Powder Point and Standish Shore.

On September 23, 1942 the service was curtailed somewhat but two trains were met each morning and night and the bus continued service around Powder Point to one train only.

On November 30, 1942 the bus to the second morning train was discontinued and all trips to Powder Point were also discontinued, but both night trains were met.

Beginning January 4, 1943 the bus met one morning train (7:11) and one night train (6:26, except Saturday when the 2:25 is met) and so continues at this writing.

It will not be necessary for the town to make any payment to the Plymouth & Brockton Street Railway Co. for this service as the fares have exceeded the nine hundred dollars which the town guaranteed. Mr. L. W. Thurber of the Plymouth & Brockton Street Railway Co. says

he hopes to be able to give as much service during the coming year and to improve upon any operational difficulties. Much depends upon Federal regulations.

The Committee asks the town to make an appropriation as last year of \$200. to take care of any possible deficit.

The agreement with the Company continues from year to year so long as mutually agreeable.

CHARLES R. CROCKER

PHILIP W. DELANO

WALTER G. PRINCE

WILLIAM B. COFFIN

PERCY L. WALKER

Committee.

## Report of Committee on Public Safety

---

To the Citizens of Duxbury:

I herewith submit a report of the activities and functions of this Committee which was instituted in 1941.

The Staff Committee, composed of H. L. Tinker, Dr. W. O. Dyer, Richard P. Whitney, Benj. O. Dawes, Eben Briggs, James T. O'Neil, Dr. C. H. King, Henry S. Craig, William B. Coffin, Walter G. Prince and Miss Constance Young have held meetings on the 2nd and 4th Thursday evenings each month at the Report Center at which time all letters and recommendations from the State Committee have been discussed, action determined and decisions carried out.

### PROTECTION DIVISION

Mr. Richard P. Whitney, Chairman.

The members of the several divisions under the Protection Division have participated in one State wide black-out and several Regional and Local Air Raid Drills and Black-outs and have done an excellent job.

The Warden's division had a membership of 182 during the summer months but since then many have gone back to their winter homes or have gone into the armed service so that now we have a total of 92 Wardens. More Wardens are needed in all 22 districts and I want the

people of Duxbury to know that we need many more Wardens and wish that both men and women that are taking no active part in Civilian Defense work would contact the Chief Warden and offer their services.

I feel that the Wardens and Auxiliary Police have done an excellent job since the dim-out went into effect.

The First Aid Parties have performed many public services under careful guidance of the several doctors and the Chairman of that division, Mrs. Earl Grenquist.

The Women's Division under Miss Luttrupp have been very co-operative and have covered many of the districts that were undermanned during our Air Raid Drills.

Our Report Center is well equipped and is classified as a Class 2 Report Center by the State Committee.

Signed, R. P. W.

#### BLACK-OUT DIVISION:

Mr. Benjamin O. Dawes, Chairman.

Immediately upon the issuance of the Executive Order covering Black-out regulations by the Governor of the Commonwealth, steps were taken to comply with it. All Post and Air Raid Wardens were fully informed and instructed as to their duties under the regulations, and through them, the public was likewise informed and instructed in what would be required.

The Town has had one local practice Black-out and has participated in Regional and State Black-outs, all with excellent results.

The Coastal Dim-out, ordered by General Sherman Miles, Commander of the First Corps Area, was fully complied with the first night after receipt of the order. Duxbury was the first Town to fully comply and one of the first on the entire New England Coast.

Periodical inspection of dim-out are made by Inspecting Officers of the First Corps Area and thus far, five minor infractions have been reported in Duxbury over a period of nine months.

The following quotation from Dim-out Report No. 32 of December 16, 1942 is evidence of the results we have maintained. This report covers the Coast Line from Nantucket to Boston—"General conditions unsatisfactory except in the Town of Duxbury . . . Where the best results are found as in the Town of Duxbury they are bearing down on a few simple rules for homes and for stores. Here everyone seems to understand just what is required."

Signed,

Edward J. Butler, Captain Infantry Adjutant.

These results have been obtained and maintained through the local efforts of our Post and Air Raid Wardens aided by the fine co-operation of the Duxbury Police Department. These men have given of their time and put aside personal conveniences to carry on nightly patrols and inspections over a period of months.

Every citizen and resident of Duxbury can evidence their full appreciation of the work that has been done by co-operating in a strict observance of these vitally important Seacoast Dim-out Regulations.

Signed, B. O. D.

## POLICE DIVISION:

James T. O'Neil, Chairman

This report covers the organization, training and activities of the Duxbury Auxiliary Police in conjunction with the local Civilian Defense Committee.

The first meeting was held at Legion Hall on May 7, 1942 with twenty-two members present at which time the Organization was formed, the reasons outlined, and a prospective course of study, instruction and work laid out. A regular meeting night was set, and in subsequent meetings, a course in Red Cross, one in Police Procedure, Drill and practical application was thoroughly gone through. The men were sworn in by the Selectmen and had regular police duties assigned them which they handled in the proper manner.

During Air Raid and Black-out Drills the force all have regular given posts to cover and they assisted the Regular Police both on the Fourth of July as well as Halloween. The men were uniformed and equipped which greatly assisted them in the performance of their duties.

At each regular meeting new State, Federal or Army Regulations were discussed and the proper interpretation passed along to them.

Signed, J. T. O'N.

## FIRE DIVISION:

Eben N. Briggs, Chairman.

The members of my Department have responded to all Air Raid Drills in the past year and I believe we are well

equipped to do our part in the advent of such an emergency.

Signed, E. N. B.

## MEDICAL DIVISION:

Dr. C. H. King, Chairman.

Dorcas P. Grenquist, Chairman, (First Aid Parties)

The Duxbury Emergency First Aid Station, functioning under the Duxbury Committee on Public Safety, has been set up in the basement of the Pilgrim Congregational Church with Dr. King at the head. The personnel consists of 4 doctors, 4 nurses, and 25 first aiders and ambulance drivers, with additional members during the summer months.

The First Aid crew has been thoroughly trained in Red Cross First Aid and is equipped to handle a possible emergency due to belligerent action.

All members of the First Aid crew report to the station in case of either practice or real Black-out or Air Raid and immediately prepare the station and ambulances to be ready to answer any calls for First Aid or medical care. Complete equipment for three station wagon ambulances have been loaned by the Red Cross and medical supplies donated by the Massachusetts Committee on Public Safety. Two sets of ambulance equipment are kept at the Church and one set at the Central Fire Station.

The First Aid Crew have already assisted in 9 civilian accidents including several fractures, drowning and emergency transportation to various hospitals. The entire crew is on call for both peace time and war emergencies.

Signed, D. P. G.

## SOCIAL SERVICE COMMITTEE:

Mrs. John Flannery, Chairman.

Under the Health and Social Services of the Duxbury Civilian Defense, the Social Services Group is a committee of nine members.

This Committee is responsible for Transportation, Information, Hospital Arrangements, Lodging, Recreational Centers, Entertainment, Hospitality in Homes, Canteens, and personal problems of Service Men stationed in the Town, also the Service Men and Women from the Town, when such services are desired or needed.

The men who have been stationed here have had Sunday and Holiday Dinners, Dancing Parties, large and small and many dinners in small groups. Approximately 85 dinners have been served and at parties there has been entertainment for about 180.

Current magazines, games, a Ping Pong table, 3 Badminton sets, stationery, candy, cigarettes and playing cards have been distributed to the various barracks.

Furniture, a refrigerator, radios, clocks, window shades and draperies have been furnished by this Committee.

Transportation to Boston and back, and trips to the movies during the men's free time, have been arranged.

With the help of Mr. Edwin Noyes, as complete a list as possible of the men and women in the Services has been compiled and is being kept by this group.

The Committee purchased and presented to the Town a Service Flag, which now flies at the Town Offices.

A Christmas box was sent to each Service Man and Woman registered from Duxbury.

Signed, J. F.

### DUXBURY DEFENSE CORPS:

Miss Vera K. Luttropp, Captain.

I herewith submit a report on the activities of the Duxbury Unit of the M. W. D. C. for the Town of Duxbury during the past year.

The Unit was organized in February, 1942 with its headquarters on St. George Street which has been manned twenty four hours daily. Under the Duxbury Unit many women have been trained in A. R. P. work and are already established as wardens in the Town.

During the Black-outs in March and April we supplied wardens for sectors 18, 19, 20, 22. On December 6th, during the A. R. P. and State Guard Activation, wardens were supplied in Sectors 17, 18, 19, 20, and on December 16th on the State-wide Black-out we also covered the above sectors. During the Stamp and Bond drive they worked as a Unit, and now they are working under the War Service Division on the Block Plan.

In October it was decided to train a Junior group of girls, on the same lines as we have been trained and that group, now in the course of training, consists of about twenty girls in age from fourteen to sixteen. The purpose of this group, though young, is to supply Duxbury with as large a trained group of civilians as possible so as to be able to cope with any disaster as might befall us.

The Duxbury Unit, as you know, stands by at all times to help the Town in any event. For disaster we are ready

with out Motor Transport for the purpose of evacuation, carrying of supplies to and from or within the Town to assist in First Aid, and litter work and ambulance driving, warden duty or canteen work. Some have received their State certificates in Fire Fighting. I am in hopes of enlarging the group when its purpose is better understood by the Town.

Signed, V. K. L.

## SERVICES AND SUPPLIES DIVISION:

Henry S. Craig, Chairman.

The Service and Supplies Division is set up to maintain a normal flow of goods and services into the Town and to re-establish this flow as quickly as possible after disruption due to enemy action.

During the past year the various members of the division in charge of fuel, food, Public Utilities and transportation have been conducting surveys, gathering information and contacting sources of supplies, to determine the normal and emergency needs of the community, and how they may be best obtained through the co-operation of the Civilian Defense Organization and private operating courses.

While the information thus gathered is primarily of use to the Local Division, it has been made available to the Regional and State Authorities in order that Duxbury may share in the co-ordination of effort on a Regional and State-wide basis.

The Division is represented in the Report Center during all Alerts so that its members may become immediately active should any need arise. Contact is maintained

through it with the Telephone Co., Gas and Electric Companies and the Water and Highway Bureaus, to inform them quickly of any breakdown of their services throughout the Town.

Signed, H. S. C.

#### IDENTIFICATION DIVISION:

Earl W. Chandler, Chairman.

Early in the year steps were taken to secure the Personal History Records of those engaged in Civilian Defense activities, as a preliminary to the actual photographing of the personnel. Early in April a date was set and the first group had the pictures taken. Later, in July another group was ready and their pictures were taken. As the Defense Committee had made no provision to take care of the expense this was paid by each worker individually.

It would be a great help in keeping the records up to date if the Chairman of each Division would submit a list of those working in his Division. This would enable us to keep a line on any who have not completed their identification.

Photographed at April session	134	
Photographed at July session	101

Resigned and moved from Town	5
Have become members of the Armed Forces	11—16

The number active in Civilian Defense  
who have completed the Identification  
requirement 219

Signed, E. W. C.

## WAR SERVICE DIVISION:

Miss Constance Young, Chairman.

In January the Women's Division continued with the training program, and classes in Chemical Warfare, Warden Work, Motor Transport and First Aid was given. These classes graduated in February, at which time Mr. O'Neil, then Chairman of the Duxbury Committee on Public Safety, presented the diplomas and certificates, after which there were moving pictures of Defense Work.

The new Short Civilian Defense Course for School and Home was released by the Massachusetts Committee on Public Safety in February, and was given in Duxbury, both at the High School and at the Unitarian Church. Over 50 people came to this course at the High School, from all parts of Duxbury, and many members and friends came to the course at the Unitarian Church.

The Nutrition Conference was well represented by members of the Women's Division, as was the Garden Food Preservation and Nutrition program in March.

The Women's Division helped in securing Telephone Operators for the Report Center, and worked on the Bond and Stamp Drive in the summer of 1942. The women also have helped in Warden duty during the Back-outs and tests, covering outlying districts of Duxbury for the Protection Division.

The Women's Division secured donations of furniture, rugs and radio, and other things for the Allen House,

where the MP's are stationed. They also helped on the Scrap and Tin Can drive. Through their training program they have a group of High School girls training now, and working on War Service. The girls are learning Mechanics, Warden or A. R. P. work, Chemical Warfare, First Aid, and Canteen.

In November, the Women's Division was changed to the War Service Division, and from then on work has been done, with the able assistance of the Chairman of the Duxbury Committee on Public Safety, to co-ordinate all War Services. On December 7th a conference was held for the Region, in Brockton, on the Block or Neighborhood Plan, under the direction of the War Service Division. The Plan has been put into effect in Duxbury, and is co-ordinated with all Divisions of the Duxbury Committee on Public Safety, and is also helping the Red Cross. The Town has been divided into 22 sectors, similar to the Wardens' map, with a sector leader for each sector, and each sector leader has her own assistants. The War Service Division will work as a volunteer Service Bureau and Information Center.

May I thank the School Board for the use of the High School for training purposes, the Chief Air Raid Warden for his help and Mr. Coffin's Division for his help with the sector maps, and all those who are working to make the Block Plan a help to Duxbury's War Effort.

Signed, C. Y.

## PLANNING AND TECHNICAL DIVISION:

William B. Coffin, Chairman.

The chief activity of the Planning and Technical Division during the past year was the making of the large

map which is located on the south wall of the Report Center's headquarters and providing the necessary equipment for its operation during the Alerts or actual Air Raids. The map is on a large scale and not only shows the division of the Town into twenty two sectors with all such details as streets, important buildings, and services, Post Warden's residences and other vital features clearly indicated but also shows the approximate location of all houses and other minor structures in the Town.

Another activity of this Division was the sending of Mr. A. P. Richards, one of its members to attend the course given by the Chemical Decontamination School at the Massachusetts State College.

This Division has also assisted the War Service Division in preparing sector maps for the latter's use and through its Chairman, has at various times, endeavored to help the other Divisions in obtaining information by personal contact with the State Headquarters in Boston.

The Chairman feels that the value of his Division to the local organization lies chiefly in supplementing the work of the other Divisions and therefore wishes to state that he is ready at all times to undertake any special assignments in which his Division can be of service.

Signed, W. B. C.

#### MOUNTED PATROL DIVISION:

A. S. Churchill, Chairman.

This Division has very little to report at this time as it was not started until late Fall at which time there are only a few mounts in Town. With the opening of the

Spring season and the advent of the Summer people I am in hopes to have a sizable unit.

Signed, A. S. C.

#### PUBLIC RELATIONS COMMITTEE:

Dr. W. O. Dyer, Chairman.

The following duties of the Publicity Division have been executed. Information relative to all sub-committees under the Public Safety Committee has been assembled. This material has been presented to the Chairman of the Public Safety Committee for his approval. The reports have then been delivered to the local newspapers and correct publication secured.

Signed, W. O. D.

#### SALVAGE DIVISION:

Walter G. Prince, Chairman.

Since my appointment early in 1942 the importance of salvage has been pronounced.. The need is still urgent.

Various people have helped me in the work and the personnel of the committee has changed. The intensive drive in the late summer required many to canvass and collect. Mrs. William McCarthy, with a corps of women, aided nobly at that time. From that fine group of workers, Mrs. McCarthy, Mrs. Moses Carr, and Miss Elliott, as secretary, continued their work on the Salvage Committee. Reverend Walter Hunt, Messrs. Laurel Freeman, George Green, Ray Stearns and Stanley Johnson, as treasurer, complete the committee at present.

We have collected and sold 76 tons of Scrap and had a net return of \$845.78, which is most gratifying and sets

us above most towns around us. \$20.00 has been paid out for local handling and some cumbersome articles have been exchanged for labor involved. Individuals have marketed over 50 tons of scrap in addition.

Our success has been due to the generosity of the citizens in giving materials and time, to the assistance of the school children, and to the business men in donating trucks and drivers.

Scarcity of labor in collecting made it extra burdensome for some of us and a policy of paying for some labor had to be adopted.

The funds have been distributed to worthy organizations as follows:

Jordan Hospital	\$100.00
Red Cross Drive	100.00
Observation Post	100.00
Social Service Committee	
Duxbury Defense Committee	100.00
Eye Testing Machine for the	
Duxbury School Children	100.00
Coast Guard Auxiliary	75.00
District Nurse Association	75.00
Duxbury Women's Defense Corps	50.00
Salvation Army	25.00
Fire Company No. 1	25.00
Fire Company No. 2	25.00
Boy Scouts (Local)	10.00
Boy Scouts (Council)	5.00
Girl Scouts (Local)	10.00
	<hr/>
	\$800.00

## GENERAL

The Organization is now composed of two hundred fifty nine men and two hundred one women and to these citizens and residents of Duxbury I want to extend my sincere thanks for their full co-operation both as to time which they have so generously given and the excellent spirit exhibited in all matters pertaining to the work of the Divisions with which they have been connected.

To my various Chairmen I want to say that without your whole-hearted co-operation Duxbury would not stand at the top in Civilian Defense. Our results have been to the extreme satisfaction of both Regional and State Headquarters, both of which have so expressed themselves to your Chairman on several occasions.

Out of our appropriation of \$1000.00 we have expended \$802.54 during the year, details of which will be found under the Financial Report of the Town Accountant. There have been several items that have not had the necessary attention during the past year that must be attended to early in 1943 and we are asking for \$1800.00 for our appropriation for the new year. This amount still is much less than that of our surrounding towns.

Respectfully submitted,

HARRY L. TINKER, Chairman

Committee on Public Safety.

## Report of School Committee

---

February 4, 1943

To the Citizens of Duxbury :

The manpower shortage and the increase in the cost of living have created two major problems for the school department during the past year. Competition from more highly paid defense work, absorption of many teachers by the armed forces and the reduction in the number of new teachers trained have made it very difficult—in some instances impossible—to fill vacancies in the teaching staff. To meet the competition of defense work and other school systems and to help our teachers meet higher living costs, the School Committee voted on February 25, 1942 that all teachers be granted an increase in salary at the rate of \$100.00 per year. The upward trend in the cost of maintenance and supplies also continues but is offset to some extent because many goods and services cannot be secured at any price.

The rubber and gasoline shortage has brought a request that our school buses be used for the transportation of war workers from Duxbury to Hanover, and possibly to Quincy and Hingham. While the Committee is mindful of its responsibilities in arranging for the transportation of school children, it is also anxious to cooperate with authorities responsible for other essential transportation. We are unable to state at this time what the effect on the school program may be since no definite schedule has been

proposed for the transportation of war workers. However, it is possible that when the buses are used for this additional purpose some change in school hours may be necessary.

The members of the teaching staff have patriotically given of their services in the registration of Duxbury citizens for selective service and commodity rationing. The School Committee wishes to thank them for their generosity and to congratulate them upon the efficient manner in which they accomplished the task.

In order to relieve the superintendent of many office details and routine work, the Committee decided early in the year to employ a full time secretary for his office. It was our expectation that he would have more time to supervise the teachers both in the high school and in the elementary schools. Mrs. Ernest Jones served most capably as secretary until the end of 1942.

Over a year ago the State Department of Education at the request of the Duxbury School Committee surveyed our school system. Since the Committee felt that this study was rather superficial, we have contracted with the Graduate School of Education of Harvard University to examine our school department in all its phases, to report candidly its findings and to recommend how our system may be improved. The Committee hopes to engage the Harvard group subsequently in an advisory capacity to insure proper execution of any needed changes. In order that the citizens may understand exactly and accurately the reason for the survey and the basis upon which the School Committee has directed that it be made, the letter of authorization to the Graduate School of Education of Harvard University is reproduced directly following this report.

We request no appropriation this year for the support of an Americanization class since there is no opportunity to continue this work at present.

The appropriation for Vocation and Trade School tuition can be reduced to \$250.00. The availability of some types of vocational training in defense plants has temporarily resulted in a decrease in the number of requests for vocational training in the schools.

We request that the sum of \$53,500.00 plus the Dog Tax be appropriated for the regular use of the schools.

Respectfully submitted,

KENNETH G. GARSIDE, Chairman  
HERBERT WIRT, Secretary  
JOSEPH W. LUND  
WALTER G. PRINCE  
J. NEWTON SHIRLEY

of Education of Harvard University.*

July 27, 1942

Professor Alfred Simpson  
Littauer Building  
Cambridge, Massachusetts

Dear Sir:

The Duxbury School Committee at a meeting held on July 7th voted that the following policies should govern your investigation and recommendations for our School Department.

The School Committee, in voting to employ you and your associates has only one desire in mind and that is to seek your aid in making our educational system the best that can be provided, taking into consideration the size of the community, the physical limitation of our buildings and the amount of funds which the town can reasonably be expected to pay for its public schools.

We hope that you will make your report based on the facts as you find them, leaving aside personal factors, and pointing every way in which improvements can be made. We trust that good points as well as bad points will be mentioned.

If the School Committee is at fault in any way, or its past actions have been harmful to proper development, we trust that you won't worry about hurting our personal pride in what we have tried to do.

We have instructed Mr. Green to cooperate with you in every way, giving you such access as you need to records of pupils, teachers or finances.

The Committee is most anxious this summer to work toward improvement in these definite lines:

1. A better rounded program for manual and physical education, coordinated properly with the rest of the school work.
2. A better understanding of the objectives in the grade school work with those of the upper grades and high school.
3. To see if the school day can be shortened in the upper grades and high school without sacrifice of school accomplishment.

4. To study the extra-curricular activities to see if they are those best suited to the needs of the town and are not over-emphasized in the general program.

We trust that you will obtain all the cooperation that you need and that you won't hesitate to call on us for any information you may deem helpful.

Mr. Green has a copy of this letter.

Very truly yours,

HERBERT C. WIRT,

Secretary, School Committee

## Report of Superintendent

---

To the School Committee of Duxbury :

I present, herewith, a statement covering operation of the schools during the year of 1942, together with such reports as have been presented by supervisors, special teachers, the nurse, the school physician, and educational advisor.

Slowly, ponderously, relentlessly the huge weight of our country: agricultural, industrial, financial, materially, intellectually, spiritually, has swung into an all out prosecution of World War II. It is inevitable that every person, group, and organization in the land be caught up by the backwash of this irresistible movement and for the moment be carried along on the mountainous wave of enthusiasm that follows in the wake of the colossal war effort. It is there that education finds itself today, swept along by the flood tide of expanding military effort. Five years ago we dared not mention military drill; today we can think of nothing else. What will be our attitude five years hence? This is the confusing challenge that confronts us as we wind up the affairs of another year. We must give unstinted energy to the winning of a glorious victory, but we must also work unsparingly to prepare for the skills and attitudes necessary to preserve a permanent peace.

In the war effort to date, Duxbury schools have gladly shouldered their share of the burden. We have given four teachers to the armed forces and our graduates are on

every fighting front of the world. Teachers have co-operated in the registration for selective service and handled the registration for rationing sugar, gasoline, and fuel oil without the loss of a single hour of school time. Every teacher and many pupils have taken courses in first aid and received the Red Cross Certificate. Air raid precautions have been studied and drills held periodically. We are adopting such units of the Victory Corps Program as seem feasible for a small high school.

Many pupils helped with the salvage drive, and both pupils and teachers are to be found in the Civilian Defense Corps, doing typewriting, duplicating, spotting air planes, driving automobiles, acting as messengers or air raid wardens, painting and building bulletin boards.

The war also caused an unusual turn-over in our teaching personnel. The four already mentioned as entering the armed services are Mr. A. Kempton Smith, teacher of English, who entered Officers' Training School in August; Mr. Ralph N. Blakeman, Director of Physical Education, who was commissioned a Lieutenant Junior Grade in the Naval Aviation Corps late in the fall; Mr. Winthrop E. Jackson, who had succeeded Mr. Kenneth Macomber as teacher of Manual Arts was called by selective service in October, and Miss Marguerite Brooks, teacher of the fifth grade, who enlisted in the Waves in December. To replace these teachers, to whom we are legally required to grant leaves of absence, Mr. Arthur Lee Homan was secured to teach English, Mr. John MacFarlane is the teacher of Manual Arts, Mrs. Rose Delano is teaching the fifth grade. The physical education has been divided up between Miss Madeline Tobin, a new teacher in Duxbury this year, and Mr. Richard Bradford the special class teacher, and various other home room teachers. With the end of the school year in June, Mrs. John DeWolf resigned and Mrs. Arthur

Homan was secured to take her place in grades two and three at the Village School. Miss Phyllis Johnson and Miss Nancy Horton did not renew their contracts for another year and the vacancies caused thereby were filled by Mrs. Horatio O'Neil in grade six and Miss Marilyn Miller in French and Problems of Democracy in the High School. Of eighteen full time teachers who were with us on December 31, 1941, the names of only eleven are still on the roster, and of these eleven, only six were teaching in Duxbury three years ago.

The school lunch project has run smoothly during its second year. Thanks to the special appropriation made at the last town meeting, we were able to secure a large refrigerator for the kitchen at the Abbott House. The rapidly advancing food prices during the spring of 1942 so increased operating costs that there was a deficit of about three hundred dollars in June. This represented a loss of less than half a cent per meal served. The books were balanced through the use of the money appropriated for this purpose. It was deemed advisable to increase the price of lunches from twelve to fifteen cents when school opened again in September. This increase enables us to maintain the quality of meals served in former years, and it also helped to provide a wider variety of foods. The Duxbury Golf Club gave us the apples on their property. About ninety bushels were gathered by the boys. Many smaller donations from private gardens were received. The number of children buying hot lunches is slightly less than last year. We continue to give free lunches to all children who are under-privileged or under-nourished. There was a favorable financial balance at the end of the calendar year.

Plans for the operation of this project for another year must be entirely revised. The latest information received

indicates that all W. P. A. lunch projects must end by the first of April 1943. The records show that the W. P. A. has contributed \$8,137.14 to the Duxbury project. This amount has been used exclusively for wages for workers. The variety and quality of food available through the commodities department is falling off. When these will cease to be available is problematic. The value of the foods received from this source is about \$6,000.00 per year.

There are in Massachusetts about 1,080 schools participating in the school lunch programs. The pupil membership in these schools is nearly 140,000. Commissioner of Education, Mr. Walter F. Downey, spoke at a meeting of the School Lunch Advisory Committee held at the Department of Education on December 21st, 1942 as follows: "So far as we know W. P. A. will be curtailed June 30, 1943. In some way we must see that our school children do not suffer thereby. The important thing is to make certain that all concerned with the school lunch in Massachusetts are aware of these difficulties. Especially with mothers working in industry and a growing shortage of food and depleted labor, the children will suffer unless we begin to help at once. In some localities, children are growing more and more apart from mothers' care. Because of mothers' defense work, mother is naturally very busy and sometimes works as late as 11 o'clock at night and gives the child the extra money to buy a more substantial lunch at school. Often the school lunch is taking the place of the main meal at home. All organizations must do everything possible in their communities to stress and work out a solution to the problem." Here is the challenge handed to us by our Commissioner. To work out the solution to this problem is no mean task.

With the help of the Portuguese-American Citizenship Club, Americanization Classes met at the Fernandes store

in Ashdod during the winter months. Mr. Richard Bradford was the instructor. Due to black-out regulations and other difficulties of travel the classes have not been re-opened during the present school year, \$111.52 was spent from the appropriation. Since there is little likelihood that there will be further opportunity for continuing this work until the end of the war, I recommend that no money be appropriated.

The demands of war on boys and girls of the late teen ages, and the opportunities for vocational training offered by industrial organizations have reduced the number of candidates for out of town vocational schools. The appropriation for this work can be reduced safely to \$250.00.

In extra curricular activities as in everything else, there has been either curtailment or a change of emphasis. The school newspaper, which came out in eight issues last year, has been reduced to four issues this year. All the work, with the exception of making the linotype, is still done by the pupils of the school plant. At the end of the school year a very creditable year book was produced by this newspaper organization.

Basketball continues to hold the center of interest in athletics. With an undefeated team Duxbury High School acquired the third championship banner in four years. As we approach a new season, the transportation problem seems to present serious obstacles to following the normal schedule. The Victory Program requires intensive emphasis on physical fitness. This can best be realized through the athletic program. If the gasoline shortage or other restraints associated with the total war effort interfere with league activities, an attempt will be made to carry on with such local groups as we can muster for opposition.

The sale of war savings stamps has been organized and set up through-out the schools by the student council. The council has also busied itself with planning and directing the other defense activities..

In spite of the black-out, gasoline rationing and the storm, the Senior Class gave its annual play on December 18th. "Almost Summer" was the selection of this year's group.

The Parent-Teacher Association gave the annual Christmas Party to all of the children of the schools. A magician was secured as an entertainer.

Through the leadership of Mrs. Max Habicht, a group of parents have equipped the playground at the Point School with a new slide and have the supports for a new swing that will be put in place when the frost is out of the ground sufficiently. Miss Eleanor Hodgdon gave an upright piano to replace the old square instrument, that has long since passed its days of usefulness, in the second grade of the Village School. Mrs. Horatio O'Neil also gave an upright piano which replaces the old instrument in the first and second grade room at the Tarkiln School. Dr. Shirley secured the apparatus for making a test of the eyes, and with it the sight of every pupil has been carefully checked. The Senior Class left as a farewell gift to the School the major portion of the cost of the electric score board that now hangs in the High School Auditorium. The balance of the cost of this score board was secured through the efforts of Mr. T. W. Herrick, by public subscription. The Duxbury Yacht Club and the Duxbury Community Garden Club have jointly offered a scholarship of fifty dollars to any girl accepted for training by an accredited school of nursing. For these tokens of interest and co-operation I extend my heartiest appreciation.

Most of the expenses for new equipment and repairs during the year 1942 were of a routine nature. An overflow cesspool was necessary at the Tarkiln School and at the High School. These were installed during the spring and summer months. Painting projects were carried out as follows: Tarkiln School—the south classroom, entry ways and toilets; Village School—the outside trimmings and the stair wells; Point School—entry ways and classroom; High School—toilets, exterior doors and gutters. It was necessary to put up a new ceiling in Room 8 at the High School. For economy, safety, and appearance, wall board squares were used. The wood work in this room was re-waxed for the first time in fifteen years. All shrubbery and trees on the school grounds were pruned. We maintained the regular cleaning which is as follows: floors are thoroughly scrubbed at least three times a year. All walls, desks, and other wood work are carefully washed and all scratches, scars, and blemishes are repaired during the summer vacation. In addition to this a certain number of desk tops are revarnished and all floors are either waxed, oiled, or varnished annually.

In anticipating our needs for another year we must bear in mind the continuing increase in the cost of many of the supplies we need. We must realize that much of our equipment cannot be replaced until the war is over. More time and effort must be devoted to reconditioning and repairing in order that we may preserve that which we now have. Due to the necessity of carrying war insurance the cost of this protection has advanced. The pressure of high war wages has its effect on every person employed in the school department. Transportation is not only more costly, but also restricted. We have fuel enough on hand to carry us through to the end of the present school year, but to refill our bins next summer will probably cost more than ever before.

To estimate the extent of these increases in these changing times would amount to little more than a rough guess. However, at the moment, the minimum amount of money necessary for carrying on the work of 1943, I would judge to be \$54,000.

Respectfully submitted,

GEORGE E. GREEN.

## Report of Drawing Supervisor

---

To Mr. George E. Green  
Superintendent of Schools

Dear Sir :

During the years of my service in Duxbury I have explained fully and in detail my plan of drawing and its development, so there seems to be no further necessity for explanations along that line.

Next June, I retire as drawing teacher from all public school work, and my activities in the teaching line will be confined to private classes.

My work in Duxbury has covered nearly thirty years, and the work has been pleasant and successful.

We have had some very fine workers in all the grades, and the relation of pupils and teacher has been all that I could ask for.

We have had the excellent help of many good teachers—among the best being Miss Ellen Downey, Miss Abbie Baker, Miss Sara Paulding, and Mrs. Alice O'Neil, and more than any others, these people have contributed most intelligently in the gaining of results.

Kindest regard and gratitude, too, I want to express to Mr. George E. Green and to the members of the School Committee for their unfailing assistance and kindness to me. The end of my work here is attended with much regret, as Duxbury and all that it represents, has been good to me.

Respectfully submitted,

SAMUEL WARNER,  
Supervisor of Drawing.

## Report of Music Supervisor

---

Mr. George E. Green  
Superintendent of Schools

Dear Sir :

The fundamental principles of musical development are as apparent in the small songs of childhood as in the larger masterpieces of musical art. By directing the attention of the children to the consideration of the elements of musical structure, as found in the songs of the course, a foundation is laid for the appreciation of the works of the great masters of musical composition. This consideration of the structural elements of song is begun in the primary grades through the study of phrase repetition, and through the drill of motives and figures.

It might be interesting to see of what our general program consists for the year. A brief outline follows :

Grade 1—Rote songs, rhythmic with and without the victrola, and corrective drills for monotones.

Grade 2—Repertoire songs, observation songs, beginning sight reading songs and rote songs.

Grade 3.—Repertoire songs, observation and reading songs in major keys using only quarter, half, and dotted half notes, rote songs, and home and community songs.

Grade 4.—Repertoire songs, observation songs, and reading songs, rhythmic problems, rote songs, and home and community songs.

Grade 5.—Repertoire songs, observation songs, and reading songs including six-eight measure chromatics, and two part singing, rote songs and community songs.

Grade 6.—Repertoire songs, observation and reading songs including minor modes, sixteenth notes, two and three part songs, and bass staff, rote songs and community songs.

Grades 7 and 8.—Chorus singing with technical direction.

High School—Learning of several chorus numbers from which a selection is made for the graduation program.

In all the grade programs, we study the orchestral instruments, and music appreciation is carried on through the use of the victrola records. The children are encouraged to study the lives of composers, and to make note books.

There is a serious attempt made by the teachers to follow this program and good results are forthcoming.

Respectfully submitted,

MAY B. McCLOSKEY,

Supervisor of Music.

## Educational Adviser

---

Mr. George E. Green  
Superintendent of Schools

Dear Sir:

As this is my third annual report as Educational Adviser to the Duxbury Schools, I shall assume that my duties and my aims are already known. Since September 1942, I have been spending officially half a day Monday and half a day Friday at the High School.

In my office I have the accumulated records of individual interviews. This past year I have added 281 records of interviews. The number of interviews with parents has been increased. As one of my chief aims it to co-operate with the parents in their hopes and ambitions for their children, I am very glad at any time to arrange a meeting with any parent either at school or in my home.

As an aid to better understanding of the individual differences of each older pupil I have administered the Kuder Vocational Interest Test to each pupil in the class of 1942 and 1943. This test has been used more exclusively in schools all over the country this past year than any other similar test. It is a most ingenious and apparently accurate test of mechanical, computational, scientific, persuasive, artistic, literary, musical and clerical interests. The pupils themselves were very interested, being as anxious as I to find out what kind of a person they were. The Profile Sheet was presented and interpreted to them during a personal interview. Those high in mechanical interests were given a Stenquest Mechanical Aptitude Test.

The tenth grade was given a Shorthand Prognosis Test and the eighth grade an Algebra Prognosis Test. These gave each pupil in these grades some comprehension of these subjects before they studied them and gave the teacher, the advisor and the pupil some measurement of their aptitude for these subjects. No one was denied the chance to study these subjects, but if his aptitude score was low he was warned that the subject would be difficult and great effort would be required on his part.

Last January a visit to the Massachusetts Memorial Hospitals in Boston was arranged for the Junior and Senior classes. Seventeen girls went in cars donated by Miss Carter, Mr. Green, Miss Gladys Cornish and myself. The girls were divided into groups at the hospital each under a graduate nurse as a guide. The blood bank, and the various steps from blood to plasma were explained. Each group was taken around every floor, to the wards, private rooms, operating rooms, kitchens, nursery and finally to tea in the Nurses' Home to meet the Student Nurses.

It, of course, was hoped that such a trip would interest the girls in nursing as a profession. To help the girls still further, as it cost \$100-\$150 to train, I appealed, as a member of the executive committee, to the Duxbury Community Garden Club for financial aid for training Duxbury girls. They generously offered \$25.00 to each of three Duxbury girls when they were accepted for training at any hospital. The Duxbury Yacht Club has given me an additional \$25.00 for the same purpose. To date there is only one girl from the class of 1942 reasonably sure of starting training in February. It is rather discouraging that almost universally young women are attracted by quick wages rather than valuable professional training. However, the project had an educational value as well as inspirational.

May I say a few words about advising young people in war times, especially boys? There are two phases to advisory work, immediate problems of the individual and long range (1 to 20 years) problems. Each individual and an adviser should consider both. It is difficult to make young people think about their long range problems, especially in war times. The adviser must be able to talk intelligently with the junior and senior boys about the various branches of services, about accelerated programs for the sixteen and seventeen year olds, about high school versus defense plant jobs. It is, however, the duty of the adviser to force the boy or girl to think beyond the war, beyond wage earning, toward finding his or her place in a normal, peacetime society.

This is also true in working with boys and girls under the tenth grade. The war will be hard on these. True, they will not be killed or maimed, but they will never have a chance to have "done their bit", they will have no privileges as veterans. In looking into the far future they see uncertainty, the confusion, the unemployment of the world after war and they have that feeling of missing out on all the excitement and glory. The school, the church, and the home must give these a vision of the better world to come, a world which will need every strong, able, clear-thinking youngster of to-day, a world in which the rewards of good living, not necessarily in money, will be beyond our power to imagine.

Aside from my duties of Educational Adviser, I have continued my volunteer services as Special Air Raid Warden for the Schools. No separate report will be made, as the organization of air raid precautions is very similar to that reported in detail last year, with the substitution of new names of teachers and pupils, whenever former helpers have left the school system.

In addition I have been asked by the Old Colony Chapter of the Red Cross to be Chairman of the Junior Red

Cross for the Chapter, which includes the towns of Kingston and Marshfield. Every child in the Duxbury Schools from grade 1 to 12 is enrolled as a member of the Junior Red Cross. I wish I could report special classes organized and countless articles made, but as yet I can report neither.

As a member of the Duxbury Salvage Committee, Mr. Green and I are very proud of the contribution that the school children of Duxbury have made. They scoured the town and their homes for scrap, they printed scrap flyers, they distributed them to every home in town, they collected several gallon jars of keys, they assembled the scrap, two boys alone collected five tons of scrap in Island Creek. The older boys spent hours helping on the trucks, they kept their families informed on how to save tin cans and kitchen fats. They are willing and anxious to continue anything they can do as long as scrap is needed. They scorn prizes and rewards, but their contribution of time and energy helped in no small way to make the total scrap drive successful.

May I close with a very personal paragraph? I have been asked many times why I give more time to the school children of Duxbury than I am paid for. Why do I have a tea party for the senior girls in my home? Why every New Year's Day do I have open house for the graduates? I do not do it for their sakes, I would not do it if my rewards were not greater than my efforts. My rewards—a little money which helps, believe me, a firm hand-shake of a service boy returning to visit school, a letter, a bright smile, parents' expression of gratitude, but most of all, boys and girls with more vision, more ambition, more hope, and more joy of living. Thank you.

Respectfully submitted,

MARGARET ELLIOTT,

Educational Adviser.

## Report of School Nurse

---

To Mr. George E. Green  
Superintendent of Schools:

I hereby submit the report of the school nurse for the year 1942. The health of the schools was good in general, with the exception of epidemics of mumps and whooping cough which occurred simultaneously during the winter months, and four scattered cases of scarlet fever. As far as is known there were no complications resulting from these cases.

The first project of the year was the providing of a complete First Aid Kit to each of the elementary schools, supplementing and in some cases replacing what was already available, so that the supplies might serve in case of air raid or other large emergency. In connection with this, though later in the year, First Aid rules were compiled, approved by the school physician and superintendent, and copies placed in each of the buildings with the First Aid Kits.

Eye examinations with the Keystone telebinocular, through Dr. Shirley's continued kindness in lending it to us, were completed on all the elementary school children and about half of the high school. Those not tested last year will be done first this year. This machine is a great improvement over the charts formerly used, and many defective eyes have been discovered which were missed entirely before. In fact there have been some striking examples of defects which if discovered a few years earlier, according to eye specialists, could have been prevented from becoming so serious, or could have been more easily corrected.

The children in the elementary schools have been weighed monthly in order to determine the benefits of the hot lunch program, and also as an indication of their general health. Most of them showed satisfactory gains, and those who did not were watched both by the teachers and the nurse, and when advisable, parents were consulted with regard to a well-rounded diet and the child's eating habits.

Partially on the basis of these weight charts, three children were selected to attend the Bailey Health Camp for the months of July and August, one of the projects of the Seal Sale Committee. They were apparently much benefited by their stay at the camp, and were very happy about it.

The preschool clinic was held in June, and the psychometric tests on preschool children in July, a total of 30 children being tested. The nurse obtained the histories on all the children tested, and arranged the appointments and the transportation where necessary.

We wish to express appreciation to the Nurse Association for assisting financially with four tonsillectomies, one pair of glasses, and dental work on several children who did not come within the free dental clinic group since they are past the fourth grade. During the summer a total of \$59 worth of dental work was done on a total of seven such children. This was paid for partially by the Nurse Association, as mentioned above, partially by Seal Sale money designated for that purpose, and partially by a balance of the donation from the Yacht Club the previous year. This donation had originally been made for the purpose of providing clothing where needed for school children; but since there was a balance after spending what seemed to be necessary in this line, the Club gave its permission to have the rest of the money used for

dental work. We appreciate greatly everything that has been done in this direction, for it seems to be a field in which there is always a great deal to be done.

The usual physical and dental examinations by the school physician and dentist were completed in the fall on all children, and notices of defects sent home to the parents. Audiometer tests were done as usual on the fifth and tenth grades, and on any who were known or suspected of having defects in hearing.

The Board of Health conducted a diphtheria immunization clinic in the fall at which a total of 59 school children and 24 preschool children were inoculated against diphtheria.

The most recent project, and one which will really get under way during the winter and spring, is that of a competition in the elementary schools on the matter of dental health. Dr. Dyer has donated a banner which was made by the school Home Economics and Art Departments and this is to be awarded each month to the room having the greatest number of children who have brought 100% certificates from their dentists.

It is to be hoped that this will stimulate an interest in dental health not only among the children but also their parents; and not only in dental health but in general health as the two cannot be separated. It is also a goal to work toward to find some way to stimulate similar interests in the older group and in their parents.

A total of 139 visits in the homes of school children was made for the year.

Respectfully submitted,

SUSAN E. CARTER, R. N.,

Duxbury School Nurse.

## Report of School Physician

---

Mr. George E. Green  
Superintendent of School

Dear Sir :

Under the supervision of the school physician each child received a general physical and dental examination. Special examinations for vision, hearing, tuberculosis and psychiatric problems were given as needed.

The general health of the student body was excellent. The dental program, sponsored by the Board of Health, is beginning to show results in a marked improvement of the teeth of the children in the lower grades.

The annual pre-school clinic was held in June. This enabled parents to correct physical defects before entry of the children in the first grade in September.

Respectfully submitted,

C. H. KING, M. D.

## Report of School Dentist

---

Board of Health  
Duxbury, Mass.

The Duxbury School Dental Health program may be classified under three divisions:

1. Examinations
2. Dental Clinic
3. Dental Education

In regard to examinations, all the children have their teeth examined annually and a report is sent home to the parents. An additional form is sent home to the children in the first four grades to ascertain what parents request help from the Dental Clinic. Miss Carter then decides what children should be taken in to the Clinic according to the financial status of the family.

In regard to the Dental Clinic, all the dental equipment, materials and occasional transportation are supplied by the school dentist. Aside from the examinations, the following is the list of dental work accomplished:

- 29 Prophylaxis'
- 55 Extractions
- 18 Cement bases
- 77 Amalgam fillings
- 27 Cement fillings
- 33 Injections of novacain
- 6 Treatments

Concerning dental education, figures do not portray a true picture of the work accomplished, because these

patients are very young and it is most important to create in the children proper dental habits and a happy relation with the dentist. Individual talks on foods and the tooth brush are just as important as correcting trouble already in progress. At the beginning of the school year, Miss Carter and I started a project to interest the children in securing 100% cards. At the end of each month, an award is made to the class room showing the most progress. We have already noticed that the children have interested their parents at home.

Since there is no dental clinic work done from December 15 to March 15 as the present appropriation was for only part of the year, I recommend that dental clinic services should be available once a week thru out the school year.

The importance of this dental work was plainly shown when so large a percentage of our young men failed to pass dental examinations required by the U. S. Armed Forces.

Respectfully submitted,

WILLIAM O. DYER,

School Dentist.

## Report of Parent-Teacher Association

---

To George E. Green  
Superintendent of Schools

Dear Sir :

Due to the present emergency which limited the use of cars, the Duxbury Parent-Teachers Association of 1942 found it necessary to change its usual plan for the year. Instead of monthly meetings, the general plan was to have four meetings of the association as a whole and other smaller groups meeting in various parts of the town to meet as discussion groups over problems pertaining to their needs.

Because of the importance of the survey being conducted by the Harvard Graduate School of Education at the request of the school committee, the Parent-Teacher Association decided to be the medium for presenting the survey to the townspeople, particularly to the parents. Accordingly the men making the survey were secured as speakers. Professor Simpson, who is in charge of the survey, spoke at the annual membership supper in October. Dean Collins, Assistant Dean of Harvard Graduate School of Education, was the speaker at the meeting in December. It was planned to have Dr. Burton present the problems of the primary schools in January, but the ban on pleasure driving made it necessary to postpone the meeting. Dr. Burton will speak at a later date when driving is again allowed. The P. T. A. as a whole feels

the importance of the survey and has co-operated wherever possible. The results of the survey will be presented to the people of Duxbury at the meeting in May.

In spite of the difficulties of the year, membership has increased to over one hundred paid members. No attempt has been made to raise money and except for the amount realized at the annual supper there has been no income.

However, the expenses have been kept at a minimum and the executive committee feels that a sum sufficient for next year's expenses will be left for the next executive committee.

Although meetings have been fewer the interest in the association has been kept up and whenever conditions warrant a return to normal, we will be able to go on without handicap.

Respectfully submitted,

WARREN G. WENTWORTH, Jr.

Young, Frank Lineaus, 2nd  
Zavazan, Joseph Steven

The foregoing unofficial list shows Duxbury men and women in Service as of February 4, 1943. In some cases it has been quite difficult to obtain accurate information, and in order to make and keep this list as nearly correct as possible it would be appreciated if information as to errors, corrections or additions be sent either to Mrs. Charles A. Day, Millbrook, or to Edwin M. Noyes, Duxbury. To avoid duplication this information should come from members of the family or close friends.

The total of one hundred and eighty-nine names includes six father and son combinations. Four of these fathers also served in World War I, as did six others whose names are listed. The largest number from one family is four, and there are six other families represented with three each. The omission of rank and branch of service as well as the fact of enlistment or induction is intentional for reasons that should appear obvious, but it is interesting to note that the proportion of commissioned officers is high and includes the name of a Captain in the Navy, three Lieutenant Colonels in the Army, and one in the Marines.

EDWIN M. NOYES.

## SIDNEY C. SOULE

---

Sidney C. Soule died suddenly at his home on Saturday, July 3, 1943. He served Duxbury as a member of the Board of Selectmen for 36 years, most of that time as its chairman. He was our pilot through the first World War, and resigned in 1942 soon after we entered the present war. At the time of his death he was serving as Post Warden in the Air Raid Division.

The son of Daniel L. and Rowena H. (Winsor) Soule, he was born November 14, 1873, in the same house in which he died. His 69 years were lived among friends and neighbors, and to Duxbury he gave a rich and fruitful life. The flags fell naturally to half mast on his passing.

At the Town Meeting following his resignation, tributes of appreciation for his unselfish service were many and sincere and a watch was given him as a symbol of the affectionate regard of his fellow citizens.

In explaining the reasons for the several votes and appropriations on the agenda for the annual Town Meeting, he was so thoroughly informed and so ready and frank in his answers that one persistent questioner paid him the spontaneous tribute, "He knows all the answers".

He was a charter member of Duxbury Grange and served as an active member for 33 years.

He is survived by his widow, Mrs. Mercy A. Soule, three sons, three daughters, two sisters and a brother.

## HERMON CAREY BUMPUS

---

The Audobon Society of Rhode Island in a pamphlet published shortly after the death of Dr. Bumpus bears this inscription:

In Commemoration of Its First President  
1897 - 1901

An Honorary President 1941 - 1943

This inscription gives merely a suggestion as to his talents and main interest in life as an interpreter of nature. He gave to thousands of students, old and young, not only the facts but the meaning of a wonderful and beautiful world. Among the educational institutions which enlisted his talents were Brown University, Biological Laboratory at Woods Hole, the University of Wisconsin, Tufts College, Clark University and Columbia.

As Chairman of the Committee on Adult Education, he wrote in 1930, "taken as a whole and visited as they are by millions of people eager to learn, the National Parks offer the most attractive opportunity for adult education that now remains undeveloped".

Dr. Bumpus loved Duxbury and gave to it generously of his means and his interest. At the time of his death, he was engaged in research concerning the original occupants of land from the Jones River to the Marshfield line, a study covering 1620 to 1655. It is hoped that the results of the study may be published later.

Dr. Bumpus summed up his more than fourscore years of an intensely active and valuable life in these words:

HERMON CAREY BUMPUS

Born May 5, 1862

East Brookfield, Mass.

Died June 21, 1943

Pasadena, California

---

## JOHN D. MORRISON

---

John D. Morrison died at his home on Tremont Street on September 4, 1943 after a lingering illness. He was born in Gloucester, Mass., in 1871. He married Lucy Soule of Duxbury in 1898.

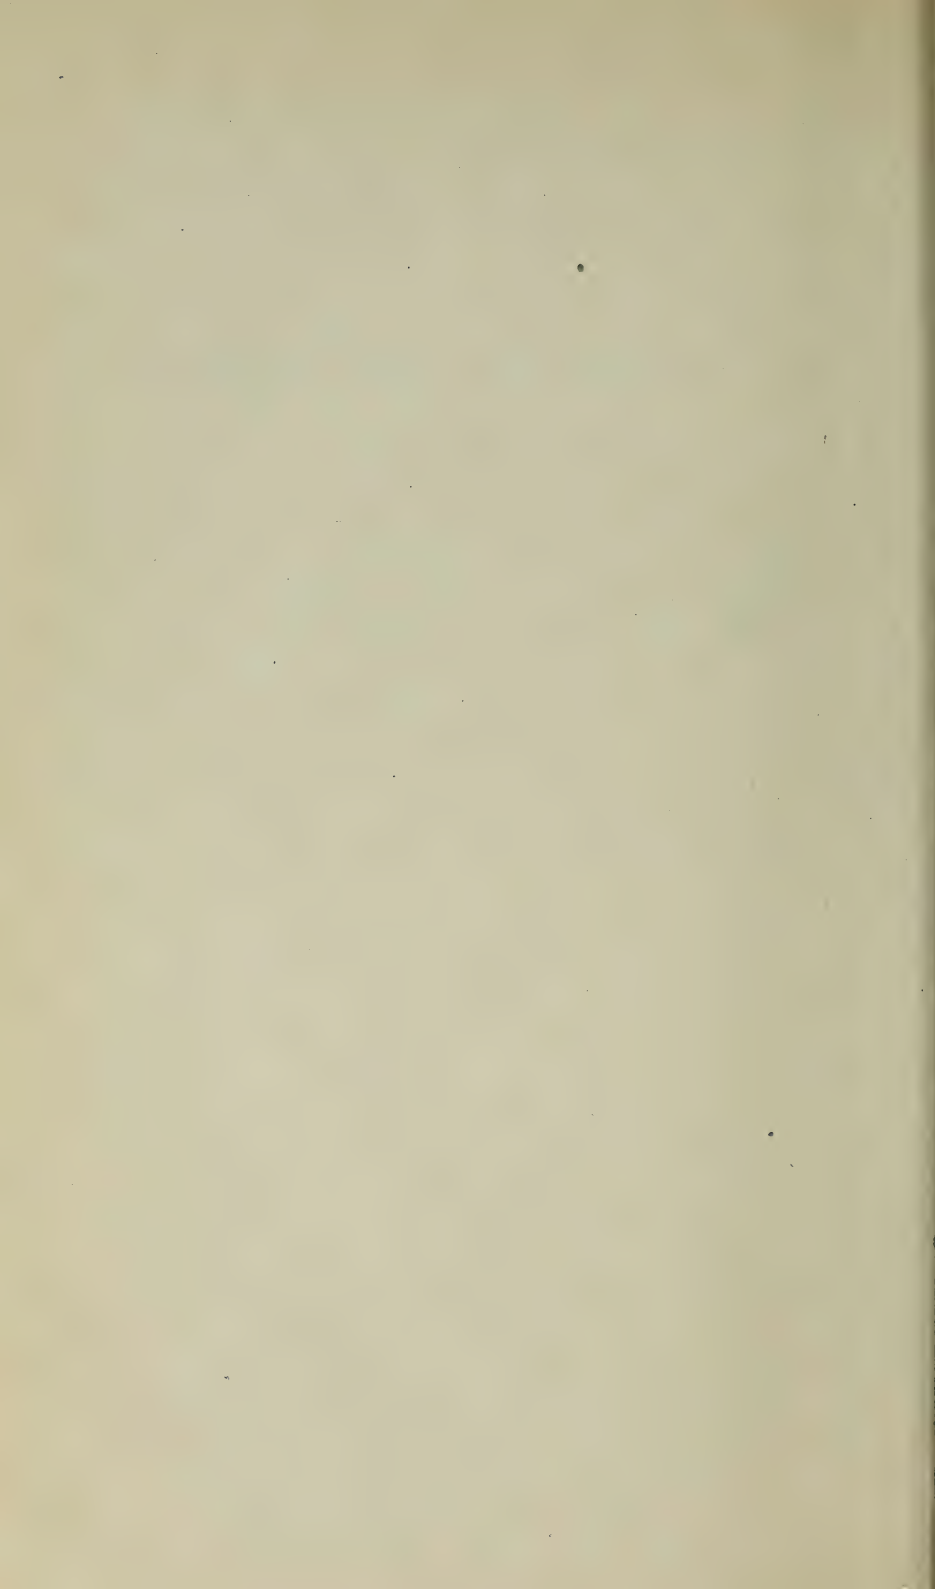

Mr. Morrison has made Duxbury his home for the past 34 years and was actively identified with many of the local orders. He was a member of the I. O. O. F., Duxbury Grange, Sons of Union Veterans, Fire Department, Fireman's Relief Association and Plymouth County Foresters Association.

He took a great interest in the local forestry development and was instrumental in the planning and creation of the Town Forest.

For the past 27 years he served Duxbury faithfully as Tree Warden and Superintendent of the Moth Department.

His survivors include his widow, three daughters, three grandsons and one brother.

## Report of Selectmen

---

To the Citizens of Duxbury:

The Selectmen present herewith a resumé of their activities for the year ending December 31, 1943, together with the annual reports of the several Town Officers.

The death of Mr. John Morrison, after several months illness, caused a vacancy in the Tree Warden and Gypsy Moth Departments. Mr. Morrison had served the Town in this capacity for 27 years. During this time he carried on the duties of his office in a most commendable manner. In September, Mr. Roy E. Parks was appointed to fill the unexpired term of Tree Warden and Moth Superintendent. This action was approved by the Department of Conservation as to the Office of Moth Superintendent. .

Mr. Eben Ellison has deeded a parcel of land adjoining Duxbury Bay at the foot of Shipyard Lane. There has been some opposition to this. The voters will have an opportunity to accept or reject this gift at the Annual Meeting in March 1944.

On October 15, 1943, Mrs. Mary E. Greene resigned as Town Accountant and Clerk for the Selectmen and Assessors after serving in this capacity for 29 years. Those of you who have had business at the Town Office, know that Mrs. Greene has been a most exacting and faithful servant of the Town. Her absence is most noticeable to those of us at the Office, although she is a frequent visitor and is always ready to assist us in any way possible. We have selected Miss Alice M. Soule as Town Accountant and

Clerk to the Selectmen and Assessors to fill the vacancy caused by the resignation of Mrs. Greene.

At the request of the Fire Chief, we consulted the Manager of the Telephone Company in regard to the difficult situation at West Duxbury. Much delay has been experienced in calling the Fire Department from High and Summer Streets and vicinity, due to the Dial System which works through the Plymouth Exchange in the case of out of Town calls. There seems to be no hope of improvement until after the war, although the Telephone Company made a few suggestions which, if carried out properly, will eliminate some delay in the calls reaching the Duxbury Fire Department Headquarters.

We have investigated the possibility of locating a sand pit on Town property which would be more accessible to the center of the Town, thus eliminating some of the expense of carting and also to obtain a better grade of sand. Sand is a most essential item in the upkeep of hard surfaced roads. It is also a safety factor when applied to icy streets.

We take this opportunity to extend our thanks in appreciation of the most faithful service of the various committees in connection with Civilian Defense, Rationing, War Finance, Salvage and all others who have given so generously of their time and energies to the extent that Duxbury has maintained such a fine record in these war-time activities.

We have made a start on a project to plot all important items on a map of the Town, so that in the future the location of all catch basins, drains, Town Landings, etc., will be known and will be accessible to all Departments in case of any emergency, or otherwise.

The appropriation of the Legal Department was the only one overdrawn for 1943. The amount of \$101.15 was

transferred from the Reserve Fund for this purpose. The deficiency was due to the fact that we could not possibly anticipate the needs of this department in advance as there were several factors that entered into this classification that were beyond our control. Legal advice was sought by and rendered to the School, Welfare, Assessors', Selectmen's and Fire Departments. The most important of these was a case before the Appellate Tax Board involving the Board of Assessors. The decision was rendered in favor of the Board of Assessors.

Respectfully submitted,

PHILIP W. DELANO,  
CHARLES R. CROCKER,  
WALTER G. PRINCE,

Selectmen of Duxbury.

## Report of Town Accountant

---

Following is a statement of all receipts and expenditures of the Town of Duxbury for the financial year ending December 31, 1943, in accordance with Chapter 41, Sec. 61, General Laws.

ALICE M. SOULE,  
Town Accountant.

---

## Report of State Auditor

---

To the Board of Selectmen

Mr. Philip W. Delano, Chairman

Duxbury, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Duxbury for the fiscal year ending December 31, 1942, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,  
Director of Accounts.

TNW:MMH

---

Mr. Theodore N. Waddell

Director of Accounts

Department of Corporations and Taxation

State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Duxbury for the fiscal year ending December 31, 1942, and report thereon as follows:

The recorded financial transactions of the several departments receiving or disbursing money for the town or committing bills for collection, were examined, checked, and verified by comparison with the books of the town accountant and the town treasurer.

The books and accounts in the office of the town accountant were examined and checked. The receipts, as recorded on the ledger, were checked with the records of the several departments making payments to the treasurer and with the treasurer's books, while the recorded payments were checked with the treasury warrants issued by the selectmen and with the treasurer's cash book. The appropriations and transfers from the reserve fund, as recorded on the ledger, were checked with the town clerk's records of town meetings and with the authorizations of the finance committee.

The town accountant's ledger was analyzed, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1942. This balance sheet indicates that the town is in excellent financial condition.

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and compared with the records in the departments collecting money for the town and with the other sources from which money was paid into the town treasury, while the payments were checked with the selectmen's warrants authorizing the disbursement of town funds. The cash balance on February 22, 1943, was proved by reconciliation of the bank balances with statements furnished by the banks of deposit and by actual count of the cash in the office.

The recorded payments on account of maturing debt and interest were verified by comparison with the amounts falling due and were checked with the cancelled securities on file.

The savings bank books and securities representing trust fund investments in the custody of the town treasurer and the Plymouth Five Cents Savings Bank were examined and listed. The income was proved and the withdrawals were checked with the receipts as entered in the treasurer's cash book.

The tax title deeds on hand were examined and listed. The amounts transferred from the tax levies to the tax title account were reconciled with the collector's accounts, the tax titles redeemed were compared with the treasurer's reported receipts, and the tax title deeds as listed were checked with the records in the Registry of Deeds.

The books and accounts of the tax collector were examined and checked. The poll, property, and motor vehicle excise taxes outstanding according to the previous examination were audited and all subsequent commitments were checked to the warrants for their collection. The payments to the treasurer were checked to the treasurer's cash book, the recorded abatements were compared with the assessors' records of abatements granted, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

The departmental accounts committed for collection were examined and checked. The charges were proved, the recorded receipts were checked with the payments to the treasurer, the recorded abatements were compared with the records in the departments authorized to grant

abatements, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

Verification of the correctness of the outstanding tax and departmental accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it would appear that the accounts, as listed, are correct.

The town clerk's records of dog, sporting, and miscellaneous town licenses, and for permits and fees were examined. The payments to the State were verified by comparison with the receipts on file, and the payments to the town treasurer were compared with the treasurer's cash book.

The surety bonds furnished by the several town officials required to file such surety were examined and found to be in proper form.

The records of receipts from selectmen's licenses, from the sealer of weights and measures, and from the police and health departments, as well as from all other departments in which money was collected for the town, were examined and reconciled with the treasurer's and the accountant's books.

In addition to the balance sheet previously mentioned, there are appended to this report tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, tax title, and departmental accounts, as well as tables showing the trust fund transactions.

While engaged in making the audit, cooperation was received from the officials of the town, for which, on be-

half of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.

HBD:MMH

## Report of Town Meetings

---

### ANNUAL TOWN MEETING, MARCH 6, 1943

The meeting convened at 1:00 o'clock, P. M. and the warrant was read by the Town Clerk.

Under Article 1, voted, unanimously that the Town Clerk deposit one ballot for Harry B. Bradley for Moderator, which was done, and Harry B. Bradley was declared elected Moderator.

The Tellers, Charles C. McNaught, Harry A. McNaught and Robert I. Tower were sworn by the Moderator.

There being no objection, the Moderator declared that petitioners on any article in the warrant should be given opportunity to speak on question being voted upon before the article is tabled, as in previous years.

Under Article 2, it was voted that the appointment of necessary officers not chosen by ballot be left in the hands of the Selectmen.

Under Article 3, attention was called to the Resolution on Mr. Sidney C. Soule, as printed in the Town Report, in which the date of birth was incorrectly given, the correct date being November 14, 1873.

It was voted that the report of the various Town Officers and Committees be accepted as printed in the Town Report.

Under Article 4, voted that the salaries of the elected Town Officers be the same as last year.

Under Article 5, voted to raise and appropriate as follows:

Duxbury High School Loan, 1926	\$5,000.00
Interest	1,000.00

Playgrounds	300.00
Shellfish Department	1,900.00
Planning Board	100.00
Duxbury Free Library	1,500.00
Committee on Public Safety	1,800.00
Rationing Board	400.00

\*Under Fire Department appropriation, it was voted to increase the appropriation of \$6,500.00 to \$6,900.00, the additional \$400.00 to be used for the purpose of paying certain salaries in connection with the Fire Department.

Under Article 6, voted, unanimously, to raise and appropriate the sum of \$300.00 to be expended under the direction of Myles Standish Camp, No. 115, S. U. V. C. W., for the observance of Memorial Day.

Under Article 7, voted, unanimously, that the Town Treasurer, with the approval of the Selectmen, be and

hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1943, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44, General Laws. (Yes 79—No 0.)

Under Article 8, voted, unanimously, to raise and appropriate for the use of the Plymouth County Trustees for the County Aid to Agriculture, the sum of \$100.00 and chose Ernest W. Chandler, Town Director.

Under Article 9, voted to apply the dividend from the Plymouth County Dog Fund in the amount of \$553.93, to the support of schools.

Under Article 10, voted to raise and appropriate the sum of \$40.00 for the care and decoration of Boomer Square, work to be done under the supervision of the Cemetery Department.

Under Article 11, voted to appropriate to the Cemetery Department the sum of \$180.00 now in the hands of the Town Treasurer.

Under Article 12, voted to appropriate \$2,000.00 to the Reserve Fund from the Overlay Reserve Fund.

Under Article 13, voted to appropriate from the Excess and Deficiency Account a sum not to exceed \$20,000.00 to be used to reduce the tax rate.

Under Article 14, voted to authorize the Selectmen to sell after first giving notice of the time and place of sale by posting such notice of sale in some convenient and

public place in the Town fourteen days at least before the sale, property taken by the Town under tax title procedure, provided that the Selectmen or whomsoever they may authorize to hold such public auction, may reject any bid which they deem inadequate.

Under Article 15, voted to raise and appropriate the sum of \$200.00 for the use of the Town Treasurer for foreclosing the rights of redemption on tax titles.

Under Article 16, voted to designate the treasurer and selectmen, and their successors in office, as the persons to control and manage the "Jonathan and Ruth Ford Fund", so-called, and to disburse the income therefrom, all in the way and manner and for the purposes set forth in the will of Harriet J. Ford.

Under Article 17, voted to accept the gift of \$500.00 as provided in the 12th clause of the will of Lucy A. Ewell, late of Pembroke, and agree to all the conditions of the bequest, as follows:

The twelfth clause of the will of Lucy A. Ewell provides:—

"I give, devise and bequeath Five Hundred Dollars to the Town of Duxbury, in trust, for the following purposes:

That is to say, to invest the same safely and so that it will yield a reasonable income and to pay over the income thereof, annually, to the authorities in charge of the "Upper Cemetery" on Keene Street in that part of the Town of Duxbury called Ashdod, to be expended by them for the care, improvement, and embellishment of said cemetery."

Under Article 18, voted to accept Section 48 of Chapter 31 of the General Laws (1932 Tercentenary edition) placing the regular and permanent police officers under classified Civil Service. (Yes 52—No 33.)

Under Article 19, voted to accept the provisions of Section 49 of Chapter 31 of the General Laws, and Acts amendatory thereto, providing for placing the office of Chief of Police under Civil Service.

Under Article 20, voted to return to the Treasury the following unexpended appropriation balances:

Railroad Committee	\$313.59
School House Committee	47.88
Redemption of Tax Titles	200.00
	<hr/>
	\$561.47

Under Article 21, voted to raise and appropriate the sum of \$40.30 to pay unpaid bills of 1942.

Under Article 22, voted to raise and appropriate the sum of \$100.00 for the payment of expenses incurred in public use of the High School Auditorium.

Under Article 23, voted to raise and appropriate the sum of \$700.00 for exchange of car for the Police Department.

Under Article 24, voted to instruct the Selectmen to set a reduced price for the sale of copies of the "Story of Duxbury" published during the Tercentenary at a price not less than \$1.00 for the bound copies.

Under Article 25, voted, unanimously, to raise and appropriate the sum of \$400.00 for the purpose of erect-

ing and maintaining a temporary Honor Roll of the citizens of Duxbury in the Armed Forces, and appointed a Committee of three consisting of Edwin M. Noyes, Rev. Walter R. Hunt, and the third member to be appointed by the Moderator, who named James T. O'Neil, to attend to the details of this project.

Under Article 26, voted to authorize the School Committee to dispose of all Standard Typewriters not needed by the schools, to the Army and Navy.

Voted that the Moderator be extended a vote of thanks for his patience and his gracious and courteous conduct of the meeting.

At 3:45 P. M., voted to adjourn.

JOSEPH T. C. JONES,

Town Clerk.

## Election of Officers, March 13, 1943

---

We wish to thank the Police Department for their co-operation and help during the past year.

### AID TO DEPENDENT CHILDREN

Aid to Dependent Children is a type of Public Assistance granted for the care of children, under 18 years of age if attending school, deprived of parental support or care by reason of death, continued absence from home or physical or mental incapacity of a parent.

A total of 7 cases were aided under Aid to Dependent Children during 1943. Two cases were closed, one due to employment and the other moved out of town.

## OLD AGE ASSISTANCE

It is quite evident that a number of persons are under the impression that an Old Age Pension is granted. The Law does not give an Old Age Pension. It gives Public Assistance to deserving citizens in need of relief and support, 65 years of age or over.

Another misunderstanding may be clarified by the following: "The necessary expense of the last sickness and funeral expense of a recipient of Old Age Assistance are preferred charges against the estate of the deceased."

The 1943 legislation made some changes in the Old Age Assistance laws which became effective September 8, 1943. The exemptions allowed by the change in 1942 were increased, and more emphasis placed on the contributions required from children, making mandatory on the local Boards of Public Welfare, the necessity of taking Court Action under General Laws Chapter 273, Sections 20 to 23 inclusive, against legally liable relatives.

Old Age Assistance can supplement, but can not replace the support which is required by law of all sons and daughters. Single children, living apart, earning less than \$1,150 a year are not required to contribute to the support of their parent. A married child, living with his or her spouse with no dependent children, has an exemption of \$1,725, while an exemption of \$575 is allowed for each additional dependent. From all income in excess of these exemptions, the son or daughter must contribute 25 percent of the first \$500 and 50 per cent of the balance. (This requirement has been reduced to 15 per cent and 35 per cent as of January 1, 1944.)

## Report of Chief of Police

---

To the Honorable Board of Selectmen:

Gentlemen:

Following is the report of the Police Department for the year ending December 31, 1943.

### LIST OF OFFENCES

Assault and Battery	8
Disturbing the peace	1
Drunk	12
Operating under the influence	2
Operating unregistered vehicle	1
Operating uninsured vehicle	1
Operating without license	1
Non support of child	2
Violation of Probation	1
	<hr/>
	29

### DISPOSITIONS

Sentenced to House of Correction	5
Fined	10
Placed on Probation	3
Filed	8
Found not guilty	1
Released	2
	<hr/>
	29

## MISCELLANEOUS

Complaints investigated	572
Motor Vehicle Accidents investigated	23
Emergency messages delivered	40
Summons served for outside Police	22
Committed as Insane	3
Calls answered for Report Center	784
Runaway children returned home	2
Animals destroyed for owners	91
Animals returned to owners	29
Deaths investigated	3

Respectfully submitted,

JAMES T. O'NEIL,

Chief of Police.

Date: January 7, 1944

## Report of Fire Department

---

To the Honorable Board of Selectmen

Duxbury, Massachusetts

Gentlemen:

The Board of Fire Engineers submit the following report of the department activities for the year 1943. The total number of calls were forty-nine.

- 3 Automobile
- 2 Boat
- 17 Building
- 15 Chimney
- 6 Emergency
- 3 Oil Burner
- 3 Rescue Work

### APPROPRIATION

We, as a board, feel that we have done very well to stay within our appropriation this year, for our total number of calls have more than doubled those of last year. To the seventeen building fires, of which twelve were major fires, an average of twenty-nine firemen responded.

### BUILDINGS

The buildings are in fairly good condition. Both the No. 1 and No. 2 Engine Houses have been painted inside.

over-head doors at the No. 2 Station because during southerly rainstorms it leaked under the doors into the cellar.

## EQUIPMENT

Although our equipment is a year older and in fairly good shape we feel it is our duty to keep it running. The new siren which was installed near the Duxbury High School has proven successful and is appreciated very much by the firemen.

The following is a list of firemen in the Armed Services:

### *No. 1 Company*

Carl Bitters	Army
Thomas Parker	Army
Clyde Chetwynde	Coast Guard
William Swift	Navy
Victor Nickerson	Army
Richard Prince	Navy
Frederick Lyons	Navy
Clifford Wyman	Navy
John DeWolf	Army
Donald Loring	Navy
Roger Sollis	Army
Earl F. Cushing	Army Transport
Edward Soule	Army Aviation

### *No. 2 Company*

C. Fremont Shirley	Army
Arthur Verge	Army

As Chief of the Fire Department I want to take this opportunity to thank the citizens, telephone operators, and firemen for their splendid co-operation in all work

New cement thresholds have been put under the three pertaining to the Fire Department, which stands ready to respond in all emergencies.

Respectfully submitted,

EBEN N. BRIGGS, Chief  
LAWRENCE W. GLASS  
GEORGE S. BUTLER  
KENNETH O. MACOMBER  
LeROY M. PETERSON  
HENRY M. GRISWOLD  
CARL J. SANTHESON, Jr.

Board of Fire Engineers.

## Report of Forest Warden

---

To the Honorable Board of Selectmen

Duxbury, Massachusetts

Gentlemen:

I herewith submit my report as Forest Warden for the year 1943.

The following is a list of fires which I can say, with the exception of two grass fires, were very small. These two fires burned over about seven acres. On March 28th the fire on East Street was the largest fire of the year, burning over about eleven acres of grass and forest.

- 4 Forest
- 7 Brush
- 15 Grass
- 11 Dump
- 4 Outside Aid to Other Towns

I would like to say that I think this outside aid is one of the finest things in our Fire and Forest Fire Departments, because we never know when we are going to need help in our own Town.

The forest fire equipment is in fair condition, but as I stated in my last yearly report, three of the trucks are obsolete. It was necessary to take two of them, the 1914 Pierce-Arrow and 1922 Brockway, out of service this year. These trucks should be replaced with one new, or a good second-hand truck if possible, this coming year.

The manpower problem of last year was very good with an average of seventeen men on all alarms. Like last year we have contributed more firemen to the Armed Services. The following is a list of our Junior Firemen in the Armed Services:

E. Kendall Blanchard	Navy
Lloyd Chandler	Navy
Richard Ford	Coast Guard
Milton Ellis, Jr.	Coast Guard
Lloyd C. Blanchard	Army
John Williams	Navy
Marshall Freeman	Army
Arthur Cornwell	Army
Robert Peterson	Marines
Arthur Edwards, Jr.	Navy

I feel that the new siren has helped the forest fire alarms very much, aided by the splendid service given by our telephone operators, who have to answer the calls from firemen and give them the location of the fires so they may go by the shortest route which saves time and property.

As Forest Warden of the Town of Duxbury, I want to thank the men in the Fire and Forest Fire Departments and all citizens of the Town for their co-operation this year.

Respectfully submitted,

EBEN N. BRIGGS,

Forest Warden.

## Report of Moth Department

---

To the Honorable Board of Selectmen of Duxbury:

The following is a report of the Moth Department for the last quarter of the year 1943.

The work of creosoting egg clusters was started about the middle of October in the Mayflower Cemetery. We were pleased to find that this area showed a decrease over last year.

Creosoting on the roadside trees has been done along most of the asphalt streets west of Route 3A. There seems to have been a gradual migration of the Gypsy Moth the past few years to the eastern part of the town. At present, three or four of the heaviest infestations are east of Route 3A. These areas are going to require special attention.

The harvesting of the Brown Tail Moth nests has also been completed, which apparently, is confined to the beach section of town.

The Moth Department will need additional funds to keep these insects down and it is suggested that the sum of \$5,000 be appropriated for this work.

Respectfully submitted,

ROY E. PARKS,

Local Moth Supt.

## Report of Tree Warden

---

To the Honorable Board of Selectmen of Duxbury:

The report of this department is based on what needs to be done, rather than what has been done.

The small amount of money appropriated in the past for this department, was just about sufficient to take care of spraying the trees.

A small amount of work has been done in the way of removing branches that hung over the streets and interfered with cars and trucks. This condition is bad in places on nearly every street in town and particularly when the branches are weighted with snow or ice.

All of our shade trees that come under this department need attention of one kind or another. There are a lot of nice young trees started that need a little help in the right direction; either by removal of dead and diseased wood, or a limb here and there to balance the tree, or cut to direct the growth away from the Public Utility wires. In some instances, a cable or bolt is needed between two large branches, to keep them from splitting apart. There are large wounds that should be covered with a protective paint. Too many of our trees have large limbs chafed part way through by other interfering limbs which will, eventually, cause them to break off.

Some of our Norway maples have the disease known as Maple Wilt and should be attended to before the disease spreads.

Our Elm trees should receive more attention and the dead wood be kept pruned out, as it is a breeding place for the carriers of the Dutch Elm Disease. While no cases of this disease have been found in the central and eastern parts of Massachusetts, our State Forester suggests that we keep our elm trees free from dead wood as a precautionary measure.

Our shade trees are sadly in need of first-aid treatment as mentioned above and it is my recommendation that the Town appropriate the sum of \$2,500 for this work.

Respectfully submitted,

ROY E. PARKS,

Tree Warden.

## Report of Street Department

---

To the Honorable Board of Selectmen and Citizens of  
Duxbury:

I herewith submit a brief report of the work done during the past year.

A seal coat was put on five miles of road in different parts of the town where it was needed the most.

A lot of patching with asphalt was done to keep the roads from breaking up. We were fortunate to get 100 tons of Pre-Mix which has proven very valuable and helpful where there is such a shortage of labor.

The dirt roads were taken care of as far as we were able with what help we had.

As there has been no snow so far the severe cold has frozen the ground so deep that I expect a lot of trouble with all the roads in the spring.

A lot of new railings should be placed — also lines painted. We were unable to do it, as there was no one available for that work.

We have on hand 2,000gals. of Stick-wet which we are using at the present time, when the weather is suitable.

Respectfully submitted,

EDWARD S. O'NEIL,

Supt. of Streets.

## Report of Board of Health

---

The Board of Health  
Town of Duxbury  
Gentlemen:

The following contagious diseases were reported during the year 1943:

German Measles	137
Measles	19
Scarlet Fever	5
Chicken Pox	3
Keroto Conjunctivitis	3
Tuberculosis	2

The Dental work in the public schools was continued. This work is now showing definite results in the continued improvement of the children's teeth.

There were 32 dog bites reported for the year. One rabid dog, one rabid bull, one rabid cat were found. Pasteur treatment for the prevention of rabies was given to three people. Two clinics were held to innoculate dogs against rabies. 198 dogs were immunized.

Licenses were issued and inspections carried out for the sale and delivery of milk, collection of garbage, tourist cabins and sale of methyl alcohol.

The usual number of complaints against nuisances were investigated and corrected.

Respectfully submitted,

C. H. KING, M. D.,  
Agent Board of Health.

## Report of Public Health Nurse

---

Mr. Philip Delano, Chairman  
Board of Selectmen  
Dear Sir:

I submit herewith the report of the Public Health Nurse for the year 1943.

Both the number of calls and the number of cases increased greatly over the last year. The money appropriated at Town Meeting pays the salary of the nurse for service to Old Age Assistance and Welfare cases, tuberculosis cases and their contacts, handicapped children, and cases of acute communicable disease. For 1943 services were rendered as follows:

Bedside Nursing Visits:

Old Age Assistance—6 cases	219 visits
----------------------------	------------

Instructive Nursing Visits:

Tuberculosis cases and contacts—	
----------------------------------	--

10 cases	30 visits
----------	-----------

Handicapped Children—3 cases	28 visits
------------------------------	-----------

Acute Communicable Disease—6 cases	7 visits
------------------------------------	----------

Total	25 cases	284 visits
-------	----------	------------

Respectfully submitted,

SUSAN E. CARTER, R. N.,

Public Health Nurse..

## Report of Memorial Day Committee

---

To the Honorable Board of Selectmen and Citizens of  
Duxbury :

This year we were forced by circumstances brought about by the War to follow the course of last year.

The Grand Army of the Republic is a unique organization. No child can be born into it. No proclamation of President, edict of King or Czar, can command admission. No university or institution of learning can issue a diploma authorizing its holder to admission. No act of Parliament or Congress secures recognition. The wealth of Ford cannot purchase the position. Its doors open only on the presentation of a bit of parchment, worn, torn, and begrimed as it may be, which certifies to an honorable discharge from the armies or navies of the Nation during the war against rebellion, and unlike any other organization, no new blood can come in. There are no growing ranks from which to recruit the Grand Army of the Republic. With the consummation of peace through victory its ranks were closed forever ; its lines are steadily growing thinner. Once it numbered 200,000 members in Massachusetts. The ceaseless tramp of its columns is with ever-lessening tread and the gaps in the picket lines grow wider every day until today there are only eight (8) in Massachusetts waiting for the bugle call from the Great Beyond.

The Grand Army of the Republic in their National Encampment a few years ago made the Sons of Union Veterans and the Daughters of Union Veterans of the

Civil War their heirs with authority to carry on their work on May 30th of each year in strewing with flowers and otherwise decorating the graves of the Comrades who have gone beyond in a like manner that they have since Gen. John A. Logan Commander-in-Chief set aside May 30th as Memorial Day, 1868, 75 years ago, and has since been observed as such by civilians also.

We have endeavored to carry out their wishes.

Together with the members of the American Legion, Boy and Girl Scouts and School Children we decorated with flags and flowers the graves of Capt. Myles Standish, Col. Johnathan Alden, 25 Revolutionary War, 4—1812 War, 213 Civil War, 4 Civil War Nurses, 1 Spanish War, 16 World War, 3 Soldiers and 12 Sailors a total of 278.

We wish to thank all who helped out in any way.

Respectfully submitted,

PARKER B. CHANDLER, Chair., P. C.

PHILIP G. CHANDLER, P. C.

JULIUS B. CHANDLER, P. C.

EDEN S. GLOVER, P. C.

OSCAR B. RYDER, P. C.

## Report of Librarian Duxbury Free Library, Inc.

---

The following officers served during the past year: Chairman, Harry B. Bradley; Treasurer, William H. Young; Clerk, Fisher Ames.

In the interest of fuel and electricity conservation it was agreed that evening sessions should be discontinued as during the past year, but that the Library should be open three days per week during cold weather instead of two. This because the fuel shortage promised to be less severe than previously.

The final arrangement for winter service was: Open hours every Tuesday, Wednesday and Thursday from 1:30 P. M.—5:30 P. M. This added an extra hour of service on each afternoon, so that in effect, measuring by hours of service, only one day was lost of the pre-war schedule. Attendance so far has equalled that of any pre-war winter, allowing for the per cent of loss through gasoline rationing. It was further decided that all books ordinarily classed as "Seven Day Books" could be kept two weeks without charge—in brief, that there would be no one-week books. Also that a receptacle be placed outside in the portico for the deposit of volumes whose users might be unable to meet the Library hours. This has been a great convenience to our patrons. Overdue fines have been charged only for the three days per week on which the Library is open.

The Board of Directors unanimously elected the Rev. Walter R. Hunt to fill the vacancy caused by the death

of Dr. Reuben Peterson. We are glad to announce his acceptance and that he is now a member of the Board.

The Board has been saddened by the sudden decease of Sidney C. Soule, in point of service, the oldest Director on the Board. The Library can hardly hope to find anyone adequately to replace him. His death meant a great and irreparable loss to the Board as to the whole town.

Respectfully submitted,

FISHER AMES,  
Librarian.

## Report of the Treasurer of the Duxbury Free Library, Inc.

---

During the year 1943 the Duxbury Free Library  
received a grant from the Town of Duxbury  
of \$1,500.00

The income from the investments of the vari-  
ous funds, as follows:

Wright Fund	\$2,796.34	
Winsor Fund	283.50	
Harding Fund	42.72	
Hathaway Fund	63.00	
Duxbury Hall Fund	173.00	
	<hr/>	3,358.56

On hand January 1, 1943	1,644.19
Amount collected on the Principal account	593.75
Taxes withheld	39.68
	<hr/>
	\$7,136.18

The expense of the Library as follows:

Wages paid:

Mr. Ames	\$1,650.00	
Mrs. Bencordo	660.00	
Mr. Needham	330.00	
	<hr/>	\$2,640.00

Operating expense:

Electric Light	\$75.12
Oil	190.34

Water	12.00	
Telephone	39.97	
Repairs	23.49	
Safe deposit box	10.00	
Supplies, etc.	101.72	
Taxes paid	23.45	
	<hr/>	476.09
Insurance		233.80
Books		1,100.00
Cash January 1, 1944		2,686.29
		<hr/>
Total		\$7,136.18

WILLIAM H. YOUNG,

Treasurer.

January 12, 1944.

## Report of Shellfish Constable

---

To the Honorable Board of Selectmen:

I submit herewith my annual report as Shellfish Constable for the year 1943.

Owing to the intense cold and ice on the shores there were only six men digging clams and one digging razorfish for the first three months of the year, Joe's Point being the only open area during that time.

The rest of the year an average of six men had fairly good digging of clams and there were four digging quahaugs and two digging worms part of that period.

There is a large set of small clams, quahaugs and razorfish in different parts of the bay which should be cultivated for fast growing.

445 permits were granted for family digging of shellfish which is about as many as last year.

There have been quite a number of signs destroyed or mutilated.

The following amount of shellfish has been taken from the flats by the commercial diggers:

Razorfish 244 bushels @ \$2.50 per bushel	\$610.00
Clams 4289 bushels @ \$2.50 per bushel	10,722.50
Quahaugs 428 bushels @ \$3.00 per bushel	1,284.00
Sea worms 4617 each @ .045 each	207.77
	<hr/>
	\$12,824.27

Permits, 30 commercial.

No fee permits, 445.

Out of the total of clams dug 2,854 gallons of shucked clams were sold at \$3.50 per gallon.

Respectfully submitted,

A. ELLIOT HOLMES,

Shellfish Constable.

## Report of the Superintendent of Cemeteries

---

To the Cemetery Trustees:

I submit my report for the year of 1943. At Mayflower Cemetery the general work was done. The leaves were raked and the avenues cleaned. In the new part of the cemetery a section of lots were built.

The egg clusters were creosoted and the trees sprayed by the Moth Department.

In Ashdod Cemetery the general work was done, avenues and walks were edged and cleaned. At Dingley Cemetery the leaves were raked and general work done. At Standish Cemetery the grass cut and the cemetery raked and cleaned.

All Perpetual and Annual care lots were cared for. Several old lots rebuilt. Forty-five foundations were built. There were seventy-four interments this year. Sixteen Perpetual Care Funds were added this year.

The Ladies Union Fair Association had some of the old fences painted in the Historical part of Mayflower Cemetery.

Respectfully submitted,

LAUREL B. FREEMAN,

Supt. of Cemeteries.

## Report of Cemetery Trustees

---

To the Honorable Board of Selectmen and Citizens of  
Duxbury.

We would submit the following as our report for the  
year of 1943.

The report of the Superintendent to the Board of  
Trustees has been received and accepted and will be  
printed in this Town Report. Please refer to same for  
information.

Of the sum of \$7,500.00 appropriated to the Cemetery  
Department for the year 1943, \$2,937.04 (being the  
amount received for interments, annual care of lots, etc.,  
plus unexpended balance) has been returned to the  
town treasury leaving \$4,562.96 as the Cemetery Depart-  
ment's net indebtedness to the town.

That the Trustees may be able to carry on the work  
in the cemeteries as in the past few years, we would  
respectfully request that the sum of \$7,500.00 be appro-  
priated to the department for the year of 1944.

In closing we wish to express our appreciation to all  
those who by their rebuilding of lots, annual care and  
perpetual care funds, have aided in the upkeep of the  
Cemeteries, and to the Superintendent and those in his  
employ for their part in the work. We thank you.

Respectfully submitted,

HARRY A. TAMMETT, Chairman  
THEODORE W. GLOVER, Sec'y  
ERNEST H. BAILEY  
WILLIAM O. DYER  
J. NEWTON SHIRLEY

Trustees.

## Care of Playgrounds

---

To the Honorable Board of Selectmen,  
Duxbury, Massachusetts  
Gentlemen:

The usual work on the grounds and the essential repairs to the buildings have been completed.

The Train Field has been used more this year than previously due to the fact that the Gurnet Coast Guard and the Army practiced and played several baseball games there during the season.

Also a group of older boys organized a football team, under the management of Albert Cavicchi, and played their scheduled games on the field this fall.

Respectfully submitted,

EBEN N. BRIGGS.

## Report of the War Price and Rationing Board

---

To the Citizens of Duxbury :

During the past year additional commodities have been added to the ration list which necessitated increasing the board members from three to five; therefore this additional work has been more evenly distributed and better service given to the community.

We have kept our expenses at the minimum. We have two full time clerks at the Ration Board, and a part time clerk for the Price Control Panel. This expense is provided by the Federal Government.

Our Price Control Panel consists of the following members :

Fisher Ames  
Le Roy Peterson  
Bradley Osgood.

We wish to thank the citizens of the town for the co-operation they have displayed as it has made our work less difficult.

Respectfully submitted,

JOHN E. LUCEY  
GEORGE L. DAMON  
JOHN W. FLANNERY  
WILFRED OLHSON  
EARLE A. RICKER.

## Report of the Trustees of the Jonathan and Ruth Ford Fund

---

Citizens of Duxbury:

The following is a statement of the operations of the Principal and Income Accounts of the Jonathan and Ruth Ford Fund for the year of 1943.

	Principal	Income
On hand at beginning of year	\$25,000.00	\$312.50
Received in 1943		628.12
		<hr/> \$940.62
Paid during 1943 for relief of worthy case		74.54
		<hr/>
On hand December 31, 1943	\$25,000.00	\$866.08

PHILIP W. DELANO

CHARLES R. CROCKER

WALTER G. PRINCE

JOSEPH T. C. JONES, Treas.

## Report of Town Historian

---

At the Town Meeting in 1943 attention was called to the fact that many copies of the History of Duxbury, published in 1937, remained unsold. Authorization was given for the disposal of these copies at \$1.00 each. Before doing this however, certain corrections were made in order that the history might be as accurate as possible. A page of errata was printed, placed in the unsold books and copies made available at the Town Offices, the Library and the stores where the books were on sale. The number of corrections made was seven.

The wooden tablets marking the location of the early shipyards have begun to show signs of weather. Accordingly, they were re-lettered and will be repainted from time to time as they show need. These interesting tablets prepared with so much care by the committee at the time of the Tercentenary should not be neglected.

Through the courtesy of Mr. William Young, who prepared the map showing the location of all the shipyards—his original diagram has been one of the valuable loan exhibits on view at the rooms of the Historical Society. The boys of the town have shown an especial interest in it.

The many letters received from people in all parts of the country regarding the history of our town show a wide-spread and continuing interest in Duxbury. A letter from a class in the eighth grade in one of our large industrial cities inquired about the design and measurements of furniture in the Alden House. As the result of

information furnished, the children are now making colonial furniture as a part of their handcraft work.

The war experience offers to us the opportunity to preserve many of the experiences through which we are going. One instance of what can be done is this. I have requested from the Ration Board, copies of all Ration Books for preservation in the historical archives. The Board has been most cooperative and has agreed that this important contribution will help to show to the Historian of 2000 A. D. how we conducted our daily lives during the last World War.

There is in prospect the completion and perhaps publication of a study of the early settlers and the location of their grants which should be of great interest to the town.

Respectfully submitted,

REV. WALTER R. HUNT,

Historian.

## Plymouth County Extension Service

---

No greater service since the inception of the Extension Service has been rendered Plymouth County towns than in 1943. Under wartime conditions the County Agricultural Agents, Home Demonstration Agents, and 4-H Club Agents of our county office have contributed heavily to the wonderful record of production. The past year has seen thousands of new producers of food influenced in many ways directly or indirectly by County Aid to Agriculture. A great tribute is due the farmers of America for their part in this war effort. The greatest production in history was achieved under the most severe handicaps.

In addition to the Food Production and Preservation program, other new responsibilities fell on our Extension Service. Assignments of the United States Department of Agriculture in handling programs affecting rural people have had a definite influence in the conduct of the farm business and home. A few of these follow: U. S. D. A. War Board, Farm Labor Program, Farm Rationing, cooperation with the Office of Price Administration, Farm Transportation, Priorities information, War Production Board assistance, and Selective Service help in reporting over five hundred cases for agricultural deferment.

All members of the Extension Staff devoted an increasing amount of time in 1943 to the promotion of production and preservation of food, with particular emphasis on home food production.

Carrying out the Governor's state-wide request, the local Extension Service assumed the responsibility of setting up Food Production and Preservation Committees

in each town of Plymouth County. These committees were made up of representatives from various town organizations. Some of their important functions included: Arranging for mass meetings on gardening and canning, setting up information centers, making arrangements for plowing, and conducting Victory Harvest Fairs.

The County Extension Staff assisted the local committees by conducting meetings, making soil tests, preparing newspaper articles and circular letters. Hundreds of home gardeners were given help by telephone, office calls or garden visits. The agents worked with local committees in arranging for the harvest fairs.

The work accomplished by these committees was a real contribution to the war effort. It is believed that the experience gained along these lines in 1943 will be invaluable to a still greater food production program in 1944. Tribute is due the Town Committee members for their valuable work.

The agricultural agents' war-time program has been a flexible one in an attempt to do the most important assignments with the many other new responsibilities delegated these agents. The Farm Labor Programs assigned to the Extension Service for direction and administration on May 1, though difficult, has proven of considerable success. Evidence of this may be found from the fact that 614 farm recruits were found and placed on farms during the year. Grave critical needs for permanent dairy and poultry help is still a major problem. Commodity educational programs were conducted for dairymen, poultrymen, fruit, vegetable, and cranberry growers, forestry products, and general livestock producers. By the guidance of commodity committees in each of these industries, the agricultural agents have shaped their educational program plans. As usual, all request farm visits

have been fulfilled as promptly and efficiently as war-time conditions have allowed.

Conservation was the general theme of the Home Department in 1943. Meetings were conducted in many towns on the care and repair of home furnishings and equipment. Homemakers also received help along the lines of nutrition and food buying in war time, and renovation of clothing. Nearly 2,500 women attended the 111 canning demonstrations which were held during the summer. These included demonstrations on canning vegetables, fruits, chicken, fish, and meat. From reports received, it would seem that these same women canned 445,000 jars of food—a sizable contribution to the winter's food supply. Information was also given on other methods of food preservation and home storage.

The 4-H Department set as its goal for 1943 "More Food Production and Preservation Club Members". The goal was reached, for the enrollment was 1,100 in 1942 and 1,800 in 1943. It is estimated that 20,825 jars were canned by 4-H canning club members, much of the food being produced at home by the members and their families.

It is desired that the garden project be a year-round project, and in one instance, meetings are being held throughout the winter. This gives the members an opportunity to plan their gardens and discuss their problems before the busy planting season arrives.

Emphasis has been placed on conservation, and the results have been most satisfactory. In spite of shortages, the members have continued with their various winter projects — Home Furnishings, Handicraft, Clothing — making something new from something old whenever possible.

ERNEST W. CHANDLER,  
Town Director.

## Report of Committee on Public Safety

---

To the Citizens of Duxbury:

I herewith submit a report of this committee for the year ending December 31, 1943.

The Staff Committee, with the same members as reported last year have met at the Report Center on the third Thursday evening of each month, at which time all communications from State Headquarters have been discussed and the necessary action taken.

### PROTECTION DIVISION:

Mr. Richard P. Whitney, Chairman.

During the year there were five Air Raid Drills, three by Region headquarters and two State wide, the last on August 12th which was checked by the State headquarters and the report by them was so favorable that Duxbury has not been asked to participate in any drill since that date.

### BLACKOUT DIVISION:

Mr. Benjamin O. Dawes, Chairman.

On November 1st the dimout regulations were lifted in the coastal area so that we now can function as in normal times. During the period of the dimout the Wardens and Auxiliary police together with the regular police

force are to be congratulated as to the fine work done in educating the community as to the regulations and the fine way in which the citizens of Duxbury cooperated in carrying out the orders of the Army.

#### POLICE DIVISION:

Mr. James T. O'Neil, Chairman.

The police department rendered much assistance to the Chairman of the Blackout division during the period of Blackout in seeing that the regulations were observed. They also take charge of the Report Center, thereby saving the Committee from having to man the Center twenty-four hours daily.

#### FIRE DIVISION:

Mr. Eben N. Briggs, Chairman.

Although this department is highly specialized in its work they have very kindly co-operated to the fullest extent in our practice drills.

#### MEDICAL DIVISION:

Dr. C. H. King, Chairman

Dorcas P. Grenquist, Chairman (First Aid Parties)

The Medical Unit remained a full strength organization throughout the year. Since organization, the unit has responded to accidents in this community whenever ambulance aid was needed. On several occasions during the year they were called out and acquitted themselves well each time.

The equipment of the First Aid Station has been kept in good order and I believe the entire unit is ready to function on short order.

## SOCIAL SERVICE COMMITTEE:

Mrs. John T. Flannery, Chairman.

The functions of the Duxbury Social Service Committee were stated in last year's report, so to save repetition, they will be omitted from this report.

During the past year the Committee has offered its help to the Service men stationed here and has also kept in touch with the men and women from Duxbury, stationed elsewhere in the armed forces.

On March 1st, 1943, the Officers in charge of the three groups stationed in Duxbury, at that time, with Mr. Tinker, Chairman Duxbury Committee on Public Safety, met with the Social Service Committee, to discuss the needs and wishes of their men.

Their greatest problem was transportation and they asked for a desk, chair and lamp for their barracks, stating that lack of space limited furnishings to a minimum.

These items were taken to them at once and transportation was arranged whenever possible.

Magazines, games, puzzles, cigarettes and playing cards have been taken to the barracks quite regularly.

The Committee Chaplain, Rev. John Philbrick, has conducted services weekly at the Duxbury War Shrine, which is located in St. John's Church and is always open.

It is non sectarian and was established primarily as a sanctuary for prayer and meditation for the families and friends of our Service men and women, although everyone is welcome to use it at any time.

A Watch Night Service was also held on New Year's Eve, in the Church, with special prayers for those in the Services.

A letter of Duxbury news, illustrated with line drawings, is being sent each month to all the Duxbury men and women.

Letters of thanks, for news from home, have been received by the Committee from all round the Globe, from all branches of the Service, from Nurses, Wacs, enlisted men and Officers.

A Christmas box was taken to each man at the Gurnet, also candy and a big Christmas wreath.

The Committee is sending a year's subscription to Readers Digest to each Duxbury man and woman overseas, in the Pacific and in Alaska.

The greatest regret of the Committee is that a Duxbury boy, Stephen Lambathis, interned in a Military Camp in Japan, is not allowed mail from us, and to date the Red Cross boxes which we tried to have sent to him have not been allowed to go through.

It is the earnest wish of all members of the Social Service Committee that their services may be greater and more far reaching until ultimate world peace makes their functioning unnecessary.

#### DUXBURY DEFENCE CORPS:

Vera K. Luttropp, Captain.

January, 1943, brought to a close a full year of intensive training on all basic subjects for the Duxbury Com-

pany of the Women's Defence Corps, and found us ready for an active year in the town of Duxbury.

On February 22nd the Canteen served luncheon and supper to the teachers who were issuing the food ration books, and on February 28th twelve members were called out for Mobile duty in sectors 17, 18, 19, 20, while two members were stationed in the Control Room during the State-wide Blackout of that date.

In March, June, July and August the Company reported for Mobile Warden Duty in their usual sectors but covering a larger area because so many of the former wardens have been called for active duty in the armed forces. Twice the Company answered the call for canteen service by Committee on Public Safety at two fires, one in the early morning and the other at midnight, serving approximately forty-five fire fighters coffee, sandwiches, and doughnuts.

The first Tuesday of each month the Company takes over the North and West Duxbury districts for newspaper collection, and members have also been out collecting the tin cans for salvage.

Through the year stencils for mimeographing and typing for the Committee on Public Safety and the War Service Division were done by several of our members.

The Junior group that we started training in 1942, the first of their kind, have proved their worth. They have joined us in many assignments in the town and through Region VI, where they have been highly commended.

We held a demonstration with the Plymouth Company in May on Train Field, and in October we were asked by

the Duxbury Grange to put on a demonstration for them to show our different types of services. The Junior group were also included in these demonstrations, as well as in the Region VI, M. W. D. C. training drill held in Brockton in September.

An M. W. D. C. Truck, assigned to the Duxbury Company and stationed at the Police garage since last March, is ready for use when called for by the Duxbury Committee on Public Safety for ambulance or canteen service.

To some people Civilian Defence is no longer a vital activity, but the Duxbury Company has not let down on their training or War Service work, and is ready to give service whenever needed.

#### SUPPLIES AND SERVICE DIVISION:

Mr. Henry S. Craig, Chairman.

This division is prepared to function at a moment's notice for any emergency, either peace time or for the war effort.

#### IDENTIFICATION DIVISION:

Mr. Earl W. Chandler, Chairman.

As there has been but few additions to the Defence members during the last year our work has been more or less routine.

This summer, the former windshield stickers became obsolete and we have supplied the necessary pennants to those of the services who have to travel during an actual Air Raid.

## WAR SERVICES DIVISION:

Miss Constance Young, Chairman.

The War Service Division of the Duxbury Committee on Public Safety is ready at any time to be of help to the War effort.

The Block Plan, under the War Service Division has helped throughout the year in many ways. It was used to inform people of Duxbury about Rationing and how to procure their ration books. Helped in the Agriculture and Nutrition Programs, also the Salvage Committee in collection as well as informing people as to the needs of salvage. The War Service Division has helped in the Bond drives and worked closely with the Red Cross.

May I use this opportunity to thank all those that have served and assure them that **WITHOUT** their unselfish help, it would be impossible to accomplish the good that is being done in countless ways.

## SALVAGE DIVISION:

Mr. Walter G. Prince, Chairman.

Salvage collected and sold during 1943:

Metal	22 Tons	Rubber	40 Lbs.
Peper	20½ Tons	Rags	200 Lbs.
Tin Cans	4 Tons	Tires	41

2,000 pairs of old silk and nylon stockings and several hundred old records were also collected. In April the collection of fats was only 50% of our quota, but ever since a special appeal through the Block Plan, Duxbury has averaged well over its quota. A recent drive for old clothes, of which 10% may be used locally and the rest sent to war torn countries, was very successful, especially through the efforts of the Duxbury school children.

Total receipts for 1942 and 1943 was \$1,452.49: Total donations and expenditures \$1,182.25; balance on hand \$270.24. \$850 has been given to charities and worthy causes, including the \$800 as reported in the 1942 Town Report and \$50 to the State Guard for summer uniforms for the Duxbury members.

The Duxbury M. W. D. C. (Massachusetts Women's Defence Corps) deserve much credit and appreciation for their unfailing help in collecting both tin and paper. Many trucks and beach wagons have been loaned to the Committee, and many individuals have given hours of their time to this work. Thanks goes to the citizens who saved and carefully prepared their tin cans and tied their paper.

Paper will continue to be collected on the first Tuesday of every month, except in case of rain or snow, when collection will be made on the first pleasant day.

#### GENERAL:

Our appropriation for the year 1943 was \$1,800.00 and we are pleased to report that it has only been necessary to expend \$632.60 leaving a balance of \$1,167.40. The detail list of expenditures will be found under the Town Accountant's report.

At this time we are asking for an appropriation of \$500.00 for 1944 and certainly hope that we may be as free from trouble as we are at present.

I wish at this time to thank the residents of Duxbury for their very fine cooperation during the long period of Dimout and am happy to report that it was not necessary

to take any court action whatever in the enforcement of the regulations.

To the Division Chairman, Staff Committee and to every member of all the services I express to you, each one, my thanks for your devotion to your duties and the cooperative spirit exhibited to all requests made for your time and effort.

Respectfully submitted,

HARRY L. TINKER,

Chairman

DUXBURY COMMITTEE ON  
PUBLIC SAFETY.

## Report of the Planning Board

---

To the Honorable Board of Selectmen and Citizens of  
Duxbury:

Your Planning Board has held many meetings and conferences with the Seletcmen. Many subjects have been discussed, including the layout of a highway over the abandoned railroad site.

Members have often been asked as to the advisability of trying to do something in the way of steering the development of the town and preserving its natural beauty and attractiveness as a place to live. With this idea in view, the Board is preparing a set of by-laws which it will present, to the annual town meeting in March 1944, for action. The necessity for some action of this kind (which is enjoyed by over 80% of the people of this state) will be obvious.

The Board wishes to extend its thanks to the Selectmen for their very prompt and full cooperation, both collectively and individually, in the activities of the Planning Board.

The Board returns to the town \$95.00 of its 1943 appropriation of \$100.00 and asks that \$200.00 be allotted to cover expenses in 1944.

BENJAMIN F. GOODRICH, Chairman  
OLIVER L. BARKER  
FRANKLIN BRETT  
MISS MARY N. GIFFORD, Clerk  
PERCY L. WALKER.

## Report of Honor Roll Committee

---

To the Citizens of Duxbury:

The Duxbury Honor Roll was set in place in July 1943, and on Armistice Day at eleven o'clock in the morning a simple dedication service was held. Mr. Philip W. Delano, Chairman of the Board of Selectmen dedicated the Honor Roll assisted by the Reverend Father Morrisroe and the Reverend John H. Philbrick. The Roll now contains a total of two hundred and fifty eight names, with six more to be added as of January 14th, 1944. The following seventy seven names have been added to the list published in the Town Report of a year ago:

Abbot, John Radford  
 Abbot, John Radford, Jr.  
 Bates, Harry Cotting  
 Bennett, Frank P., 3d.  
 Blanchard, Lloyd C.  
 Bradford, William Earl  
 Bulu, Joseph Pina  
 Burrows, George  
 Carr, Frederick S.  
 Carr, Samuel B.  
 Chetwynde, Harry Arthur  
 Clark, Raymond Charles  
 Coffin, Dorothy W.  
 Cornwell, Arthur N.  
 Cornwell, Clifford B.  
 Cornwell, Gordon Omer  
 Crocker, Richard Cushing  
 Corrie, John M.  
 Cushing, Roger Clifton  
 Davis, Dudley Edgar  
 Davis, Frank Arthur  
 DeWolf, John Hamilton  
 Fernandes, Amancio Mendes  
 Ford, Earl William  
 Freeman, Henry Marshall

Gifford, Stephen Wentworth, 3d.  
 Glass, Velma Parker  
 Grenquist, Earle Clifford  
 Harrington, Frederic, Jr.  
 Hayden, Charles Herbert  
 Hayward, Forrest E.  
 Hill, Stanley E.  
 Horsfall, Dorothy Jean  
 Jenney, Frederick  
 Jones, Ernest Albert  
 LaFleur, Richard Harold  
 Loring, Donald Forrest  
 Lunt, Frederick William  
 MacKenney, LeRoy Nelson  
 Marshall, Lawrence  
 Martin, William Manuel  
 Mayo, Walter Vernon  
 McAuliffe, Lawrence Merton  
 Means, Robert Harvey  
 Mobbs, Cecelia Jane  
 Mobbs, Philip Henry  
 Mullaney, Charles Howard  
 Murphy, William Delano  
 Muthig, Bernard H.  
 Peterson, Robert Wilbur

Pierce, Nina May  
 Pratt, Albert  
 Olsen, Richard Frederick  
 Putnam, Willard F.  
 Randall, Robert Lewis  
 Rogers, Frank Clark  
 Ryder, Ralph L.  
 Sampson, Clinton Roy  
 Scholpp, Roy Frederick  
 Sinott, Frank Melville, Jr.  
 Stamper, Chetwynd Edward  
 Sollis, Roger Prior  
 Starkweather, Walter E.  
 Stetson, Frederick Winslow, Jr.

Stetson, George Fobes  
 Stetson, Warren Batcheller  
 Stewart, Vernon Wadsworth  
 Sumner, Frederick O. B.  
 Taylor, Thomas Willard  
 Teixeira, Raymond Harry  
 Thomas, Cleveland Landgrage  
 Thomas, Winsor Lord  
 Tower, Richard Wilson  
 Verge, Arthur Everett  
 Walker, William, 2nd.  
 Winslow, Richard Kenelm  
 Winsor, Daniel Loring, Jr.

The appropriation requested at the last Annual Meeting was based on estimated costs which shortly afterwards were raised nearly fifty per cent. However, through the cooperation of several of our fellow townsmen, more particularly Franklin Brett, William B. Coffin, George W. Chubbuck, Parker B. Chandler, Rexford L. Randall and Albert L. Sprague, it was possible to keep within a few dollars of the amount of the appropriation.

Your committee feels that it is very important to keep the Roll in perfect condition so long as it is kept standing. Tentative plans have been made for a certain amount of landscape work to set it off from the white background of the building behind. The gold letters should be regilded and the board painted this Spring. In addition to this there is the cost of new names. Therefore, your committee recommends that it, or a similar committee, be continued for another year and that an appropriation of two hundred and fifty dollars be granted for its use.

Respectfully submitted,

WALTER R. HUNT  
 EDWIN M. NOYES  
 JAMES T. O'NEIL

## Report of School Committee

---

January 14, 1944

To the Citizens of Duxbury:

During the past year the Duxbury School Committee has devoted considerable time to the study of the report of the Harvard Survey of our school department, with the purpose of adopting those recommendations which we consider valuable in the development and improvement of our schools.

The Survey Report indicates much that is good in our school system and many ways in which improvements can be made. While present conditions act to delay adoption of some of the recommendations, others need immediate action. The School Committee considers that the most urgent of these other items are:

1. Improvement of supervision.
2. Construction of a fully-developed course of study.
3. Improvement and modernization of teaching standards through training-in-service and through outside courses for the teachers and for the superintendent.

The Committee has instructed the superintendent to execute the above three items, which while not a complete educational policy are basic to any further improvement.

The Committee has considered other recommendations of the Survey at length. In the problem of school administration we have reached the conclusion that supervision can best be obtained by some arrangement other than the present joint superintendency and principalship. We feel that pre-vocational education should receive greater emphasis at the earliest opportunity. We feel that the plan for the creation of a larger school district in the Duxbury area is probably the ultimate solution to many of our problems of secondary education and that the plan should be thoroughly investigated. A School Building Planning Committee might well consider this problem as well as the problem of adequately housing our growing school population.

Some additional expense will be incurred during the coming year, mainly for salary adjustments to compensate teachers for engaging in further study. Such expenditures are included in the amount requested at the annual Town Meeting for the use of the schools.

Respectfully submitted,

KENNETH G. GARSIDE, Chairman  
HERBERT C. WIRT, Secretary  
ELIZABETH PETERSON HABICHT  
JOSEPH W. LUND  
J. NEWTON SHIRLEY

Duxbury School Committee.

## Report of Superintendent

---

To the School Committee of Duxbury:

I present, herewith, a statement covering operation of the schools during the year of 1943, together with such reports as have been presented by supervisors, special teachers, the nurse, the school physician and educational advisor.

Never have I come to the hour for writing a report with greater misgivings than those I have at the present moment. So many disturbing factors have influenced the efficiency of educational work during the past year that I fear the darkness of misfortune may tend to hide the bright spots of real accomplishment.

It is trite to say that the devastation of the war is not all on the battle fronts, but nevertheless, there is no place in America where the blight of the present conflict is more seriously evident than in the schools. Teachers imbued with patriotic fervor have rushed to the colors. Others seeing opportunities in more fertile fields have left for better teaching positions or for jobs in industry. To replace those who enter military service only limited contracts can be made. The boys and girls returning from the war must have the opportunity to return to their old jobs and those persons stepping in to fill the vacancies realize that their term of office is contingent upon that uncertain factor. The list of candidates available to fill the openings caused by resignations for non-military service is very meagre. At present there are at

least three positions in our school system where properly qualified instructors are entirely unavailable. Boys of sixteen, lured by the high wages of industry and by the promise of vocational training, have left school in spite of advice of guidance counselor and teachers. In many homes both parents are employed in industry and in Duxbury there seems to be no agency but the schools to compensate for the resulting loss in parental guidance and control. Of twelve teachers in the high school building only two have been with me more than a year when the fall term opened in September. The new teachers are industrious, loyal and intelligent but a certain amount of time must elapse before they become sufficiently acquainted with the community to prove their full worth. On top of all this, the survey, in my opinion, disturbed, and still is disturbing, the morale of both pupils and teachers.

Nine teachers out of a total of seventeen were new to Duxbury during the year 1943. Mrs. Helen DeWolf returned to teaching to fill a vacancy caused by the departure of Miss Florence Johnson from the Point School. Miss Elizabeth Kelley replaced Mrs. Vivian Homan at the Village School. Mrs. Ruth Krueger has been substituting in the work with the opportunity class since the resignation of Mr. Bradford. Mr. John B. Hebberd is teaching science and mathematics in the absence of Mr. MacKenny who is on military leave. Mr. Edmund Gesiak replaced Miss Tobin as teacher of mathematics, science and geography. Mr. Warfield followed Mr. Homan as teacher of English at the high school. Miss Mary A. Beals is teaching Latin and history in the place left vacant by the resignation of Miss Manter, Miss Genevieve Collins was secured to teach the commercial subjects formerly handled by Miss Pittman. Mrs. Rose Delano was selected to teach grade five after serving there as a substitute following

the resignation of Miss Brooks early in the year. The loss of more than fifty percent of our teachers would be a serious blow under normal conditions but at this time with the shortage of replacements it is almost crippling.

Mr. Samuel Warner, for more than thirty years supervisor of drawing in the schools of Duxbury, reached the age of retirement in the spring of 1943. Mr. Warner through skill and devotion to his work has left an impression upon two generations of our children that has helped many of them to success in the field of Art. He has also contributed generously of his art treasures, of stage scenery and of signs and posters whenever the occasional need for them arose. While I seriously regret the loss of this devoted teacher, I am happy that he has established a permanent home here in Duxbury and will continue his painting and sketching along our beautiful highways and byways.

Mrs. John B. Hebbard has been selected to teach drawing in the public schools during one day each week of the present year.

Shortly before the end of the year ill health forced Mr. Glover from his duties in the High School. For sixteen years, as custodian of the building, he has been the first to arrive on the job in the morning and the last to leave at night. With a conscientious, discriminating eye he had kept our school almost spotlessly clean, he had detected every weakness in structure, and wherever possible corrected the defects by his own skill and energy. He always attended to proper heating and ventilation, and he seemed always on hand to fill the many requests of the teachers or to run the innumerable errands that develop in a school building. But, Mr. Glover was more than just a janitor. His strength of character, his keen

intelligence, his generosity, his gentle courtesy, veiled by a humble demeanor, brought to him the respect and admiration of every teacher and pupil who came into the school during the past sixteen years. He was the living example of what every honest person hopes, in his heart, to be. His influence was great, but it was always good. His absence has left a void that cannot be filled, and while we are happy that he is resting comfortably at home, yet we look forward to the day when he will have the strength to be with us again.

As was anticipated in my report for the year 1942 the school lunch program had to be reorganized. W.P.A. assistance ceased to exist on April 1st. and after May 1st, surplus commodities were no longer available. We did continue to receive a small subsidy on milk and on certain fresh vegetables used. With this subsidy, by increasing the price of each meal to twenty cents and with financial assistance given to the project by the Red Cross, the Yacht Club and the Community Garden Club we were able to continue to serve hot lunches to the children in our schools and close the books for the year 1943 with a small balance showing on the financial statement.

War time conditions seriously affected all extra-curricular activities. The gasoline restrictions prevented an organized schedule of basketball games. Several games were played with nearby schools and we played games with teams from the Coast Guard and other military units whenever possible. For similar reasons and also because of the need of boys for farm labor in the spring our activities in baseball were confined almost exclusively to scrub games.

The Partridge was reduced to four issues and the size of the year book was markedly curtailed.

Student Council activities have increased, with particular emphasis being placed on the sale of war saving stamps or bonds. We received the "Schools at War" flag and have retained the right to fly it almost continuously at both the High School and the Tarkiln School.

The Senior rClass play, "Summer Rash", met with unusual success this year. It was played before a full house on December 17th. and was a credit to the school, the senior class and to the teachers who did the coaching.

The Parent-Teacher Association gave the annual Christmas assembly to all the school children on Thursday afternoon, December 23rd. Mrs. Olive Gentry served as entertainer and gave most interesting interpretations of "Alex's Bear Story", and "The Blue Bird."

Shortages of material and labor prevented the carrying out of extensive renovations or repair during the year 1943. Some painting was done to the interior of the Point School and Venetian blinds were installed. At Tarkiln much difficulty had been experienced for several years in heating the north classroom. Additional storm windows were purchased and rock wool insulation was laid over the ceiling. The wood work of all classrooms in the high school building was given a treatment of wax stain for the first time since the building was constructed. Every square inch of every room in every school house received the thorough cleaning that has characterized the maintenance in the past.

In anticipating our needs for another year we must recognize the fact that we may still be hedged in by the wall of shortages. Fortunately all our buildings and equipment are in a good state of repair and may go on some time without further attention.

There is real need for better accommodations for both the home making and the manual arts classes. With the expansion of the lunch program, domestic science classes have been pushed out of the laboratory into the dining room. While this location affords sufficient space to work, it does not offer any other advantage so necessary for inspirational or enthusiastic interest of the girls. As a remedy for this situation I suggest that the building next to the cable office, once occupied by the Red Cross, be bought and moved to a place near the rear entrance to the present kitchen. The building could be refitted as a very practical domestic arts laboratory at comparatively small expense. There may be also a possibility of correcting the congestion in the manual arts department through similar treatment.

In conclusion I wish to quote two paragraphs from a book entitled "Liberal Education", by Mark Van Doren.

"The child knows when he is being bullied by the reason of his elders. It is something with which he cannot cope, although he understands that it is being used to force him unto unnatural roles. He is given the morning news, for instance, and asked what he would do if he were Winston Churchill, or he is elected to some imitation league, some mock conference, and watched to see whether he will behave like the man he of course is not. For the teacher thus to assume in pupils experience which nothing could have given them is a crime against the very reason that is growing in them but wishes now to be left intact. The elementary pupil, quite as much as the liberal student, wants to do what he can do, and this is to advance the world's knowledge. It is to catch up with as much of it as can be understood. The child, even more than the young man, is set for permanent studies. His job is not to under-

stand whatever world may flash by at the moment; it is to get himself ready for any human world at all."

"The most painful thing about contemporary American education is the system of "vocational choice" which extends down as far as the high schools. In college this would be an evil, and in fact it is; but even the high school student is nagged until he declares what he wants to do when he grows up. The boy who knows that much about himself is one out of a thousand. The rest pretend they know; and from that moment are channeled towards a life which they may not discover to be the wrong one until they are middle-aged. All men are specialists at last, but there is a time for choice and it is not the time of youth. Youth wants to be all things at once, and should be given a go at it. When the experiment is done, a specialty will announce itself. Meanwhile there is not the hurry we suppose there is—and so supposing, threaten our society with a caste system of predestined trades and professions such as a democracy may find it difficult to survive."

Respectfully submitted,

GEORGE E. GREEN.

## Report of Drawing Supervisor

---

Mr. George E. Green  
Superintendent of Schools

Dear Sir:

The teaching of drawing, to date, has been partly the problem of finding out what the children know about drawing, how observing they are of things about them, what skill they have in executing problems and how well they can follow directions.

The objective has thus been set up. I wish to get children interested in Art, to develop good taste in Art, so they will select the right lines, shapes and colors when selecting their own belongings and gifts. They should also develop an ability to create from their own minds drawings that express beautiful ideas of their own, in pictures or designs. They should learn to know why things are drawn in a certain way and to tell upon looking at a drawing, whether it is correctly drawn or not. They should also learn to use their Art at home and to help the community.

With these things in mind we have started in the 1st., 2nd., 3rd., and 4th., grades to know the six standard colors. Illustrations were drawn using the rainbow in crayon. Next they colored a sky in darker blue at the top than near the horizon, that blue and green make things look distant and red, orange and brown make things look nearer. They also learned that things are darker and

have more detail near us than far away from us. Next we put in roads and telephone poles and fences receding in the distance giving them an idea of perspective. Next came the trees and the way they grow, doing autumn trees in color last. Yellow flowers and autumn leaves were then studied and after that we drew flowers on the daisy type. These were used afterwards as a base for making conventional designs. We also designed stripes of different colors and widths suitable for difference of choice and uses, (dresses, awnings). By this time it was the week before Thanksgiving, so they learned how to draw turkeys, free hand, and in color,

In December we worked on Christmas cards and pictures (imaginary) of Christmas trees. They also learned how to paint Christmas greetings neatly and correctly. The Red Cross requested nut baskets for the hospitals where wounded soldiers were hospitalized. These were made in Christmas designs and the children also made them for themselves. Several hundred were made in the different grades as Duxbury's contribution. The last lesson was making the face of Santa Claus in crayon and cotton batting on a Christmas card.

### *Fifth Grade*

Sky, land, roads, poles, fences.

Trees in pencil, elm, maple, apple.

Autumn trees in color.

Yellow flowers—daisies.

Foreshortened circles in cylinders, cones, tumblers, cake dishes.

Foreshortened rectangles in blocks — strawberry boxes—both paralleled and turned.

Christmas cards and printing.

Christmas nut boxes for Red Cross.

*Sixth Grade*

Same as 5th grade and also still life of fruit and cartoon faces.

Place mats with colored designs to take home for Christmas. Some made as many as ten apiece.

*Seventh Grade*

Same as 6th grade.

The designs they made for their luncheon sets deserve special mention. They were original. Some pupils made three boxes apiece for the Red Cross.

## HIGH SCHOOL

This class is very small and not as satisfactory as the other classes. The last few weeks the girls have seemed more interested and perhaps we will settle down to some good work after all. They have no initiative or originality and hard work is ahead of us here.

We began with trees, went on to foreshortening then started water color. Progress is being made in the water color. We made a few menu cards for the Red Cross. We also did Christmas cards in water color and screening.

Beginning the new term, every other lesson we shall spend on water color and every other lesson on charcoal drawing. Later in the Spring, when we can get out doors we shall try pencil sketching as there are so many fine subjects near the school to work on.

I recommend a double period for the high school class. If not every week, every other week. As it is now, we just get started when it is time to take the bus home. Whether this can be arranged or not, I don't know, but

I think they would do much better with a double period lesson.

From the foregoing it can be seen that we shall try to develop not only skill but understanding and appreciation of Art.

Respectfully submitted,

ELLA BAGOT HEBBERD,

Supervisor of Drawing.

## Report of Music Supervisor

---

To Mr. George E. Green  
Superintendent of Schools

Dear Sir :

The following remarks taken from an editorial, found in one of our school music readers, show exactly what we are endeavoring to do in our music program. It states "The editors of these books realize that very few children become professional musicians. For the great majority, music study is to be justified primarily as an important factor in making human life more satisfying, taught for the joy which it brings into the lives of many, not merely as a means of enabling a few to receive professional training.

A series of books to be used by all the children of all the people must therefore stress that side of music which brings results immediately in aesthetic pleasure rather than with elaborate technical training in preparation for future achievements, and enjoyments. In short, we must give the children, while they are still in school, the joyful experience of hearing and sharing in the rendition of beautiful music."

We have accordingly carefully emphasized song singing with as lovely tone as can be developed, and listening lessons, through selected records, with music appreciation as the general objective.

Many gratifying results are realized, for there is proof that the children are listening to better programs on the

radio, and are continually coming back to school to tell of some composition of music they have heard and recognized as one studied in school.

This year new readers have been provided for the third and fourth grades at the Tarkiln school, and also a splendid set of song books has been given to the seventh and eighth grades. Both sets of books are from the New Universal School of Music Series, by Danrosch, Cartlan and Gehrken. The teachers seem particularly interested in the type of material given them, and are obtaining excellent results.

Respectfully submitted,

MAY B. McCLOSKEY,

Supervisor of Music.

## Educational Adviser

---

Mr. George E. Green  
Superintendent of Schools

Dear Sir:

During the past four years I have organized and administered a guidance program in the Duxbury schools. This program began in a very modest way and each year has seen an expansion. A small private office, one of the stage dressing rooms, was transformed into an attractive, quiet consultation room. It is furnished with a desk, two chairs, and a steel file. On page 33 of the Harvard Survey is a paragraph approving and recommending an expansion of this program.

The purpose of this guidance program is that each child from grade 8 to 12 shall feel that he has a wise, understanding, inspiring, adult friend. The adviser must know each child's name, his family background, his ability or I. Q., his school history of achievement or record, his ambitions, his interests, his general health, his friends, his psychological adjustment to his environment. After recording and storing up all this information the adviser must blend it with her own knowledge and experience and give help, understanding and inspiration for the present, the immediate future and the distant future. About half of my time is spent talking individually with the pupils. Every child from grade 8 to 12 has at least one scheduled interview with me per year. Additional interviews may be arranged at any time at the pupil's,

Mr. Green's, any teacher's or parent's request. These interviews take about 20 minutes each. With a new pupil I like to spend one or two periods. Failures are investigated two or three times a year.

Half of the remaining time is spent keeping complete records of each individual including the gist of each interview, changes in plans, and notes on development from year to year. Notes of jobs, schools and colleges of graduates and any information about drop-outs is recorded. There are many conferences with teachers and Mr. Green. Programs are planned and checked with the individual pupil. Interest Tests are administered, corrected, interpreted and recorded for juniors and aptitude tests, for 8th graders.

Two responsibilities of the former assistant principal are now carried on by the educational adviser. One is the keeping of the Permanent Record Books in Mr. Green's office. The current book has a page for each pupil from the seventh grade up and all marks in all subjects are recorded in this book at the same time that the report cards are made out. When a pupil leaves Duxbury High School his page is transferred to the non-current book. The other responsibility is to act as Mr. Green's representative and one of three faculty advisers to the Student Council. While the Student Council has little to do with guidance, it does give me an opportunity to know the members better.

The Student Council has the following functions, under the able leadership of Ann Harvey, president this year:

1. School Morale.
2. Sale of Defense Stamps.

3. Athletic Association.
  - (a) Sale of Ice Cream in the Lunch Room.
  - (b) Sale of Basketball tickets.
  - (c) Purchase of boys and girls basketball suits.
  - (d) Purchase of athletic equipment.
  - (e) Payment of referee.
  - (f) Transportation to and from the games.
4. Order in the Lunch Room.
5. Prevention and care of litter on the school grounds.
6. Care of tennis courts and shrub markers.
7. Supervision of athletic equipment.
8. Service Flag and Honor Roll.

Each function has its chairman, committee and faculty adviser. The Student Council meets during the last period, every Monday. The Student Council handles about \$5,000 a year. I feel this responsibility very keenly and I spend considerable time and thought on this organization.

All school children desperately need help and guidance today. I do not minimize the important part the other teachers play in this work of inspiring and guiding the pupils in their class rooms and home rooms, but to give it continuity over the five years from grades 8 to 12, to keep adequate records, give and interpret special tests, to orient the new pupils and to act as "go-between" when there are misunderstandings, the services of a specially trained expert in this field are essential to every school.

Many parents have come to me with their children's educational and personal problems. A few members of the school committee have consulted me and M. Green and I have spent hours together not only discussing individual problems but school problems. Obviously this guidance program has become a vital part of our school system.

Respectfully submitted,

MARGARET K. ELLIOTT,

Educational Adviser.

## Report of School Nurse

---

Mr. George E. Green  
Superintendent of Schools

Dear Sir:

I hereby submit the report of the Duxbury Nurse for the year 1943.

The health program in the schools was assisted and enlarged by the acquisition of two new mechanical devices: the Keystone telebinocular for testing eyes, and the audiometer for testing ears. Since the Keystone tests are more thorough than the Snellen tests formerly used, they are more time consuming. In order not to take up too much of the time of the teachers, whose duty it is supposed to be to test eyes and ears, the nurse is doing the Keystone tests, and the teachers have started doing the audiometer tests. Thus each child will have a thorough vision and hearing test each year, with the exception of some in the first grade who may not know their numbers and thus be unable to take the tests.

Another new procedure was that of the competition for the dental banner in the elementary grades. The banner, as mentioned in last year's report, is awarded each month to the room with the greatest number of children who brought in 100% certificates from their dentist. Honor rolls are kept, and the banner joyfully received each month by the winners. This has proved so valuable in stimulating proper care of the teeth, and so popular,

that in the fall it was extended to include the fifth and sixth grades, to their evident satisfaction.

In addition to the dental clinic, there was another service growing out of the requests of several parents. These were willing to pay for dental work for their children, but had no means of transportation. The Red Cross Motor Corps rose to the occasion and by June a total of 21 children had had dental work completed with this help, in addition to 14 completed up to that time by the clinic. In the fall it was possible to extend the opportunity of the clinic to eligible children in a few of the grades, as the number of those eligible in the first four grades was smaller than usual.

A class in Red Cross Home Nursing was conducted in the spring by the nurse cooperating with the Home Economics teacher. Eleven certificates were awarded at the end of the course. This is now to be offered as a regular part of the Curriculum to the ninth grade Home Economics girls, and a second class was started in December.

As the Well-Baby Clinic is sponsored by the Duxbury Parent-Teacher Association, it seems proper to mention it here as one of the nurse's activities. After having been laid down for the duration, the clinic was successfully revived in July in answer to a definite need, and is now being held regularly every two months.

The more or less routine duties of the nurse have been carried out as usual. These include monthly inspection of the children in the elementary grades, and assisting with their monthly weighing; assisting with physical and dental examinations in the fall; selecting and obtaining admission of three children to the Bailey Health Camp for the summer; assisting with the tuberculin testing and

follow-ups; and assisting with the preschool clinics in the spring. These include physical and psychometric examinations on each child who is to enter school, and a large proportion of the nurse's time during this period is spent taking histories and making appointments.

In October your nurse attended in Boston on Institute on "The Health of the School Child in War Time". In the course of the program, your nurse presented a fifteen-minute discussion on "The Problems of a School Nurse doing a Generalized Program in a Rural Community". Many helpful and useful suggestions came out of this series of meetings; and it has been gratifying to note the enthusiastic response from the teachers to a few of these suggestions which the nurse has tried out, thus making toward a cooperative health program.

There are a number of acknowledgements to be made this year, so that it seems best to do them all together. We wish to thank the following:

Duxbury Salvage Committee and Duxbury Nurse Association for funds for the Keystone telebinocular.

Red Cross Motor Corps for assistance with dental appointments.

Duxbury Nurse Association for funds for dental work and tonsillectomy also for Chase doll loaned to Home Nursing Class.

Duxbury Salvation Army Committee for funds for dental work.

Tuberculosis Seal Sale Fund for equipment and board of three children at Bailey Health Camp.

Mr. George E. Green for his perseverance in procuring the audiometer, and his cooperation in demonstrating it to the teachers.

Dr. W. O. Dyer for donating the dental honor rolls and banner.

As we look ahead to next year, we hope to have again the services of the Red Cross Motor Corps as described above, as well as continuing our improved program for testing the eyes and ears. A health exhibit is planned for Commencement time to show more graphically the school health program. Finally the nurse would welcome having conferences with the parents at any time either at their homes or at school, for the best kind of school health program is of necessity one of cooperation between the parents, the teachers, and the nurse.

Respectfully submitted,

SUSAN E. CARTER, R. N.,

Duxbury School Nurse.

## Report of School Physician

---

To Mr. George E. Green  
Superintendent of Schools

Dear Mr. Green:

The usual Pre-school Clinic was held in June. At this clinic physical examinations, psychiatric examinations, and small pox vaccination was carried out on the children who were to enter the first grade this fall.

All the pupils received a physical examination in the fall. Where defects were found, the parents were notified. Dental examinations were carried out at the same time.

We are proud of the two pieces of equipment acquired during this year—a method of properly examining the pupils' eyes for visual defects, and an audiometer for accurate testing of hearing.

I now feel that the Health Program is fully developed for the present needs of the schools.

Respectfully submitted,

C. H. KING, M. D.

## Report of School Dentist

---

Board of Health  
Duxbury, Massachusetts

The regular school dental health program, consisting of Examinations, Dental Clinic Services and Dental Education, was carried on with considerable progress throughout the school year.

The fundamental objectives of the School Clinic are to stimulate proper dental health habits and encourage regular visits to a dentist for treatment and advice.

The project of competing for the banner awarded monthly to the school room having the largest number of children who have received 100% cards from their dentists, has worked successfully to create a desire for dental care and to encourage better health habits.

Because the children had the services of the school dentist throughout the school year, the dental work was not only completed in the lower grades, but extended into the upper grades as well.

Aside from examinations of all school pupils, the following dental work was completed:

- 36 Prophylaxis
- 82 Amalgam fillings
- 18 Cement bases
- 32 Cement fillings
- 68 Extractions
- 52 Injections of novacain
- 11 Treatments.

Respectfully submitted,

WILLIAM O. DYER,  
School Dentist.

## Report of Parent-Teacher Association

---

In the development of a strong, democratic school system there is much need for close cooperation between the schools and the community. The purpose of the Duxbury Parent-Teacher Association is to further such cooperation. This past year the program has been to furnish to the community an explanation and discussion of the survey of the Duxbury schools made by the Harvard group last year, and adopted by the School Committee as a plan for the development of the school system.

To give the background of the survey, to summarize its findings and to answer questions about it, Professor William H. Burton of Harvard spoke at the October meeting which followed the reception to the teachers and the membership supper. At the November meeting Mr. George E. Green, Superintendent, discussed the survey and outlined the progress being made in carrying out its recommendations. The members of the School Committee spoke in December describing and explaining the educational policy of the Committee and their plans for the further improvement of the schools. At the January meeting eight members of the school staff discussed the aims and needs of the Duxbury schools. This completed the series of programs directly related to the survey, a series which has furnished to the townspeople a well-rounded picture of education in Duxbury.

Before each of these meetings, the P. T. A. sent to all Duxbury residents circulars describing the programs in order to give more publicity to the work being done by

the school department. A paid membership of one hundred and twenty-five and an average attendance of one hundred and fifty indicate that there is general interest in the schools, what they are doing now and what they can do in the future.

Through the P. T. A. visits have been arranged to schools in Hingham and Norwood and parents have had an opportunity of observing for themselves methods and practices of other school systems.

A committee of room-mothers has organized informal meetings of parents and teachers in the different sections of the town. The friendly spirit and discussion at these meetings brings about a better understanding of children and their problems.

Well child conferences sponsored by the association have been held under the direction of Dr. King and Miss Carter.

At Christmas time an entertainment was provided for all the Duxbury school children at the High School.

Respectfully submitted,

ALICE H. GARSIDE,

President.

Simmons, John	Salesman	Franklin Street
Tammett, Harry A.	Salesman	Chestnut Street
Tinker, Harry L.	Retired	St. George Street
Wirt, Herbert C.	Plumbing Cont'r	Bay Road

## Report of Selectmen

---

To the Citizens of Duxbury:

Your Board of Selectmen are pleased to submit the Ninety Second Annual Town Report.

Nineteen hundred and forty-four has been an exceptional year. Weather records have been broken, and the weather has been directly responsible for considerable expense to the town.

With the exception of the emergencies caused by drought and hurricane, the various departments have proceeded on a curtailed basis.

We have succeeded in making a start on the beach at Cove Street. In spite of the difficulties encountered, we have a small beach that was used a great deal last summer.

The prolonged "dry spell" kept the Forest Warden's department on the "alert" for the entire summer. Despite the vigilance exercised by this department, a serious fire occurred at West Street, burning over several acres.

In September we were visited by a tropical hurricane. This storm caused untold damage to the beauty of the roadsides by destroying many old trees. The damage at Mattakeeset Court was also quite extensive, and the Town Landing Appropriation should be substantially increased to take care of the damage to the landing and pier.

Mr. Eben H. Ellison's gift, (for the purpose of improving and protecting the beach at Somerville Avenue, which he had previously given to the town), was a most welcome one, as the storms have caused much of the upland to be washed away. We were able to retain the equipment used in removing the stumps along the roadsides, for carting and placing the stone for a retaining wall to prevent any further erosion at this point.

Enforcement of the provisions of the Protective By-law has presented several problems, but it is clearly beneficial to the town. The Appeal Board has been active most of the time since its inception. We appreciate the spirit of cooperation shown in most cases where difficult situations have been presented to us. The Police Department has been most helpful in checking new construction.

There have been requests for additional street lighting in the outlying districts. We believe these requests should be granted.

We have given some study to the method of compensation for the various town officials. We believe the salaries should more adequately compensate for the actual time involved. The pay roll of the Selectmen and Assessors should be revised in favor of the Assessors. We have made adjustments in the Police and Highway Departments, which brought about increases in other departments.

The petition brought by Mr. H. E. Merry against the Town for a pension, was dismissed by Judge Warner of the Superior Court on the ground that the service rendered by Mr. Merry did not constitute "service" within the meaning of the word as used in G. L., Ch. 32, Sec. 58.

Because of the increased area of land acquired by the Town in recent years, we suggest that a Park Commis-

sion, consisting of three persons, be named to direct the development of public property. The grounds at the Town Hall, the old Almshouse, the Abbott property, the town forest, and other public grounds, should be kept in a presentable condition.

We recommend that the budget of the Tree Warden's department be increased to enable the Tree Warden to render a more adequate service to the Town.

As we do every year, may we again remind you that the budget submitted by the Selectmen, acting as Finance Committee, contains the lowest possible amounts with which the various departments can carry out their obligations to serve the public in a satisfactory manner. Any substantial increase will directly affect the tax rate.

Respectfully submitted,

PHILIP W. DELANO, Chair.  
CHARLES R. CROCKER  
WALTER G. PRINCE

Selectmen of Duxbury.

## Report of Town Accountant

---

Following is a statement of all receipts and expenditures of the Town of Duxbury for the financial year ending December 31, 1944, in accordance with Chapter 41, Sec. 61, General Laws.

MARY E. GREENE,  
Town Accountant.

---

## Report of State Auditor

---

To the Board of Selectmen

Mr. Philip W. Delano, Chairman

Duxbury, Massachusetts

Gentlemen :

I submit herewith my report of an audit of the books and accounts of the town of Duxbury for the year ending December 31, 1943, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,

Director of Accounts.

TNW:CAH

---

Mr. Theodore N. Waddell

Director of Accounts

Department of Corporations and Taxation

State House, Boston

Sir :

As directed by you, I have made an audit of the books and accounts of the town of Duxbury for the year ending December 31, 1943, and submit the following report thereon :

The financial transactions as recorded on the books of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined and reconciled with the reports and records in the office of the town accountant.

The town accountant's ledger was analyzed, the receipts being checked with the treasurer's books and the payments being compared with the warrants authorizing them and with the treasurer's records of payments.

The appropriation accounts were checked with the town clerk's records of town meeting proceedings and the recorded transfers from the reserve fund were verified. A trial balance was taken off, proving the accounts to be in balance and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1943. An examination of the appended balance sheet shows the financial condition of the town to be excellent.

The books and accounts of the town treasurer were examined and checked in detail. The receipts, as recorded, were analyzed and checked with the records of the several departments collecting money for the town and with other sources from which money was paid into the town treasury. The payments were compared with the selectmen's warrants authorizing the treasurer to disburse town funds.

The cash book additions were verified and the cash balance on January 31, 1944, was proved by actual count of the cash in the office and by reconciliation of the bank balances with statements furnished by the banks of deposit.

The payments made for maturing debt and interest were compared with the amounts falling due and with the cancelled securities on file.

The savings bank books and securities representing the investment of the trust funds in the custody of the town treasurer and the Plymouth Five Cents Savings Bank were examined and listed, the income being proved and the transfers to the town being verified.

The records of tax titles held by the town were examined and the taxes transferred to the tax title account were compared with the collector's records. The payments to the treasurer were verified and the outstanding accounts were listed and proved.

The books and accounts of the tax collector were examined and checked. The taxes outstanding at the time of the previous examination, as well as all subsequent commitments, were audited and compared with the assessors' warrants issued for their collection. The payments to the treasurer were verified, the recorded abatements were checked with the assessors' records, and the outstanding accounts were listed and proved.

The records of departmental accounts receivable were examined and checked. The commitments were proved, the payments to the treasurer were verified, the abatements were compared with the records in the departments authorized to grant abatements, and the outstanding accounts were listed and proved.

The outstanding tax and departmental accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the

town, and from the replies received it appears that the accounts, as listed, are correct.

The records of licenses and permits issued by the selectmen, town clerk and the police and health departments, as well as those of all other departments collecting money or committing bills for collection, were examined and checked, the reported payments to the treasurer being verified.

The surety bonds of the various town officials required to file them were examined and found to be in proper form.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, tax title, and departmental accounts, together with tables showing the condition and transactions of the trust funds.

For the co-operation extended by the various town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.

HBD:CAH

## Report of Town Meetings

---

### ANNUAL TOWN MEETING, MARCH 4, 1944

The meeting convened at 1:00 o'clock, P. M. and the warrant was read by the Town Clerk.

Under Article 1, voted unanimously, that the Town Clerk deposit one ballot for Harry B. Bradley for Moderator, which was done, and Harry B. Bradley was declared elected Moderator.

The Tellers, Charles C. McNaught, Harry A. McNaught and Robert I. Tower were sworn by the Moderator.

There being no objection, the Moderator declared that petitioners on any article in the warrant should be given opportunity to speak on question being voted upon before the article is tabled, as in previous years.

Under Article 2, it was voted that the appointment of necessary officers not chosen by ballot be left in the hands of the Selectmen.

Under Article 3, it was voted that the report of the various Town Officers and Committees be accepted as printed in the Town Report.

Under Article 4, it was first voted, that the compensation of the elected Town Officers be the same as last year. Later in the meeting, it was voted (124 yes—3 no) to re-

consider this Article and voted that the compensation of the elected Town Officers with the exception of the Town Treasurer be the same as last year, and voted, unanimously that the Town Treasurer's salary be increased \$600.00.

Under Article 5, voted to raise and appropriate as follows:

Duxbury High School Loan	\$5,000.00

Playgrounds	300.00
Shellfish Department	1,900.00
Planning Board	200.00
Duxbury Free Library	1,500.00
Committee on Public Safety	500.00
Rationing Board	300.00

On motion made and seconded it was voted unanimously that the Town Clerk be directed to convey to Edward S. O'Neil, Superintendent of Streets, the citizens' appreciation of his long and faithful service in their behalf, their deep sympathy during his illness, and their earnest hope for his speedy recovery.

Under Article 6, voted, unanimously, to raise and appropriate the sum of \$300.00 to be expended under the

direction of Myles Standish Camp, No. 115, S. U. V. C. W., for the observance of Memorial Day.

Under Article 7, voted, unanimously, that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1944, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44, General Laws.

Under Article 8, voted, unanimously, to raise and appropriate for the use of the Plymouth County Trustees for the County Aid to Agriculture, the sum of \$100.00 and chose Ernest W. Chandler, Town Director.

Under Article 9, voted, unanimously to apply the dividend from the Plymouth County Dog Fund in the amount of \$588.51, to the support of schools.

Under Article 10, voted, unanimously to raise and appropriate the sum of \$40.00 for the care and decoration of Boomer Square, work to be done under the supervision of the Cemetery Department.

Under Article 11, voted, to appropriate to the Cemetery Department the sum of \$200.00 now in the hands of the Town Treasurer.

Under Article 12, voted, unanimously, to appropriate \$2,000.00 to the Reserve Fund from the Overlay Reserve Fund.

Under Article 13, voted, unanimously, to appropriate from the Excess and Deficiency Account a sum not to exceed \$20,000.00 to be used to reduce the tax rate.

Under Article 14, voted to authorize the Selectmen to sell after first giving notice of the time and place of sale by posting such notice of sale in some convenient and public place in the Town fourteen days at least before the sale, property taken by the Town under tax title procedure, provided that the Selectmen or whomsoever they may authorize to hold such public auction, may reject any bid which they deem inadequate.

Under Article 15, voted, unanimously, to raise and appropriate the sum of \$100.00 for the use of the Town Treasurer for foreclosing the rights of redemption on tax titles.

Under Article 16, voted, unanimously, to raise and appropriate the sum of \$104.80 to pay unpaid bills of 1944.

Under Article 17, voted, unanimously, to raise and appropriate the sum of \$200.00 for payment of expenses incurred in public use of the High School Auditorium.

Under Article 18, voted that the Town authorize the Assessors to employ an expert to appraise the property of the Brockton Gas Light Company located within the Town; and to employ counsel to represent the Town of and when proceedings are brought by said Company to abate any tax assessed on said property and voted, unanimously, to raise and appropriate the sum of \$300.00 therefor.

Under Article 19, voted, unanimously, to transfer from available funds in the treasury, \$25,000.00 for the purchase of war bonds or other bonds that are legal investments for savings banks, in order to establish a postwar rehabilitation fund, in accordance with the provisions of Chapter 5, Acts of 1943.

Under Article 20, voted, unanimously, to raise and appropriate the sum of \$185.50 to pay contributions to Contributory Retirement systems on account of members thereof in the Military or Naval Service, as provided in Chapter 708 of the Acts of 1941 as amended.

Under Article 21, voted that the Moderator appoint a committee of seven to investigate the school housing situation and report at the next annual meeting. This committee to consist of one member of the School Committee, one member of the Board of Selectmen, one member of the Planning Board, one member of the Parent Teachers Association and three citizens of the Town.

Under Article 22, voted that the Town authorize the Selectmen to rehabilitate the Town Landing at Cove Street, making it suitable for bathing, and voted, unanimously, to raise and appropriate \$400.00 for same.

Under Article 23, voted that the Town authorize the Selectmen to give a deed to Mabel B. Moses releasing to her all its right, title and interest, if any, in the property assessed to said Moses located on Washington Street and described in a deed to the Town of Duxbury by its Tax Collector dated June 26, 1882, recorded in Plymouth County Registry of Deeds, Book 481, page 160.

Under Article 24, voted, unanimously, that the Town accept as a gift from Mr. Eben H. Ellison a deed to the upland and beach lying easterly from Washington Street near Somerville Avenue and more particularly described as follows:

Northeasterly by land now or formerly of Herbert W. Wadsworth; southeasterly by low water mark in Duxbury Bay; southwesterly by land now or formerly

of Augustine E. Walker; and northwesterly in part by land now or formerly of Schuler-Schutz and in part by land now or formerly of Hattie B. Chandler; together with all right, title and interest in and to Somerville Avenue as shown on a plan entitled: "Plan of Division of Property in Duxbury owned by I. L. Rich", dated 1893 and recorded with Plymouth County Registry of Deeds in plan book 1 page 9; and also all right, title and interest in and to the strip of land sixteen (16) feet in width leading easterly from Washington Street designated on said plan as a lane; and all other rights, title and interest in the tract of land shown on said plan.

The grantor reserves the right, at any time within one year from the date of this deed, to tear down and remove all buildings standing on said premises.

Said premises are conveyed subject to the restriction that they shall be used only for recreational purposes and be restricted to the use of the residents of Duxbury and their guests; and to the further restriction that no pier shall be erected on said premises.

A note of appreciation was sent to Mr. Ellison for his munificent gift

Under Article 25, voted that the Town instruct the Selectmen to petition the General Court to grant permission to the Town of Pembroke to furnish and sell water to the Town of Duxbury and to the inhabitants thereof, and authorize the Town of Duxbury and the inhabitants thereof to purchase water so sold at a rate or rates to be mutually agreed upon by the Water Commissioners of Pembroke and the Selectmen of Duxbury, or, in case of their failure so to agree, as fixed by the Department of Public Utilities; in case of sale, the Town of Pembroke to deliver the water at the boundary line between it and

the Town of Duxbury, or at a point as conveniently near as may be agreed upon between said towns, acting by their respective boards of Water Commissioners and Selectmen.

Under Article 26, Mr. F. H. Pratt made a motion to amend the Proposed Protective By-Law by adding after the word "districts" at the end of Section 2 the words "except that part of Duxbury Beach, the land, now or formerly of the Ocean Telegraph Company (known as Rouses Hummock) and the northerly boundary of the property of the Trustees of the Duxbury Beach Association covered by Land Court Case No. 7740 shall be a business district," so that the last sentence of Section 2 will read "All parts of the town not shown by said details are to be treated as residence districts, except that part of Duxbury Beach between the land, now or formerly of the Ocean Telegraph Company (known as Rouses Hummock) and the northerly boundary of the property of the Trustees of the Duxbury Beach Association covered by Land Court Case No. 7740 shall be a business district." Amendment lost (57 yes, 69 no).

The courtesy of the floor was extended to Miss Elizabeth Herlily, chairman of the State Planning Board, and Mr. Ralph H. Coleman of Norwell who spoke in favor of the By-Law.

After considerable discussion, it was voted to accept the Protective By-Law as printed in the Town Warrant. (144 yes, 57 no).

## PROTECTIVE BY-LAW FOR THE TOWN OF DUXBURY, MASS.

---

This By-Law shall be known and may be cited as the Protective By-Law of the Town of Duxbury. It is enacted in order to promote the health, safety, convenience and welfare of the Town.

### Section 1. DEFINITIONS

"Detached one-family house." A detached one-family house is a dwelling accommodating but a single family, and having no party wall or walls in common with an adjacent house or houses.

"Farm." A farm means any tract of land used for the production of crops or the rearing of animals or poultry.

"Front Yard." A front yard is the required open space between the street line and the nearest part of any building on the lot excluding projections.

"Half Story." The term 'half story' shall mean a story in a sloping roof, the area of which at a height four feet above the floor does not exceed two-thirds of the floor area of the story immediately below it.

"Hall." A hall is a room or a building appropriated to the meetings of a fraternal, literary or other incorporated society; and excludes the term 'halls' wherever it appears in Section 3 thereof.

"Lot." A lot is the parcel of land on which a principal building and its accessories are placed together with the required open spaces.

"Projections." Projections shall mean cornices, eaves, gutters, outside chimneys, steps, bay windows and terraces.

"Story of a Building." A story of a building is that part of the building above the basement or cellar and between the top of any tier of floor beams and the top of the tier of floor or roof beams next above.

"Way." A way is a passage, street, road or bridge, public or private, set aside or used as a thoroughfare.

## Section 2. ESTABLISHMENT OF DISTRICTS

(a) Classes of Districts. For the purpose of this Protective By-Law the Town is hereby divided into two classes of districts, to be known as:

1. Residence Districts.
2. Business Districts.

These districts are shown on a map entitled "Map of Town of Duxbury, Massachusetts to Accompany Protective By-Law" dated January 1944, and a copy of said map is on file at the Duxbury Town Office and said map with all its contents is hereby made a part of this Protective By-Law. The general location of business districts is indicated by the smaller circles shown on said map. The details showing more precise boundaries of business districts are shown shaded within the larger circles on said map, with references to the Assessors Map of Duxbury on file as of January 1, 1944. All parts of the town not shown by said details are to be treated as residence districts.

## Section 3. RESIDENCE DISTRICT USES

In a residence district no building shall be erected, altered, used or maintained, and no building or premises shall be used for any purpose except:

- (a) Detached one-family house.
- (b) Private Club not conducted for profit and not containing sleeping quarters for more than four persons.
- (c) Church.
- (d) Educational Use.
- (e) Farm, garden, nursery or greenhouse; also stands for the sale of products raised on the premises, subject to approval of Board of Appeals.
- (f) Municipal recreational use.
- (g) Telephone exchange, not including a service station or outside storage of supplies.
- (h) Accessory use on the same lot with and customarily incident to any of the above permitted uses and not detrimental to a residential neighborhood. The use of a room or rooms in a dwelling for customary home occupation, or home occupations carried on by the person or persons resident therein, shall be permitted as an accessory use, provided that there

be no display or advertising except a sign of not more than two square feet in area. The term 'accessory use' shall not include:

1. A garage for the storage of more than three automobiles.
  2. Storage of more than three commercial automobiles except on a farm.
  3. Advertising signs except those pertaining to the lease, sale or use of a lot or building on which they are placed, and not exceeding a total area of six square feet; provided that on a lot occupied by a dwelling there may be a sign with a total area of not more than two square feet pertaining to the use thereof or bearing a name and the designation of any authorized occupation, and being such sign as is customary on any building used for the purposes permitted by this section.
- (i) Any of the following uses, provided it is not injurious or offensive to the neighborhood, and only if authorized by the Board of Appeals:
1. Alterations, otherwise prohibited, of a dwelling (existing at the time this By-Law is adopted) for two families.
  2. Aviation field.
  3. Cemetery.
  4. Golf Club.
  5. Gravel, loam, clay, sand or stone removal.
  6. Hospital, convalescent home, sanitarium, institution or philanthropic use.
  7. Ice harvesting and storage on the same premises.
  8. Municipal use.
  9. Riding stable.

#### Section 4. BUSINESS USES

In a business district no building shall be erected or altered and no building, premises or land shall be used for any purpose injurious or offensive to the neighborhood by reason of the emission of odor, fumes, dust, smoke, vibration or noise. The following uses shall be permitted:

1. Any use permitted in a residence district.
2. Filling station or garage on approval of the Board of Appeals.

3. Municipal use.
4. Newspaper or job printing.
5. Office or bank.
- 6 Place of amusement or assembly.
7. Restaurant or hotel.
8. Retail business, service or public utility not involving manufacture on the premises except of products the major portion of which is to be sold at retail by the manufacturer to the consumer and provided further that not more than ten operators shall be employed in such manufacture.
9. Sign advertising goods or service offered by an occupant of the premises for sale, hire or use.
10. Trailer camps and/or over-night camps on approval of the Board of Appeals.
11. Storage of junk for commercial purposes on approval of the Board of Appeals.

#### Section 5. NON-CONFORMING USES

- (a) Continuation of non-conforming uses. Any building or use of a building, structure, land, or part thereof, existing at the time this By-Law is adopted may be continued, although such building or use does not conform to the provisions thereof, except as provided in (b) of this section, and provided such use has not been discontinued for a period of three years, exclusive of a time of war emergency.
- (b) Limitation on Restoration. A non-conforming building which has been damaged or destroyed may be repaired or rebuilt, but the restoration shall not substantially exceed the original area and height and shall be placed no nearer the street than the building which it replaces.

#### Section 6. HEIGHT REGULATIONS

- (a) Residence district heights. In a residence district no building shall be erected or altered to exceed two and one-half stories in height.
- (b) Business district heights. In a business district no building shall be erected or altered to exceed two and one-half stories in height.

- (c) Height exceptions. Chimneys, elevators, poles, spires, tanks, towers and other projections not used for human occupancy may extend a reasonable height above the height limits herein fixed, subject to the approval of the Board of Selectmen or an inspector who may be appointed by them.

## Section 7. AREA REGULATIONS

- (a) Front yards. In a residence district where the way is forty or more feet in width no building or roadside stand shall be erected or placed within twenty-five feet of the way line. Where the way is less than forty feet in width the building or stand shall be placed not less than forty-five feet from the center of the way. Where present buildings on adjoining lots are less than twenty-five feet from the way line, new buildings may be placed as near the way line as the average of the buildings on said adjoining lots. A vacant lot shall, for this purpose, be treated as though occupied by a building set back twenty-five feet.
- (b) Side and rear yards. In a residence district no dwelling shall be built within ten feet of the side or rear lot line, and no other building within five feet of such lines.
- (c) Lot size. In the residence district no building shall be erected or maintained on a lot of an area of less than 20,000 square feet or of a frontage upon the way upon which it abuts, or upon the set-back line, if any, of such way, of less than one hundred feet.

This paragraph shall not apply to a building in existence when this By-Law becomes effective, provided the lot upon which it stands is not subsequently diminished in area or width of frontage nor shall it apply to a lot described in a deed, or shown on a plan, duly recorded in the Plymouth County Registry of Deeds when this By-Law becomes effective, provided that if at such time there was other contiguous land of the same owner which might be used in connection with such lot, such land shall be so used to the amount required to constitute a lot of the area and frontage prescribed in this paragraph, and such lot shall not subsequently be diminished in area or frontage below the requirements herein stated. In the case of any lot so described or shown in said Registry of Deeds to which there is not sufficient other land of the same owner contiguous

and capable of use to constitute a lot of the area and frontage prescribed in this paragraph, the owner may erect and maintain one, but not more than one building, other than accessory buildings, on such lot.

- (d) **Corner Clearance.** Within the area formed by the lines of intersecting ways and a line joining points on such lines fifteen feet distant from their point of intersection, or in the case of a rounded corner, the point of intersection of their tangents, no structure other than a building, and no foliage, shall be maintained between a height three and one-half feet and a height of eight feet above the plane through their curb grades.
- (e) **Projections.** Nothing herein shall prevent the projection of steps, stoops not exceeding thirty square feet in area, eaves, cornices, window sills or belt courses into any required yard.

#### **Section 8. ADMINISTRATION**

- (a) **Enforcement.** This By-Law shall be enforced by the Board of Selectmen, either directly or by an inspector appointed by them; and upon any well founded information as to a violation, the said Board shall take immediate steps to enforce this By-Law in any manner provided by law.
- (b) **Board of Appeals.** A Board of Appeals is hereby established (as provided under Sec. 30, Chapter 40, G. L. as amended) to consist of three citizens of the Town, to pass upon matters which may be brought before them. They shall be appointed by the Selectmen for terms of one, two and three years, the term of one member expiring each year. Appointments after the first year are to be for three years.

Vacancies are to be filled by the Selectmen for the balance of any unexpired term. No member shall act in any case in which he may have a personal or financial interest, an associate member being designated in such cases by the Selectmen.

- (c) **Method of Appeal.** Any person aggrieved by a decision of the Selectmen denying him a permit may appeal from such decision to the Board of Appeals created by this By-Law.
- (d) **Public Hearing and Notice.** In the case of every appeal made to said Board and of every application for permit

or variance made to it under the provisions of this By-Law, the Board of Appeals shall hold a public hearing to consider the appeal or application in question and shall cause a notice thereof to be published in the local newspaper or on the Bulletin Board in the Town Office Building not less than ten days before the date set for said hearing and shall cause a copy of the notice to be sent by registered mail to all abutting land owners as shown by the records of the Assessors of the Town of Duxbury and to and other person, or persons who, in the opinion of the Board of Appeals, may be interested in said application or appeal.

- (e) Variance. At all times hereafter, after giving notice and holding a public hearing in the manner provided by this By-Law, the Board of Appeals may authorize with respect to a particular building or parcel of land a variance from any of the terms of this Protective By-Law where, owing to conditions especially affecting said building or parcel, but not affecting generally the district in which it is located, a literal enforcement of the provisions of this By-Law would involve substantial hardship to the owner of said building or parcel, and where desirable relief may be granted without substantial detriment to the public good and without substantial derogation from the intent or purpose of this By-Law, but not otherwise.
- (f) Court Appeal. Any person aggrieved by the decision of the Board of Appeals may appeal to the Superior Court sitting in equity for Plymouth County provided that such appeal is filed in said Court within fifteen days after such decision is recorded.
- (g) Amendment. This By-Law or any portion thereof may be amended by a two-thirds vote of any annual Town meeting.

## Section 9. PENALTIES

The invalidity of any section or provision of this By-Law shall not affect the validity of any other provision thereof.

This Protective By-Law shall not interfere with or annul any By-Law or other law in effect in the Town of Duxbury.

So much of this Protective By-Law as is approved by the Attorney General shall take effect upon its publication as required by law.

Immediately following Article 26, a recess of ten minutes was declared.

Under Article 27, voted, unanimously, to raise and appropriate the sum of \$100.00 to acquire information regarding the growth of ragweed within its limits and to do such things as are necessary to suppress, eradicate and destroy ragweed, under the supervision of the Tree Warden's Department.

Under Article 28, voted to accept Section 100a of Chapter 41 of the General Laws which provides as follows: "A city which accepts this section by vote of its city council subject to the provisions of its charter, or a town which accepts the same by vote of its inhabitants at an annual town meeting, may, after an appropriation has been made therefor, indemnify an officer or employee thereof for expenses or damages incurred by him in the defense or settlement of a claim against him for bodily injuries, including death at any time resulting therefrom, or for damage to property, arising out of an operation of a motor vehicle or other vehicle owned by such city or town, to an amount not exceeding \$5,000 on account of injury or death of one person, or not exceeding \$1,000 on account of damage to property; provided, that after investigation it shall appear to the mayor or selectmen that such officer or employee was at the time the claim arose acting within the scope of his official duties or employment, and provided, further, that the defense or settlement of such claim shall have been made by the city solicitor or the town counsel, or, if the town has no town counsel, by an attorney employed for the purpose by the selectmen, upon the request of said officer or employee and at the direction of the mayor or selectmen. This section shall not apply in respect to so much of a claim against an officer or employee as is covered by a policy of insurance effected by

the city or town under clause (1) of Section 5 of Chapter 40."

Under Article 29, voted that the Town instruct the Selectmen to relocate a section of Union Street near the intersection of Congress Street for the purpose of eliminating a dangerous curve.

Under Article 30, voted, unanimously, to raise and appropriate the sum of \$4,240.00 for the purchase of fire apparatus for the Forest Fire and Fire Departments. (113 yes—0 no.)

Under Article 31, voted, unanimously, that the Town raise and appropriate the sum of \$3,000.00 for the use of the School Committee to provide quarters for a Home Economics course using buildings belonging to the Town, the Island Creek School house or Partridge Academy, and try to have same ready for the Fall term.

Under Article 32, voted that the Town accept Section 3A of Chapter 115 of the General Laws which provides as follows: "In a city or town which has duly accepted this section, no almoner or member of the Board of Public Welfare, or officers performing similar duties, or any agent of any of them, shall directly or indirectly act as agent or disbursing officer of the aldermen or selectmen for the payment of state or military aid or soldiers' relief; provided, that this section shall not operate to prevent selectmen in towns who are also members of Boards of Public Welfare from acting in their capacity as selectman or through an agent acting for the selectmen."

Under Article 33, voted, unanimously, to raise and appropriate the sum of \$500.00 for the purchase of a police radio.

Under Article 34, voted, unanimously, to raise and appropriate the sum of \$250.00 for the maintenance of the Honor Roll, and to continue the present committee.

Under Article 35, voted that the terms of office of the members of the Welfare Board be changed from one to three years in the manner provided in Sections 1 and 2, Chapter 41 of the General Laws.

Voted that the Moderator be extended a vote of thanks for his gracious and courteous conduct of the meeting.

At 6:00 P. M. voted to adjourn.

J. T. C. JONES,

Town Clerk.

---

Under Article 21, the following Committee on School Housing was appointed by the Moderator:

Philip W. Delano	Board of Selectmen
Kenneth G. Garside	Board of School Committee
Percy L. Walker	Planning Board
Warren G. Wentworth	Parent Teachers Association
Stephen A. Reed	
Howard M. Clark	
Edgar Davis	

## Election of Officers, March 11, 1944

---

The polls were opened at 7 o'clock, A. M.

The following additional Tellers were appointed by the Selectmen and were sworn by the Moderator: Rodney W. Leach, Frank H. Williams, Mrs. Helen F. Dawes and Frances R. Covell.

At 7:30 o'clock, P. M. it was voted to keep the polls open until 8 o'clock, at which time the polls were declared closed. The ballot-box, after the absent ballots were deposited, indicated, 1199, 177 being absent ballots, and 1199 ballots were taken from the ballot-box.

Following is the result of the balloting for Town Officers:

For Selectman for Three Years:

Charles R. Crocker	1037 Votes
Blanks	162

And Charles R. Crocker was declared elected by the Moderator.

For Assessor for Three Years:

Philip W. Delano	1035 Votes
Blanks	164

And Philip W. Delano was declared elected by the Moderator.

For Members of the Board of Public Welfare for One Year:

Madeline H. Baker	925 Votes
George S. Butler	877 Votes
Carl J. Santheson, Jr.	931 Votes
Charles R. Crocker	1 Vote
Walter G. Prince	1 Vote
Philip W. Delano	1 Vote
Blanks	861

And Madeline H. Baker, George S. Butler and Carl J. Santheson, Jr., were declared elected by the Moderator.

For Town Clerk for Three Years:

Joseph T. C. Jones	1057 Votes
Blanks	142

And Joseph T. C. Jones was declared elected by the Moderator.

For Town Treasurer for Three Years:

Joseph T. C. Jones	1067 Votes
Blanks	132

And Joseph T. C. Jones was declared elected by the Moderator.

For Collector of Taxes for Three Years:

Edwin M. Noyes	1028 Votes
Blanks	171

And Edwin M. Noyes was declared elected by the Moderator.

## For Constables for One Year:

Earl W. Chandler	987 Votes
William J. Murphy	1008 Votes
James T. O'Neil	1011 Votes
Frank E. Phillips	1 Vote
Blanks	590

And Earl W. Chandler, William J. Murphy and James T. O'Neil were declared elected by the Moderator.

## For School Committee for Three Years:

Arline M. Bunten	499 Votes
Kenneth G. Garside	679 Votes
Benjamin F. Goodrich	521 Votes
Herbert C. Wirt	665 Votes
Blanks	34

And Kenneth G. Garside and Herbert C. Wirt were declared elected by the Moderator.

## For Cemetery Trustee for Five Years:

J. Newton Shirley	970 Votes
Blanks	229

And J. Newton Shirley was declared elected by the Moderator.

## For Tree Warden for One Year:

Roy E. Parks	1021 Votes
Ray Parks	1 Vote
Lawrence Glass	1 Vote
Blanks	176

And Roy E. Parks was declared elected by the Moderator.

For member of Planning Board for Five Years:

Oliver L. Barker	971 Votes
Stanley Merry	1 Vote
Benjamin F. Goodrich	1 Vote
Blanks	226

And Oliver L. Barker was declared elected by the Moderator.

Voted to adjourn.

JOSEPH T. C. JONES,

Town Clerk.

## Special Town Meeting, Nov. 17, 1944

---

At 8 o'clock P. M. the meeting was called to order by the Town Clerk and the warrant was read.

Under Article 1, it was voted, unanimously, that the Town Clerk cast one ballot for Harry B. Bradley for Moderator, which was done and Mr. Bradley took the chair.

Laurel B. Freeman and Rodney W. Leach were appointed Tellers and were sworn in by the Moderator.

Under Article 2, it was voted, unanimously, to raise and appropriate the following sums: Schools, \$1,200.00; Highways, \$4,000.00; Forest Warden, \$300.00 and Town Dump, \$100.00.

Under Article 3, voted, unanimously, that the Town accept as a gift from Mr. Eben H. Ellison, two bonds of the Wisconsin Central Railroad 4s of 1949, worth on the market today about \$700.00 each or a total of \$1,400.00, and that the proceeds from the sale of these bonds be spent in a manner to be decided by the Selectmen.

At 8:15 it was voted to adjourn.

JOSEPH T. C. JONES,

Town Clerk.

---

The following Town Officers took the Oath of Office in 1944, being sworn by the Town Clerk:

Charles R. Crocker, Selectman for 3 years.

Philip W. Delano, Assessor for 3 years.

Edwin M. Noyes, Collector of Taxes for 3 years.

Joseph T. C. Jones, Town Clerk and Treasurer for 3 years (Sworn by Moderator).

Madeline H. Baker, Member of Board of Public Welfare for 1 year.

George S. Butler, Member of Board of Public Welfare for 1 year.

Carl J. Santheson, Jr., Member of Board of Public Welfare for 1 year.

Eben N. Briggs, Forest Warden, Park and Playground Commissioner, Fence Viewer and Fire Engineer, each for 1 year.

Herbert C. Wirt, Member of School Committee for 3 years.

Harriet B. Borgeson, Member of School Committee until March 10, 1945.

A. Elliot Holmes, Shellfish Constable for 1 year.

J. Newton Shirley, Cemetery Trustee for 5 years.

Earl W. Chandler, Constable for 1 year.

William J. Murphy, Constable for 1 year.

Herbert E. Walker, 2nd., Registrar of Voters for 3 years.

Ernest W. Chandler, Inspector of Animals for 1 year.

Hugo T. Santheson, Inspector of Slaughtered Animals for 1 year.

Arthur E. Johnson, Surveyor of Wood and Lumber for 1 year.

Edwin S. Hill, Field Driver for 1 year.

Parker B. Chandler, Member Board of Appeals for 3 years.

H. Russell Chandler, Member of Board of Appeals for 1 year.

Special Police Officers for 1 year: Guild A. Rosengren, Daniel L. Winsor and Walter I. Ford.

Fire Engineers for 1 year: Leroy M. Peterson, Lawrence W. Glass, George S. Butler, Carl J. Santheson, Jr., Kenneth O. Macomber and Henry M. Griswold.

WALTER G. PRINCE,

Board of Assessors.

## Report of the Board of Public Welfare

---

To the Citizens of Duxbury:

Another year has passed in which the Public Welfare, or General Relief, case load has remained dormant. The persons receiving this type of assistance are not eligible to receive aid through the other two categories of relief.

It may be interesting to know that the Board of Public Welfare has recovered \$1,609.21, during the past year, from individuals and estates, for aid rendered. The recovery from individuals was a voluntary gesture on their part.

The Police Department has been most cooperative during the past year, and their help has been greatly appreciated.

May we, at this time, extend our thanks to the Marshfield Police Department for the use of their ambulance.

### AID TO DEPENDENT CHILDREN

The case load under this type of assistance has decreased during the past year. There are now 5 cases with 11 children.

Conditions in the families receiving this type of aid remain about the same. The children are all under the age of 18 years, and with the exception of one pre-school child, are attending school.

## OLD AGE ASSISTANCE

We want to show a comparison in the cost of Old Age Assistance, for the past four years:

1941	Cost per case	\$29.87	Average case load	86
1942	Cost per case	32.28	Average case load	86
1943	Cost per case	35.46	Average case load	76
1944	Cost per case	37.54	Average case load	62

These figures show a gradual increase in the cost per case during the past four years. This increase is due, no doubt, to the liberalization of the Old Age Assistance law requiring a minimum amount for each and every recipient.

It may also be noted that, in the course of the past year, there has been a decrease of nearly 20% in the average case load. The decrease may be attributed to the changes in the Old Age Assistance law that became effective September 8, 1943, making mandatory, contributions from legally liable children.

The Old Age Assistance law, since adopted in 1931, has been defined as aid for the needy aged citizen. Although the age requirement has been lowered, the law, fundamentally, remains the same, that is, public assistance to the needy citizen.

The problem of administering Old Age Assistance, or any type of public assistance, is a difficult one, and only with the help and cooperation of both the recipients and the townspeople can the proper amount of assistance be granted.

Respectfully submitted,

MADELEINE H. BAKER, Chairman

CARL J. SANTHESON, JR.

GEORGE A. BUTLER

Board of Public Welfare.

Bureau of Old Age Assistance.

## Report of Chief of Police

---

To the Honorable Board of Selectmen:

Gentlemen:

Following is the report of the Police Department for the year ending December 31, 1944.

### LIST OF OFFENCES

Animals destroyed for owners	110
Animals returned to owners	25
Deaths investigated	2

Respectfully submitted,

JAMES T. O'NEIL,

Chief of Police.

Date: Jan. 16, 1945

## Report of Fire Department

---

To the Honorable Board of Selectmen:

Duxbury, Massachusetts

Gentlemen:

The Board of Fire Engineers submit the following report of the department's activities for the year of 1944. The total number of calls were fifty-four.

2	Automobile
1	Boat
12	Building
15	Chimney
9	Emergency
4	False Alarms
3	Oil Burner
8	Out of Town

Of the total building fires this year we are thankful to say that only five of them were serious, with one total loss. In regard to the other four building fires I feel it my duty, as Chief of the Department, to give due credit to the firemen for their splendid work and quick thinking in the extinguishing of these fires and in the salvage and protective work of personal property which helps so much in keeping our fire losses down.

### BUDGET

We, as a board, feel we have done very well to stay within our appropriation during such a hazardous year

with the added work caused by the drought, hurricane, high tides, and aid to other towns. We wanted very much to add a new portable lighting unit to the department this year but did not have sufficient funds. So we have decided to purchase it in the coming year and in so doing we may have to ask for an increase in our general appropriation.

## EQUIPMENT

We feel we are fairly well equipped except for a few minor things which we must purchase in the coming year. All three trucks have been gone over thoroughly and at present are in fair condition and we hope will give no trouble in the coming year.

We, like all other departments, are still contributing in manpower to the war effort. Following is a list of firemen in the armed service:

### *Engine Company, No. 1*

Carl Bitters	Army
Thomas Parker	Army
Clyde Chetwynde	Coast Guard
Victor Nickerson	Army
William Swift	Navy
Richard Prince	Navy
Frederick Lyons	Navy
Clifford Wyman	Navy
John De Wolf	Army
Donald Loring	Seabees
Roger Sollis	Army
Edward Soule	Army Air Flight Instructor
Earl F. Cushing	Army Transport

*Engine Company, No. 2*

C. Fremont Shirley	Army
Arthur Verge	Army
Charles Pratt	Army, Ex-Fireman
Alfred Freeman	Seabees
Stanley Johnson	Army Air Corps

*Associate Members*

Lieut. Commander Howard Converse  
 Lieut. (s. g.) Richard Arnold  
 Commander David Patten  
 Lieut. Colonel Harry Knowlton

Many of these members are in foreign service and to our knowledge are in good health, which we hope will continue until they return to our department.

William Murphy, who passed away this year, was an active member for twenty-one years of Engine Company, No. 1, and he will be missed very much by the company.

As chief of the department, I want to take this opportunity to thank the citizens, firemen, and telephone operators for their co-operation in all work pertaining to the fire department.

We would like very much to have the citizens of the town of Duxbury know that this department always stands ready to serve them in any emergency that may arise. When calling the fire department by telephone, call the Central Fire Station, telephone Duxbury 333. Please give your name, the exact location of the fire, and if possible the nature of the fire, such as chimney, house,

or forest. By doing this it enables the department to send the equipment needed so that every possible moment can be saved in responding.

Respectfully submitted,

EBEN N. BRIGGS, Chief  
 LAWRENCE W. GLASS  
 ROY M. PETERSON  
 KENNETH O. MACOMBER  
 HENRY M. GRISWOLD  
 GEORGE S. BUTLER  
 CARL J. SANTHESON, Jr.

Board of Fire Engineers.

## Report of Forest Warden

---

To the Honorable Board of Selectmen

Duxbury, Massachusetts

Gentlemen:

I herewith submit my report as Forest Warden for the year 1944.

In my twenty-seven years of fighting forest fires I have never worked on, or seen so many big fires in Plymouth County in any one season. Duxbury alone had 100 open air fires, an increase of 68 fires over last year. I believe without any exception it was the driest season on record.

But with all these fires our loss in woodland was very small; except for the biggest fire Duxbury has had for several years which occurred on August 14 off West Street. This fire burned for nineteen days with a loss of twenty cords of cut wood and twelve acres of standing woodland. It burned over about forty acres and cost twelve hundred dollars to be extinguished.

On my arrival at the fire in Car 21, I immediately radioed the Central Station for all sirens to be pulled and all trucks and men to be sent; and also a call for outside help under our mutual-aid system. This call was answered by Marshfield with two trucks, Pembroke with two trucks, Kingston with three trucks, Plymouth with four trucks, Carver with two trucks and three State trucks. Without this aid and the help of the townspeople

including the Red Cross and Women's Defense Corps this fire could have burned to Route 3-A and caused a much greater loss.

The following is a list of fires:

- 28 Forest
- 22 Brush
- 35 Grass
- 15 Dump
- 9 Aid to other towns.

The Forest Fire equipment is not in very good condition after this unusual season. I have one pump to replace and the tires on two trucks are in very poor condition.

I want to thank the voters who made possible the purchase of the new forest fire truck this year, which has been appreciated very much by the firemen and myself, and has proven very efficient in both departments. In my estimation this truck has saved enough property to equal its cost to the town.

I feel we have one of the biggest problems ahead of us in years, due to the fire hazard of slash and timber caused by the hurricane and numerous windstorms that we had this year. With this serious condition and the manpower problem facing us, I know that I can depend upon the high school group of boys who so willingly volunteered their services this year. Without the help of these boys, who have proven to me that they are very able forest firemen, capable of driving and manning trucks on any fire line, I don't know what we would have done this forest fire season.

The following is a list of our Junior Firemen in the armed services:

Milton Ellis, Jr.	Coast Guard
Richard Ford	Coast Guard
E. Kendall Blanchard	Navy
Lloyd Chandler	Navy
Lloyd Blanchard	Army Air Corps
H. Marshall Freeman	Army
John Williams	Navy
Arthur Cornwell	Army
F. Melville Sinnott	Coast Guard
Robert Peterson	Marines
Dana Davis	Navy
Frank E. Phillips, Jr.	Army Air Corps
Irving Whitney	Navy
Arthur Edwards, Jr.	Army

As Forest Warden of the Town of Duxbury, I want to thank all deputy wardens, firemen, citizens, boys, organizations and telephone operators for their whole-hearted co-operation through one of the most serious forest fire seasons I have ever known.

Respectfully submitted,

EBEN N. BRIGGS,

Forest Warden.

## Report of Moth Department

---

To the Honorable Board of Selectmen:

The following is a report of progress in this department since the last annual town meeting.

During the months of March and April, the creosoting of the gypsy moth egg masses continued in the infested areas on shade trees about the homes. In some cases the badly infested areas in the thick wooded growth near the homes were sprayed starting in the first week of May. The spraying continued up to July 1st and included the spraying of trees along the sides of all streets in town. In some of the worst infestations, it was necessary to spray two and three times.

With the increase in number and migration of these insects during this cycle, it is going to be difficult to make one sprayer cover both the Moth and Shade Tree Work in the short spray season.

When the leaves started to drop in October, the creosoting started again in the Cemetery where the work is in progress due to interruption by the hurricane and with less help than usual.

The entire moth situation in the whole town appears to be about the same as in the past. In some sections, there is an improvement, while in others it is worse. However, there was a decided decrease in the Brown Tail Moth population which, fortunately, is confined to the beach section of Town.

Respectfully submitted,

ROY E. PARKS,

Local Moth Supt.

## Report of Tree Warden

---

To the Honorable Board of Selectmen:

Gentlemen:

The work in this department started with the clearing of the fire alarm system between Fire Station Number One and Two. The creosoting of tent caterpillar nests along the roadside followed and the spraying of elms for Canker Worms in the Bay Farm section where a heavy infestation occurred before the leaves were full grown.

The spraying of all shade trees was then continued for the elm leaf beetle and gypsy moths.

During July and part of August, pruning along the streets was in progress until it became necessary to start eliminating the Fall Web worms.

The balance of the appropriation was used up on hurricane damage to trees.

The hurricane has added to the work necessary on the shade trees and I would like to see the appropriation this year increased over last year.

Respectfully submitted,

ROY E. PARKS,

Tree Warden.

## Report of Street Department

---

To the Honorable Board of Selectmen and Citizens of  
Duxbury:

I herewith submit the following report.

During the past year we have had many drawbacks in carrying on our usual work on the roads, the main handicap being the shortage of labor, so that only repairing and patching with tar could be done, but I feel the roads are all in a fair condition.

The corner on Route 14 at the intersection of Congress and Union Streets was widened for safety and is a great improvement, another coat of asphalt is needed to finish it.

Work was done at all the Town Landings and Powder Point Bridge.

It is needless for me to give detail of the extra work and expense caused by the hurricane, but I wish to thank all that so willingly co-operated with this department in clearing the streets.

Respectfully submitted,

EDWARD S. O'NEIL,

Supt. of Streets.

## Report of Board of Health

---

The Board of Health

Town of Duxbury

Gentlemen:

The following contagious diseases were reported during the year 1944:

German Measles	6
Measles	15
Scarlet Fever	4
Chicken Pox	82
Whooping Cough	9

The Dental work in the Public Schools was continued. This work is still showing good and definite results in the continued improvement of the school children's teeth.

The Board of Health conducted a Diphtheria Clinic in October, at which 69 children were immunized.

Licenses were issued and inspections were carried out for the sale and delivery of milk, the collection of garbage, tourist cabins, and the sale of methyl alcohol.

Complaints received by the Board of Health against nuisances were investigated and corrected.

Respectfully submitted,

C. H. KING, M. D.,  
Agent Board of Health.

## Report of Public Health Nurse

---

To the Honorable Board of Selectmen of Duxbury:

I submit herewith the report of the Public Health Nurse for the year 1944.

In the fall the Board of Health conducted a diphtheria immunization clinic. Three injections were given at weekly intervals to 56 children and babies by Dr. King and Dr. Spalding, the nurse assisting with the arrangements, record keeping, etc. The Red Cross Motor Corps provided transportation and volunteers assisted in the clinics.

Other services rendered under the money appropriated by the town for the nurse's salary were as follows:

Bedside Nursing Visits to:

Old Age Assistance or Welfare—

9 cases	73 visits
---------	-----------

Instructive Nursing Visits to:

Tuberculosis Cases and contacts—

7 cases	16 visits
---------	-----------

Crippled Children—4 cases	23 visits
---------------------------	-----------

Social Diseases—3 cases	5 visits
-------------------------	----------

Acute Communicable Disease—8 cases	8 visits
------------------------------------	----------

	31 cases	125 visits
--	----------	------------

Respectfully submitted,

SUSAN E. CARTER, R. N.,

Duxbury Public Health Nurse.

## Report of Memorial Day Committee

---

To the Honorable Board of Selectmen and Citizens of  
Duxbury:

The Committee felt that with 260 odd of our Duxbury Boys in the Armed Forces of our beloved country and many veterans and citizens working in munition plants and shipyards that this year we should conserve on gas and tires as much as possible.

We therefore held our Memorial Day services on Memorial Sunday, May 28.

The services were held at Ashdod, Dingley, No. Duxbury, Standish, and Mayflower Cemeteries and at Blue Fish River Bridge for the Soldiers, Sailors and Marines who perished at sea. The trip to the various cemeteries was made by bus instead of several cars.

All known veterans' graves were decorated with flags and flowers and the usual patriotic program was held in the Unitarian Church.

One new name was added to the list of deceased comrades.

The Sons of Union Veterans, American Legion, Girl Scouts, Boy Scouts, Sea Scouts and School Children worked very harmoniously together. In all we decorated the graves of Capt. Myles Standish, Col. Jonathan Alden, 25 Revolutionary War, 4—1812 War, 213 Civil War, 4

Civil War Nurses, 1 Spanish War, 16 World War, 3  
Soldiers and 12 Sailors a total of 278.

We wish to thank all who helped in any way.

Respectfully submitted,

PARKER B. CHANDLER, P. C., Chair.  
EDEN S. GLOVER, P. C.  
PHILIP G. CHANDLER, P. C.  
CHARLES C. McNAUGHT, P. C.  
OSCAR B. RYDER, P. C.  
G. FRANKLIN WHITE  
RAY M. PARKS.

## Report of Librarian Duxbury Free Library, Inc.

---

During the past fiscal year some fifteen hundred (1500) volumes were acquired by the Library. Of these 890 were purchased and the remainder were gifts, a certain proportion of which were ultimately intended for the armed forces or the Merchant Marine. The need in these quarters still exists and contributions will be welcomed by the Library. Modern fiction or non-fiction preferred. The last batch sent out went to Fort Benning, Georgia.

Last winter the Library had only three open days per week. Conditions having improved the present schedule is, four days per week—Wednesday, Thursday, Friday and Saturday; from 2:00 - 5:30 P. M. The extra half hour is convenient for workers with out-of-town jobs.

At their annual meeting the Board of Directors unanimously elected Mr. Philip W. Delano, Chairman of the Board of Selectmen, a Director of the Duxbury Free Library.

A budget similar to that of the preceeding year was agreed upon. The officers chosen were: Chairman, Harry Bradley; Treasurer, William H. Young; Clerk, Fisher Ames. Finance Committee, Mr. Charles A. Day, Mr. Young, and the Chairman.

The Board received from Mr. Herbert Walker, a former treasurer of the Board, an interesting collection of old deeds relating to Library affairs. Among the Board's

appropriations at its Annual Meeting was one of \$200.00 to complete, to date, the Massachusetts Genealogical and Historical Register series.

One of the important features of the past year has been the increase of patronage from new sources, mainly from families brought here through the necessities of war work.

Respectfully submitted,

FISHER AMES,

Librarian.

## Report of the Treasurer of the Duxbury Free Library, Inc.

---

During the year 1944 The Duxbury Free Library received a grant from the Town of Duxbury of \$1,500.00

The income from the investments of the various funds, as follows:

Wright Fund	\$2,866.13
Winsor Fund	339.93
Harding Fund	o
Hathaway Fund	65.50
Duxbury Hall Fund	173.00
	<hr/>
Total	\$3,444.56

On hand January 1, 1944	\$2,686.29
Amount collected on the Principal account	7,235.00
	<hr/>
Total	\$14,865.85

The expenses of the Library, as follows:

Wages:	
Mr. Ames	\$1,885.60
Mrs. Bencordo	778.56
Mr. Needham	403.50
	<hr/>
	\$3,067.66

Operating expense:

Electric Light	\$103.68
Oil	232.46

Water	12.00	
Telephone	48.25	
Safe deposit box	10.00	
Repairs	23.02	
	<hr/>	\$429.41
Interest accrued on bonds bought	\$89.44	
Hurricane expense	341.25	
Bank charges	2.50	
Book cases	163.03	
	<hr/>	\$596.22
Taxes: Withholding	\$56.40	
Miscellaneous	8.30	
	<hr/>	\$64.79
Insurance		178.00
Books and binding		1,612.36
Principal reinvested		8,108.62
January 1, 1945 — Cash		808.79
		<hr/>
Total		\$14,865.85

WILLIAM H. YOUNG,

Treasurer.

## Report of Shellfish Constable

---

To the Honorable Board of Selectmen:

Duxbury, Massachusetts.

I herewith submit my annual report as Shellfish Constable for the year 1944.

As in all industry, the man power shortage has taken many of our men who usually supply the clam market, and so there has been few regular diggers on the shores this last year. The intense cold also kept most of them ashore the first of the year, only two were clamming regularly, and one digging razor-fish part of the time until April. During April there were four digging clams and three quahauging, and in May there were six men digging clams on the flats regularly. From June 15 to September 10, there has been an average of twelve men clamming, four quahauging, and two digging sea-worms with fairly good results. After September 10, there was an average of five men on the flats daily.

A number of grants have been revoked this year owing to the State law which requires one to cultivate, and file an annual report, which had not been done. Eight grants were newly staked out during the year.

I wish to recommend that, whenever possible, a tractor be purchased for the purpose of cultivating the shores and flats which need turning over badly.

Following is the record of clams and quahaugs planted on grants, and clams, quahaugs, razor-fish and sea-worms taken commercially during the year:

Planted on grants:

89 bushels of clams  
35 bushels of quahaugs

Commercial digging:

338 bushels of Razor-fish @ \$3.33 1/3	\$1,126.67
3169 bushels of Clams @ \$3.50	11,091.50
1126 bushels of Quahaugs @ \$3.50	3,941.00
6348 Sea-worms @ 5c each	317.40

---

Total	\$16,476.57
-------	-------------

From the above total 1787 gallons of clams were shucked at \$4.00 per gallon.

There has been 964 no-fee digging permits for family use issued during the year and 31 commercial permits.

Respectfully submitted,

A. ELLIOT HOLMES,

Shellfish Constable.

## Report of the Superintendent of Cemeteries

---

To the Cemetery Trustees:

I submit my report for the year of 1944. At Mayflower Cemetery the general work was done, the leaves were raked and the avenues cleaned. The month of August we removed the dead limbs from the trees. In September when the hurricane swept through Duxbury a large number of our trees were badly damaged. In Mayflower Cemetery there were sixty trees uprooted by the storm and in the undeveloped part of the cemetery around forty trees uprooted. We have carted away around forty stumps. The brush has been carted away or burned. We have put in material where the tree stumps were taken out. There are a few more stumps to be taken out and a large number of limbs to be trimmed or removed and this will have to be done next year.

The logs and wood were sold and the money turned over to the Town Treasurer. The logs were taken by Davison and Dennett Saw Mill. They came in the next morning after the hurricane and started to cut the logs and cart them to the mill. Their men did a very good job and so did the men of the Cemetery Department.

The egg clusters were creosoted and the trees sprayed by the Moth Department.

In Ashdod Cemetery the general work was done, the avenues and walks raked and cleaned.

At Standish Cemetery the grass was cut, and the cemetery raked and cleaned. One tree down and a number of limbs in the hurricane.

At Dingley Cemetery the leaves were raked and the general work done. We lost a number of the large pines which have been cleaned up. The fence was damaged in a number of places and it has been repaired.

All Perpetual and Annual care lots were cared for. Several old lots rebuilt. Twenty-seven foundations were built. There were fifty six interments this year. Thirty three Perpetual Care Funds were added this year.

In December, Mr. L. Burton Belknap who worked for the Cemetery Department for a number of years passed away and will be missed by his many friends.

Respectfully submitted,

LAUREL B. FREEMAN,

Supt. of Cemeteries.

## Report of Cemetery Trustees

---

To the Honorable Board of Selectmen and Citizens of  
Duxbury:

We would submit the following as our report for the  
year of 1944.

The report of the Superintendent to the Board of Trustees has been accepted by the Board and we would refer you to same for information it contains.

Of the sum of \$7,500.00 appropriated to the Cemetery Department for the year 1944, \$2,837.80 (being the amount received for sale of logs and wood (\$137.00) and the usual receipts for interments, annual care of lots, etc.) has been returned to the Town Treasury, leaving \$4,662.20 as the Cemetery Department's net indebtedness to the Town.

The Board of Trustees would request that the sum of \$8,500.00 be appropriated for the Cemetery Department for the year 1945.

This increase appears necessary on account of still some gale damage yet to be cleared up, increase in labor costs and a larger area of Cemetery to care for each year.

Again we wish to express our appreciaiton to all those who in any way aided us in the upkeep of the Cemetery,

and this includes the Superintendent and those in his employ.

Respectfully submitted,

HARRY A. TAMMETT, Chairman  
THEODORE W. GLOVER, Sec'y  
ERNEST H. BAILEY  
WILLIAM O. DYER  
J. NEWTON SHIRLEY

Trustees.

## Care of Playgrounds

---

To the Honorable Board of Selectmen,  
Duxbury, Massachusetts  
Gentlemen:

Due to the present wartime conditions it was unnecessary to make extensive repairs to the grounds and buildings this year, so only the general work was done on the grounds.

Practically the only activities on the field were the exhibitions and drilling of the Civilian Defense Organizations and the high school sports.

Respectfully submitted,

EBEN N. BRIGGS.

## Report of the War Price and Rationing Board

---

To the Citizens of Duxbury:

January the second marked the third anniversary of rationing. The original Board members consisted of Mr. Philip W. Delano, Chairman; John E. Lucey and George L. Damon. Mr. Delano resigned in 1943 and Mr. Lucey was appointed Chairman. Mr. John W. Flannery was selected to fill the vacancy. As the rationing program was increasing in volume we found it necessary to add to our membership. Mr. Earle Ricker and Jacob Olhson were appointed in 1943.

These members give their services willingly two evenings each week and try to interpret the rules fairly and squarely, so the best service possible may be given to you.

A price panel was organized in 1943 and it now consists of three members and one part-time clerk.

We have been able to order most of our supplies through the Office of Price Administration and therefore have kept our expenses at a minimum.

Our clerical force is paid by the Federal Government.

We wish to thank the people of the town for their consideration and cooperation.

Respectfully submitted,

JOHN E. LUCEY, Chairman  
GEORGE L. DAMON  
JOHN W. FLANNERY  
EARLE A. RICKER  
JACOB W. OLHSON.

## Report of the Trustees of the Jonathan and Ruth Ford Fund

---

To the Citizens of Duxbury:

The following is a statement of the operations of the principal and income accounts of the Jonathan and Ruth Ford Fund for the year of 1944.

	Principal	Income
On hand at beginning of year	\$25,000.00	\$866.08
Income for 1944		640.00
		<hr/> \$1,506.08
Paid for relief of worthy case in 1944		223.75
		<hr/>
On hand December 31, 1944	\$25,000.00	\$1,282.33

PHILIP W. DELANO  
 CHARLES R. CROCKER  
 WALTER G. PRINCE  
 JOSEPH T. C. JONES, Treas.

## Report of Town Historian

---

To the Honorable Board of Selectmen of the Town of  
Duxbury:

The Duxbury Historical Society received during the year, the gift of a copy of the report of the Town of Duxbury for the year 1863-64. So far as I remember, that report contained no word indicating that the war between the States was on, or that Duxbury had any part or interest in it.

The Town Reports during the global war in which we are now engaged tell a different story, and will furnish the reader in years to come a fairly accurate picture of Duxbury activities in what we all hope may be "the last war".

But in addition to the war, the normal activities of a small town have to be carried on, and its fortunes and misfortunes accepted. Among these, during the past year may be mentioned the following:

The adoption of the results of a school survey, instituted by the School Committee, and endorsed by the Citizens.

The adoption by the Town of a Protective Plan, proposed by the Planning Board, voted at Town Meeting.

The moving of the Island Creek schoolhouse over the road to its present location on the High School grounds was an event unusual enough to attract the attention of many.

The pupils of the public schools continue to have among their projects the visitation to the historic places in Duxbury, and a description of them in their own words.

The weather during the summer was very hot, and the long continued drought harmful and almost disastrous to the gardens.

August 12 and 13 were two of the hottest days on record.

On August 12 notice was served by the Water Board limiting the use of water for gardening purposes to certain hours in the late afternoon.

The Hurricane which occurred on the night of September 14-15 was most destructive to our beautiful Duxbury trees. The Yacht Club Basin with its fleet of boats suffered severe damage. Many houses had narrow escapes and it will be a long time before the town recovers from its effects. So far as I know there was no loss of life and no personal injuries.

An album of photographs is in process of preparation which will support the wildest stories of the oldest inhabitant.

So ends the year.

WALTER R. HUNT,

Town Historian.

## Report of Plymouth County Extension Service

---

All members of the Extension Service staff devoted an ever-increasing portion of time directly and indirectly in promoting the production and preservation of food. County Agricultural, Home Demonstration, and 4-H Club Agents were united in their Food Production Program. This has been one of the most difficult seasons for our farm people in Plymouth County, the weather being the chief factor with which we had to contend. Crops were greatly reduced, particularly cranberries which had one of the smallest crops in the history of the industry. The hay crop for our dairy farmers is also in this category, and vegetable farms also suffered severely.

Labor has been very acute, but through the funds made available through the War Food Administration, the Farm Labor Program was turned over to the Extension Service. Under this program, 235 Jamaicans were imported to assist the cranberry industry, and 13 Newfoundland laborers were imported to help our dairy farmers. The total recruitment of workers, including boys and girls, and the above, numbered 696. The Farm Labor Program is cleared through the County Agricultural Agent's office.

Another wartime activity which required an increasing amount of time was the investigation of Selective Service cases, and during the past year 1016 cases were investigated and reported to the Local Selective Service Boards.

The County Agents participated in 251 meetings during the past year ranging from project meetings such

as cranberry, poultry, dairy, forestry, market gardening, to committee meetings, and many other meetings in which

we appeared on the program.

The County Staff on the request of the Governor continued the local Food Production and Preservation Program in each town in the county. An active committee was established in each town, and made a definite contribution to the war effort in promoting home food production in Plymouth County. These local committees should be highly commended for the time and effort that they gave freely to this food program.

The Home Department continued to stress Conservation of food, clothing, home furnishings, and equipment, during 1944. Sewing machine Clinics were held in the various towns throughout the county. At these meetings 242 home-makers learned to thoroughly clean and adjust their machines. Follow-up meetings taught better use of the sewing machines with emphasis on use of attachments.

447 homemakers attended slip cover demonstrations, which had been preceded by a lesson on the repair of spring-unit cushions. Due to poor growing conditions, less vegetable canning was done in Plymouth County during 1944, than in 1943. However, meetings on food preservation were conducted in all sections of the county, and many individual problems were answered by the agents from the office and while making home service calls.

So long as the nation is at war, Conservation is destined to be the basis of all the teaching done by the Home Department, and they are proud of the contribution the homemakers make to the national conservation program.

In accordance with the all-over Extension program, the 4-H Department placed emphasis in 1944 on conservation. "Feed a Fighter or More in '44" was the slogan adopted by the club members for their food production and preservation program. Weather conditions, however, were against the members and gardens did not produce as much as last year. Because the home gardeners were not successful the canning club members did not preserve as much as in 1943.

The sheep project which was new to Plymouth County proved to be very successful. Sheep shows at the fairs attracted much attention, and were instrumental in securing new enrollments in the projects.

4-H Town Committees were organized by the club agents in several towns throughout the county. The duty of the committees is to head-up club work in their respective towns. Such an organization leads to a very successful 4-H program within the community.

In line with a proposed program for young people, help has been given to older youth groups by the agents. The 4-H Service Club, which has been inactive since the war began, was also reorganized.

ERNEST W. CHANDLER,

Town Director.

## Report of Committee on Public Safety

---

To the Honorable Board of Selectmen and Citizens of  
Duxbury:

I am pleased to report that with the exception of a few departments we have had practically no activity for the past year.

### PROTECTION DEPARTMENT:

Mr. Richard P. Whitney, Chairman.

We have not had any practice alerts for the year and it has not been necessary to call out the Wardens during that time.

On the night of the hurricane in September the Report Center was manned and a few of the residents of Duxbury Beach were evacuated to the High School Auditorium where they were nicely taken care of by Mr. George E. Green.

A requested alert was received for a plane crash in the vicinity of Duxbury which was later found in Duxbury, Vermont.

We have received through CD weather reports of all severe approaching storms since the hurricane and were prepared to function if the occasion had demanded action.

We wish to express our appreciation to the M.W.D.C. for their cooperation whenever called upon.

## WAR SERVICES:

Miss Constance Young, Chairman.

The year has been a very quiet one for this division, the only time called on was after the hurricane when we were requested by the Red Cross to get word to the Citizens that the Red Cross had artificial ice for those who were out of refrigeration on account of the storm. I am pleased to report that the Neighborhood Leaders and their Aides took care of this very promptly and efficiently.

## SOCIAL SERVICE:

Mrs. John Flannery, Chairman.

The Social Service Committee has carried on its work throughout the year having sent, each month, an illustrated letter of Duxbury news, "The Clam" to each Duxbury man and woman in the armed forces.

Mr. Green has been most helpful in having these letters multigraphed at the High School.

The Committee Secretary has kept the address file as nearly correct as is possible and has addressed and sent out over 3,300 of these letters. A year's subscription to Readers Digest has been sent to all those overseas in the Pacific, in Alaska, and on active sea duty, again this Christmas.

The Chaplain, Mr. Philbrick, has conducted a service at the War Shrine every week with prayers for everyone in the Services, and with special remembrance for about ten, each Wednesday. He also held a New Year's Eve midnight service.

Because of the expense of stationery and postage for the Clam, stationery, postage and candles for the War

Shrine, and the cost of the Readers Digest, the Committee sent out letters asking for contributions to carry on the work. The response was most generous.

The letters of appreciation coming from the men and women from the far corners of the earth, sent by high ranking Officers down through all the grades, repay a thousandfold any effort and time expended.

It is our earnest hope that Peace will bring the men and women home before the close of another year, but the work will be carried on until the day of victory, whenever that may be.

#### SALVAGE:

Mr. Walter G. Prince, Chairman.

Salvage collected and sold during 1944:

Paper	82½ Tons
Rags	200 lbs. plus
Tin Cans	5 Tons
Light Metal	1½ Tons

Monthly reports show Duxbury well over its quota for the collection of fats.

The following donations were voted leaving a balance of \$674.56:

Red Cross War Fund	\$50.00
National War Fund	50.00
American Legion Post, No. 223	50.00
Duxbury Women's Defence Corps	50.00
Duxbury Recreation Committee	25.00
Duxbury Social Service Committee	25.00
Coast Guard Auxiliary	25.00

Red Cross General Fund	100.00
Salvation Army	50.00
Jordan Hospital	50.00
American Legion Christmas Fund	25.00
<hr/>	
Total	\$500.00

The unfailing monthly contributions of time, trucks, and paper by many Duxbury Citizens is hereby acknowledged gratefully by the Committee.

Paper will continue to be collected on the first Tuesday of every month, except in case of rain or snow, when the collection will be made on the first pleasant day.

#### GENERAL:

The Staff Committee has held meetings at the Report Center through the year as occasion demanded.. Our expenses for the year amounted to \$489.69 of which \$97.14 was for the promotion of the several Bond drives.

While the papers have termed Civilian Defence on a "Stand-by" basis our Report Center is still fully equipped and our Communications System intact and ready for any emergency.

To the Staff Committee, the Chairmen of the various departments and to all those serving in any capacity in Civilian Defence I express to you my sincere appreciation and know that if the occasion comes that you are fully prepared and ready to serve the Community.

To the Captain and members of the M.W.D.C. I wish to add my appreciation for the many services rendered to me personally during the year.

Respectfully submitted,

HARRY L. TINKER,

Chairman.

## Report of the Planning Board

---

To the Honorable Board of Selectmen and Citizens of  
Duxbury:

On April 26, 1944 the Attorney-General's Office returned to Mr. Joseph T. C. Jones, Town Clerk of Duxbury, the Protective By-law (as passed by the town at its annual meeting, March 4, 1944) with the approval of Robert T. Bushnell, Attorney-General. The administering of the By-law is in the hands of the Selectmen. The question of method of administration was taken up by the Selectmen and Planning Board jointly, and it was thought advisable to get further information from the Attorney-General's office. This information having been obtained, a preface of General Information was attached to the printed By-law by the Selectmen and the By-law was then circulated by leaving a copy at each occupied dwelling.

The work of Planning Boards seems to center around the matter of zoning. This seems to be the procedure in most towns. The Board does not wish to shirk any of its obligations, but the affairs of the town seem to be so well run by the Selectmen, with such good judgment and foresight, that the duties of a Planning Board in Duxbury are greatly reduced. We are always glad to get any suggestions as to guidance and welfare of the town.

There is talk of National and State interest in building highways after the war. The town certainly wants to do its share in providing facilities for travel. We must do what we can to try to steer such work so that the town will not be spoiled in the process.

The Board regrets to report the resignation of Mr. Franklin Brett, who for many years has been a very efficient and willing worker for Duxbury and it has been a great pleasure to be associated with him. The town owes him much.

OLIVER L. BARKER  
FRANKLIN BRETT  
MARY N. GIFFORD  
BENJAMIN F. GOODRICH  
PERCY L. WALKER.

## Report of Honor Roll Committee

---

January 18th, 1945

To the Citizens of Duxbury:

Since the last annual report of your committee thirty-seven names have been added to the Honor Roll list. Due to delays in securing name strips eight of these names are not yet on the board itself.

During the past year four names have had their letters changed from white to gold.

Raymond Charles Clark, killed in action over France in March or April, 1944.

Merrill M. Green, died of wounds received in France, July 27th, 1944.

William Manuel Martin, died at Cherbourg, France, November 24th, 1944.

Louis P. Mendes, killed in action in France, August 28th, 1944.

The names added since the last report, and which bring the total on the list to three hundred are as follows:

Arnold, Edward L., Jr.  
Briel, Karl R.  
Burns, John Torrey  
Burt, Theodore Carlton  
Cornish, James E.  
Davis, Dana Warren  
Davison, Freeman I., Jr.  
Dean, Frances Elizabeth  
Edwards, Arthur William  
Ely, Valentine Augustus, Jr.  
Harvey, Joseph Larkin  
Haviland, Alexander James  
Hazzard, Louis F.  
Howland, Kenneth A.  
Johnson, David Pierce  
Johnson, Stanley Victor  
Jones, William Ellsworth  
LaGreca, Anthony Francis  
Marshall, Joseph Alfred

McGrath, Lyman Leavitt  
Mendes, Louis P.  
Murphy, Winthrop Allen  
Nickerson, Martha Wilma  
Parkman, Clarence Moulton, Jr.  
Perry, Donald David  
Phillips, Frank Elmer, Jr.  
Randall, Rexford Laurence  
Rose, Sylvia Wadsworth  
Simmons, Wilma Brett  
Smith, Nora Elizabeth  
Talmage, John Hoag  
Teravainen, Charles  
Torrey, Earl W.  
Viega, Manuel  
White, William Gardner  
Whiting, Alton W., Jr.  
Whitney, Irving McFalen

Of the amount appropriated at the last Annual Town Meeting about one hundred and seventy dollars was spent in carrying out the plans of your committee as outlined in their last report, and the balance returned to the Town Treasury. The committee recommends that one hundred dollars be appropriated at the coming Annual Meeting for continued maintenance. We estimate that this amount will cover any unforeseen expenditure during the year and probably will be sufficient to cover all expense through the following year.

Respectfully submitted,

WALTER R. HUNT  
EDWIN M. NOYES  
JAMES T. O'NEIL.

## Report of School Housing Committee

---

To the Honorable Board of Selectmen and Citizens of  
Duxbury:

Pursuant to the town meeting of March 4, 1944 the Moderator appointed a committee, whose names are subscribed hereto, to investigate the school housing situation.

Your committee met and organized on March 24, 1944.

It was felt that the question of housing was inseparable from the questions of general future policy of the town as to the handling of its schools. It considers that the immediate needs of the school department are logically a problem of the School Committee. Accordingly this committee has considered the problem of housing in its long range aspect.

The possibility of sending our High School pupils to another town and using our present buildings for our lower grades was discussed and we found that Plymouth would be receptive to the idea of teaching our High School pupils. This offers an arrangement from which it would be easy to withdraw if it did not seem satisfactory, but as a permanent arrangement it did not appeal to the committee.

The Union High School was discussed at length. This plan would bring the High School pupils of half a dozen towns together in one building at some convenient point.

Our secretary, Mr. Edgar Davis, got information from other states and from the Massachusetts Department of Education on the subject of a Union High School. We corresponded with the Boards of Education of Minnesota, Iowa, Nebraska, New York and Connecticut, and also with the Federal Bureau of Education. We received much material and were particularly impressed by reports from Connecticut. It is thought that a larger High School would give the children better and broader opportunity to compete with the children of larger towns and cities. The union would draw to its management and faculty better material and would be able to pay better salaries than the small town can afford. U. S. Bulletin 1938, No. 11, says we could expect "Lower per pupil costs for equal or better services".

We discussed the matter with the Duxbury School Committee who were unanimously in favor of the Union High School idea. It was then decided to invite the School Committees of nearby towns to attend a meeting with Mr. Julius E. Warren, Massachusetts Commissioner of Education, and talk over the question. Such a meeting was held in Duxbury on October 17, 1944 and the towns of Hanover, Kingston, Marshfield, Norwell, Pembroke, Plympton and Scituate were represented, as well as Duxbury, and a sympathetic word was received from Hanson. No definite action was taken. There was full discussion and much interest was shown. The committee has in mind that other men who are qualified to speak on the question (perhaps one from outside our state, as Connecticut) might be invited to come here and give us some first-hand information in a meeting for the general public.

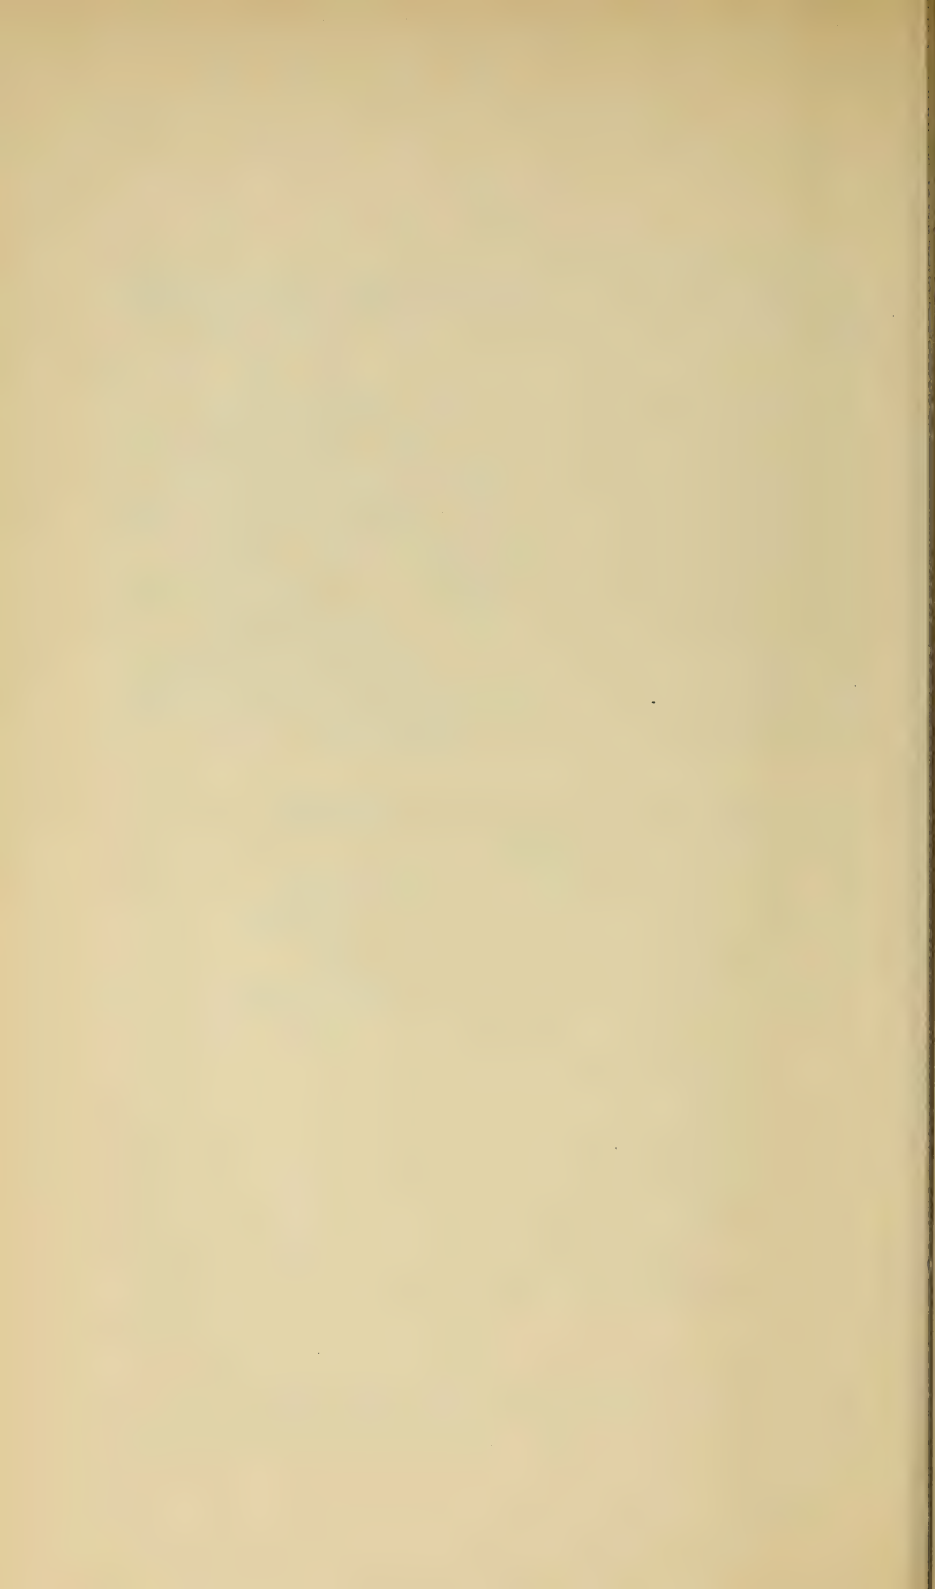

The committee ask that an appropriation of \$200.00 be allocated to this work. They believe that further study

should be made in the hope of finding a proper solution and being in a position to start work when the times permit.

The Boston Herald says re Massachusetts schools, "Our rural schools are not the worst in the country, but they are below the standards of many of the eastern states."

People are locating here with the hope and belief that Duxbury should and will have good schools. There is no reason why the schools of Duxbury should not be among the best in the State. The additional cost of being among the best is not great and whatever the difference, it is money well spent. Studying and planning our program in advance can aid greatly in improving our schools and in keeping down the expense of education.

## Report of School Committee

---

To the Citizens of Duxbury:

In our last annual report, your school committee mentioned three recommendations of the recent Harvard Survey of the Duxbury Schools which we considered basic to any further improvement, namely,

1. Improvement of Supervision.
2. Construction of a fully developed course of study.
3. Improvement and modernization of teaching standards through training-in-service and through outside courses for the teachers and for the superintendent.

Considerable progress has been made in reaching these objectives. During last spring and the current year, many members of the faculty have engaged in advanced study. With the cooperation of the State Department of Education, a course of study has been introduced into the elementary grades where it is being developed in use and where it is working quite successfully. The system of a combined superintendency-principalship has been terminated as recommended by the Survey. Mr. Walter Scott, Principal of the High School, is emphasizing supervision and organization of the teaching program in grades seven through twelve while Mr. George Green, now Superintendent of Schools, confines his direct supervision to the first six grades. The committee considers that this plan

of organization is only an interim arrangement, principally because it entails a high expense of administration. Accordingly, the committee is attempting to arrange participation in a satisfactory superintendency union.

The Island Creek School building has been moved to the High School grounds where it has been partially remodeled into a laboratory for the Home Economics courses of the High School. Additional funds will be necessary to complete this project. The committee has received advice and help from the Home Economics Division of the State Department of Education. The plans which have been drawn include provision for a possible future addition. Mr. Franklin Brett has generously helped the committee in selecting the proper site for the building.

The committee urges the continued study of the possibilities for a union high school in this area.

Crowded conditions exist in many elementary grades. The committee is studying the problem of providing the necessary space at minimum expense. Any adequate housing program for the elementary grades, however, must probably await the end of the war. We urge the provision of a consolidated elementary school building at the earliest possible date.

As the Superintendent of Schools has mentioned in his report, the cost of operating the schools has increased and may continue to increase. Some increase in the cost of materials and supplies is expected, but by far the greatest portion of the increased cost is for salaries—additional teachers required to meet increased teaching load, increases in salaries necessary to attract and retain good teachers, and the increase in administrative expense previously mentioned. The average salary of a full time

teacher as budgeted for 1945 is \$1710 which when compared with a corresponding figure of \$1310 for the year 1942-43 gives some idea of the trend to date. The committee requests the appropriation of \$67,000.00 plus Dog Tax for the regular use of the schools.

Respectfully submitted,

KENNETH G. GARSIDE, Chairman  
HARRIET B. BORGESON, Secretary  
JOSEPH W. LUND  
J. NEWTON SHIRLEY  
HERBERT C. WIRT

## Report of Superintendent

---

To the School Committee of Duxbury:

I present herewith a statement covering operation of the schools during the year of 1944, together with such reports as have been presented by the high school principal, the supervisors, the school nurse, the school physician, the school dentist and the educational adviser.

This report will be brief. Since this may be the last I shall make as your superintendent of schools, a recital of my achievement is of little importance, and recommendations for future action can best be left to my successor.

Several changes in the teaching personnel have taken place during the year. Some of the resignations were caused by the inducement of more attractive positions, others were at the request of the school department in order that the staff might be reorganized and strengthened. During the war emergency it has been necessary to call back into service many married ex-teachers. The women who have heeded the call at no small sacrifice to their home life and personal comfort are doing an excellent job and deserve the highest commendation. New teachers and old are working loyally and diligently on the many details of their teaching assignments, which are augmented by many distracting influences of these troublesome times. We have good teachers doing a good job and they should be given every possible encouragement and the fullest cooperation in their work.

With the wholehearted cooperation of Miss Alice B. Beals of the State Department of Education all of the

elementary school teachers of Duxbury were organized into a study group during the spring months. Miss Beals brought to us the new course of study prepared by committees from the State Department during the past three or four years. The teachers worked enthusiastically on this assignment and as a result have developed several excellent units of work in their classrooms. A number of the high school teachers enrolled in courses at Hingham and at Boston University during the winter and several were taking courses in education at various institutions during the fall.

Following as closely as possible the recommendations of the Harvard Survey, the elementary school system was reorganized during the summer. This change, coupled with an increase in membership in our elementary schools, brought about a serious overcrowding in some of the rooms, particularly that of grade 2 at Tarkiln and grade 3 at the Village School. Such a situation creates not only an alarming teaching overload but also an unhealthy crowding of children into limited spaces. The condition can be remedied only through finding classroom space other than in the school plants now in operation. It should be done at once.

Considerable remodeling of the elementary classrooms was necessitated by the reorganization of our schools. A new fence was built across one side of the Point School lot. High winds damaged the cupola on the High School and ripped some shingles from each of the school buildings. Other than this, repairs and upkeep were limited to emergencies and were of a routine nature.

Materialization of the Cottage Laboratory for which a special appropriation was voted last March, has been slow. With the labor shortage that exists, to find a mover

was difficult. The War Production Board used the shortage of critical materials as an argument to hold up approval of the project. This obstruction has been removed recently and workers are now engaged on the project. Because of increases in the costs of labor and construction material the funds available will be insufficient to carry the work to completion. I strongly urge that the release of additional money be made for this as soon as possible, in order that the job may be completed and further curtailment of our home making program be obviated.

In conclusion may I say, on my own behalf, that I have enjoyed working with and for the children of Duxbury for more than twenty years. I have tried by example and by teaching to equip every youngster to go forth to the happiest and most successful life. I have worked diligently not only to provide the most education possible with the money appropriated for the schools but also to effect every possible economy in the interest of the taxpayers. I have given the best I had, which was obviously not enough.

In reference to your letter of August 5, 1944 containing the following motion of the School Committee passed on August 2, 1944: "it is the intent of the School Committee that, by September 1st, 1945, Duxbury enter into a Superintendency Union and that the School Committee estimates its share of the cost of such a superintendent's salary at less than two thousand dollars," I assure you I shall make every effort at friendly cooperation with my successor in any matters that pertain to the continued welfare of our children.

Costs of operating our schools have increased steadily and if we are to carry on the expanding program we have

outlined we must expect them to increase for some time to come. A careful budgeting of our expenditures for 1945 indicates that \$67,000.00 will be necessary.

Respectfully submitted,

GEORGE E. GREEN,

Superintendent.

## Report of High School Principal

---

The chief responsibility of the school is the fitting of the individual for worthy home and community membership. In order to meet the changing conditions of home and community the work of the high school must be adjusted frequently to meet the needs of its pupils. This we are attempting to do. Today, nearly all elementary school pupils enter high school, but not all will go on to higher institutions. Some of our pupils will find employment with little or no further training than that we can provide at Duxbury High School; but many will wish to enter advanced training schools. We must prepare both groups to take advantage of the opportunities that will be theirs. The most opportunities will come to those with the best preparation and training.

### *Enrollment*

As of October 1, 1944 the school membership was as follows:

Grade 7	31
Grade 8	38
Grade 9	20
Grade 10	26
Grade 11	21
Grade 12	15

The fact that the 8th grade is of abnormal size has made for some difficulty in seating because most rooms in the building are made to seat about 25 pupils. However, by the use of extra folding chairs and arm chairs

in certain rooms the arrangement, although not the best, has worked reasonably well. Three pupils who had formerly left school, realizing their lack of training, returned this year to secure more high school preparation.

### *Curriculum*

The course of study was changed in some respects at the beginning of school this Fall. In general, no choice of subjects is offered in the 7th and 8th grades. In the 9th through 12th years English and Social Studies are required each year and there are several electives from which to choose to make up a satisfactory course. New subjects offered are Business Training, Fundamentals of Electricity, American Citizenship, and Fundamentals of Radio and Code Practice. The English courses have been completely reorganized. New report cards giving marks four times a year are now in use. New special reports have been issued in an attempt to keep in close touch with parents.

The number of periods per day was reduced to six with each period 55 minutes long. This is in line with present tendencies in other schools. The fourth period each day is an activity or laboratory period during which classes such as chorus music, orchestra, physical education and drawing meet. Activities such as student clubs and committees also meet at this time. Some of the pupil organizations meeting at the school include the Partridge Staff, which is doing a commendable job of publishing our school paper, Dramatic Club, Science Club, Assembly Committee, Student Council, and Junior Red Cross. There are two gym periods a week for boys and one for girls.

A rotating schedule was tried this year so that subjects now meet at a different period each day of the week.

This is an attempt to have the best and the worst parts of a teaching day shared by all classes. Assemblies, in charge of a pupil committee, are held the last period of each Friday except the first Friday of the month when class meetings are held.

There has been an attempt to improve library conditions this year and through the interest and efforts of Mr. Robert Warfield of the English Department the books have been classified and grouped, and the shelves marked. Under his direction a group of students have assumed some responsibility for care and checking of the books during their study periods. He has also made a very valuable arrangement with the Public Library whereby 300 books have been loaned to the High School for circulation in the English classes. As a result there has been a gratifying increase in the amount of reading done by pupils.

Plans are now being made for a work program for Seniors, to take place this Spring. Arrangements are being made with business concerns to take Senior pupils for a week's work to acquaint them with business or work procedures at first hand.

To share in the war effort our High School has been faithfully purchasing stamps and bonds. Our minute-man flag has been flying since September. In a recent six-weeks' campaign, money enough for two jeeps was collected in stamps and bonds. The Junior Red Cross is active in collecting money and materials to be used for our service men and our allies. We are offering Pre-Induction Courses in Fundamentals of Radio, and Fundamentals of Electricity, as well as teaching Manual Arts and Physical Education. In the Spring we expect to begin Military Drill.

In an attempt to encourage high scholarship a chapter of the National Honor Society is being formed. Our Student Council has joined the National Association of Student Councils and has benefited by this membership through increased knowledge of the work of other student councils.

### *Supervision*

Faculty meetings are held weekly in which, besides classroom problems and techniques, teachers are acquainted with pupils' aptitudes, interests and individual differences as discovered in our testing and guidance program, thus aiding them in adapting subject matter to the needs and abilities of the individual pupil. Our teachers are conscientious workers and nearly all of them are now taking extra courses on afternoons or Saturdays in order to improve their teaching. For more detailed information on our testing and guidance program I refer you to the report of the Educational Adviser.

Duxbury High School is accredited in Class A by the State Department of Education and by the New England Association of Colleges and Secondary Schools.

### *Athletics*

Through the efforts of Mr. Charles Sewall in the business department, we have this year developed two boys' basketball teams. One girls' team has been attempted but with no woman coach it has been difficult. A group is practicing for a badminton team, and in the Spring we expect to have a baseball and track team for boys and soft ball for girls. Transportation to games away from home has been a serious problem, especially to afternoon games. This resulted in the scheduling of all games

in the evenings in order to secure cars. Even then the situation has been very unsatisfactory. The solution would be the use of a bus, which at present is prohibited.

### *Teaching Aids*

During this year our Audio-Visual Aid Program has been expanded considerably through the wider use of more material. Flat picture collections have been started by several teachers, three or four exhibit boxes of specimens, models and pictures have been borrowed each week from the Children's Museum, several transcriptions of radio programs have been used, as well as other recordings, and about five different classroom motion pictures are used each week. By the addition of projection and playing equipment these aids could become considerably more valuable for teaching. To vitalize certain subjects, school journeys to appropriate places are of great value. The class studying the Town of Duxbury visited the Police Station, the Fire Station, and the site of the first John Alden House. We hope to be able to arrange more of these trips, both for teaching and guidance purposes.

It has been difficult this year to complete satisfactorily our teaching staff in the field of mathematics and science. Since September a substitute arrangement has been in effect. It is unsatisfactory as a permanent plan, since it takes so much of the time of the Principal in teaching that the special work he should do in Supervision and Administration is necessarily curtailed. Good teachers in the field are hard to find now at any price, but we hope to fill the position soon.

Another difficulty encountered this year is the lack of a period in the afternoon for pupils who should stay for extra help in certain subjects. Due to the lack of trans-

portation home most children cannot stay. We have applied for permission to use a bus for this purpose but have been refused by the O. D. T.

I recommend that the Art Supervisor be employed in the town for two days instead of one so that all pupils in the High School who wish can elect Art. I also recommend that beginning next year the Music Supervisor be employed a whole day at the High School to enlarge our musical offerings. There should be improved locker facilities provided for both boys' and girls' gym clothes and more room provided in the boys' locker and shower room. The Home Economics classes are meeting under extremely difficult conditions, but we hope with the coming of Spring to see the new Cottage Laboratory completed. The Manual Arts Classes and Printing Department are not housed satisfactorily and I recommend that steps be taken soon to provide larger quarters for both groups.

Our High School Library should be supplied with tables and chairs and more shelf space. Several classroom tables and chairs are also needed. I hope these can be supplied in 1945. We should look forward to purchasing a number of good film strips each year in order to help build up our own library of teaching aids which will always be ready for a teacher to use.

If we are going to develop a good orchestra it seems advisable that the school own several instruments that can be loaned to pupils. I recommend that money be provided to purchase two or three instruments in 1945 and two or three in 1946.

Our Office Practice course needs some additional equipment if it is really going to give the pupils some practice

in office work. Our budget for 1945 should include money to provide equipment for this department.

Respectfully submitted,

WALTER E. SCOTT,

Principal, High School.

## Report of Educational Adviser

---

Mr. George E. Green  
Superintendent of Schools

Dear Sir:

The guidance program as outlined in previous town reports has been continued through 1944. Interviewing and advising the individual students, keeping records of interviews, tests, and grades, administering and interpreting tests, and acting as one of three faculty advisers for the Student Council has consumed the time for which I am employed by the Duxbury School Department.

Last Spring arrangements were made by me for two trips to hospitals for girls interested in nursing. Miss Carter took the first group of seven to the Quincy Hospital. Miss Carter and I took eighteen girls to the Brockton Hospital where a very comprehensive program for recruiting nurses had been arranged for high school girls. Miss Vera Peterson is now a Nurse Corps Cadet and Cecelia Bulu hopes soon to be admitted.

In March the Kuder Preference Test was administered and interpreted by me for the class of 1945. In May the eighth grade were given the Orleans Algebra Prognosis Test. Those with low scores were advised not to elect Algebra, but not forbidden.

The School Department arranged with Boston University to give the juniors and seniors a battery of tests

on November 6, 1944. This battery consisted of California Mental Maturity Tests, Cooperative Reading Comprehension Tests, Minnesota Vocational Test for Clerical Workers, California Occupational Interest Inventory, and the Minnesota Paper Form Board Test of Mechanical Ability. Professor Thacker brought the results of these tests to Duxbury and spent two hours with Mr. Scott and me explaining the results. In turn I shall pass these results and possible interpretations to the teachers and students.

Professionally I have tried to keep alert and up-to-date on the rapid advancements in this field of education. Last Spring I attended with Mr. Warfield and Miss Downey the course given at Hingham on The Changing High School Curriculum. As a member of the National Vocational Guidance Association I attend the dinner meetings in Boston four times a year. The Plymouth Business and Professional Women's Club asked me to speak of Vocational Guidance at a recent meeting.

The Massachusetts Conference of Social Work asked me to serve on the South Shore Regional Committee as one of three who were asked to represent the schools of the South Shore. The other two school members are Dr. Wiles of the Brockton Schools and Mr. Porter-Shirley of the Hingham Schools. At the Spring Conference in Quincy I served as chairman of the meeting on Youth Guidance.

Respectfully submitted,

MARGARET K. ELLIOTT,

Educational Adviser.

## Report of Music Supervisor

---

Mr. George E. Green  
Superintendent of Schools

Dear Sir:

The school music program is much more practical and progressive this year, due to the fact that there are single grades in a room.

All grades now have their own music reading books and their own individual programs.

A weekly outline is provided for each teacher in a very complete manual.

The first grade has a very attractive music book called "Music Horizons", containing much beautiful material.

The Second Grade book and reader is called "My First Book". It provides for the transition of rote singing to note singing and provides also a section of observation songs.

The reading songs are of high musical quality.

"Unison Songs", and Third Grade singing book, contains repertoire songs, observation songs, also reading, rote, community and home songs.

"Rhythm Songs", the Fourth Grade reader, also contains the observation and reading songs with simple

rhythmic problems, rote songs, home and community songs.

“Introduction to Part Singing”, the reader used in the Fifth Grade, proceeds much as the Fourth Grade but includes 6/8 measure, chromatics and two part singing.

“Art Songs and Part Songs”, used in the Sixth Grade, includes repertoire, observation and reading songs including minor mode, sixteenth notes, two and three part songs, study of the bass staff, also rote, home and community songs.

In all these grades a program for music appreciation through victrola records is carefully planned and carried out. Attention is given the study of orchestral instruments and recognition of the same.

The Junior High School, Seventh and Eighth Grades are united in choral music once a week. The material for their work is taken from “Music Highways and Byways” and is well adapted to our needs. Fine material is found for three part singing with special attention given to boys’ changing voices.

This year music has become an elective subject in the High School and we now have about twenty-five voices. The group meets once a week.

Respectfully submitted,

MAY BLAIR McCLOSKEY,

Supervisor of Music.

## Report of Drawing Supervisor

---

Mr. George E. Green  
Superintendent of Schools

Dear Sir:

The Art work in the Public Schools of Duxbury has had to be somewhat reorganized to meet the requirements of the Massachusetts State Board.

Miss Nye, the State Supervisor, has had several conferences with this department and I think a definite but flexible program has been arranged. A still more definite one is being decided upon for the future.

In all this, the capable Duxbury teachers have cooperated to the limit and a spirit of enjoyment and helpfulness from both pupils and teachers has made the work interesting.

A steady development in Creative Art is very noticeable—especially in the elementary grades.

An effort has been made to correlate Art with the Social Studies, English, Science and the Unit System. Murals have been made on the Farm in Grade I, The Christmas Play in Grade II, Homes in Grade III, The Pilgrims in Grade IV, Trees in Grade V, and Prehistoric Man in Grade VI. The work has had a great cultural effect on the children, causing them to notice much outside school, giving them an incentive for research and enjoyment of Art in the outside world.

An extra class of twenty pupils (8th grade) has been taken on this year. Last year only one 8th grade pupil

took Art. The High School class has also increased in number. The time for Art periods in Junior High and High School has been lengthened. This means that the time an Art teacher usually has for collecting material and going from room to room has been reduced to zero.

If an Art room could be provided, where Art materials could be kept and commendable work displayed—it would give an Art Atmosphere very valuable to the pupils. There is no such Atmosphere at present.

The program is arranged in such a manner that after a visit from 8:40 A. M. to 9:30 A. M. at the High School for the 7th grade, the Supervisor must go to Tarkiln or Village—have the 1st and 2nd grades or the 3rd and 4th grades, and be back at the High School for a 10:45 class. At 11:30 she has the High School until 12:30—has about twenty minutes for lunch and must take the 8th grade at 1:00 P. M. to 2:00 P. M. Next is the 6th grade from 2 P. M. to 3 P. M. This is rather strenuous business.

If Duxbury wants to make the most of its Art course, I feel the Supervisor should have more time to accomplish this.

At present we are working on a program with other supervisors in the state, that can be used in the 4th, 5th, and 6th grades. The program for the first three grades is ready for the printer.

There is an increased interest in Art, everywhere, and I feel this very strongly in Duxbury. It has been an encouraging year.

Respectfully submitted,

ELLA BAGOT HEBBERD,

Art Supervisor.

## Report of School Nurse

---

Mr. George E. Green  
Superintendent of Schools

Dear Sir:

I submit herewith the report of the School Nurse for the year 1944.

The nurse assisted with health examinations on all children, including physical, dental, vision and hearing tests. Arrangements were worked out at both the Village and Tarkiln schools to do the physical examinations outside the classrooms. This was done in the basement at the Village and in the corridor at Tarkiln, and made it possible to undress the children to the waist for a more complete examination. First grade and all new children were examined as usual for flat feet in accordance with the state law.

Notices were sent home to parents when defects were found by any examination and home visits were made as necessary. During the year a total of 156 visits were made in the homes of school children.

Inspections were done monthly in the elementary grades by the nurse. The teachers are cooperating more and more in the matter of daily inspections and reporting to the nurse anything needing further attention. Children are thus taken care of immediately in case of illness or accident during school hours.

Teachers are also working together with the nurse for a consistent enforcement of the ruling that all children absent five days or more must bring a doctor's certificate with them to permit them to return. This is for the protection of all the children, and every effort is made to carry out the ruling at all times. If there have been any errors or omissions, it has not been due to favoritism or neglect of duty; and in every case where an apparent oversight has been reported, we have checked on it promptly.

The children of Massachusetts have a very poor record as a whole with regard to their teeth, and unfortunately Duxbury is no exception. Notices have been sent home about defective teeth more than about any other defect in the last few years, especially for High School students. For the coming year it is to be hoped that some way can be found to interest this group in the proper care of their teeth.

Because of the need, a great deal of emphasis is put on the dental health program. The free dental clinic for the elementary grades and the dental appointments for a group of children needing transportation were completed as last year, with the help of the Red Cross Motor Corps, a total of 14 in each group receiving their 100% certificates.

The competition for the dental banner continues with zest and interest and seems to be responsible for many more children's mouths being in 100% condition than previously. A film was obtained from the State Department of Health on "The Care of Our Teeth" and shown in assembly.

A class in Red Cross Home Nursing continues to be given as part of the Ninth Grade Home Economics

course. Five Junior certificates were awarded at the end of a thirty-hour course in the spring at an assembly which was a Red Cross educational program.

Two trips were made with groups of High School girls to Quincy City and Brockton Hospitals respectively in connection with recruitment of student nurses.

The nurse plans to attend several teachers meetings through the year in the interest of the best possible co-operation. At the first meeting of the year the health program is outlined, first aid rules explained, and arrangements made for contacting the nurse when needed. Last year the meetings to plan a course of study for the Elementary Schools were attended as well as the afternoon of demonstration at Bridgewater.

In June, 30 preschool children were given psychometric and physical examinations and were vaccinated as needed. Appointments were arranged and histories obtained by the nurse.

Three children were taken to Bailey Health Camp under the auspices of the Tuberculosis Seal Sale Fund. The two who were allowed by their family to remain all summer came home improved in health and very happy.

Three children, contacts to tuberculosis, were taken to Plymouth County Hospital for their annual check-up, and three children had their tonsils removed through the facilities of the Duxbury Nurse Association.

The nurse spoke at the meeting of the Parent-Teachers Association of which the teachers were in charge, telling about the school health program which the Harvard Survey omitted from their report. One of the items men-

tioned was the lack of sufficient office space, as the nurse's office is also used for athletic equipment, men teachers rest room, school lunch accounts, and vocational guidance.

This fall the situation became even more acute as it has been necessary also to share the office with the secretary and for it to be used as a thoroughfare for all wishing to see the principal. Inconveniences are to be expected in war time, but no very great expansion of the school health program is possible under such crowded conditions.

Parents could help a great deal if they would remember the rule already mentioned about five-day absence, and if they would refrain from sending a child to school so "the nurse can see what's the matter with him". The doctor is the only one who is allowed to make a diagnosis so the nurse can only use extra tires and gas to take the child home. An undue proportion of the nurse's time is spent on trips to straighten out one or the other of these two matters.

The Well-Child Conference sponsored by the Parent-Teachers Association met every other month during the year. Dr. King examined a total of 50 babies and children, with the nurse assisting, volunteers helping with notices and desk work, and the Red Cross Motor Corps doing the transportation.

Respectfully submitted,

SUSAN E. CARTER, R. N.,

Duxbury School Nurse.

## Report of School Physician

---

Mr. George E. Green  
Superintendent of Schools

Dear Sir :

The annual Pre-school Clinic was held as usual in June. At this Clinic, physical and psychiatric examinations, and Small Pox vaccinations, were carried out on the children who were to enter the first grade the following Fall.

All pupils of the Duxbury Schools received a physical examination in the Fall. Where defects were found, parents were notified. At the same time, dental examinations were carried out on the children.

There were very few cases of contagious diseases in the schools during the year, except that we had a large number of cases of "pink eye" in the late Fall.

Many schools throughout the Commonwealth of Massachusetts are now requiring that all new teachers, and teachers not on tenure, be examined for Tuberculosis. I recommend that this procedure be adopted in the Duxbury Schools.

Respectfully submitted,

C. H. KING, M. D.

## Report of School Dentist

---

Mr. George E. Green  
Superintendent of Schools

Dear Sir:

The usual school dental health program, consisting of examinations, dental clinic services, and dental education, was carried on successfully throughout the school year.

After the dental examination in each class room, brief talks were given by the dentist to the children about the care of their teeth. Toothbrushes were secured by the Duxbury Nurse Association and distributed by Miss Carter to some of the children. This is all a part of the educational program to stimulate the children to visit their dentists at regular intervals. I want to thank Miss Carter and the teachers for their cooperation in this dental health project.

Aside from the examinations of all the school children, the following work was completed in the school clinic:

- 28 Prophylaxis
- 76 Amalgam fillings
- 14 Cement bases
- 21 Cement fillings
- 37 Extractions
- 49 Injections of Novacain
- 9 Treatments
- 1 Porcelain filling
- 4 Nitrous oxide anesthesia.

Respectfully submitted,

WILLIAM O. DYER,  
School Dentist.

## Report of Parent-Teacher Association

---

It has been the aim of the Duxbury Parent-Teacher Association to present a varied program of general interest. At the first meeting in October, Miss Ruth Davis of Bridgewater State Teachers' College explained the purpose of the newly established Pre-primary grade, and answered questions that had arisen.

In November Mr. Walter Scott talked about the Visual Aid Program, illustrating his lecture with interesting slides and motion pictures, demonstrating what machines are already in use and what could be acquired in time.

In the January meeting Miss Minna F. Holl of the Boston Conservatory of Music talked on "Your Child Needs Music—What Shall We Give Him?"

There is a paid membership of 126, with an average attendance of nearly 100.

The Well Child Conferences have been carried on by Dr. King and Miss Carter.

Respectfully submitted,

JULIA T. BROCK,

President.

Tammatt, Harry A.	Salesman	Chestnut St.
Tinker, Harry L.	Retired	St. George St.

## Report of Selectmen

---

To the Citizens of Duxbury:

We submit herewith the Ninety-Third Annual Report of the various officers and committees.

Early in the year it was decided to have the Department of Public Utilities investigate the Plymouth County Electric Company's system throughout the town. The survey has been completed, but we have not had a final report on their findings as yet.

The enforcement of the Protective By-Law is becoming more complicated, due to the increased demand for larger business areas. The good judgment of the Appeal Board has made the by-law work for the benefit of all concerned.

This year the voting booths were installed in the High School Auditorium, instead of in the Town Hall on Tremont Street. The change was apparently well received by the voters.

The construction of the bulkhead at Blue Fish River has not been undertaken as we have been advised that public funds can be appropriated only for public use and never for private purposes and we do not believe that the construction of the bulkhead serves any public purpose. The bulkhead would afford no protection to the bridge or highway, and no protection to the bridge or highway is

required; it would serve only to protect the property of an individual. The voice of the voters at town meeting is very powerful; but if an appropriation is made for a private purpose the selectmen should not enter into a contract which would result in the expenditure of public funds for such purpose.

The town dump is finally under control. Due to more extensive use, the cost of the care may have to be increased if the dump is to be kept open seven days a week.

More work will be necessary at Mattakeesett Court landing, as repairs made this year were temporary, due to shortages of labor and materials.

The Highway Department is in need of new equipment. We have hired graders and other equipment from several adjoining towns during the past few years. We suggest the purchase of a pickup truck for the use of the foreman. We also recommend the future purchase of a dump truck, fully equipped, so that the Highway Department in Duxbury may function more efficiently.

We appreciate the efforts of the Civilian Defense Committee. Their constant vigilance gave a sense of security to the citizens of Duxbury. We all felt that we would be amply protected through their efforts in any emergency. We believe that the training they received will be invaluable in any disaster that may occur in the future.

The Office of Price Administration, through our local rationing board, deserves a vote of thanks for their untiring efforts. The committee devoted many hours to this work, without compensation of any sort.

Airport development should be encouraged in Duxbury or in some nearby town easily accessible to Duxbury. A committee should be formed to study this problem.

We have taken advantage of the Chapter 90 program to the extent of the appropriation of last March. We expect to receive a larger amount in 1946. We were unable to make the improvements on Valley and Franklin Streets as voted under Article 30, because new construction was not permitted during 1945. However, we were urged to improve some existing street eligible for Chapter 90 maintenance. A new surface was applied to about 3600 feet of Franklin Street, beginning at the Marshfield line.

We will recommend that the town appropriate a sum of money for the improvement of the basin at Mattakeesett Court. The State and Federal Government will contribute the major portion of the cost of this project.

We believe a Committee should be appointed to prepare plans for a permanent and useful World War II memorial.

Speaking as a Finance Committee, may we remind you that this last year there was an increase in the tax rate, and we would like to take this opportunity to warn the inhabitants that if the various departments receive the amounts which they have requested the tax rate will be very near \$27.00 per \$1,000.00, an increase of \$2.00 over the 1945 rate.

Respectfully submitted,

PHILIP W. DELANO, Chairman  
CHARLES R. CROCKER  
WALTER G. PRINCE

Selectmen of Duxbury

## Report of Town Accountant

---

In submitting my report as Town Accountant for the year 1945, it is my desire to thank each and every Town Officer, Town Official, and town employee, for the splendid cooperation and assistance which I have received throughout the year.

Following is a statement of all receipts and expenditures of the Town of Duxbury for the financial year ending December 31, 1945, in accordance with Chapter 41, Sec. 61, General Laws.

ISABELLE V. FREEMAN,

Town Accountant.

## Report of State Auditor

---

To the Board of Selectmen

Mr. Philip W. Delano, Chairman

Duxbury, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Duxbury for the fiscal year ending December 31, 1944, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,

Director of Accounts.

TNW:CAH

---

Mr. Theodore N. Waddell

Director of Accounts

Department of Corporations and Taxation

State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Duxbury

for the fiscal year ending December 31, 1944, and report thereon as follows:

The recorded financial transactions of the several departments receiving or disbursing money for the town or committing bills for collection were examined, checked, and verified by comparison with the books of the town accountant and the town treasurer.

The books and accounts in the office of the town accountant were examined and checked. The receipts, as recorded on the ledger, were checked with the records of the several departments making payments to the treasurer and with the treasurer's books, while the recorded payments were checked with the treasury warrants issued by the selectmen and with the treasurer's cash book. The appropriations, as recorded on the ledger, were checked with the town clerk's records of town meetings and the transfers from the reserve fund were verified.

The town accountant's ledger was analyzed, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1944. This balance sheet indicates that the town is in excellent financial condition.

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were compared with the records in the departments collecting money for the town and with other sources from which money was paid into the town treasury, while the payments were checked with the selectmen's warrants authorizing the disbursement of town funds. The cash balance on January 27, 1945, was proved by reconciliation of the bank balances with statements furnished by

the banks of deposit and by actual count of the cash in the office.

The recorded payments on account of maturing debt and interest were verified by comparison with the amounts falling due and were checked with the cancelled securities on file.

The savings bank books and securities representing the investment of the trust and investment funds in the custody of the town treasurer and the Plymouth Five Cents Savings bank were examined and listed. The income was proved and the withdrawals were checked with the receipts as entered in the treasurer's cash book.

The tax title deeds on hand were examined and listed. The amounts transferred from the tax levies to the tax title account were reconciled with the collector's accounts, the tax titles redeemed were compared with the treasurer's recorded receipts, and the tax title deeds, as listed, were checked with the records in the Registry of Deeds.

The books and accounts of the tax collector were examined and checked. The poll, property, and motor vehicle excise taxes outstanding according to the previous examination and all subsequent commitments were audited and checked to the warrants issued for their collection. The payments to the treasurer were checked to the treasurer's cash book, the recorded abatements were compared with the assessors' records of abatements granted, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

The departmental accounts committed for collection were examined and checked. The charges were proved, the recorded receipts were checked with the payments to

the treasurer, the recorded abatements were compared with the records in the departments authorized to grant abatements, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

Verification of the correctness of the outstanding tax and departmental accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it would appear that the accounts, as listed, are correct.

The town clerk's records of dog, sporting, and miscellaneous town licenses, as well as of permits and of fees collected, were examined. The payments to the State were verified by comparison with the receipts on file, and the payments to the town treasurer were compared with the treasurer's cash book.

The surety bonds furnished by the several town officials required to file such surety were examined and found to be in proper form.

It is recommended that the board of health keep a complete record of licenses and permits issued in order that the income from this source may be properly audited.

The records of receipts from selectmen's licenses, from the sealer of weights and measures, and from the police department, as well as from all other departments in which money was collected for the town, were examined and reconciled with the treasurer's and the accountant's books.

In addition to the balance sheet previously mentioned, there are appended to this report tables showing a recon-

ciliation of the treasurer's and the collector's cash, summaries of the tax, tax title, and departmental accounts, as well as tables showing the transactions and condition of the trust and investment funds.

While engaged in making the audit, co-operation was received from the officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.

## Report of Town Meetings

---

### ANNUAL TOWN MEETING, MARCH 3, 1945

The meeting convened at 1:00 o'clock, P. M. and the warrant was read by the Town Clerk.

Under Article 1, Voted, unanimously, that the Town Clerk deposit one ballot for Harry B. Bradley for Moderator, which was done, and Harry B. Bradley was declared elected Moderator.

The Tellers, Charles C. McNaught, Harry A. McNaught and Robert I. Tower were sworn by the Moderator.

It was voted that a rule for this meeting would be that; No motion to lay on the table or otherwise cut off debate will be in order until the proponents of an article have had an opportunity to be heard.

Under Article 2, Voted, that the appointment of necessary officers not chosen by ballot be left in the hands of the Selectmen.

Under Article 3, Voted, that the report of the School Housing Committee be accepted, that the Committee be continued, and that the sum of \$200.00 be raised and appropriated for their use. It was suggested that the Auditors' report of the "Lucy Hathaway Fund" be more clearly explained, and voted to accept the reports of the other various Town Officers and Committees as printed in the Town Report.

Under Article 4, Voted, that the salaries of certain Town Officers be as follows:

Chairman of Board of Selectmen	\$1,000.00
Other Members of Board of Selectmen	512.50
Chairman of Board of Assessors	1,000.00
Other Members of Board of Assessors	450.00
Tax Collector	1,800.00
Town Clerk	1,000.00
Town Treasurer	1,400.00
Tree Warden	\$6.80 per day

and voted, that the compensation of the other elected Town Officers be the same as last year.

Under Article 5, Voted, that the appropriation on Schools be taken up in connection with Article 26, and that the appropriation on Public Welfare be delayed until later in the meeting when some member of the Board could make some requested explanations.

It was finally voted to raise and appropriate as follows:

Duxbury High School Loan, 1926	\$5,000.00
Interest	400.00
Plymouth County Hospital Maintenance	3,474.05
Gypsy and Brown Tail Moth	4,000.00
Mosquito Control	1,200.00
Cemeteries	8,100.00
Support of Schools	69,400.00
Vocational Schools	500.00
Forest Warden Department	2,200.00
Fire Department	7,500.00
Tree Warden Dept.	1,500.00
Snow and Ice Removal	15,000.00
Health Department	2,500.00

Public Health Nurse	500.00
Vital Statistics	15.00
Animal Inspection	100.00
Inspection of Slaughtered Animals	50.00
Department of Public Welfare	8,500.00
Old Age Assistance	25,000.00
Aid for Dependent Children	5,500.00
Soldiers' Benefits	4,000.00
Moderator	30.00
Selectmen's Department	2,600.00
Election and Registration Department	600.00
Treasurer's Department	1,850.00
Tax Collector's Department	2,570.00
Assessors' Department	2,800.00
Town Clerk's Department	1,300.00
Law Department	800.00
Town Historian	100.00
Town Hall, Offices and Buildings	2,500.00
Town Accountant	1,200.00
Police Department	13,500.00
Sealer of Weights and Measures	300.00
Bounties on Crows and Seals	50.00
Town Dump	700.00
Printing and Delivering Town Reports	1,000.00
Liability Insurance	900.00
Unclassified	300.00
Highways and Sidewalks	20,000.00
Bridges	1,500.00
Street Lighting	2,950.00
Town Landings	1,300.00
Hydrant Rental at Duxbury Beach	400.00
Harbor Master	100.00
Playgrounds	400.00
Shellfish Department	2,000.00
Planning Board	100.00
Duxbury Free Library	1,100.00

Committee on Public Safety	400.00
Rationing Board	200.00
Honor Roll	100.00
Public Use of High School Auditorium	200.00
Post-War Rehabilitation Program	100.00
Appeal Board	100.00

Under Article 6, Voted, unanimously, to raise and appropriate the sum of \$300.00 to be expended under the direction of Myles Standish Camp, No. 115, S. U. V. C. W., for the observance of Memorial Day.

Under Article 7, Voted, unanimously, that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning Jan. 1, 1945, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44, General Laws.

Under Article 8, Voted, unanimously, to raise and appropriate for the use of Plymouth County Trustees for the County Aid to Agriculture, the sum of \$100.00 and chose Ernest W. Chandler, Town Director.

Under Article 9, Voted, unanimously, to apply the dividend from the Plymouth County Dog Fund, amounting to \$567.04, to the support of schools.

Under Article 10, Voted, to raise and appropriate the sum of \$40.00 for the care and decoration of Boomer Square, work to be done under the supervision of the Cemetery Department.

Under Article 11, Voted, to appropriate to the Cemetery Department the sum of \$380.00 now in the hands of the Town Treasurer.

Under Article 12, Voted, unanimously, to appropriate \$3,000.00 to the Reserve Fund from the Overlay Reserve Fund.

Under Article 13, Voted, unanimously, to appropriate from the Excess and Deficiency Account a sum not to exceed \$30,000.00 to be used to reduce the tax rate.

Under Article 14, Voted to authorize the Selectmen to sell after first giving notice of the time and place of sale by posting such notice of sale in some convenient and public place in the Town, fourteen days at least before the sale, property taken by the Town under tax title procedure, provided that the Selectmen or whomsoever they may authorize to hold such public auction, may reject any bid which they deem inadequate.

Under Article 15, Voted, unanimously, to raise and appropriate the sum of \$1,200.00 for the purpose of purchasing radio equipment for the Forest Fire Department.

Under Article 16, Voted, to raise and appropriate the sum of \$266.76 to pay unpaid bills of 1944.

Under Article 17, Voted, to transfer from available funds in the treasury the sum of \$25,000.00 for the purchase of United States War Bonds, in order to add to the post-war rehabilitation fund.

Under Article 18, Voted, to raise and appropriate the sum of \$152.50 to pay contributions to Contributory Retirement systems on account of members thereof in the

Military or Naval Service, as provided in Chapter 708 of the Acts of 1941 as Amended.

Under Article 19, Voted, to return to the treasury the following unexpended appropriation balances: Repair of Island Creek School House, \$45.00; Soule Avenue Repairs, \$26.78; Bus Service to Kingston, \$200.00; Total \$271.78.

Under Article 20, Voted, to raise and appropriate the sum of \$500.00 for the purpose of furnishing uniforms for the Police Department.

Under Article 21, Voted, that a committee of five be appointed by the Moderator to investigate the possibility of furnishing that portion of the town outside of the present Water District, with water and hydrant service, and voted to raise and appropriate the sum of \$200.00 for this purpose.

Under Article 22, Voted, to install four street lights on Winter Street, to be located at points to be designated by the Selectmen, and that the sum of \$72.00 be raised and appropriated for this purpose.

Under Article 23, Voted, that the Town instruct the Selectmen to see that Pine Street is put in proper condition, and that the money for this purpose be taken from the Highway appropriation.

Under Article 24, Voted, that the sum of \$2,800.00 be raised and appropriated for the purpose of rebuilding a breakwater on land now or hereafter to be owned by the Town of Duxbury adjoining the land of Loren C. Nass. (The courtesy of the floor was extended to Mr. Faneuil Adams who explained the conditions near the property of Loren C. Nass).

Under Article 25, Voted, to accept contributions for the purpose of remodeling, renovating and repairing the old Town Hall on Tremont Street substantially in accordance with the plans and specifications of William B. Coffin, architect, copies of which plans and specifications are on file in the office of the Selectmen, and authorize the Selectmen to contract for said work in the name of the Town.

Article 26 was taken care of in conjunction with the school appropriation under Article 5, whereby it was voted that \$69,400.00 be raised and appropriated for the support of schools, \$4,000.00 of which to be used to provide additional facilities for the Elementary Grades.

Under Article 27, Voted, to raise and appropriate the sum of \$5,500.00 to complete and equip the Cottage Laboratory.

Article 28, which reads, "Will the Town vote to purchase from the Western Union Telegraph Company, et al, that portion of the Railroad roadbed formerly owned by the Old Colony Railroad, and others, lying between St. George Street and Soule Avenue, and instruct the Selectmen to lay out a highway on said property, or take any other action thereon", was not carried. Yes 41—No 110.

Under Article 29, which reads, "Will the Town vote to instruct the Selectmen to lay out a highway at some convenient point, to connect the Western Union property and Tremont Street, or take any other action thereon", it was voted to lay this article on the table.

Under Article 30, Voted, unanimously, to raise and appropriate the sum of \$1,000.00 to be used for improve-

ments on Valley and Franklin Streets, as provided in Chapter 90, Section 34 of the General Laws.

Under Article 31, Voted, to raise and appropriate the sum of \$200.00 for necessary repairs to the fish ladder at Cushing's Ice pond, including the approaches to Island Creek Pond.

Under Article 32, Voted, to raise and appropriate the sum of \$1,875.00, said amount to be added to the amount of \$7,500.00 raised in 1941, for the construction of a sea wall at Duxbury Beach, subject to contributions by State and County.

A vote of thanks was extended to the Moderator for his gracious, courteous and efficient conduct of the meeting.

At 5:30 o'clock P. M. voted to adjourn.

JOSEPH T. C. JONES,

Town Clerk.

---

Under Article 21, the following Committee on Water and Hydrant Service was appointed by the Moderator:

Walter G. Prince  
Eben N. Briggs  
Howard M. Clark  
Earle A. Ricker  
Alfred Earle Putney

M. L. Chandler	1 Vote
Blanks	36

And Percy L. Walker was declared elected by the Moderator.

## Member of Planning Board for One Year (Unexpired Term) :

Arthur H. Murphy	215 Votes
George Scott	1 Vote
E. M. Noyes	1 Vote
B. F. Goodrich	1 Vote
Blanks	57

And Arthur H. Murphy was declared elected by the Moderator.

Voted to adjourn.

JOSEPH T. C. JONES,

Town Clerk.

## Special Town Meeting, Nov. 9, 1945

---

At 8 o'clock P. M. the meeting was called to order by the Town Clerk and the warrant was read.

Under Article 1, it was voted, unanimously, that the Town Clerk cast one ballot for Mr. Harry B. Bradley for Moderator which was done and Mr. Bradley took the chair.

Edward P. Hobart, Charles C. McNaught, Robert I. Tower and Harry A. McNaught were appointed Tellers and were sworn in by the Moderator.

Voted, that a rule for this meeting would be that no motion to lay on the table or otherwise cut off debate will be in order until the proponents of an article have an opportunity to be heard.

Under Article 2, it was voted to instruct the Moderator to appoint a committee of seven to be known as "The Elementary School Building Committee"; and to appropriate from available funds the sum of \$3,500.00 for the purpose of engaging an architect to draw up plans, specifications and estimates for a new consolidated elementary school building and other pertinent expenses.

Under Article 3, Voted, unanimously, to accept Section 6-B, Chapter 40, of the General Laws, the acceptance of which permits cities and towns to purchase uniforms for its Police Department.

Under Article 4, it was voted to authorize the Selectmen to acquire on behalf of the Town by gift from Loren

C. Nass, certain land in the bed of the Bluefish River, more fully described in a deed from said Loren C. Nass tendered to the Town and shown on a plan by Delano & Keith, Surveyors, April 23, 1945 revised, for the purpose of building a bulkhead thereon, and to appropriate money from available funds in the amount of \$2,737.50 in addition to the \$2,800.00 appropriated for such purpose by Article 24 of the Town Meeting held March 3, 1945. Yes 76 — No 72.

(Mr. Walter G. Prince protested and suggested to the Moderator the advisability of taking a vote by ballot. Mr. Bradley allowed the vote to stand.)

At 9:10 it was voted to adjourn.

JOSEPH T. C. JONES,

Town Clerk.

---

Under Article 2, the following "Elementary School Building Committee" was appointed by the Moderator:

Kenneth G. Garside  
Philip W. Delano  
Stephen A. Reed  
Dr. Connie H. King  
Elbert A. Harvey  
Dr. J. Newton Shirley  
LeRoy M. Peterson

The following Town Officers took the Oath of Office in 1945, being sworn by the Town Clerk:

Philip W. Delano, Selectman for 3 years.

Walter G. Prince, Assessor for 3 years.

Madeleine H. Baker, Member of Board of Public Welfare for 3 years.

George S. Butler, Member of Board of Public Welfare for 2 years.

Carl J. Santheson, Jr., Member of Board of Public Welfare for 1 year.

George C. Scott, Member of School Committee for 3 years.

Harriet B. Borgeson, Member of School Committee for 1 year.

Kenneth G. Garside, Member of School Committee to 1947.

J. Newton Shirley, Member of School Committee for 3 years.

A. Elliot Holmes, Shellfish Constable for 1 year, and Harbor Master for 1 year.

Floyd E. Kenney, Assistant Harbor Master to March 15, 1946 and Special Police Officer for 1 year.

Eben N. Briggs, Forest Warden for 1 year.

H. Russell Chandler, Member of Board of Appeals for 3 years.

Roger Howland, Member of Board of Appeals to Dec. 31, 1945.

## Report of the Board of Public Welfare and Bureau of Old Age Assistance

---

To the Citizens of Duxbury:

The year 1945 has come to an end, and we find that the General Relief case load has remained almost at a standstill. The total case load was 10; one case was transferred to Aid to Dependent Children, one transferred to Old Age Assistance, and one received assistance from an outside agency.

During the past year, the Town of Duxbury has received \$753.00 from individuals for aid rendered.

In March 1945, a change in the method of electing the members of the Board of Public Welfare was effected, and Madeleine H. Baker was elected for a term of three years, George S. Butler for a term of two years, and Carl J. Santheson, Jr., was elected for the term of one year.

It was with much regret that the Board of Public Welfare accepted the resignation of Madeleine H. Baker, in September, due to ill health.

The Board of Public Welfare wishes to extend their appreciation to the Police Department for the fine cooperation given in 1945.

### AID TO DEPENDENT CHILDREN

There has been no material change in this type of assistance. During the past year the case load was in-

creased, and there are now 7 parents, with a total of 19 children, being aided.

### OLD AID ASSISTANCE

The Old Age Assistance program is again being liberalized through legislation and becomes effective January 1, 1946. The change effects the children of Old Age Assistance recipients who, since 1943, have been required to contribute to the support of their parents. Although some may still be required to contribute, their contribution will be much smaller as the liability will be one-third of amount above exemptions, against the 15% of the first \$500 and 35% of any further balance in 1945. In addition, the exemption for a child is based on his net income rather than on his gross income, and the exemptions have been increased.

	Now	Previous
Single child in the home	\$1,500.00 net	\$ 728.00 gross
Single child living apart	1,750.00 net	1,150.00 gross
Married child, spouse self-supporting	2,750 net	1,150.00 gross
Married child, spouse dependent	2,750.00	1,725.00 gross

It is hoped that this Department may continue to have the same cooperation from the relatives of the recipients of Old Age Assistance during the coming year.

Respectfully submitted,

CARL J. SANTHESON, JR.

GEORGE S. BUTLER

Board of Public Welfare

Bureau of Old Age Assistance

Respectfully submitted,

JAMES T. O'NEIL,

Chief of Police.

## Report of Fire Department

---

To the Honorable Board of Selectmen:

Duxbury, Massachusetts

Gentlemen:

The Board of Fire Engineers submit the following report of department activities for the year of 1945.

The total number of calls were 54.

### Summary:

- 6 Automobile
- 20 Building
- 9 Chimney
- 15 Emergency
- 1 False Alarm
- 1 Out of Town
- 2 Stand-by

### EQUIPMENT

We have purchased a new portable 1500 watt AC lighting unit with two 250 watt floodlights and one 500 watt spotlight. This unit will be capable of furnishing power enough to run our two-way radio and several lights for our Central Station during emergencies when the electric power is off.

We have also purchased a new E & J resuscitator, which we feel was very much needed by the department, to replace our old Davis inhalator which has to be operated manually and under great difficulties.

We, as a board, feel it our duty to ask the citizens of the Town to appropriate a sum of money which will enable us to buy a new fire truck with a suitable pump and equipment. Our 1929 LaFrance truck is now seventeen years old and with the increased population in the town we feel it good insurance to add this new truck to the fire department.

We are very much pleased to report that all of the boys who have returned home from the armed forces are back on active duty in the fire companies and stand ready to answer all alarms.

We wish to express our sorrow in the loss of Lawrence W. Glass, Chairman of the Board of Fire Engineers and Assistant Chief, who passed away suddenly on November 22, 1945.

As Chief of the Fire Department I want to express my gratitude to the firemen, telephone operators, and the townspeople for their aid to the department and assure them that it was much appreciated.

We would like very much to have the citizens of the Town of Duxbury know that this department always stands ready to serve them in any emergency that may arise. When calling the fire department by telephone, call the Central Fire Station, Duxbury 333. Give your name, the exact location of the fire, and if possible the nature of the fire; such as chimney, house or forest. This

enables us to send the equipment needed, so that every possible moment can be saved in responding.

Respectfully submitted,

EBEN N. BRIGGS, Chief  
ROY M. PETERSON  
KENNETH O. MACOMBER  
HENRY M. GRISWOLD  
GEORGE S. BUTLER  
CARL J. SANTHESON, JR.

Board of Fire Engineers.

## Report of Forest Warden

---

To the Honorable Board of Selectmen  
Duxbury, Massachusetts

Gentlemen:

I herewith submit the following report of the activities of the Forest Fire Department for the year ending December 31, 1945.

The total number of calls were 50.

### Summary:

8	Brush
10	Dump
2	False Alarm
8	Forest
19	Grass
3	Out of Town

After the hazardous year of 1944, I am very glad to report that with the help of the weather during the forest fire season our fire losses were very small.

The new equipment purchased this year has been very satisfactory. The 100 gallon portable pump which was mounted on the Chevrolet tank truck has proven very satisfactory.

With the special radio appropriation of last year I was able to buy two Motorola FM radio sets, one sta-

tionary set for the Central Fire Station and one mobile unit for the small Forest Fire patrol truck, Car 205. I feel that these have improved the efficiency of both departments, as they can be used in all emergencies and have proven very valuable.

The firemen and junior firemen who have answered the calls so promptly deserve a vote of thanks for their cooperation and faithfulness at a time when the department was so short of firemen.

Although some of our junior firemen left to join the armed services this year we have been happy to welcome back many of our former firemen who have returned to civilian life and who will aid us in protecting the property of Duxbury.

I also wish to thank the deputy wardens, citizens, and telephone operators for their assistance and co-operation throughout the forest fire seasons.

Respectfully submitted,

EBEN N. BRIGGS,

Forest Warden.

## Report of Moth Department

---

To the Honorable Board of Selectmen:

A report of the progress of work in the Moth Department since the last annual town meeting is as follows.

From the first of March until the first of May, creosoting of the egg clusters continued in the residential sections and the heavy infestations along the roadsides.

During May and June the roadside trees were sprayed with Arsenate of Lead along with several areas where a heavy infestation occurred. The work in the suppression of moths was suspended during the months of July, August and September as usual. In October the creosoting of egg clusters again was started in the cemeteries. In these areas there were fewer egg clusters than last year. After completion of the cemeteries, the work of creosoting the egg clusters in the residential section was started and is still in progress.

There is an improvement or decrease in insects on the west side of these heavy infestations but they are increasing on the east side.

However, the whole general picture shows improvement.

Respectfully submitted,

ROY E. PARKS,

Moth Superintendent.

## Report of Tree Warden

---

To the Honorable Board of Selectmen:

Since the last annual town meeting, a report of progress in the work of the Tree Department is as follows:

The work in this department started in May with the creosoting of Tent Caterpillar nests along the roadsides. During May and June all roadside shade trees were sprayed. Poison Ivy was sprayed at several places on Standish Shore and Powder Point as a test of different materials.

The trees along all streets were gone over and the most important low-hanging branches pruned off.

With the catching up of emergency work, more time can be spent on individual trees.

Respectfully submitted,

ROY E. PARKS,

Tree Warden.

## Report of Street Department

---

To the Honorable Board of Selectmen and Citizens of  
Duxbury:

During the past year we have had the same drawbacks as in previous years in regard to labor.

On Franklin Street, beginning at the Marshfield line, 3,600 feet of new road was built of mix and place. This was done under Chapter 90. The State, County and Town shared the cost.

A surface treatment of about  $4\frac{1}{4}$  mi. was put on the roads which needed it throughout the town.

In many places parts of the guard rails were taken, which had to be replaced with new. Others had to be repaired and all guard rails painted.

Extra work had to be done along the beaches and town landings due to strong winds and high tides.

Nearly all of the sides of the roads were mowed and cleaned which had not been done for about three years.

A sand and gravel loader has been purchased by the town which will be a great help.

There will need to be a lot of work done at Powder Point Bridge in the spring if lumber can be purchased, as only necessary repairs have been made with what lumber we could get.

Respectfully submitted,

EDWARD S. O'NEIL,  
Supt. of Streets.

## Report of Board of Health

---

Board of Health

Duxbury, Mass.

Gentlemen:

Contagious Diseases reported during the year were as follows:

Scarlet Fever	14 cases
Chicken Pox	34 cases
Measles	6 cases
Whooping Cough	5 cases
Tuberculosis	1 case

Licenses were issued for the collection of Garbage, the Sale of Milk, Oleomargerine and Wood Alcohol. Inspections were made and licenses issued for the use of Overnight Cabins.

The usual complaints of overflowing cesspools, dead fish on the Beach and other complaints were taken care of. The Board of Health continued its practise of employing a Dentist for examination of the school children's teeth and correction of certain dental defects.

Respectfully submitted,

C. H. KING, M. D.,

Agent.

## Report of Public Health Nurse

---

To the Honorable Board of Selectmen:

Dear Sirs:

I submit herewith the report of the Public Health Nurse for the year 1945, these being services rendered under the annual appropriation for this purpose.

It has been a problem to know under what heading to report the Well-Child Conferences. A State Public Health Nursing authority has advised that this is rightfully part of the town's responsibility. The Duxbury Parent-Teachers Association is doing a good piece of work in sponsoring the Conferences here, and actually the town has had a large part in the activity since the town physician and the town nurse have given their time to this free of charge.

	Visits	Cases
Old Age Assistance	33	4
Tuberculosis (cases and contacts)	10	6
Crippled Children	30	6
Syphilis	3	3
Acute Contagious Disease	6	6
	—	—
Totals	82	25

Well-Child Conferences    meetings 4    attendance 28  
Transportation

Lakeville	1 trip
Children's Hospital	2 trips
Wrentham	1 trip

In the annual appropriation for the salary of a Public Health Nurse, Duxbury has been meeting its responsibility for providing nursing service as part of the protection of the health of its citizens. This responsibility should be the basis for the appropriation.

Therefore a summary has been made of services rendered the town during the four year period from January 1, 1942 through December 31, 1945, hoping that a clearer picture may be had of the work done under these appropriations.

	Visits	Cases
Old Age Assistance	310	10
Aid to Dependent Children	36	3
Welfare	22	2
Crippled Children	91	9
Tuberculosis	56	12
Syphilis	6	4
Acute Contagious Disease	57	57
	<hr/>	<hr/>
Totals	578	97

#### Clinics Held:

Diphtheria Inoculation, clinics	2	attendance	151
Well-Child Conferences, clinics	10	attendance	95

#### Transportation:

Children's Hospital	11 trips
Plymouth Co. Hospital	12 trips
Lakeville	10 trips
Wrentham	2 trips

Respectfully submitted,

SUSAN E. CARTER, R. N.,

Duxbury Public Health Nurse.

## Report of Memorial Day Committee

---

To the Honorable Board of Selectmen,  
and to the Citizens of Duxbury:

As the Committee submits this report many of our sons have returned from the battlefields of Europe, Asia, Africa, and other parts of the world, but some will never return. Nothing is more gratifying than to see our boys return, and we sincerely hope that the returned Veterans will all take an active part in these sacred ceremonies next Memorial Day.

This year, in addition to our customary services at Mayflower, Ashdod, Standish, Dingley, and No. Duxbury Cemeteries, and at Blue Fish River Bridge, we held an additional service at the Honor Roll for the five boys who were killed and buried on foreign soil, and the one buried in Mayflower Cemetery.

Several World War No. 1 Veterans have answered the Last Roll Call and their names were added to our list of War Dead.

All known veterans' graves were decorated with flags and flowers, and patriotic exercises were held in the Unitarian Church with the cooperation of the Clergy, School Officials, and others.

The Sons of Union Veterans, American Legion, Girl Scouts, Boy Scouts, and School Children all worked together in decorating the graves of Myles Standish, Col.

Jonathan Alden, 25 Revolutionary War Veterans, 4 Veterans of the War of 1812, 213 Civil War Veterans, 4 Civil War Nurses, 1 Spanish War Veteran, 22 Veterans of World War No. 1, 1 Veteran of World War No. 2, and also 3 Peacetime Soldiers, and 12 Peacetime Sailors, making a total of 290.

The Committee extends its thanks to all who helped in any way.

Respectfully submitted,

PARKER CHANDLER, Chairman  
EDEN S. GLOVER  
CHARLES C. McNAUGHT  
OSCAR B. RYDER  
A. WARREN WASHBURN

## Report of Librarian Duxbury Free Library, Inc.

---

The past year saw the lifting of war-time restrictions on fuel oil enabling the Library to return to its regular "open" hours. Attendance passed the 6,000 mark, with a book circulation of 20,102. This includes the volumes lent the High School departments of English, History, and Science through a very satisfactory arrangement that will be continued throughout the coming school year.

All Libraries would like to see a ceiling price put on books. At present they are helpless in the matter and have to meet the situation by limiting purchases. Prices are high and mounting and printing, paper and binding so below standard that the life of the average book has been considerably shortened. This cuts further into the book budget.

While books purchased fell to slightly less than 600, over 1200 volumes were added to the shelves during the year—thanks to a number of generous donors. Of these a good many are duplicates and technical books that will not be in daily circulation, but desirable items nevertheless.

Among the donors to the Library were: Dr. H. C. Bumpus Jr., William B. Coffin, Mr. and Mrs. William H. Young, Mrs. F. W. Palfrey, Dr. C. H. King, Mrs. Hector M. Holmes, Mrs. Roderic N. MacDonald, Mr. A. T. M. DeAndria, Atherton Loring, Jr., Rev. Walter Reed Hunt, Mrs. T. W. Scott, Mrs. Earl, C. Grenquist.

From now on over-due cards will be sent out more promptly than has been the previous custom. This does not necessarily mean a demand for the immediate return of the books, for it is realized that in a widely scattered community like ours, distance and weather are often definite handicaps. The cards will be a reminder to the various recipients "lest they forget", and furnish a more up-to-date check of the Library over-due files.

Respectfully submitted,

FISHER AMES,  
Librarian.

## Report of the Treasurer of the Duxbury Free Library, Inc.

---

The income from the investments of the various funds are as follows:

Wright Fund	\$2,898.96	
Winsor Fund	270.00	
Harding Fund	20.10	
Hathaway Fund	63.00	
Duxbury Hall Fund	173.00	
	<hr style="width: 100px; display: inline-block; vertical-align: middle;"/>	\$3,425.06
On hand January 1, 1945		808.79
Collected on Principal Account		5,200.00
		<hr style="width: 100px; display: inline-block; vertical-align: middle;"/>
Total		\$9,433.85

An appropriation from the Town of Duxbury of \$1,100.00 was used by the Town to pay a part of the wages of the employees of the Library.

Also, income from the Lucy Hathaway Fund amounting to \$417.56 was used by the Town of Duxbury to buy books for the Library.

The expenses of the Library are as follows:

### Wages:

Mr. Ames	\$958.30	
Mrs. Bencordo	387.40	
Mrs. Pierce	237.55	
Mr. Needham	200.00	
	<hr style="width: 100px; display: inline-block; vertical-align: middle;"/>	\$1,783.25

## Operating expenses:

Heat	\$313.21	
Light	152.22	
Water	12.00	
Telephone	50.21	
Safe Deposit Box	12.00	
Insurance premiums	240.40	
Repairs	73.45	
	<hr/>	853.49
Interest on bonds bought	\$40.28	
Brokers' charges	5.33	
	<hr/>	45.61
Books		800.00

Principal reinvested	\$5,150.60	
Balance cash, January 1, 1946	695.78	
	<hr/>	
Total		\$9,433.85

January 14, 1946

WILLIAM H. YOUNG,

Treasurer.

## Report of Shellfish Constable

---

To the Honorable Board of Selectmen:  
Duxbury, Massachusetts

I herewith submit my annual report as Shellfish Constable for the year 1945.

The weather conditions during the past year certainly did not contribute to the propagation of shellfish. The dry period of three months last summer killed much of the 1944 set of seed clams and the three heavy storms in the late fall washed away the shores and flats burying many more areas in sand and silt. Later the ice froze the shores, smothering other areas. The damage can be determined only after the spring rains and after the shores and flats have been inspected. There was a good set of seed clams showing last fall, which may develop in spite of bad conditions.

There have been, on the average, from two to eight commercial clam diggers out nearly every day during the year. From the first of May until November an average of from four to fifteen men were out digging quahaugs. During January, February, November and December there were two men digging razor-fish nearly every day and in the period from the first of June to the middle of October one man picked cockles and one dug sea worms.

There were fifty-three (53) commercial permits issued during the year and also eight hundred and sixty-nine (869) family permits.

The following is the record of shellfish and sea worms taken commercially :

266 bushels of Razor-fish @ \$3.33 1/3	\$ 886.67
2289 bushels Clams @ \$5.00	11,445.00
1936 bushels Quahaugs @ \$3.00	5,808.00
5 bushels Mussels @ 5.00	25.00
130 bushels Cockles @ \$5.00	650.00
15175 Sea Worms @ .06 apiece	910.00
	<hr/>
	\$19,724.67

From the above total, 1241 gallons of clams were shucked at \$6.00 per gallon and 13 gallons of quahaugs also at \$6.00 per gallon.

The record of shellfish and quahaugs planted on grants during the year follows:

Clams	38 bushels
Quahaugs	858 bushels

Nine grants have been surveyed and staked out during the year.

Many signs were maliciously destroyed during the summer and many more were washed away by the storms.

Respectfully submitted,

A. ELLIOT HOLMES,

Shellfish Constable.

## Report of the Superintendent of Cemeteries

---

To the Cemetery Trustees:

I submit my report for the year of 1945.

At Mayflower, Ashdod, Dingley and Myles Standish Cemeteries the general work was done, the fences around the four cemeteries were repaired and painted and the leaves were raked. The egg clusters were creosoted and the trees sprayed by the Moth Department.

At Mayflower Cemetery the avenues were edged and cleaned and the asphalt avenues were patched with Pre-Mix to keep them from breaking up. There was a large amount of work done in trimming the dead wood in the trees. In the new part of the cemetery a section of lots were built. This section of the cemetery is getting larger each year. A great many old lots have been rebuilt, monuments, markers and evergreens being set on the lots adds to the amount of work which has to be done each year.

In Ashdod Cemetery the avenues and walks were edged and cleaned.

At Myles Standish the grass was cut and the guns painted.

All Perpetual and Annual Care lots were cared for. Thirty-three foundations were built and there were sixty-five interments this year.

Mr. Willard Taylor who had worked for the cemetery department for a number of years passed away June 8, 1945 and will be missed by his many friends.

Respectfully submitted,

LAUREL B. FREEMAN,

Supt. of Cemeteries.

## Report of Cemetery Trustees

---

To the Honorable Board of Selectmen and Citizens of  
Duxbury:

We submit the following report for the year 1945.

The Report of the Superintendent of Cemeteries has been accepted by the Board of Cemetery Trustees and is printed as a part of this report.

Your Trustees, in an attempt to more equitably care for the cemetery, have increased the Perpetual Care Fund minimum from \$100 to \$200 for a ten (10) grave lot. At the same time, requests were mailed out to all Perpetual Care Lot owners or interested parties to increase the existing Perpetual Care Funds to the same level. We greatly appreciate the favorable response received from many of the parties contacted.

The price of a lot for a non-resident has been increased to \$335.00 of which \$200.00 is placed in the Perpetual Care Fund.

The Board of Trustees request that \$8,500.00 be appropriated for the work of caring for the Cemeteries.

The Trustees further request an appropriation of \$600.00 for resurfacing the black roads in the cemetery to prevent further damage by frost.

The Trustees further request an appropriation of \$850.00 to replace the department truck bought in 1935.

The Board of Trustees wish to express their appreciation for all assistance extended by the citizens to improve the appearance of the cemeteries.

Respectfully submitted,

HARRY A. TAMMETT, Chairman  
 J. NEWTON SHIRLEY, Secretary  
 THEODORE W. GLOVER  
 ERNEST H. BAILEY  
 CONNIE H. KING, M. D.

## Care of Playgrounds

---

To the Honorable Board of Selectmen,  
Duxbury, Massachusetts,

Gentlemen:

The routine work on the grounds has been completed as usual this year. The activity on the playground has been much greater than in the past seasons as the high school baseball, softball, football and field hockey teams kept the field in constant use during their practice and competitive games.

Little work has been done on the buildings recently and I feel that they should all be repaired and put in condition during the coming year.

Respectfully submitted,

EBEN N. BRIGGS

## Report of the Board of Appeals

---

To the Honorable Board of Selectmen,  
Gentlemen:

The Board of Appeals of the Protective By-Law of the Town of Duxbury submit the following report.

As this Board is an innovation in Duxbury we are submitting our first report to the citizens.

We have had several appeals presented to us and have endeavored to make a just and unbiased decision in every case, having the interest of the citizens at heart as well as the future welfare of the town.

Respectfully submitted,

PARKER B. CHANDLER, Chairman  
WILLIAM B. COFFIN  
H. RUSSELL CHANDLER

## Report of the Trustees of the Jonathan and Ruth Ford Fund

---

To the Citizens of Duxbury:

The following is a statement of the operations of the principal and income accounts of the Jonathan and Ruth Ford Fund for the year of 1945:

	Principal	Income
On hand at beginning of year	\$25,000.00	\$1,282.33
Income for 1945		645.98
		<hr/> \$1,928.31
Paid for relief of three worthy cases in 1945		488.05
		<hr/>
On hand December 31, 1945	\$25,000.00	\$1,440.26

PHILIP W. DELANO  
 CHARLES R. CROCKER  
 WALTER G. PRINCE  
 JOSEPH T. C. JONES, Treas.

## Report of Town Historian

---

To the Honorable Board of Selectmen of the Town of Duxbury :

The following is a brief summary of the events of a memorable year.

The death on April 12 of President Franklin Delano Roosevelt serving his fourth term as President of these United States. The church bells of the Town were tolled during the Funeral services in Washington; memorial services were held in the churches; a memorial tree was planted in the school grounds by the Student Council of the High School.

The proclamation by President Truman of V-E day, and later V-J day marking the unconditional surrender of our enemies and the end of World War II.

Thanksgiving services were held in the High School Auditorium under the auspices of the Committee on Civilian Defense. This meant the beginning of the welcome return of our men to their homes, which still continues. It was also a sad and vivid reminder of those neighbors and friends who had made the great sacrifice and who will not return.

The weather must have mention in any retrospect of the year.

June first was the coldest June day on record. 41 degrees establishes this claim.

The February storm however made a more lasting impression. It began on the ninth. Heavy wind, with rain turning to snow and sleet, damaged trees and buildings. This resulted in the interruption of electrical service. Some homes were without light, heat and cooking conveniences for a full week and more. Open fires again had to serve the needs of Duxbury as of old. A few families had to leave their homes.

Not to be outdone by February the last week in November, and the first in December added to the record of the year. Two heavy storms almost continuous, brought very high tides and wind of high velocity. Severe damage was done all along the coast. Letters to newspapers alleged that these storms were equal in intensity to the storm of 1898. Far be it from us to enter this controversy. It was bad enough.

1945 gave to Duxbury its first Bread Line. Tuesday, Thursday and Saturday were the days, and the place Hall's Corner. Between half past seven and nine o'clock were the hours. The line beginning at the A & P store, extended often around the corner. A ration book was the ticket of admission. That meat and butter were the desired objectives rather than bread did not change the necessity of the line.

To all these items should be added the Atomic Bomb with all its possibilities.

The Christmas was white.

So ends the year.

WALTER R. HUNT,  
Historian.

## Report of Plymouth County Extension Service

---

1945

The Plymouth County Aid to Agriculture (Plymouth County Extension Service) representing this department works in many and various ways in assisting farmers, homemakers, and rural youth. The brevity of this report will not permit more than a generalization of the work on a county-wide basis.

In 1945 the Extension Service was confronted with postwar adjustments in the field of agriculture and its related industries. A well planned program was already planned and is now in operation for the reconversion of the agricultural industry to normal demands. These adjustments in the production of agricultural commodities, requires the considered judgment of all agricultural, industrial and educational leaders.

Each of the Extension Service Departments has dealt with a general educational program in many lines of endeavor. The agricultural agents performed service in an organized way for dairymen, poultrymen, market gardeners, fruit growers, cranberry growers, forest owners, home gardeners, general livestock owners. Individual help was given for many other interests.

Home demonstration agents have been active in teaching projects of clothing, home furnishing, home management and nutrition.

4-H club agents have organized clubs for boys and girls enrolled in garden, handicraft, sheep, clothing, food, home-craft, and home furnishing. Though not every town has been represented because of lack of local leadership, the facilities of this office have been made available to each town on either an organized or individual club member basis.

Special work on farm labor, selective service investigations, War Board activities, and many other duties, have fallen upon the Extension Service staff. The Extension Service seems assured to continue to render valuable assistance to rural people. Town Directors, County Aid to Agriculture, will be called upon more extensively than in the past to counsel, guide, and direct the overall Extension Service program for each town.

A statistical summary of activities follows which may denote the extent of Extension Service activities during the past year.

ERNEST W. CHANDLER,

Town Director.

## STATISTICAL SUMMARY

## Report of Honor Roll Committee

---

January 19, 1946

To the Citizens of Duxbury:

Since the last annual report of your committee thirteen names have been added to the Honor Roll List bringing the present total of names to three hundred and thirteen.

During the past year six names have been added to the list of those who have made the supreme sacrifice.

JOHN RADFORD ABBOT, Jr., was killed in action off Okinawa on June 16th, 1945.

BRONISLAW PETER DUBILESKI, was killed in action in France on December 26th, 1944.

CHARLES KEENE ESTES, died on April 9th, 1942. Since this date is about a month before the fall of Batan it is believed that he must have died in an American hospital. The information is incomplete and was delayed.

WILLIAM DONALD FLOYD, was killed in action in Italy on April 21st, 1945.

ROBERT ALLEN HERDMAN, was killed in action on Okinawa in April, 1945.

NATHANIEL MORTON RAYMOND, Jr., died in Germany on September 4th, 1945.

This brings the total of those who have been lost to ten, and for those who may not have read our previous reports we will give again the names of the others:

RAYMOND CHARLES CLARK, was killed in action over France in March or April, 1944.

MERRILL M. GREEN, died of wounds in France on July 27th, 1944.

WILLIAM MANUEL MARTIN, died in Cherbourg, France on November 11th, 1944.

LOUIS P. MENDES, was killed in action in France on August 28th, 1944.

The names added since our last report are as follows:

Barclay, Willard Sherman, Jr.	Lovell, Lawrence Fred- erick
Bennett, Edward Howard, 3d.	Mosher, William Thomas Nightingale, Stanley War- ren, Jr.
Byrne, Robert DeWayne	Schaffer, Norman Jones
Chandler, Robert Victor	Soule, William Bradford
Damon, George Wallace	Westervelt, John W.
Lund, John C.	White, Robert Goodspeed

Your committee believes that the amount remaining in its appropriation will be sufficient to cover such expenses as may be incurred during the year 1946. We regret that weather conditions prevented having the Roll painted this fall as we had planned.

Respectfully submitted,

WALTER R. HUNT  
EDWIN M. NOYES  
JAMES T. O'NEIL

## Detailed Report of Public, Investment, and Cemetery Trust Funds

## Report of Water and Fire Protection Committee

---

This committee has held several meetings during the year and recommends to the Town of Duxbury:

That a survey by competent engineers be made of the town and recommendations and estimates prepared.

That a committee be appointed to continue this study and work with the engineers so that complete recommendations be made at a future meeting.

That special study be made by the engineers and committee, of the High Street and North Duxbury areas where water is available from Pembroke and Marshfield.

That the fire and water needs of the town may be best served by the establishment of a water department and that the Duxbury Fire and Water District be approached on this.

We recommend that a sufficient sum be appropriated for this purpose.

Respectfully submitted,

WALTER G. PRINCE, Chairman  
HOWARD M. CLARK, Secretary  
ALFRED N. PUTNEY  
EARLE A. RICKER  
EBEN N. BRIGGS

## Report of Committee on Public Safety

---

To the Selectmen and Citizens of Duxbury:

During this year, with the exception of two departments, the Organization of Civilian Defence has been on a suspended basis and on the Evening of "VJ-Day" is was officially disbanded at the celebration in the High School Auditorium.

The Salvage Department continued on, however, until September 30, 1945, at which time the work of collecting papers, etc., was taken over by the youth of the Duxbury Recreation Committee. Below is a report of the results of the Salvage Committee for 1945.

### SALVAGE DIVISION

Mr. Walter G. Prince, Chairman

Salvage collected and sold up to September 30, 1945:

Paper	51½ Tons
Tin Cans	2 Tons
Rags	413 Lbs.

The following donations were made during 1945:

American Red Cross	\$100.00
Red Cross Camp Service Council	50.00
Old Colony Chapter, Red Cross, toward purchase of a station wagon	200.00
Red Cross Christmas presents	50.00

Duxbury Recreation Building Fund	200.00
Duxbury Women's Corps (Share)	150.00
Duxbury Boy Scout Cubs	100.00
Duxbury Public Safety Committee for Ceritificates	100.00
National War Fund	50.00
Duxbury High School Athletic Assoc.	50.00
American Legion, No. 223	50.00
Duxbury Social Service Committee (Clam)	25.00
Duxbury Girl Scouts	25.00
Duxbury Boy Scouts	25.00
Total	<hr/> \$1,175.00

On September 30, 1945 the work of the Duxbury Salvage Committee ended, after over three years of monthly collections. Paper is still needed and will be collected each month on the first Saturday by the Duxbury Recreation Committee.

During the three years' work of the Committee, there were collected 100 tons of Scrap Metal, 155 tons of Paper, 11 tons of Tin Cans and over 800 lbs. of Rags. \$2,525.00 were donated to worthy causes, distributed as follows:

American Red Cross	\$650.00
American Legion, No. 223 (Mostly for the Observation Post)	225.00
Duxbury Branch—Mass. Women's Corps (Valuable aid in collecting)	250.00
Duxbury Recreation Building Fund	200.00
Duxbury Recreation Committee	25.00
Social Service Committee ("Clam", etc. for service men)	150.00

Jordan Hospital	150.00
Duxbury School Equipment	150.00
Public Safety Certificates	100.00
National War Fund	100.00
Coast Guard Auxiliary	100.00
Duxbury Cub Scouts	100.00
Duxbury District Nurse	75.00
Salvation Army	75.00
State Guard (Duxbury)	50.00
Fire Companies	50.00
Boy Scouts	40.00
Girl Scouts	35.00
	<hr/>
	\$2,525.00

Thanks go to those on the Committee, those aiding the committee, those donating truck service, those who in any way saved, collected or otherwise made possible such fine collections.

MARGARET K. ELLIOTT,

Secretary,

Duxbury Salvage Committee.

---

The Social Service Department still continues to function and will until our last Boy and Girl is back from the service. Below is a report of its activities by its Chairman:

#### DUXBURY SOCIAL SERVICE COMMITTEE

The Social Service Committee has carried on its work throughout the year as during the previous war years.

The War Shrine services were terminated with the extinguishing of the candle at the V-J Day observation at the High School. The many thanks and notes of appreciation, from grateful friends and families of our servicemen, indicate that real comfort and spiritual help came from the communion services held at the Shrine weekly, with Rev. Mr. Philbrick officiating, and from the opportunity which the Shrine afforded for meditation and prayer at all times.

"The Clam" has been sent to each Duxbury man and woman in the armed forces each month. The task of keeping the address files complete and up to date has been somewhat difficult, as the boys and girls have been moved fast and often.

Again this year the subscriptions to Readers Digest have been renewed for Army personnel overseas, and new subscriptions have been added upon request, while renewals and new subscriptions for Navy personnel have been entered upon request. A signed request from the Serviceman is required for periodicals.

The Committee did not cease to function when Civilian Defense was inactivated and it will carry on and keep the Clam communique going to the World War II personnel remaining in service, until our last man and woman has returned.

FLORENCE C. FLANNERY,  
Chairman.

---

During the year we have prepared and sent to each of the 439 members of the Organization a certificate showing their enrollment in the service of Civilian De-

fense. The Certificates were signed by the Chairman of Selectmen, the Chairman of Civilian Defense, and by the Department Chairman.

In conclusion I want to thank each member of the Organization for their loyal support, and to the Citizens of Duxbury and the Summer Residents my sincere appreciation for their cooperation.

HARRY L. TINKER, Chairman,

Committee on Public Safety.

## Final Report of The Committee for the Investigation of School Housing

---

The Committee appointed to investigate the school housing situation in Duxbury herewith submits its final report.

A series of meetings has been held and investigations conducted to determine how the housing needs of the Duxbury schools could best be served. At first it seemed that the building of a Union High school with one or more of the surrounding towns would be a proper solution of our problem. However, all towns approached indicated that they were only mildly interested and therefore we have come to the conclusion that this solution is not feasible at the present time.

The Committee then studied the housing situation in the Duxbury Schools at present and has reached the following conclusions:

1. Our present school plant cannot adequately house the number of pupils attending school in Duxbury.
2. Our present elementary school sites are not the most advantageous ones available.
3. A modern educational program can be better carried on in a consolidated elementary school.
4. The present plant does not serve our health needs most efficiently.

In view of the above findings, the Committee for the Investigation of School Housing unanimously makes the following recommendations to the citizens of Duxbury:

1. That a special town meeting be called as soon as possible.
2. That at this town meeting, a committee of citizens known as The Elementary School Building Committee be appointed with authority to engage an architect to draw up preliminary plans for a new consolidated elementary school building.
3. That the sum of thirty-five hundred dollars be raised and appropriated for this purpose.
4. That The Elementary School Building Committee make a report of progress to the town at the annual town meeting.
5. That this Committee for the Investigation of School Housing, having fulfilled its purpose, be discharged as an active committee in the town of Duxbury.

Respectfully submitted,

Committee for the Investigation  
of School Housing,

WARREN G. WENTWORTH, Chairman  
PHILIP DELANO  
KENNETH G. GARSIDE  
HOWARD M. CLARK  
STEPHEN A. REED  
EDGAR DAVIS, Secretary.

February	18-22	Winter Recess
April	15-19	Spring Vacation
May	30	Memorial Day
June	7	High School Graduation
June	20	Summer Recess

## ADMITTANCE

Children who are five years and eight months old may be admitted to Grade One after taking the regular pre-school examination.

Children five years old but less than five years and eight months may apply for the examination and be admitted to school on trial if this seems advisable.

## NO SCHOOL SIGNAL

School is usually called off only when bus transportation is unsafe. It may occasionally be called off during an extremely severe storm. On such days an announcement is made over Stations WBZ and WEEI, between 7:15 and 7:45. Parents are not expected to send their children to school on days when, in their opinion, the weather is such as to endanger the health of the child. Such absences are excused on receipt of a written excuse.

## Report of Superintendent

---

Duxbury School Committee  
Duxbury, Massachusetts

Gentlemen:

I herewith submit my first Annual Report as Superintendent of Schools in Duxbury.

This report is confined in a large part to the activities of the School Department that have taken place within the last six months.

The various supervisors and the High School Principal are reporting separately in the work being done in their particular fields so that this account will confine itself to the changes that have taken place generally throughout the system, the work of the elementary school, and the problems of physical plant.

### CHANGES IN ORGANIZATION

There have been three major changes in our organization during 1945:

1. The Opportunity Room has been eliminated and at the present time there are no plans for restoring this room. The change was brought about when the teacher assigned to this class resigned her position. Since so few pupils were given this program, it was not economical to try to continue it through the 1945-46 year and in a town the size of Duxbury, chances are excellent that we will not need to organize a new class.

2. The tests given to pupils before entering school indicated that we would be better advised to discontinue, for this year at least, the pre-primary class at the Point School. Children who formerly went to that class are now at the Tarkiln School, while most of the entering pupils have been assigned to the Point School which is now a regular first grade. The results of the change to this point have indicated that the decision was a wise one and that we need not expect an exceptionally high rate of failure in the first grade. The problem of first grade failures is universal throughout the country. In Duxbury, kindergarten training for all pupils will be a partial solution. Fundamentally, it is a problem of maturity and with little children this cannot be forced too quickly in many cases.
3. Test results indicated that a remedial reading program would be worth while in Duxbury. A teacher has been employed for this purpose and is working with several small groups at the Village School and at the High School in Grades Five and Six. The program is working well and shows excellent progress on the part of the children who receive the benefit of this instruction. In many cases, outstanding results are being secured. Pupils who have had the remedial program have showed an average gain of approximately two years in reading achievement after less than five months of instruction.

### INFORMING THE CITIZENS

One of the primary responsibilities of any School Department is to keep the public informed of what it is trying to do, how much success is being achieved in accomplishing these goals, and to inform the public of the

needs of its schools. Such a task requires a good deal of organization and participation by the public. In the last six months the staff has made some progress in this important function.

A group of citizens worked with representatives of the teachers and School Committee in forming and presenting a recommended salary schedule for the payment of teachers. These recommendations were accepted by the School Committee and a schedule adopted with one minor change.

The elementary school teachers made some changes in their system of reporting to the parents in order to make the method of reporting conform to a sound method of handling pupils. The changes, although superficial in some instances, were significant in that the new system of marking encourages each teacher to mark the child on the basis of what he may be able to accomplish rather than on a competitive basis.

During National Education Week in the fall, all schools held open house either in the afternoon or in the evening in order that the parents and friends could visit. Worth while programs were designed in order to give parents a clearer idea of what is taking place in the schools. At the present time, committees of teachers are cooperating with the P. T. A. by planning a series of four meetings built around various activities that take place in the schools.

## INSTRUCTION

The problem of what to teach and how to teach is always with us. Methods do not change radically from year to year, but it is vitally necessary that there be a

continual evolution in order to adapt to the latest practices which have been substantiated by careful research. During the latter part of 1945, this gradual change has been continued in Duxbury schools. Attention has been given in particular to several problems:

1. Standardized tests are a necessary part of the school program. These tests enable us to compare the accomplishments of Duxbury children with the accomplishments of children from all over the country. For the next few years we have committed ourselves to the policy of using these tests early in the year. This enables us not only to find out how our children do in comparison with others, but it gives us time during the year to do something about it. The tests now in use emphasize background, ideas, ability to read, ability to apply knowledge to problems, and ability to use the tools of learning—such as writing, dictionaries, reference books, and so on. This program will extend from the third grade through the senior year of High School.
2. The problems of scheduling are extremely difficult in a small school system. The High School schedule is continually being changed or adapted to the needs as they arise. The Elementary School teachers have spent some time discussing means of improving upon class schedules so that they may develop a better plan of allotting time to the various subjects.
3. The Rinehart Functional Handwriting System has been adopted by the Duxbury schools on an experimental basis. Under this plan, the classroom teacher teaches penmanship but receives help from

an expert supervisor who visits the class once a month. The whole system is very carefully designed to bring about good results and it is expected that accomplishment in this field will be very satisfactory this year.

4. A series of Elementary Schools teachers' meetings is being held weekly in order to discuss and clarify the many problems connected with improving instruction. The emphasis in these meetings is on teaching rather than on school routine. Our procedure is to decide as a group which problems are most pressing and to work upon them. Most changes that have been made have been developed in these meetings. The teachers have also clarified somewhat the Program of Studies in some areas and this next year will go on to finish that job. At the present time one of the most popular reading systems published is being used in the Duxbury schools. Our arithmetic course of study is also determined by the system used which is up-to-date and well developed. In the Social Studies the work has been divided up as follows:

- A. Grade One studies life in and about the home.
- B. Grade Two makes a study of the community and some of the services a community renders to its citizens.
- C. Grade Three carries on a study of community life but the study is built around the life of contrasting peoples such as the Indians, the Dutch and the Swiss.

- D. Grade Four continues the study of community life with particular emphasis upon a very cold country, a hot, dry country, and a hot, moist country. In Grade Four there is also a study of early life in Duxbury, Massachusetts, and the American Colonies.
- E. Grade Five studies American History from the time of the American Revolution up to the present. The emphasis here is upon everyday life and the great men who have contributed to the development of America. Economic and political developments as such are not stressed on this level.
- F. Grade Six studies the modes of living throughout historical times in other parts of the world. The lives of people and their famous men are studied as well as the geography of the various regions.

There is often criticism of the public schools because it is felt that they do not teach enough American History. If the above listing had been carried up through the High School, it would be noted that American History is taught on three different levels—the first one in Grades Four and Five with a biographical approach, the second one in Grade Seven with a chronological development with more emphasis on political and economical developments, and an advanced chronological study of history in Grade Eleven as well as a course in Problems of American Democracy, which studies current problems with some emphasis upon their background in American History.

## IMPROVEMENT OF PLANT

In the six months that I have worked in Duxbury, I have been impressed with the large amount of time and money that must be spent on the physical plant. It would seem that it would be most economical to make only such expenditures as seem absolutely necessary in the elementary schools and when any major changes are made in the high school plant, they should be done well so that the item will not continually recur. It was necessary to work on the drainage system at the High School. A very thorough construction job was undertaken which should give a permanent solution to that problem. In another year a thorough job must be done particularly around the windows in order to save fuel and leakage which is ruining the plaster inside. Unfortunately, a large amount of money had to be spent in drilling a well at the Tarkiln School, but since this was a matter that vitally concerned the health of the pupils, the money was well spent. Due to war conditions, there has been some accumulation of repair work in the High School building which will make it necessary to raise the budget item for this purpose for the next few years.

## CONCLUSION

In looking forward to another year there are several problems that present themselves and upon which we must continually be working:

1. We have outgrown our present school plant. By September of 1947 the situation will be serious and some major adjustment must be made. Every effort should be made to have the new school available at that time in order to prevent serious curtailment of the program.

2. As I visit the classrooms, I am struck by the serious shortage of teaching aids which help to make the building of new ideas vital and interesting to the students. Careful attention must be given to building up this phase of our program.
3. The High School has developed an excellent system of keeping pupil records. An equally efficient system should be developed for the elementary schools next year.
4. Our enrollment for next year indicates that it will probably be necessary to have three combination grades: a combination First and Second, Third and Fourth, and Fifth and Sixth.
5. A long-term study has started and will continue to be developed on the ways and means of developing our curriculum in order to give our children the best possible program.

In conclusion, I wish to thank the members of the School Committee and the members of the school staff for their fine cooperation throughout the school year and their consistancy in making decisions in the light of the best interests of the children of Duxbury.

Respectfully submitted,

JOHN A. WHITEHEAD,

Superintendent of Schools.

## Report of High School Principal

---

To the Superintendent of Schools:

The present secondary school program of studies is made up of all the educational experiences for which the school accept responsibility. As in the past, it includes the content and skills of the subjects of the curriculum, but it now also includes all of the learning activities found in the association of pupils and teachers in classrooms, homerooms, assemblies, club meetings, guidance programs and athletics.

In an attempt to provide for the educational needs of pupils in grades 7 to 12, the secondary school program includes three broad areas of learning.

1. *General education* includes subject fields of English, Social Studies, Literature and Mathematics. It also includes certain necessary information, attitudes, skills, appreciations and understandings, which are considered necessary to all citizens for intelligent living in a democracy.
2. *Preparatory education*, through an adequate guidance program, provides information and skill which will prepare a pupil for further education or for a vocation or both.
3. *Avocational education*, through extra class activities, clubs, dramatics, sports, hobbies, etc., pro-

vides development of school training which leads to constructive use of leisure time.

The needs of our pupils in the above areas have received careful attention in the past year. Many problems have arisen and some have involved changes in the curriculum or improvement of facilities, while others have led to the establishment of new policies. Achievement of a modern school program involves planning over a period of time, so special attention is now being given to the problems necessary in this planning.

### CURRICULUM

Changes in curriculum offerings during this year include the addition of some new subjects, as well as reorganization of others. Subjects added this year include Consumer Education, Commercial Law, Mechanical Drawing and Retail Selling. Through reorganization, improvement has been made in boys' and girls' physical education and industrial arts. Opening of the Home Economics Cottage Laboratory has provided an opportunity for the reorganization of the subject matter in that field.

Through the employment of a part time librarian and the addition of some of the needed equipment, a well organized library is being developed. This development provides an opportunity previously impossible, for instruction in the use of the library.

The quality of instruction is necessarily affected by the appropriateness of the physical facilities provided in the classroom. Crowded conditions in some classrooms and the lack of the proper rooms in which to carry on instruction, forces us to do less effectual teaching than we would prefer. When a sufficient number of rooms and

rooms with the proper number of seats can be achieved, we may expect an increase in the quality of learning.

Since my report for 1944, conditions have changed so that we have been able to add a late bus three days a week. This extra service is of distinct value in increasing the quality of instruction because pupils can be kept in the afternoon for special help and make-up work. It also allows us to carry on an expanded extra class program. The employment of the Art and Music supervisors in the Duxbury schools for two days a week instead of one, has made for much more satisfactory programs in art and music. Our offering in the commercial subjects have been materially improved by the addition of an ediphone, a mimeograph and an electric calculator.

### AUDIO-VISUAL AIDS

The High School now has available for use in its classes the following Audio-Visual equipment:

- One sound motion picture projector equipped with a microphone and turn-table.
- One silent motion picture projector.
- One portable amplifier.
- One combination opaque and glass slide projector.
- One glass slide projector.
- One projector for film strips and 2 x 2 slides.
- One portable electric record player.
- One radio transcription player.
- One radio.
- A small number of film strips.
- A number of speech and musical recordings.

We subscribe to a motion picture rental service which provides us with about 150 teaching films a year.

## EXTRA CLASS ACTIVITIES

The High School is developing an organized program of extra class activities of various types. These supplement the work in the three broad areas of learning previously mentioned. Each student activity has a teacher advisor so that adult advice and assistance is always available to the pupils. However, so far as possible, in keeping with the general welfare, pupils are encouraged and allowed to work out their own ideas.

## GUIDANCE

Upon the resignation of Miss Margaret K. Elliott, our capable Educational Advisor for the past five years, the work in the guidance field was added to the schedule of Mr. Charles L. Sewall of the faculty. The well organized Guidance Program begun by Miss Elliott has been continued and expanded. The most important improvements in this field include the installation of a new detailed guidance and activity record for all high school pupils, the beginning of regular classes in group guidance for the 8th and 9th grades, an increase in the amount of time allowed for guidance work, and the beginning of a work experience program. When fully developed, it is planned to achieve work experience of at least one week for all students not engaged in college preparation.

To assist teachers in providing pupils with more intelligent help in solving their educational problems, the school has begun the use of the Iowa Tests of Educational Development. Each home room teacher is provided with a test record of the pupils in his room. This teacher assists his students to plan their programs in high school. The guidance director interviews all students and works

especially with those whom home room teachers find are in need of special attention. Special attention is given to new students entering from other communities and to those who are about to enter employment.

Our library is being catalogued and supervised through the services of a part-time librarian. Modern library practices are being installed. The addition of tables and chairs to the library, installation of moveable seats in place of the stationary desks, installation of bulletin boards, additional book shelves, file drawers, a magazine rack and a librarian's desk, have all helped to provide improved library service and have tended to create a better library atmosphere in the library and study hall. During the past year, 62 new books were added and a gratifying increase in book circulation has been noted.

### HIGH SCHOOL OFFICE

Until this year, office space for administering a modern program of secondary education was inadequate. The principal had no private office and the guidance office was located at the other end of the building, next to the stage.

By reorganization, arrangement was made whereby there are now private connecting offices for the Guidance Director and the Principal, adjacent to a secretarial office, all located near the front door of the building. By these changes, efficiency in the administration of the school has been greatly improved.

Duxbury High School is accredited in Class A by the State Department of Education. During the past year, our privilege of certifying students to college entrance without examination, was again renewed. In December

1945 Duxbury High School was voted to membership in the New England Association of Colleges and Secondary Schools.

I wish to express my thanks to you and to the School Committee for your continued understanding and help. I am also appreciative of the efforts of our teachers, whose loyal cooperation accounts in great measure for whatever success we are achieving.

Respectfully submitted,

WALTER E. SCOTT,

Principal.

## Report of School Committee

---

To the Citizens of Duxbury :

We present here our report for the calendar year 1945 and insofar as possible present our views on the future needs of the Duxbury schools.

### ADMINISTRATION

In April 1945, Mr. Walter E. Scott, Principal of the High School, became Acting Superintendent of Schools for the remainder of the school year following the resignation of Superintendent George E. Green. On July 1, Mr. John A. Whitehead, Principal of the James H. Eldredge School in East Greenwich, Rhode Island, became our Superintendent. After careful study, the School Committee has concluded that our administrative needs are at present best served by having a superintendent who is trained and experienced in elementary school work. With our High School Principal, and a Superintendent trained in elementary work, we are able to provide adequate supervision at all levels of instruction. The Committee is well pleased with the progress to date under this arrangement.

More and more emphasis is being placed upon supervision of instruction. Courses of study, although not elaborate, have been written, and through meetings and courses progress is being made in helping teachers improve their teaching. As more of the detailed problems of the Superintendent are disposed of, this important subject of supervision of the teaching program will receive still more attention.

## INSTRUCTION

There has been a continual effort to improve and extend the services offered by the schools. The Cottage Laboratory has now been completed and we thus have the facilities to offer a good program in Home Economics. A remedial reading teacher has been engaged who not only has corrected a large number of cases of reading difficulty, but is taking measures to prevent these problems from arising. A part-time librarian is enabling the High School to make better use of the library facilities there. A physical education teacher now supervises the physical education program in the elementary grades, and provides physical education instruction for High School girls. This provides a more adequate program for girls than Duxbury has been able to offer in the past. We now engage the art supervisor two days per week instead of the former one day. A supervisory service for handwriting has been engaged on a trial basis for one year. An extra classroom and teacher in the basement of the Village School have eased the load in the third and fourth grades.

In addition to these specific items, there is also the constant effort to improve the methods by which all instruction is provided—to keep Duxbury abreast of educational progress.

## PHYSICAL PLANT

At the last Town Meeting, the Town provided the sum of \$4,000.00 to provide facilities in the elementary grades. At that time, the Committee did not know whether the problems of inadequate space and the correction of reading difficulties in the elementary grades could best be met by the construction of additional rooms, or by the

use of additional teachers assisting the regular teachers in the same rooms. The solution adopted was the construction of one additional room in the basement of the Village School at a cost of \$900.00. Later in the year, several unforeseen expenditures became necessary so that the balance of the \$4,000.00 was used rather than call a special Town Meeting to ask for additional funds. Of the balance of \$3,100.00, approximately \$2,100.00 was spent with the advice of an engineering expert to reconstruct the sewage disposal system at the High School and should provide us with a permanent solution. The State Department of Health condemned the well at the Tarkiln School necessitating an expenditure of \$1,000.00 for a new well, pump and tank.

The problem of housing becomes increasingly serious, especially in the elementary grades. Next year we must probably use another basement room. In the following year (1947-1948) a large class will enter the High School creating a problem there. The School Committee urges the construction of a consolidated elementary school at the earliest possible date.

## FINANCES

The cost of operating the schools will continue to rise. To control these costs as much as possible, an improved accounting system has been installed and the budget prepared in great detail. We invite citizens to inspect this budget at the Duxbury Public Library or at the Superintendent's Office, and to feel free to discuss any item with the Superintendent, or the School Committee.

By far the largest item of expense is that of teachers' salaries. Near the close of the year, a group of citizens and teachers prepared and presented to the School Com-

mittee a new salary schedule. The Committee accepted this schedule in the belief that it is fair and adequate, that it will make for better teacher morale, and that it will enable us to compete with other towns for the best teachers when vacancies occur.

#### THE FUTURE

We feel that the schools will be only as good as the citizens wish. We feel that there can be progress only when everybody is familiar with all the facts. Hence, we wish to go on record as stating that it is our policy to make information concerning the Duxbury schools freely and frankly available, and that the details of planning and the estimates of expense involved will be made public as soon as possible. As a start, two News Letters were published during 1945. Early in 1946 a detailed budget will be available for study. Also early in 1946, a three year plan of development for the Duxbury schools will be published and distributed. A detailed statement of the basis for the new salary schedule will be easily obtainable.

We shall continue the development of the schools under the assumption that Duxbury wants a good modern educational system.

Respectfully submitted,

KENNETH G. GARSIDE, Chairman  
 HARRIET B. BORGESON, Secretary  
 GEORGE C. SCOTT  
 J. NEWTON SHIRLEY.  
 HERBERT C. WIRT.

## Report of Supervisor of Art

---

Mr. John A. Whitehead

Superintendent of Schools

Duxbury, Mass.

Dear Sir:

Reporting on the Art situation in Duxbury, I feel confident many of our aims are being accomplished.

One aim has been to make children enjoy the beautiful—observing things around them and feeling free to express their ideas by drawing and painting without self consciousness and without fear of ridicule.

A second aim has been to make Art a live subject, tying it up in an interesting way with the Social Studies, English and outside activities. In doing this, the child's outlook has been broadened—carrying discussion into the home, where parents have also been drawn into a closer contact with their children. The classes have chosen countries to study—one taking Russia—another Switzerland—others Holland and Mexico. Transportation both by land and water was chosen by one class and shore birds of many kinds have been drawn and studied by another class. Whole classes go out sketching, learning about shadows, reflections, colors and perspective. Holidays have not been neglected—Christmas cards, place cards and window illuminations have been made. Whenever posters are needed to help the community, they have been designed and executed by several of the classes.

With the older pupils, water color, figure drawing and modelling in clay have been started under very trying conditions. The classroom is crowded and used by three other classes. The work shop atmosphere necessary for the best work is not present, but the pupils like this work and it should not be denied them because of lack of adequate facilities. The basement of the home making house could, with a few alterations, be made suitable for this work.

Your Supervisor hopes the enthusiasm of the grades will carry on thru High School and that the students will feel their lives have been enriched by the work we have been able to offer in the various courses in Art.

Respectfully submitted,

ELLA B. HEBBERD,

Supervisor of Art.

## Report of Music Supervisor

---

Mr. John A. Whitehead  
Superintendent of Schools  
Duxbury, Mass.

Dear Sir:

With the introduction of a new system of music reading in the grade schools, it is difficult to determine the exact progress made this year. However, the children seem to grasp the new vocabulary and approach readily enough, and we have high hopes for the future. Our aim in providing each child with the skill he will need to read music at sight is one of the "near" goals. Success is the right of every child and successful singing is not the chore it once was thought to be.

Our major problem in this area of work has been the differing text books. In the present system, the youngster becomes independent in the second half of the second grade. That is, he can pick up any song of his level and learn it easily without the help of his teacher. The newer books recognize this objective; the older variety seem to insist upon providing so-called "helps". Also, too many very easy songs are provided; there is little chance for real progress.

The second phase of the music education program is tremendously important—and difficult to carry out under present conditions. This is the music appreciation or discriminative listening. Here we can do so much as

equipment is built up for this purpose. In each classroom the teacher attempts to correlate various subjects. Music can be of tremendous value in this respect. While we study a country, we talk about its history, geography, the character of its people — why not hear its great music? In many cases some songs can be learned but these activities need to be supplemented by the playing of records. At the present time our record library is not adequate but we have been fortunate in being able to borrow them from another system. This will have to be continued until such time as we are able to build up our own supply.

There have been many changes made in the Junior and Senior High School, and therefore, we are in a state of transition. However, we are going forward, we like music—and that is half the battle. With better room arrangements, more material and some records for this level, too, we would be able to stride forward at a great pace, under our banner: "Democracy through Music."

Respectfully submitted,

EMILY P. LAWRENCE,

Music Supervisor.

## Report of Physical Education Supervisor

---

Mr. John A. Whitehead

Superintendent of Schools

Duxbury, Mass.

Dear Sir:

Physical Education, through sports and games, is an integral part of the daily program, activities being provided in which all are required to participate and through which health and vigor will be promoted. Such rightly directed group play also develops desirable social qualities and character traits.

### OBJECTIVES

The following general objectives are stressed in the program of Physical Education in each grade of the Duxbury schools:

1. To stimulate the proper growth and health of the adolescent child through big-muscle activities.
2. To develop coordination, control and grace of bodily movement, and alertness and quick response.

3. To develop qualities inherent in leadership.
4. To develop good sportsmanship in victory as well as in defeat.
5. To create in early youth an interest and ability in Physical Education which will provide a fund of activity material for use in leisure time.

### THE POINT AND TARKILN SCHOOLS

During the fall months story plays, mimetics, elementary games and relays were taught in weekly classes which were held out-of-doors when weather permitted. In door classes consist of developing a sense of rhythm as well as a continuance of the out-of-door program.

### VILLAGE SCHOOL

In the playground classes the boys and girls of the third and fourth grades are taught elementary athletic games such as kick ball, dodge ball, long ball, etc. Through these games individual habits of good form in skills as well as strict observance of game rules are stressed. Because of the indoor limitations in the Village School, the inside program here is inferior to that of the other buildings.

### GRADES FIVE AND SIX

A wide variety of preliminary games including newcomb, netball, tag ball and end ball have been taught with the purpose of developing the more complex skills necessary for the sports of higher organization such as volley ball and basketball which are introduced in the seventh grade. Calisthenics, individual stunts and rhythms are also interspersed throughout the program.

## GRADES SEVEN THROUGH TWELVE

In these grades the boys and girls meet separately for two class periods each week. In addition the varsity squads have after school work while the others are members of intramural teams which practice and have games after school. The boys in these grades are under the direction of Mr. Sewall and Mr. Bassett.

Correct body mechanics are greatly stressed in the work done with Danish Gymnastics. The exercises given are based in each class upon the particular needs directed by the school physician in his physical examinations.

Emphasis is placed on the correct techniques in the seasonal sports of field hockey, football, volley ball, basketball, softball and baseball. At the present time the promotion of individual sports is limited because the necessary equipment for such games as tennis and badminton cannot be purchased in the proper quantity or quality. My ultimate aim is to give the individual some sport which will give a direct carry over into adult life for social efficiency and the enjoyable use of leisure time.

Respectfully submitted,

CAROLA ERB KAPFF.

## Report of School Nurse

---

Mr. John A. Whitehead

Superintendent of Schools

Duxbury, Mass.

Dear Sir:

I submit herewith the report of the School Nurse for the year 1945.

In looking over the past year, the same large problem emerges that has been present for several years. Approximately two-thirds of the High School students need dental attention and have needed it for some time.

The causes for this appear to be several.

1. The students themselves either are not interested or are violently opposed to going to the dentist.
2. The parents are not interested.
3. Transportation has been difficult.
4. There is no dentist at present in Duxbury.

Basically this would seem to boil down to a need for education of students and parents in the reasons for and benefits of proper care of the teeth. In the elementary schools we have the free dental clinic for those

unable to pay, which in the spring completed work on 12 children; we have the dental honor rolls and the monthly competition for the banner awarded for dental health; and health talks at inspections always include something about dental care. The results warrant the time spent.

However, reaching the interest of high school students is another matter. Talks have been tried, both in assembly and privately by both the dentist and the nurse. Interest of the parents has been tried for when the nurse has spoken at P. T. A. or other meetings, and all reports have endeavored to be educational.

Still there is heard the horrifying statement by students, "I'd rather have all my teeth pulled than have them filled. False teeth are much less trouble."

Obviously the answer has not been found and the co-operation of everyone concerned will be needed before it is found.

School nursing involves a sufficient variety of duties to need a full-time person, so it may be understandable when a part-time person in the position has many problems trying to work in a little of everything. Certain fundamentals are the assisting with the annual physical and dental examinations on each child and sending home notices of defects found; psychometric and physical examinations on children entering school, including obtaining histories, making appointments, and arranging transportation; routine monthly inspections on all elementary school children, vision tests and assisting the teachers with hearing tests on all children, maintaining First Aid kits in the schools and giving First Aid when necessary.

There were 135 office visits.

In the intervals between the above activities come others. A class in Red Cross Home Nursing is given to the girls in Ninth Grade Home Economics in cooperation with Miss Hazel Cornish, Home Economics teacher. Four certificates were awarded in the spring, and another class of eight was started just before Christmas vacation. Transportation is provided for the free dental clinic which must now go to Dr. Dyer in Plymouth each week. Children recommended for chest x-ray at the time of the physical examinations are taken to Plymouth County Hospital for this purpose. There were seven of these this year.

Home visits are made to sick children or as requested by parents for advice. There were 124 of these. The nurse also answered questions about her work and some of the local health facilities at a meeting of the Citizenship class at the High School; and participated in Parents' Night with a few exhibits and a brief talk about the school health program.

In the spring a new office was arranged for the nurse in the women teachers rest room off the balcony of the gymnasium. The advantages of this location are: It is more private than the thoroughfare to the principal's office, it is quiet except for classes in the gymnasium, and there is a place for an ill student to lie down.

The disadvantages are: it is crowded both for the women teachers and for the nurse, especially if the nurse wants to work longer than the usual hour in the morning, the amount of heat is uncertain, lack of it having interfered several times with plans for vision testing, it is too noisy and crowded for physical examinations in the fall, and there is the problem of having boys present for

First Aid or examination if any of the teachers wish to come in.

In short there is not an adequate nurse's office.

Respectfully submitted,

SUSAN E. CARTER, R. N.,

Duxbury School Nurse.

## Report of School Physician

---

Superintendent of Schools

Duxbury, Massachusetts

Dear Sir :

The routine physical examinations and special examinations of the eye, ear were carried out as usual this year. There were no unusual physical findings beyond the average run of defects. A report of all defects found was made to the individual parents. The annual pre-school clinic was held in June at which time the children were given a physical examination, psychometric examinations and Small Pox Vaccination on those whose parents desired it.

I have recommended to the School Committee that the scope of the work of the School Physician be increased. It would be ideal if the school physician could be at the schools a few hours on one day of each week during the scholastic year so that adequate examination of all the school children could be done and other special work done as it came up.

Very truly yours,

C. H. KING, M. D.

## Report of School Dentist

---

Mr. John A. Whitehead

Superintendent of Schools  
Duxbury, Mass.

Dear Sir:

The program of the Dental Clinic is divided into two main classifications:

1. Regular school dental examinations and visual education.
2. Treatment at the Dental Clinic.

Careful examinations of the school children this year showed a decided improvement in the elementary grades. In the High School, however, there is still an urgent need for more dental attention. During this critical adolescent age, the causes of this deplorable condition may be:

1. Calcium deficiencies.
2. Excessive sweets.
3. Infrequent visits to the Dentist.

The Dental examination cards which are sent home should stimulate the parents to insist upon their children going to the Dentist regularly. It is hoped that by reading this report, the parents will become more conscious of their part in this all important program of health in our schools.

Recent newspapers have reported that fluorine in the water may be a definite aid to dental decay. According

to the latest research specialists, however, it will be some time before actual results and values of these experiments can be determined.

### STATISTICS

Examination of all pupils:

Prophylaxis	12
Amalgam fillings	24
Amalgam cement bases	12
Cement fillings	15
Extractions	36
Novocaine injections	38
Treatments	6

Respectfully submitted,

DUXBURY SCHOOL DENTAL CLINIC.

## Report of Parent-Teacher Association

---

The Duxbury Parent - Teacher Association has endeavored to present a series of programs in keeping with the objective of bringing the home and the school into closer relation. The executive board suggested "Developing the School Program in Duxbury" as a theme for the year. The plan is to show what our schools are doing, how we may enrich our program and what is the possibility for the future in Duxbury.

On March 1, 1945, Mr. Walter Scott showed a movie on the value of education in dollars and cents. The Chairman of the School Committee explained the 1945 school budget.

The April meeting on April 26, 1945 was preceeded by a very successful Smorgasbord supper under the direction of Mrs. Carl Santheson. Mr. William Campbell spoke on "Compulsory Military Training in Peace Time." This was followed by a general discussion.

In May, Mr. Baer, Connecticut State Dept. of Education, spoke on "Regional High Schools." Several representatives from neighboring towns were present.

During the Spring, a series of educational movies were shown by Mr. Scott.

The well child conferences have been conducted by Dr. King and Miss Carter.

The first meeting of the Fall season was held on October 18th at the High School. An excellent membership supper was enjoyed, under the direction of Miss Eleanor Hodgdon. Mr. John Whitehead, Superintendent of Schools, spoke on "Parents and Teachers."

Dr. Roy O. Billett, Professor of Education at Boston University, spoke on the "Changing School Program" with reference to post war conditions as affecting our schools, at the November meeting.

On December 13th, 1945, a group of teachers under the chairmanship of Miss Ellen Downey, demonstrated general education in Duxbury. The importance of social studies, mathematics and the communication skills was shown.

On January 17th, a group of teachers with Mr. Charles Sewall as Chairman, conducted an exhibit with high school students demonstrating special skills in art, science, home economics, industrial arts, and commercial fields. A panel discussion followed.

The Association extends a cordial welcome to all parents and others interested in the welfare of the children and youth of Duxbury.

Respectfully submitted,

ALDEN H. BARTLETT,  
President.
